

INTRO/WARNING

Trigger Warning:

This document contains references to pedophilia, grooming, sexual assault, abusive relationships, emotional/sexual abuse, cyberbullying, revenge porn, self-harm, suicide, and mental illness.

This document is intended for readers 18 years and older, as it discusses disturbing and sensitive topics and any blue words being seen have links attached.

My name is MysticDreams (formerly known as DemonJakie). I will not change my alias and am willing to take full responsibility for my actions. I have since learned to use my mistakes as a tool to improve myself.

I want to make clear that I do not condone or support harassment toward anyone mentioned in this document. I have obtained permission from all relevant parties to share this information. Some names have been hidden for privacy and safety.

The purpose of this document is to clarify misunderstandings and share my experiences from my own perspective. While some evidence has been lost due to deleted or hacked accounts, I will provide all I currently have.

This document is organized into labeled sections for clarity and consistency. I acknowledge my past mistakes and understand how my actions have affected others. In my early years, I acted spitefully, irresponsibly, and disrespectfully while surrounded by a toxic group of individuals.

Many of these same individuals, some of whom have publicly accused me have themselves been accused or confirmed to have engaged in similar or worse actions, including grooming and harassment.

These experiences deeply affected my mental and physical health. From the age of 13 till now, I was subjected to grooming, manipulation, and threats, including doxxing and forced isolation.

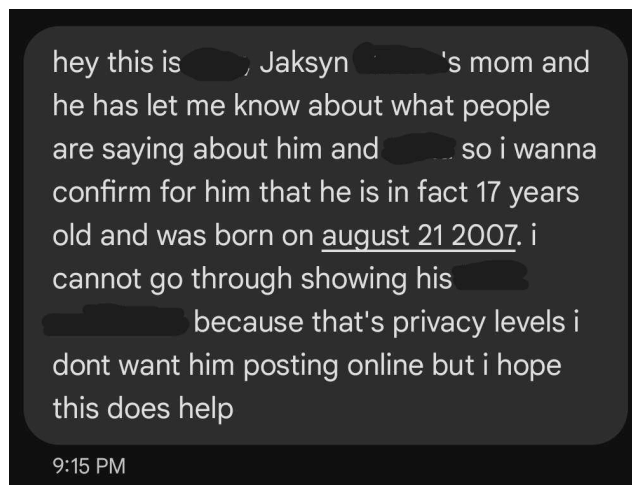

I was pressured to hide my true age and live in fear for several years. Now that I am legally 18 (born August 21, 2007), I have cut ties with these people and feel safe enough to disclose the truth upon 170 pages.

To confirm my age, I involved my mother, who provided a message verifying my date of birth.

For privacy and safety reasons, I will not share her phone number or other identifying details.

Although I have been asked to provide my birth certificate, I will not do so out of respect for my mother's request to protect our privacy.

(Screenshot taken on April 2nd, 2025.)

This document is meant solely to clarify events and provide context for my actions and experiences. Once this document is read and understood, I ask that everyone allow this matter to rest and refrain from further harassment toward anyone mentioned.

It is also important to note that I am African-Asian, and there is usage of the “n-word” in provided screenshots done by Discord, Instagram, Chat Exporter and my text messages from phone number that I’ve collected in one piece upon putting this document together.

Final note of March 1st: when you see this being released, my mother had unfortunately passed away as well, so any advocacy you see from her in past screenshots is no longer being brought up in later tabs. This is to respect her wishes and respect my private life.

1. Small Allegations

Gonna address all three of these in one page since it isn't much but effective given the proof itself but let's get started.

So as you people know, I have been accused of grooming a 11 - 12 year old when I was 15 which had "evidence" included. However, I have lots of things to counter against this because I have my own set of proof that kinda brings light on the full context against this.

This supposed "victim" in question was an ex of mine who lied about her age to me when I had just turned 15, I was also very underage and did not realize the extent of my actions as a 15 year old with high functioning autism.

