

I've tried writing this multiple times mainly to try to make sense of what happened but it's just kinda hard to do tbh. I'm writing this to try to make sense again, previous times it didn't work so it probably won't now lol. I never really made a public statement on it I think, I tried for months but never did. This isn't really meant to take sides, I'm mainly just writing my experience.

Before though here's a link to FireCatMagic's document on Alex, Firecatmagic was an IRL friend of the girl Space groomed and got arrested for meeting up with so the document has WAY more information than mine.

I joined Brick-hill in Early 2019 under the Username "Bellyfat", based off my Brickplanet account of the same name. I found Brick-Hill on google images while searching up FNAF characters, joined, got banned, quit, and then came back in the fall and immediately became kind of.. A creature in the community. Alex knew who I was too, he thought I was annoying, but in a way he also seemed nice to me. I ended up developing a crush on Alex during 2019 because I just had been part of like a massive harassment campaign for calling out a 19 year old for being inappropriate towards me a few months prior, people tried to doxx me, sent me death threats, harassed me on all my social medias and tried to blame me and accuse me of making it up, which led to me having a falling out with my friend-group at the time because none of them believed me either. I eventually ended up friending him on Discord, I had no friends so this person semi being nice towards me just made me happy and I became attached to him and ended up messaging him a lot. We "hated" each other 2019-2020 despite talking daily. We were friends but it was founded upon hatred, which was kind of weird considering I basically just turned a teenager and he was a grown adult.. We'd constantly joke that we didn't like each other either, so it was weird we were friends.. ldk.

I don't know why but he's always been inappropriate towards me. I don't know what I did or what was different with me than others where he felt comfortable doing that. I know he was inappropriate with others, but not as much as me, and I don't know why, I don't know what I did. It wasn't really grooming I think, but you remember the April document Ezcha wrote against him? It was kind of just jokes like that but constantly.. and he wasn't drunk like he was in that document, he knew they made me uncomfortable but just kept doing it, I don't know. He was very open to me as well, way more than anyone else, so I know a lot about him.

I knew about his mental issues and stuff and just assumed the way he acted was caused by his disorders as a way to receive attention or they were a symptom of his mania/depression. He mentioned what he has in the April Response document, which I wrote by the way, the only thing he did was go and change the grammar and add the "closing notes" thing at the way end of the document, so his response to the original pedophilia accusations he didn't even write. This is why the April response document uses 3rd-person pronouns, I felt awful writing it for him and couldn't bring myself to pretend I was the guilty one for him. Originally it was a group of maybe 6 people trying to help write it, but it was disorganized and making me panic so me and space decided to go off "together" and write it instead, which I now regret. I'm just bringing this

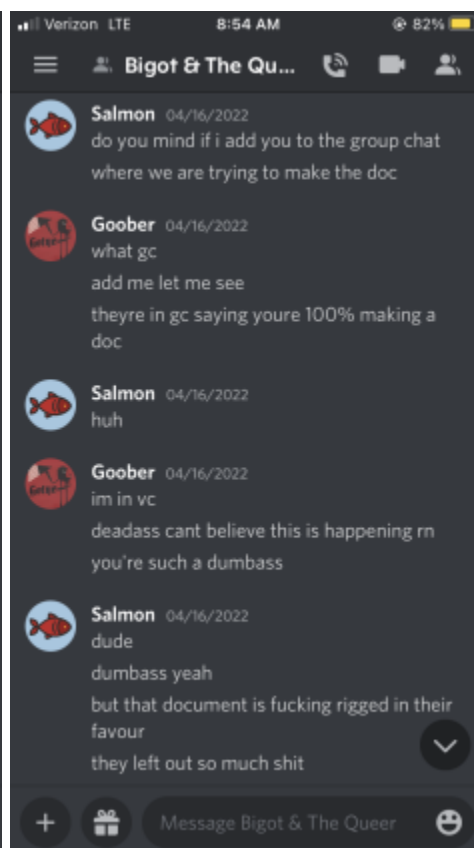

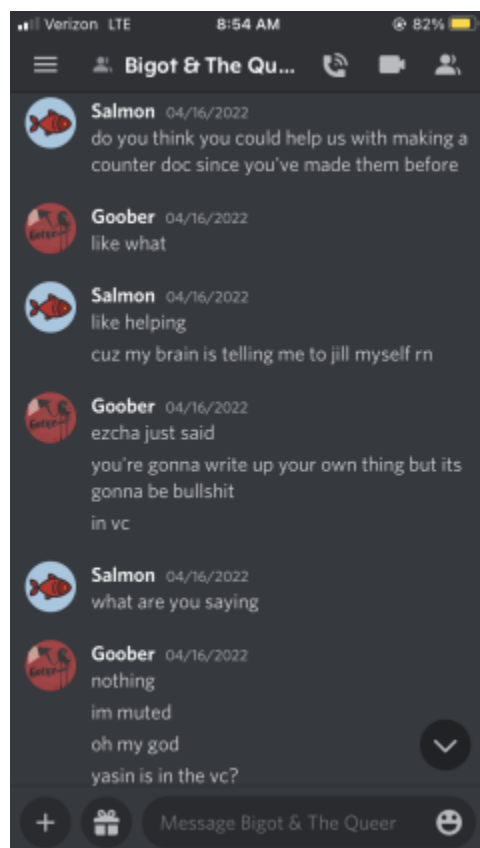

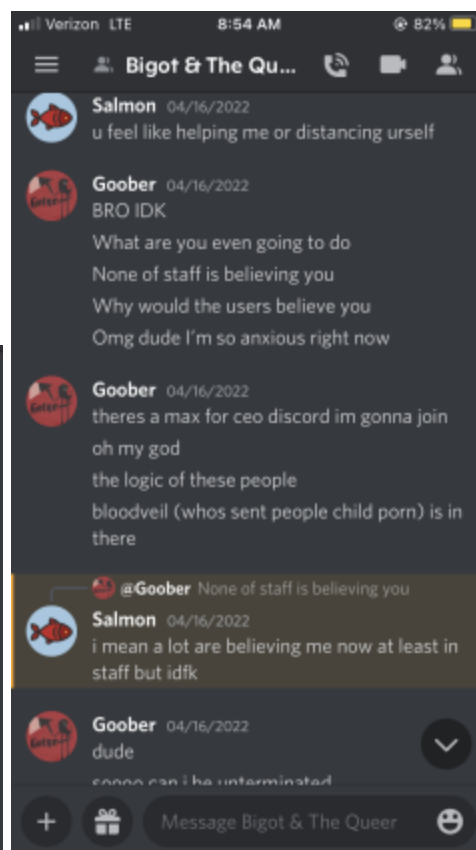

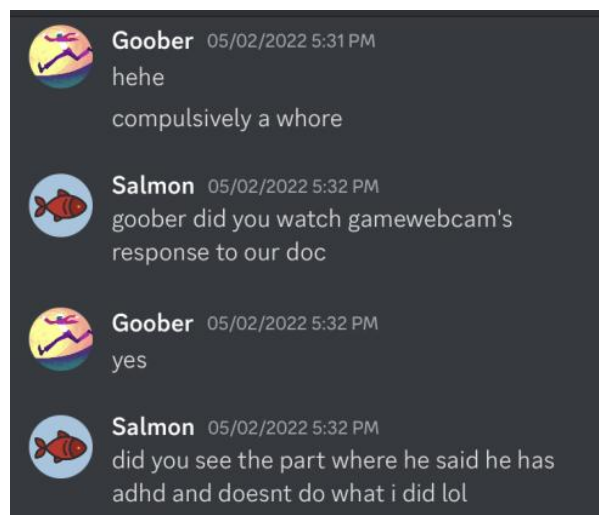

up, you should know he isn't truly apologetic for what he did when he cant even WRITE HIS OWN APOLOGY for it. I still have copies of the original un-alex-edited documents saved to my google docs which you can see in the ss below. He made me believe he was innocent which is why I wrote it, he also wanted me to write it due to the fact I wrote documents about serious topics before, I was the one who wrote the callout on the ROBLOX youtuber Faave, which he knew and is why he wanted me to write his apology. The entire time we were friends after this I was extremely weary of his actions and would constantly bring up the fact he was a pedophile

