EXTERNAL EMAIL ALERT! Think Before You Click!

Hello! I just wanted to let you know that judge Chupp is a braindead moron and I sincerely hope that someone falsely accuses him of rape. You are the cause of school shootings, you are the cause of suicides, you are the cause of injustice and hate and violence. Judge Chupp just let a group of open criminals go free, shame on your kangaroo court. When people start uprising I hope your court is the first thing targeted.

Butthurt may be the wrong word for it, it's more like disillusioned... The strong reminder that justice only leaves the barrel of a gun.

Of course, if that court case is denied, then guns are the next best thing.

Who said anything about committing murder? When the state fails to defend its citizens, it's only natural that the citizens take care of themselves. It would be a justified kill, and the person doing it can even get annulled for the act of killing and found not guilty for murder.

If you're absolutely sure that the judge was honest then there should be nothing to worry about. But you haven't even convinced me, let alone any potential shooters.

Don't worry, maybe we were outsmarted, but I've yet to see anyone outsmart bullet.

This is not infinity war, that's the
appeals. Shooting the defendants is
endgame. Chupp's becoming a clear
example as to why "God's judgement"
should be reintroduced.

Well, we'll see if everyone agrees with
your notion after the trial is over. But I
reckon a graveyard will be the
defendants new home very soon.