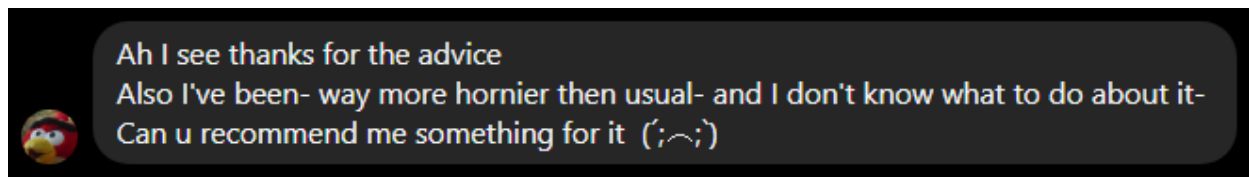

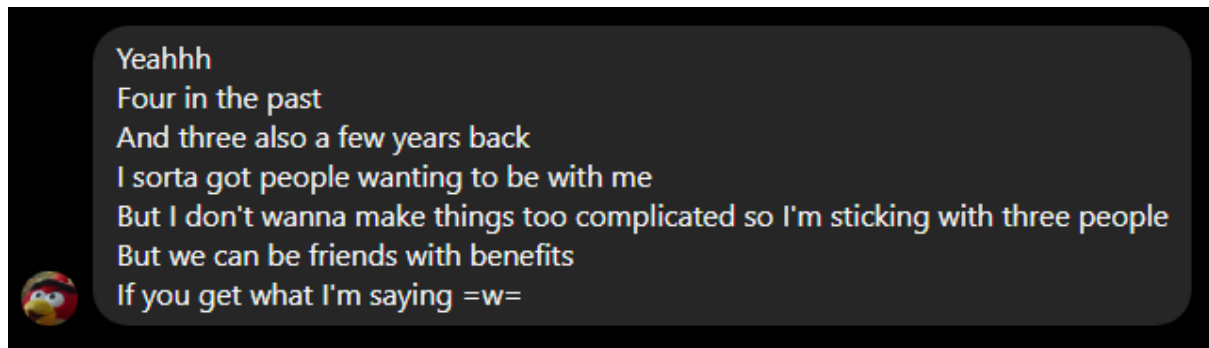

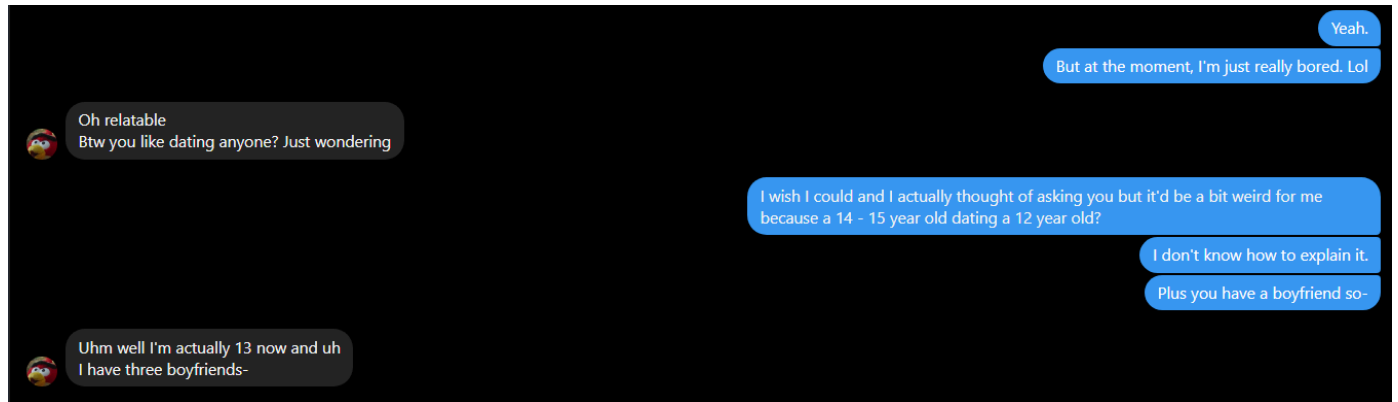

I am ashamed of being weird when I was young at the time but however, it doesn't excuse her side as again she still lied about her age claiming to be 13 to not just me but a lot of other people so I had no idea she was younger than she said first hand.