He does even admit it was our document we wrote together, btw, to give you more proof it was me who wrote it

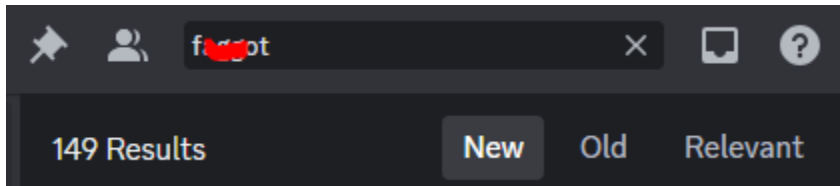

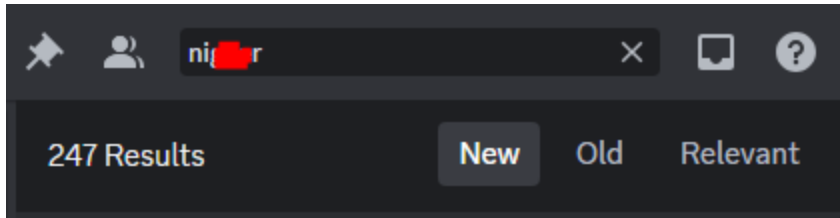

(second screenshot context FCM friend is the underaged girl alex was dating)

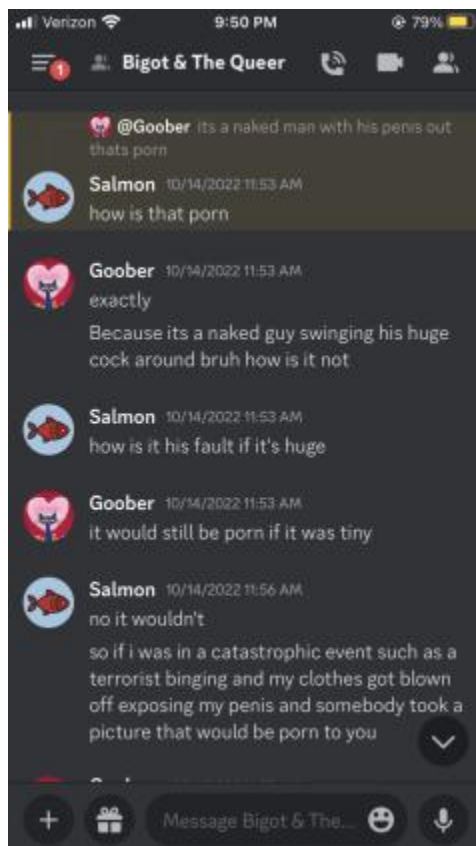

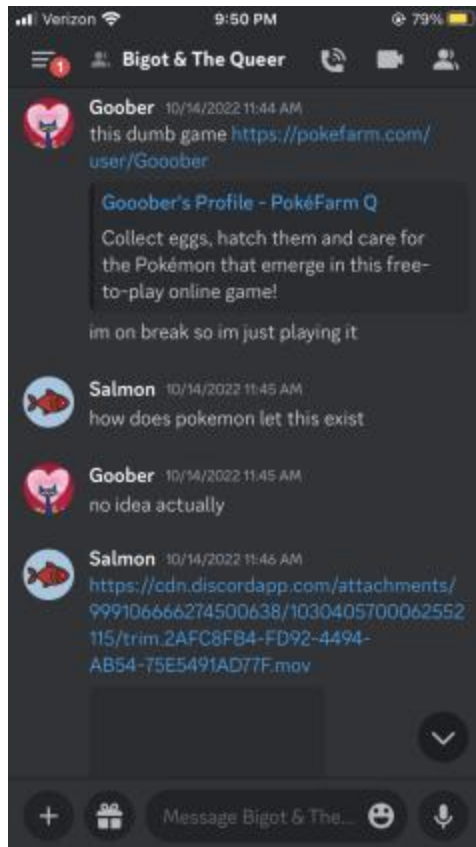

My original Discord account from 2019-2020 got banned but he was inappropriate back then too. For context I was born March 22nd 2005, which means I was 14-15 years old, I can't remember much because a lot of it was just the same stuff he said to me on my new discord account, but I can explicitly remember him sending me a drawing, it was an outline, not colored in, it had foliage all around the border of the image, and it was a girl or woman in a dress sitting on a swingset, and in front of her was a deer who was licking her... vagina. yeah. It freaked me out and I remember going off on him, he deleted it and said he wouldn't send it again or be inappropriate so I just chilled out and trusted him. He sent it unprompted, it was weird, I don't know what that was about. He has a discord server called Salmons Corner, it's still up BTW, but previously he had a channel called Anarchy where Brick-Hill users who were kind of close to him, most of whom were underaged, had access to this channel and were allowed to post in it. I only was allowed in Salmons corner one time when I was 14 for maybe an hour, he encouraged me to look into the Anarchy channel, that's the whole reason he invited me to the server actually, and my GOD it was so GROSS. I seen images of a dudes penis covered in feces and one where this dude had stuck like needles or something in his foreskin?? Dude it was so nasty. This was before we really were friends so I was just like this random 14 year old kid he invited to his server to look at gross graphic images of mens penises, completely inappropriate for an adult to do

But the channel was an anarchy channel so people would send more graphic stuff too. Porn was allowed, Gore was allowed, slurs were allowed, -phobia was allowed etc. This did also kind of bleed out into the other channels too and it was completely tolerated and never removed.

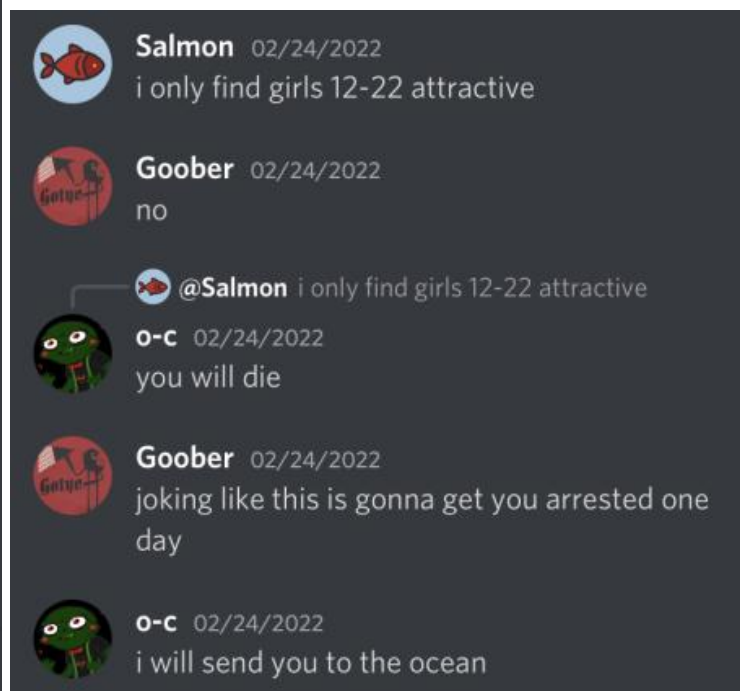

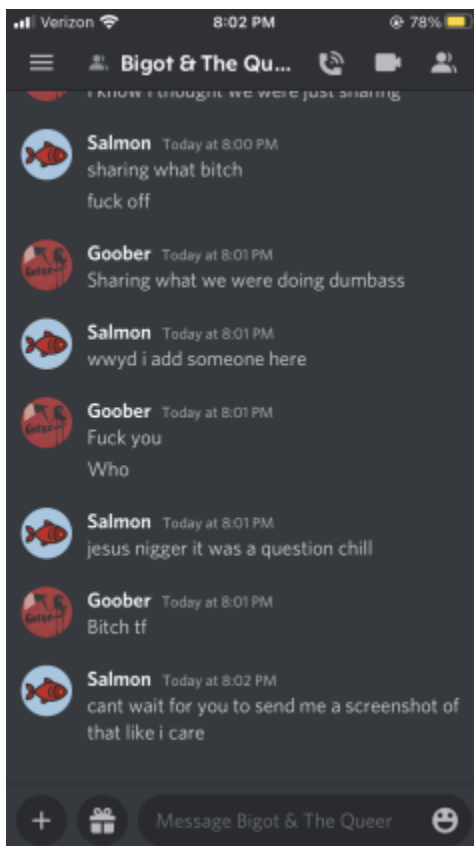

People would just post all kinds of vile stuff in there, but upon the April(?) document against Alex being released he freaked the fuck out and deleted the NSFW and Anarchy channel as well as a lot of his messages in the server where he used slurs or said awful things. It could've also been after his arrest, I can't remember too well, but the channels no longer exist because of SOME pedophile thing he did, he got scared people would look in the channels and expose him for the things he said and posted in them and it would ruin his reputation even further so they got deleted. He would ban or kick me after a day(?) of me joining, I wasn't allowed to stay too long and I was glad cause the stuff there was NASTY. Despite me being banned though he would send me videos/images others would send to the anarchy channel in our own DMs when I was underaged.. He also knew I didn't like being sent NSFW and I would beg him to stop. Some examples of the stuff he sent me was like that video of the black dude being like "IM GONNA CUUUUUUUUUUMM", it was cropped to his face and you could see like the cum squirting up and stuff, This one where two dudes were having gay sex but the dude on top was fuckin like spinning around like a helicopter blade, or like he'd send me one video where it was just an elephant video before suddenly switching to this video of this dude swinging around his penis and I freaked out on him like he knew I didn't want him sending me porn but he WOULDNT LISTEN!!! I WAS A 14-17 YEAR OLD KID AND HE WAS A GROWN ADULT THE ENTIRE TIME WE WERE FRIENDS HES LITERALLY 4 EXACTLY YEARS OLDER THAN ME. He tried to excuse him sending me that dude swinging his dick around like "oh so a penis is inherently pornographic???" like BRO IM A KID DONT SEND ME SHOCK VIDEOS OF NAKED DUDES MOANING AND SWINGING THEIR PENIS AROUND WTH

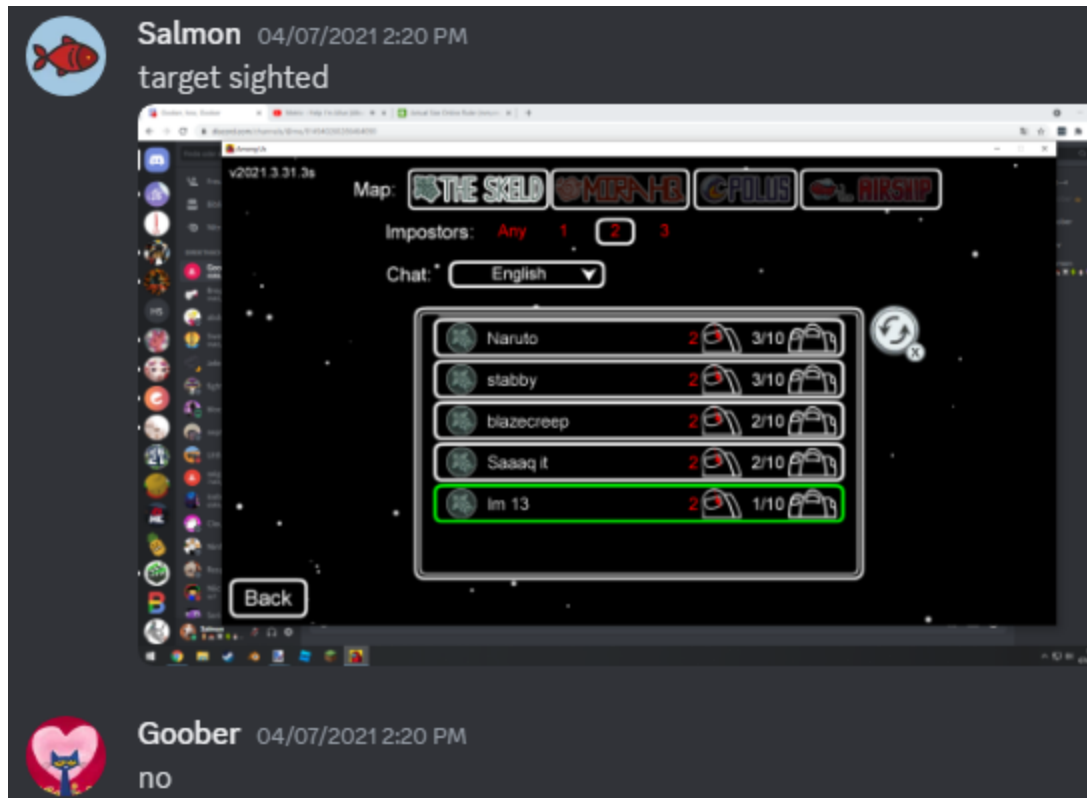

He made a looot of pedophile jokes btw... he would do them around others which is where the "Alex is a pedo" joke came from (that later turned out to be true) but he did it WAY more around me despite my reactions being negative towards them. He also said slurs a lot knowing I didn't like them too. Btw for context Pink pfp is my old discord account from 2019 to early 2020

Starting 2020 he began to tell me that 2 girls from America was trying to “groom” him over Snapchat, obviously I don’t think grooming is funny but like.. You’re like 20 years old and being groomed by a 14 year old girl from America? That’s kind of funny... how does a 14 year old girl groom an adult man? He said that she said her mom was rich and would pay for his plane ticket for him to come visit her.. I told him to block them if they’re being weird but I guess he didn’t, because it would later turn out.. one of them was her and the other was her friend.. At the time I assumed this was maybe some kids he met on roblox, but no, it was the kid he’d later end up

dating. We played ROBLOX together back then and he would ask if I wanted to come hit on girls there, I did not but I did join to make sure he wasn't being creepy to anyone. He even hit on girls in Among Us too, he would hit on them anywhere which creeped me out because ROBLOX and Among Us, despite adults being allowed to play them, ARE primarily played by children. When we played Among Us there was this girl named Krystal I beefed with cause she stole my color, and her and Alex started talking and joking and kinda flirting and they exchanged snapchats mid-lobby, Alex didn't ask her age prior which really freaked me out tbh. This was also when he was dating that girl btw so he was just actively cheating on his underage girlfriend..

Anyways, I assumed he blocked those kids trying to "groom him", or they eventually just quit talking to them. In late 2020-early 2021 he started mentioning this girlfriend he had (They got together in August 2020 by the way). He said that she was above 18 and lived in the UK and obviously I believed him, but then he'd make "jokes" about her being underage sometimes. She was around 14-15 at this time and obviously didn't live in the UK but I believed that she was 18+ the whole time we were friends. He also told me how much he had sex, I assumed this was with his GF, but nope, he'd go out and cheat on his underage girlfriend and have sex without her knowing.. But then he'd turn around and say that his girlfriend was the one cheating on him all the time when she NEVER CHEATED ON HIM. The farthest it ever went was when her and Firecatmagic hung out and kissed while her and Alex had **broken up** (they had an off and on toxic relationship) and that was literally the only time she ever "cheated". I was really confused though because sometimes he'd say his girlfriend wouldn't let him have sex with her EVER or would send him borderline nudes but never the whole thing and it made him really sexually frustrated. Also I want to mention that in the police report they did confiscate photos off of his phone, these were her nudes btw he might lie they aren't but he's a compulsive liar so..

FireCatMagic Today at 11:45 PM

she told me about this i can confirm it

she told me about how she had been hanging out with this guy [redacted] from our school and he took her phone and then accidentally saw her nudes she had taken for alex

I was so confused like wtaf you mean you've never had sex with your girlfriend?? But I thought you lived in the same place?? Wtf? No, it just turned out the sex he was having and told me was with his girlfriend was ACTUALLY with other girls and he just lied it was his girlfriend to make himself feel better. He was actively cheating on her & having sex with girls while falsely accusing his minor girlfriend of being the one cheating.