People had tried to warn me before about how old she was but they said different ages including 18 or over, we unfortunately continued dating until 2-ish years ago when I turned 16 and she stated that she was 15 herself which was where everything unraveled about the numerous things she lied about including her age.

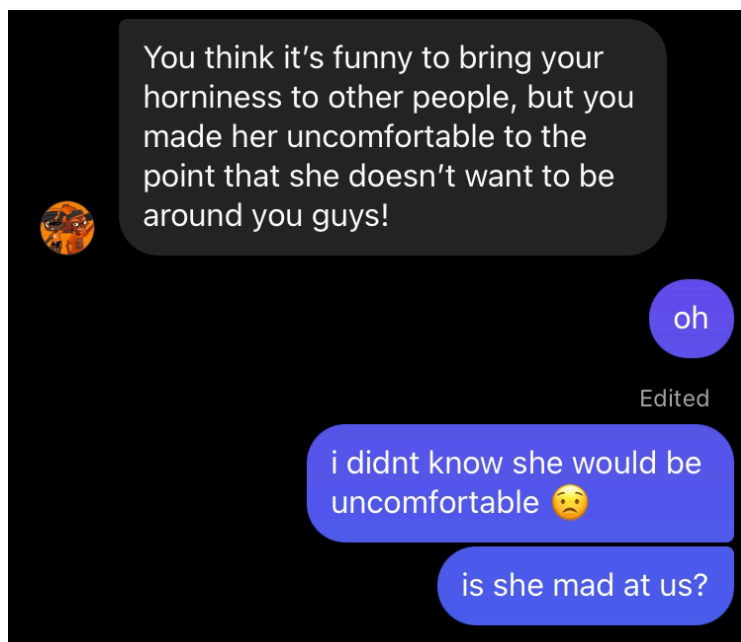

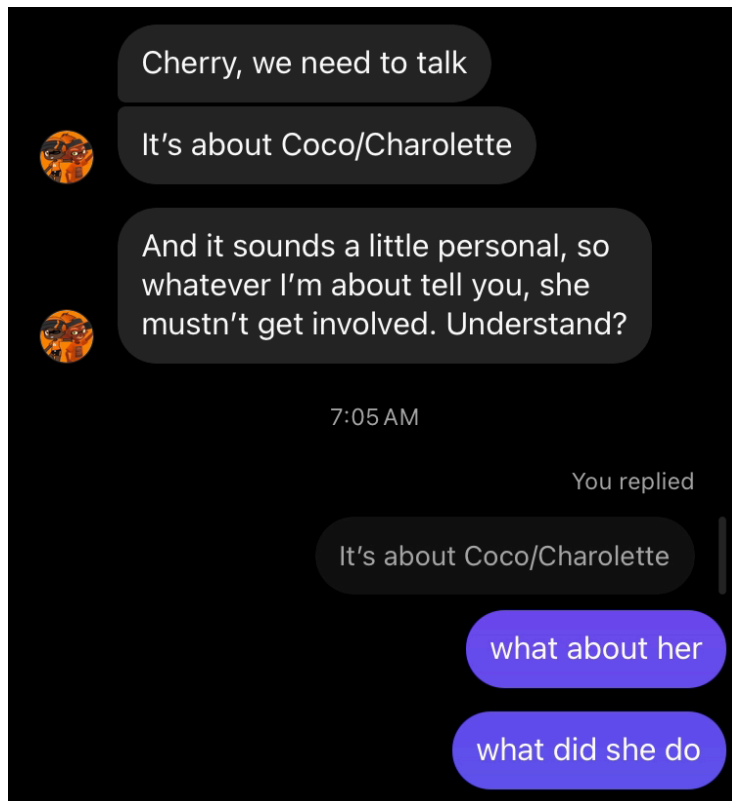

On top of that also going after Nina and accusing her of grooming her (It's pretty ironic because Nina had started this grooming allegation against me). It is really ridiculous that this shit has started up and it makes zero sense on all levels of legal liability.