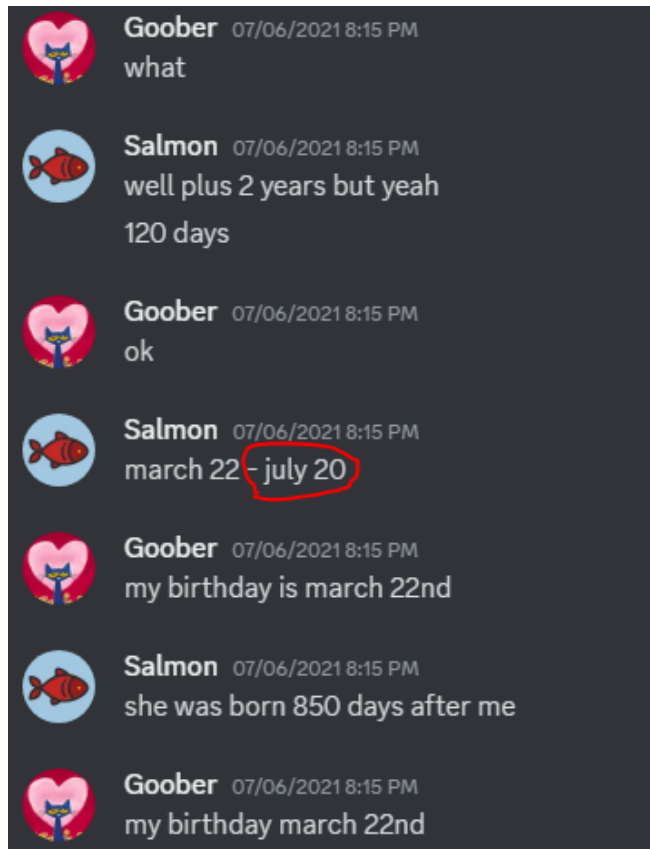

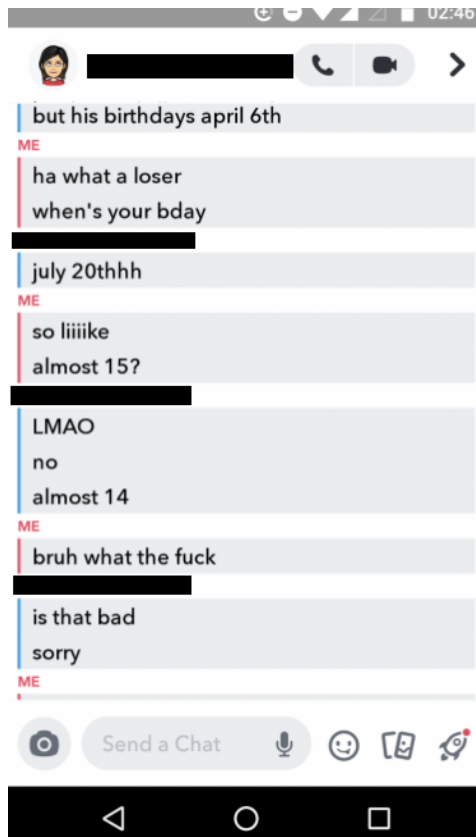

He said in [his most recent response document](#) that he thought she was 16+ when they met,

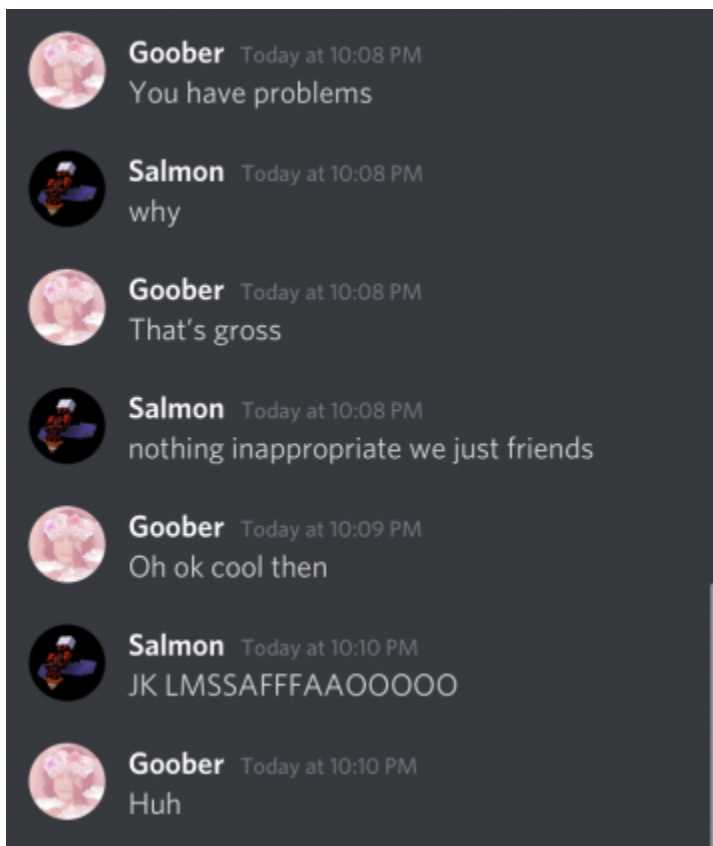

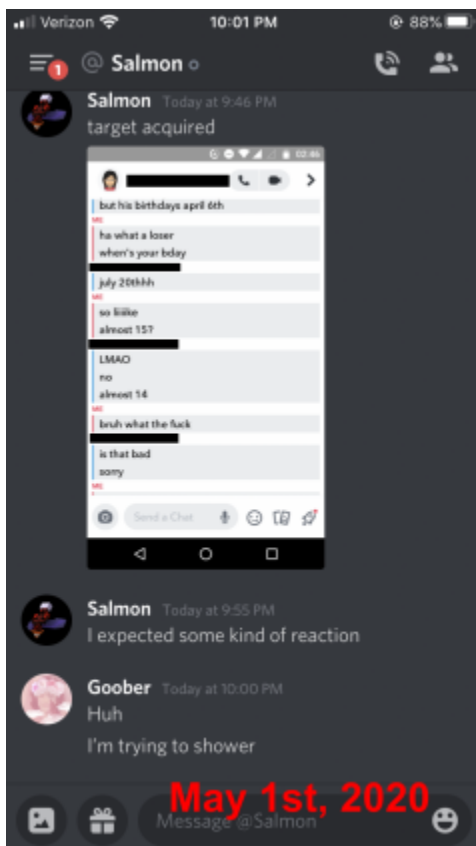

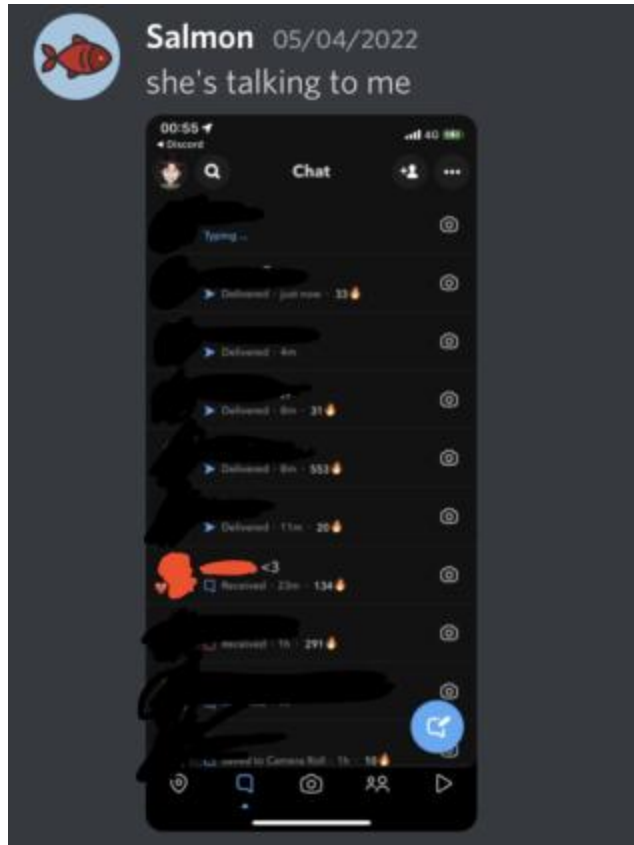

The Relationship

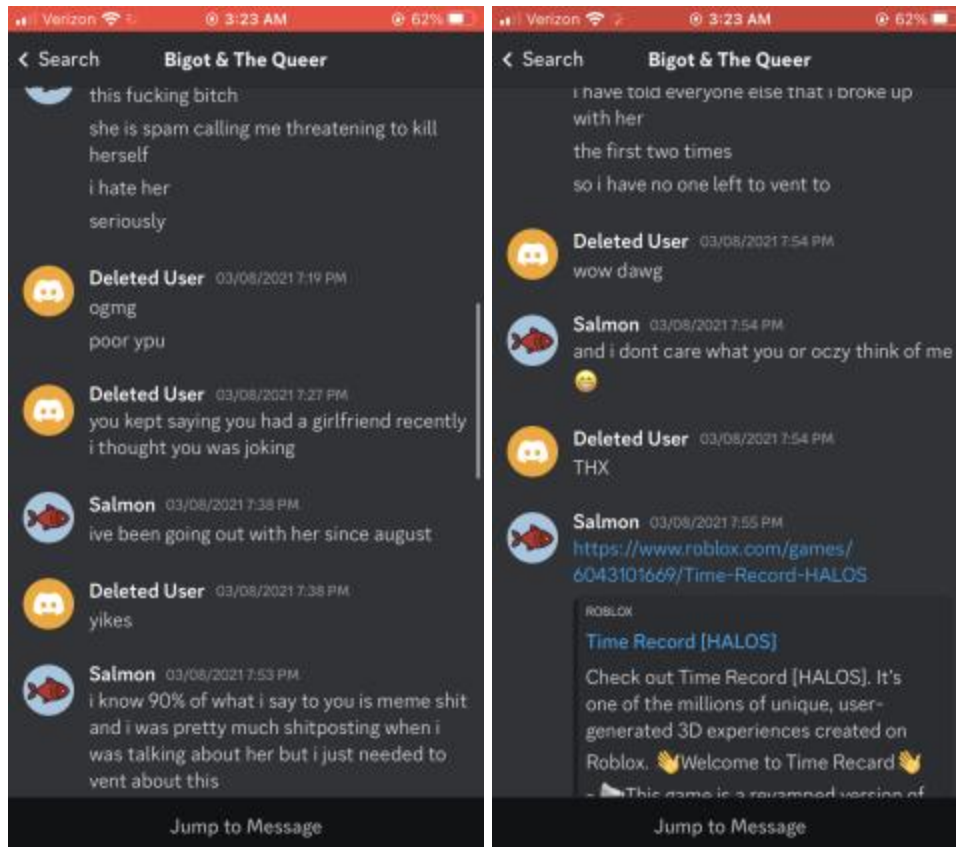

The only relationship I have been in over the last three years is with the girl that I met in Ohio. We had a very tumultuous relationship owing to the cocktail of mental issues that we each had, but it was also because of this and the trauma we had each experienced before meeting each other that we bonded over time and became very close and attached to one another. I never had any intentions of dating her, and originally I assumed she was younger until she told me that she was actually 16, and she had turned 17 by the time we had started dating. At the time I was 19. This is addressed in more detail [later](#).

but you

can VERY CLEARLY SEE IN THESE
SCREENSHOTS HE KNEW SHE WAS 14.
DONT BELIEVE HIS FUCKING LIES HE
KNEW SHE WAS 14. HE IS A COMPULSIVE
LIAR DO NOT BELIEVE ANYTHING HE SAYS.