These screenshots prove that they were lying themselves. Especially since I myself was still being groomed by pedophiles (which will be discussed later on.)

(Coco [ex #1] lying about her age after poor confrontation.)

(Cherry [Ex #2] getting confronted about being sexual with Coco.)

She's just a attention seeker, fuck her.

 **Mystic (Semi-Break)** 02/11/2024 9:56 PM

What's wrong?

 **FlutterCherryNM (Coming Soon)** 02/11/2024 10:03 PM
its about coco 😞
we were talking and all. she was telling her side of the story of what you said to her earlier 😞

 **Mystic (Semi-Break)** I just give the cold truth, no matter if it hurts or not.

 **Mystic (Semi-Break)** 02/11/2024 10:04 PM
I still stand by what I said.
If she can't learn to drop it and move on then there's point on continuing to talk to her.
It isn't worth the time and stress.

 **FlutterCherryNM (Coming Soon)** 02/11/2024 10:04 PM
yeah..
she was asking me questions that i didnt want to answer..

Mystic (Semi-Break) 02/11/2024 10:05 PM
What questions?

FlutterCherryNM (Coming Soon) 02/11/2024 10:08 PM
she was asking me if im comfortable with you having alot of fwbs and having sex with them and i was getting stressed out...

Mystic (Semi-Break) 02/11/2024 10:08 PM
That's non of her fucking business.
Seriously, tell her to fuck off.

FlutterCherryNM (Coming Soon) 02/11/2024 10:08 PM
i told her i needed space...

idk why..

Mystic (Semi-Break) 02/11/2024 10:10 PM
It isn't bad to be one... self admittedly, I kind of am one myself but it's not a bad thing to be. It's about being responsible when it comes to it.
It feels like she is trying to ruin our relationship, it's not sitting right with me at all.

FlutterCherryNM (Coming Soon) 02/11/2024 10:10 PM
idk either..

Mystic (Semi-Break) 02/11/2024 10:11 PM
Tell her to fuck off, I'm about to go at her.
She's pissing me off right now by interfering with our privacy.

FlutterCherryNM (Coming Soon) 02/11/2024 10:12 PM
ill just tell her not to ask me questions like that
ok she apologized

Mystic (Semi-Break) 02/11/2024 10:14 PM
She still pushed my buttons.

FlutterCherryNM (Coming Soon) 02/11/2024 10:14 PM
she said she was just worried

Mystic (Semi-Break) 02/11/2024 10:14 PM

FlutterCherryNM (Coming Soon) 02/11/2024 10:15 PM
youre not gonna fight her right? 😨

Mystic (Semi-Break) 02/11/2024 10:15 PM
I'm talking to her sternly.

FlutterCherryNM (Coming Soon) 02/11/2024 10:16 PM
ok 😞

I was accused of stealing money from Nina even though I had originally asked for permission to buy her and other ex-friends to buy Black Ops 3 and Content Warning which they caused swatting against me on.

The “proof” she used was purchases made on an account that I didn’t have access to and was never traced back to me despite me asking to trace them at the time so that they can see that I did not make any purchases.

I was confused at the time when Nina had asked me if I spent over 300 dollars with her card because again I didn’t have access to the accounts and my purchase history proved that I only bought gifts with Black Ops 3 and Content Warning to her and other people.

She had also accused me of deleting my purchase history when it isn’t psychically and legally possible by US federal law but however, the only thing you can do is refund games which will still appear on your purchase history.

That and I had also tried my best to help her how to manage with that since I still to this very day don’t know if she spent the money herself or if I was right about it being a hijack as again I didn’t have access to the account and I didn’t know what or how I can help her besides sending videos.

(Requesting permission to pay for mentioned gifts.)

How do I delete purchases on Steam?

all you have to do is go to your steam app, open your steam account, go to the help button and click Steam support. after that, click on your purchases, select the game you want to refund. if it's not there, then it's no longer refundable. once you select the game, let them know why you want to refund the product.

Can the purchase history of steam be deleted?

I just found out how much money I've spent on steam and I don't want to be reminded of it. Is there any way to delete this purchase history?

No. Purchase history can not be deleted.

This was during when I was having the worst meltdowns, I had when I was younger at 14 - 15 and was not in the best environment when I was going through being placed in Foster Cares after Foster Cares and I did not explain properly due to manipulation and legal reasons laying in proper personal protections.

My foster “mother” had used and abused me psychically in order to collect money from my foster adoption, that woman had manipulated me into believing I had Kidney Failure to collect bigger checks from the Foster system, basically making me a money ticket for her own benefit with these “check-ins” at a ghetto hospital and doctors telling me otherwise.

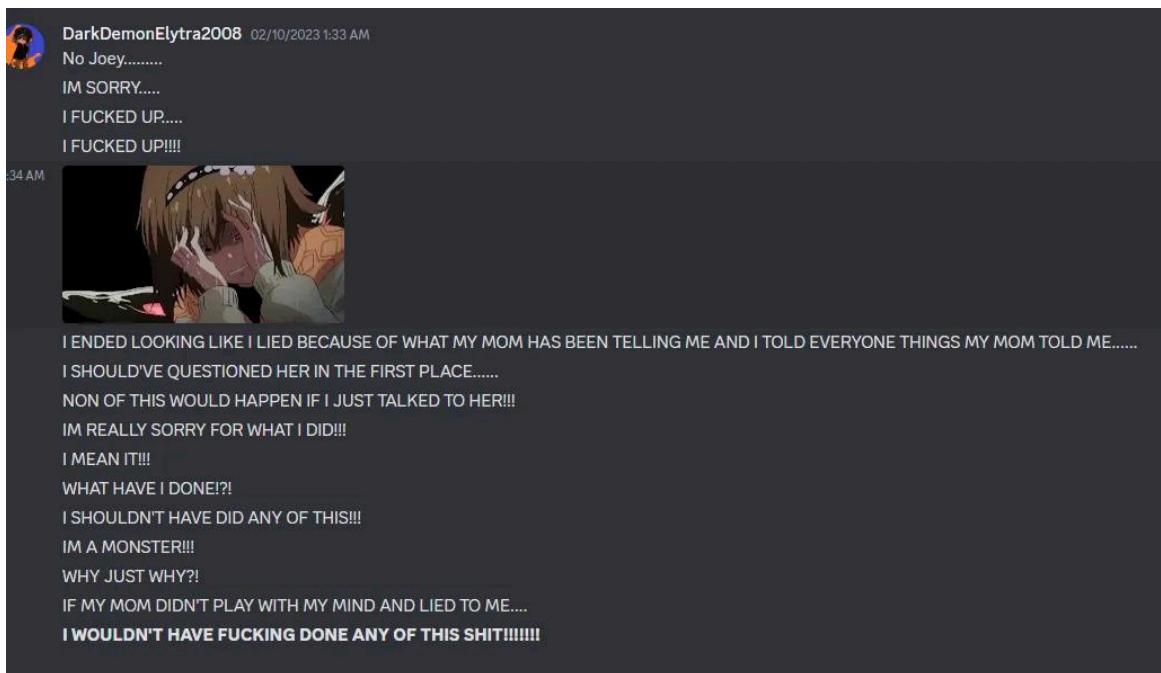

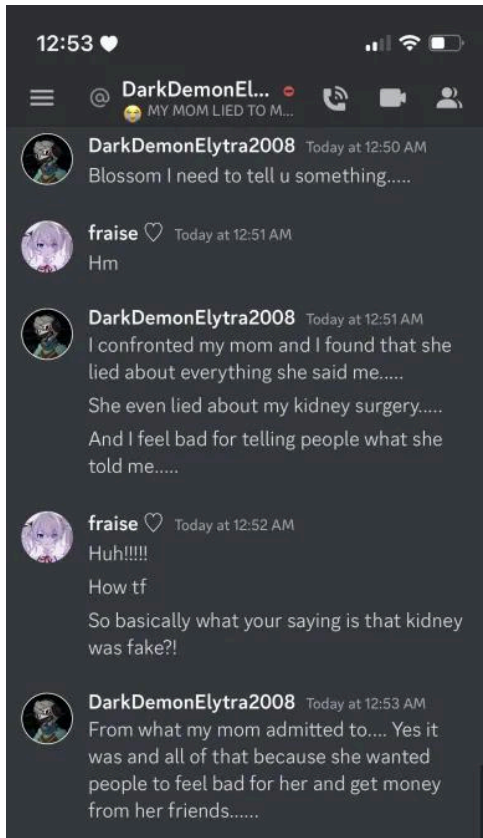

I had tried to tell people who I used to call “my online family” about this whilst breaking down multiple times and it got used against me due to my poor english at the time and me not properly giving full context on stuff then I got harassed for months in the end which still incredibly hurt me.

I was young at the time and did not realize what was truly going until it was too late and was being backed into a corner for a situation beyond my control and had no idea what the hell I was saying or doing as I did not nor was I able to fully comprehend everything that I went through.

No child should ever go through a traumatizing experience like that and I hope stuff like this never happens to another child caused by their hands and actions especially if they’re going through a psychotic and mental meltdown.

I thought I knew better but I really didn’t and I take accountability for believing the lies of my foster mother, thankfully I am no longer in custody of that woman and will keep out of my life permanently