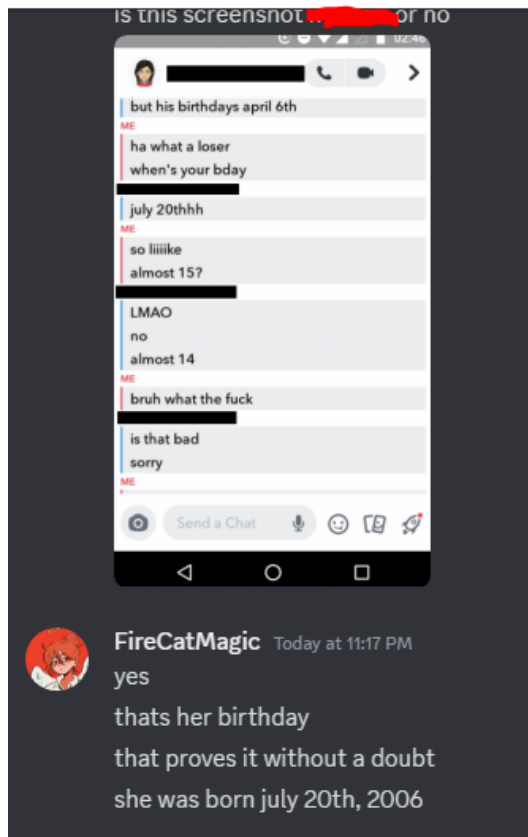

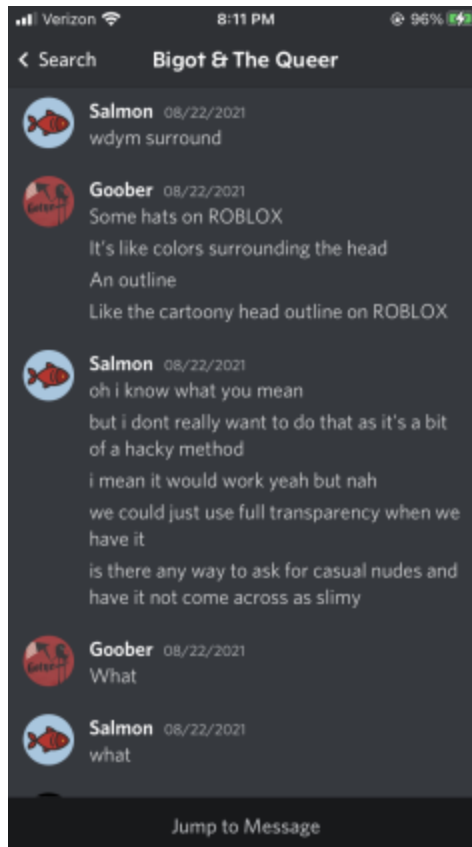

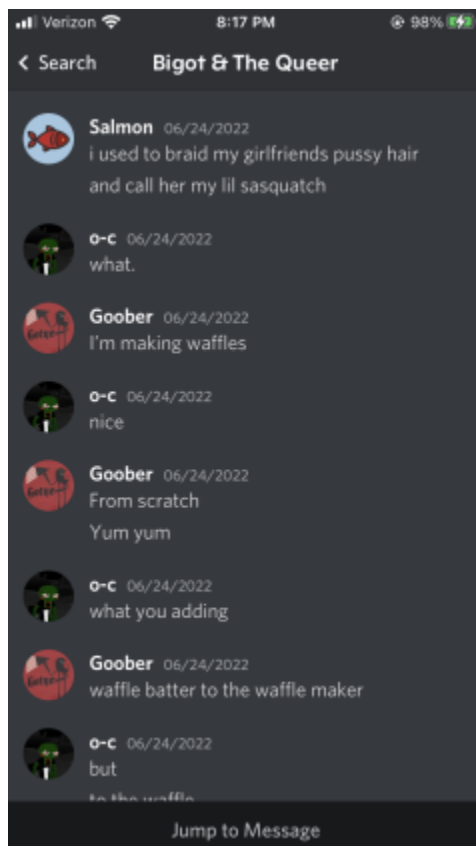

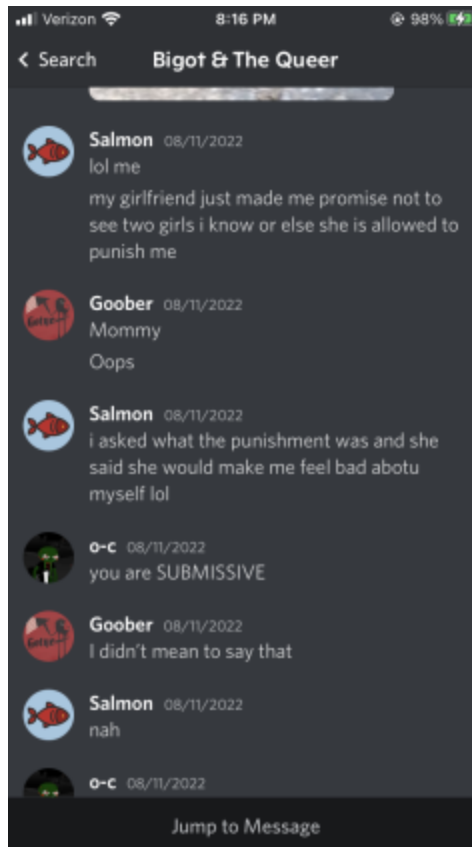

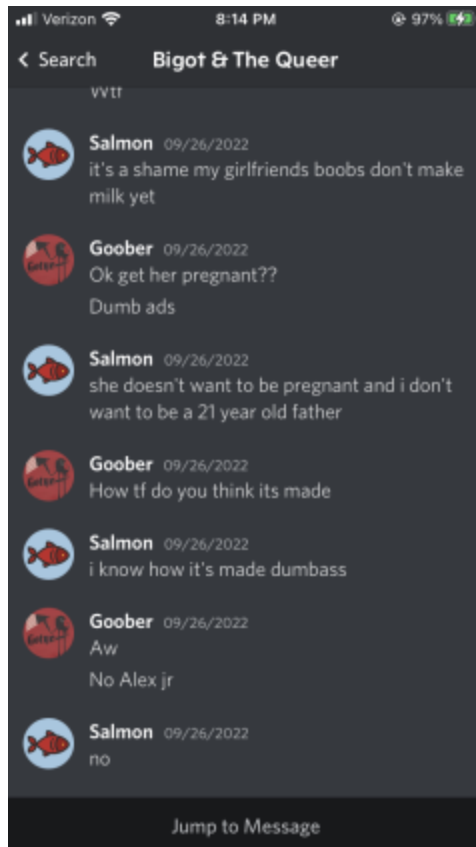

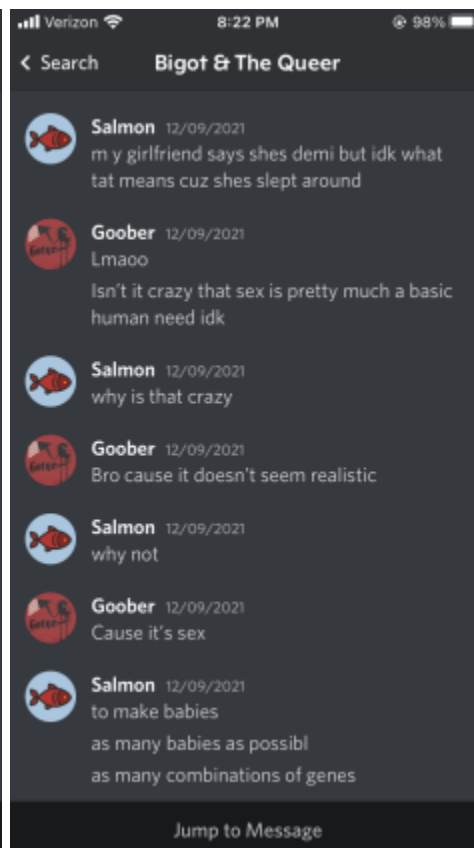

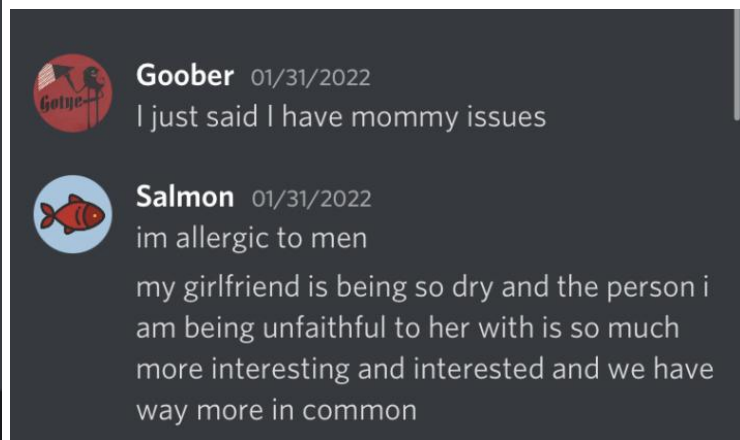

He knew it was wrong to date a minor and would constantly lie to me she was 2 years

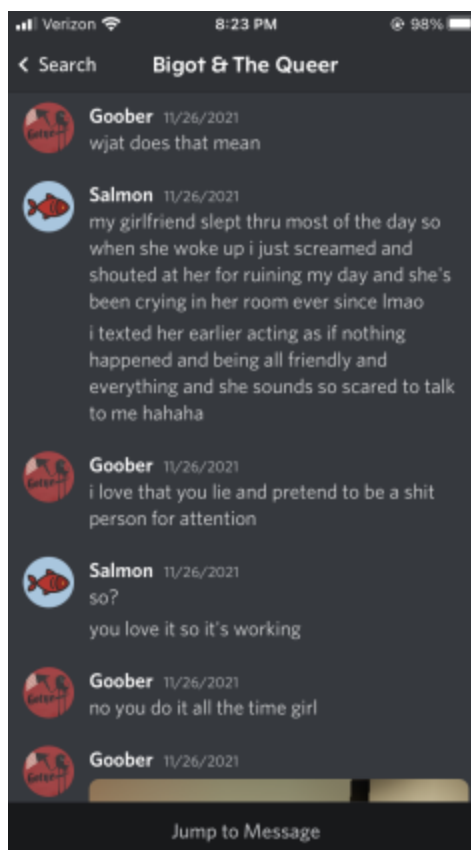

younger than him when you can see from the screenshots he clearly knew she was 14. Here's firecatmagic confirming its her bday, by the way Alex met her through FCM, FCM goes to school with her, was her friend and had actually dated her so he knows more info about her than me