(Attempting to confess about it whilst having a meltdown after confronting my foster mother.)

(Being harassed in a server, having a suicidal meltdown.)

2. Victim of Grooming

This part is gonna be the absolute hardest I've ever brought out of myself as I've made my decisions to make the situation conceived (despite it being public years ago) but I have to open up about this.

If you all know InktoRosalina then you'll be in a real road of events here ranging from when I was a minor up to when I became an adult in which events had worsened for me.

These very reasons are the fact that when I was 14-15, he had groomed and manipulated me into a multitude of sexual situations, while I was 14-15 and he was 24-25 knowing it was wrong.

I've kept this under wraps because I was manipulated into believing I was in the wrong for being groomed and violated, he made me believe everything was my fault to the point I have harmed myself upon many different breakdowns.

I thought it was my responsibility to take care and help this man until I realized the harsh way that I was manipulated and violated on top of having to feed into this man's sick and twisted behaviour towards me as a young child myself.

Anyone who has Inkto added, I encourage you to block him and make sure he isn't in your spaces, he is a very dangerous man and does not need to be anywhere near a child again as he has proven to me and many others he's a monster.

(Asking to meet up with me for rape and sending nude pictures.)

You should know better than this. With me, I didn't know better or I just didn't know before it was too late
It's incredibly dangerous
I know this isn't saying much considering what I've done against Skylar, but you should've kept it in your pants, especially around someone so young
And just so you know, I had the person you ERP'd with blocked all year

TCS Today at 11:26 AM
What did you expect? That person you played around with is a partner in crime with a drama reporter
You should've seen this coming
You were clearly used just like I was 3 years ago, except you knew
I'm sorry, but I'm extremely disappointed
I'm not angry, just disappointed, very disappointed. I'm not going to cut you off because clearly you don't know better and need help

QlnktoRosalina Today at 11:33 AM

TCS Today at 11:36 AM
You need professional help because you clearly know what you're doing is wrong and can't help yourself (edited)
As far as I know, I'm the only one you told about you being molested as a child

i lost everyone

TCS Today at 11:44 AM

Did you not expect this to happen or something?