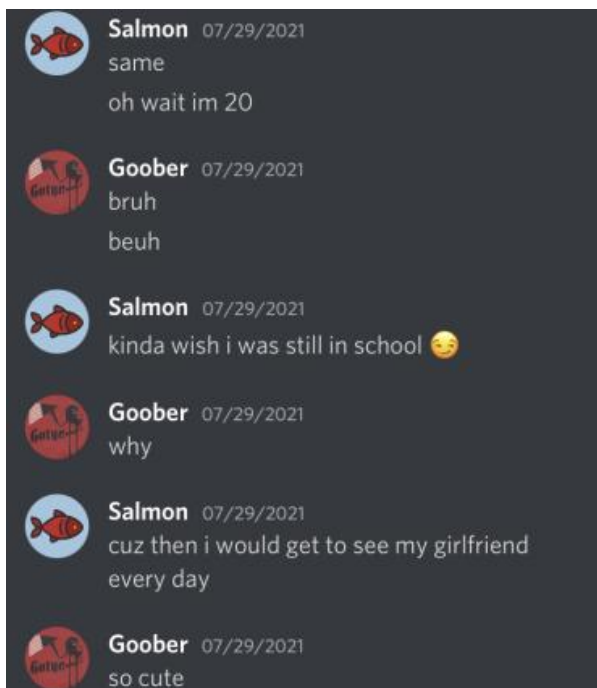

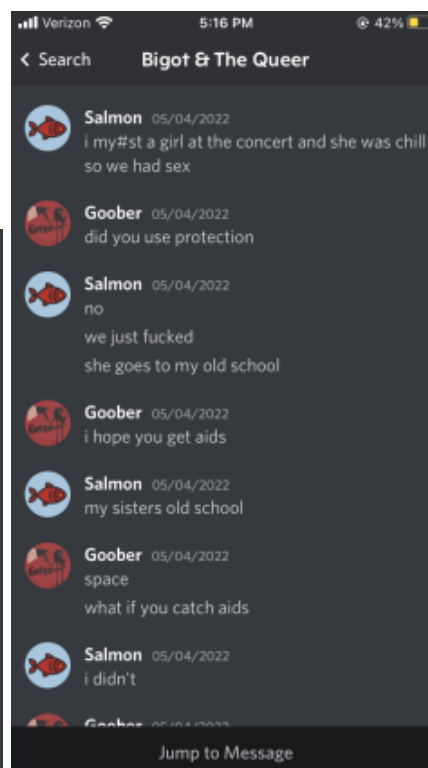

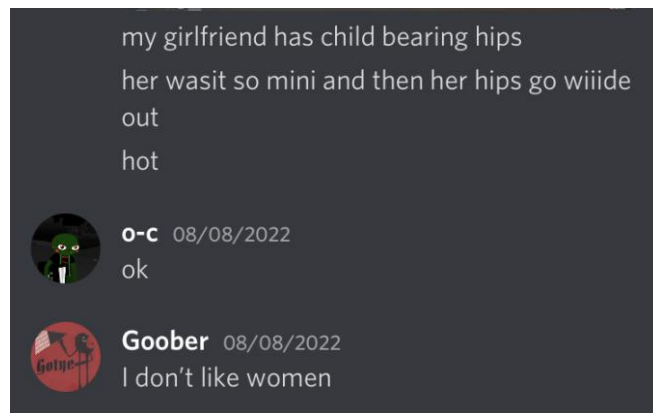

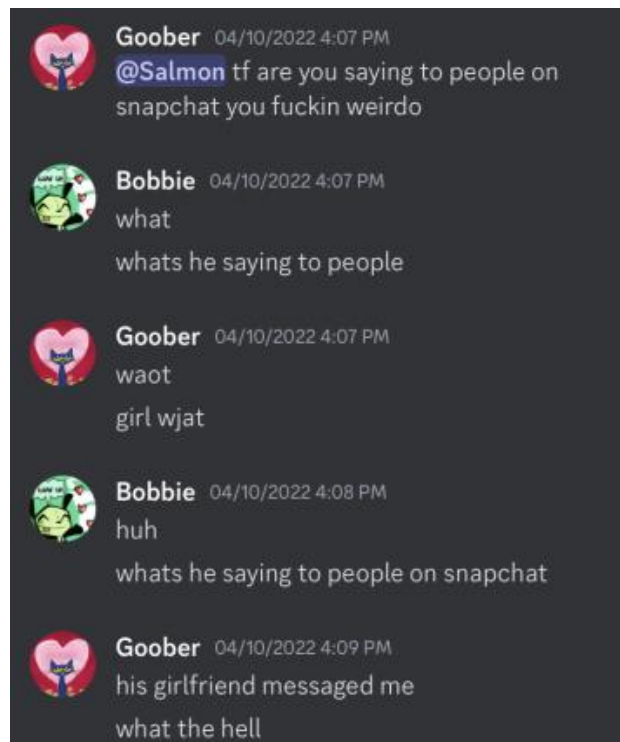

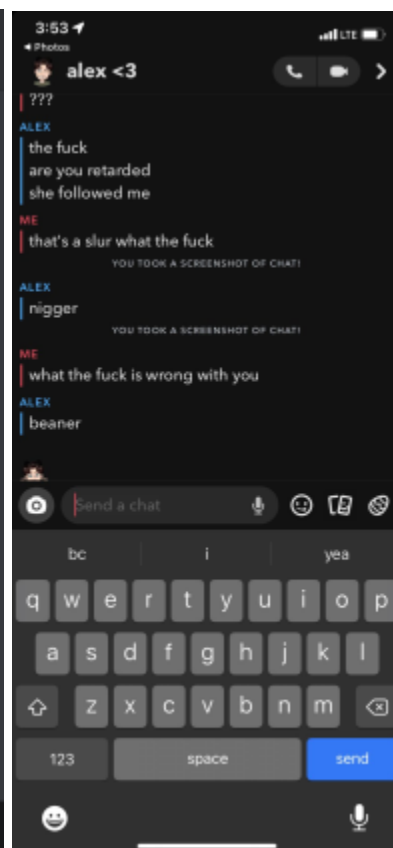

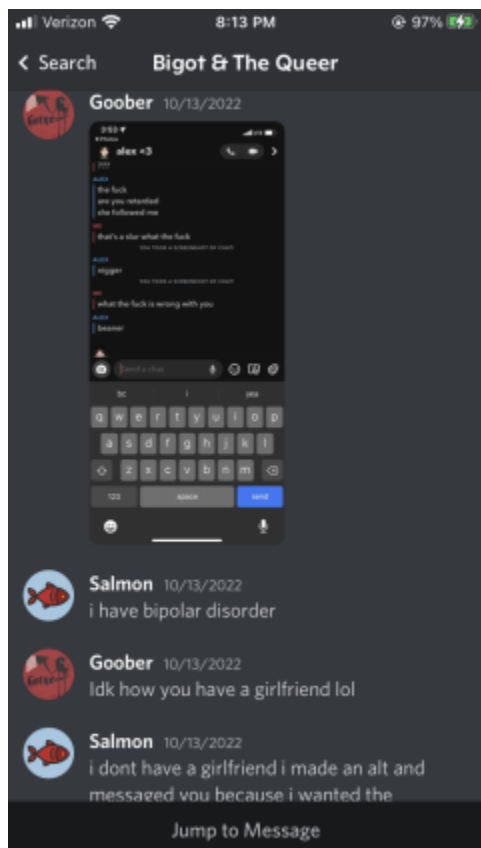

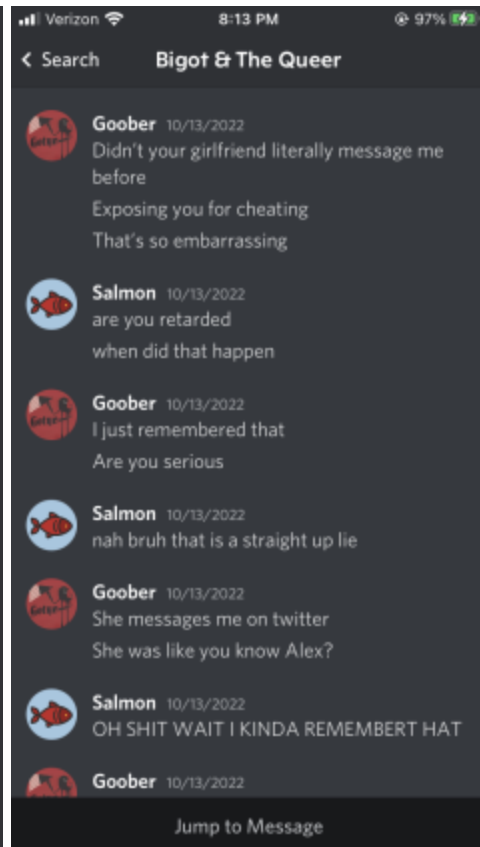

He would tell me this girlfriend was abusive towards him so I felt bad for him, but one day I got a notification on twitter and this girl was private messaging me saying she was his girlfriend and

that he was being like abusive and racist and stuff and I was literally SO FUCKING CONFUSED, this whole time alex was telling me she was the abusive one. She sent me screenshots and it was alex saying slurs just to make her upset, I was so confused and she told me that Alex had brought me up before and I was the only friend of his she remembered so she messaged me. Then like, the next day, the twitter account got deleted.

Honestly It's really weird because the way he talked about his girlfriend to me made it seem like he could've loved me more than his actual girlfriend. He would never really say anything positive about her to me, it was all just messages sexualizing her or saying "She's so fucking annoying I hate her I want to break up with her" or just complaining about something she did.

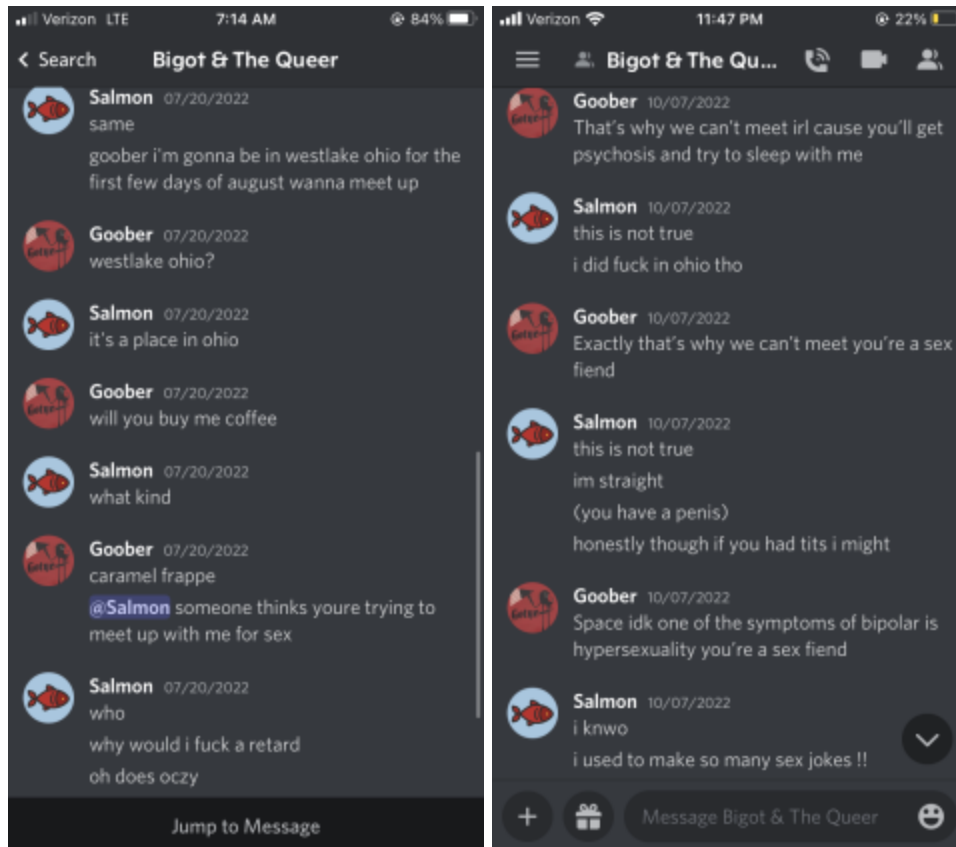

I remember early 2022 he mentioned that he was going to Ohio, around March-April to meet friends. I remember him sending me photo of his snapchat map of Ohio and all the friends he had there and I vividly remember that her snapchat avatar was there on the map, I've tried to find this photo again in our messages but I haven't been able to find it. (2nd time he went to Ohio) He said he was going to be in an area of Ohio next to indiana (right next to my state, this area was Westlake, which is still like 3 hours away from where I live). I told my friend about it, I kind of was excited to meet Alex but I had this gut feeling not to because I felt like I wouldn't be safe around him. I brought this up to my friend who told me I'm not going to meet him because he's a pedophile who has been inappropriate to me so I wouldn't be safe, and I decided to lissten to them and my gut feeling not to go. I brought this up to Alex, who said he wouldn't have sex with me, though "if I had breasts" he might. I know this was a joke and whatever but such an inappropriate time for that kind of joke. Yeah, so I didn't go to meet him. He mentioned the fact he had sex last trip and whatever I don't know I didn't want to know so I didn't ask any questions.. But I think that it could've been about her.

And then immediately after this Ezcha released their document on Alex. Alex was really panicked and asked me to help him write a response document for him, he kept telling me it was because he was drunk, off his bipolar medication, and because it was the anniversary of Lukes death he was in a bad mindstate. I don't know why but I listened to him. I had experience

writing documents on “drama” before I guess, I wrote one on the ROBLOX youtuber named Faave, it did get pretty popular.. And it ruined his career, so he thought I could do the same but opposite, that I could save his career. And I felt bad for my friend, I was truly convinced he wouldn't do this again and that it was just all of these things adding up, so I wrote the document for him. The response document that released he did not contribute to minus the last 1-2 pages. Everything you read was written by me.. I was so stressed out but I felt like I had to do it for my friend, I could barely sleep, eat, I was in a constant state of panic, I wasn't doing my school work because I was busy trying to save my friends reputation, I slaved away on this document. He tried to get a few others to work on it as well, he made a groupchat which has since been deleted full of maybe 5 others, they were there to help us create the document, all 6 of us were meant to work on it together but I had to take it over because the cooperation was bad. I did everything. His apology document wasn't even his own apology, it was mine, I apologized for him.. And everyone believed it and I saved his reputation which now I regret really. The only thing alex did was go back and change the spelling a little and write the “closing statement” at the end. When it first came out people were confused because it said “We” “Us” “Our” instead of singular pronouns, hinting that multiple people wrote it and it wasn't HIS own apology, I was so stressed out and wanted to save his reputation I lied that he wrote it despite it being all of it being my doing. I regret doing that, I was so blind, I don't know, I was stupid, and everyone turned on Ezcha because of me, I lied for Alex without knowing and I feel bad about it. I want everyone to know that I wrote it so they know that he wasn't actually sorry for the April thing.. Everything kind of went normal after this, I was really anxious and on edge though, whenever alex made those types of jokes at me again I'd immediately shut him down and remind him of the April thing, I told him I didn't wanna deal with a situation like that again. I was very anxious.

Then he got arrested in like August or October whenever it was I forgot. Before going on the trip he asked if I wanted to meet up, I kind of did and was excited to meet my friend but like I said earlier in the document I did NOT feel safe around Alex. I told my friend about him wanting to meet up and they wouldn't let me go meet him because of how creepy he was to me and how he joked about being a pedophile.

He did plan to move to Ohio too btw, he told me it was because he liked the weather but THIS IS A FUCKING LIE. He wanted to move to Ohio to live with his underaged girlfriend

He went back to Ohio, his messages to me were really sparse which didn't really bother me, I just thought he's having fun on Vacation. And then his messages just stopped after October 24 and I got worried as the days went by, On the first of November the mods started hinting that something happened with Alex, I felt really worried and semi-jokingly semi-hoping it wasn't true asked if he had groomed minors again or something like that and then they finally notified everyone of what happened and I started crying and having a fucking mental breakdown over it I was so upset, I didn't know what to think or do anymore. The days leading up to his release I'd basically just be having a mental breakdown in his messages saying I should've known better and I hated him and hated myself for allowing this behavior to happen, I didn't know why he did that, I blamed myself for allowing it and helping him get away with it the first time. On the 26th he messaged me "You would not believe the dream I just had" and I literally started panicking and shaking I was so scared I couldn't breathe tbh. I didn't believe anything he said anymore but unlike others I didn't cut him off, it was hard for me to just cut him off after being his friend for so long, but It was very obvious I didn't like him anymore or excuse his actions. He tried to explain the situation to me but I didn't believe him. I did give him updates on the situation like what GWC was recording but that was it. I did panic and end up sending all of my screenshots I had of Alex which he used for a video, I regret doing that now because why would I not lol. In the past months I've been trying to forget about him but the whole situation is just so fucking confusing to me I don't understand anything and I keep trying to understand but it's hard. Like I'm upset I lost him as my friend but I'm also happy hes not my friend anymore and I don't have to deal with that stuff anymore.. I just have mixed feelings and they're hard to work through tbh so I'm just writing this for some reason. I'm going to sleep now, Goodnight.