I'm sorry I'm being so harsh about it, but you really should've seen this coming. You knew she was underage and not only that, she was using you. Both are equally at fault here

QlntkoRosalina Today at 11:46 AM

QlntkoRosalina Today at 11:55 AM

TCS Today at 11:56 AM

Dude, I don't know what else to tell you. You knew

If you didn't know, then I'd feel bad for you

It's not impossible that I'm having thoughts of cutting you off too, because this is really bad for you man. You straight up knew and that honestly scares me

I'm really sorry I'm telling you this man

I really wish you didn't tell me and that I was at least blissfully unaware by your status

I saw the messages and it makes me feel gross. I'm sorry dude, but I know I'm probably the last person you want to hear this from

I really hate to be this way towards you, but I have to be as humane as possible here. You need professional help and you need it now. You said things like having sex with this person in real life before she became legal ^(edited)

I would blame everyone if you didn't know, but you did. So it's really hard for me to sympathize with you now, I'm really sorry

QlntkoRosalina Today at 12:15 PM

dont

your literally all i have left

TCS Today at 12:16 PM

Most of the time, you wouldn't take the time out of your day to talk to me because you were either busy or gaming. You had an online family while I met a new one, and you barely ever spoke to me anyway ^(edited)

QlntkoRosalina Today at 12:16 PM

im sorry

for that

TCS Today at 12:17 PM

You most likely wouldn't have responded to that if you were still with all of them to be perfectly honest

Because of the stuff I did and regret ^(edited)

What you did was and is extremely dangerous

And like I already said before, if you didn't know, I would sympathize with you. But even though I don't hold any high ground for everyone there anymore, I have the moral compensation to understand this is illegal and wrong

QlntkoRosalina Today at 12:20 PM

dude you have said that over and over

i get it dude....

i messed up big time

TCS Today at 12:21 PM

The molestation you went through as a child shouldn't have made you do this to begin with

As far as I know, I know absolutely nobody who would do that

QlntkoRosalina Today at 12:23 PM

its just you and 3 other people

out of....hundreds

TCS Today at 12:23 PM

Long story short, I'm probably going to have to step away from talking to you for a while. I'm not removing you, but I think you need some genuine time to yourself. You *need* help

QlntkoRosalina Today at 12:23 PM

That and Angie gets some blame too. She knew of your plans to groom the kid but did nothing to stop it.
And then she had a shit defense of about "waiting until 18"
When in reality that is also considered grooming

Sage Today at 9:23 AM
Waiting until a person is 18 to date them or do anything NSFW, is grooming
Agreeing "under the conditions that he waited" is enabling grooming and being aware of it happening

NEW MESSAGES

Sage Today at 9:53 AM
As an adult, yes, he shouldn't of enabled and should've immediately cut contact with her

instead he enabled, engaged in it, and sent nudes back
Angie directly said she knew of his plans to "wait" till she was 18, and enabled them, therefore angie is also deeply in the wrong here too

And therefore even if no nudes were sent never erped etc, he still had plans to groom, 14 year old

ΩInktoRosalina Today at 8:24 AM

Are you happy for what you have done too me
I have lost everything

(Manipulative reconciliation to make me feel bad and guilty.)

[side note: there was a call that did happen shortly and it was 2 hours of him convincing and manipulating me into believing I fucked up in the situation when the reality should've set in that I was a victim to him.]

3. Sexual/Toxic Relationships

I genuinely want this to focus on my perspective of all I've been through that's caused unfortunate trauma for me to suffer with. This is not to blame anyone, all parties involved, this is only to show how my trauma affects me as I take accountability for actions.

I was in a lot of polyamorous relationships as a child until I turned 17 and I've had obvious shitty experiences that left more scars than it should've. It landed in constant arguments, fights and everything that destroyed me mentally and I had made poor decisions during such.

However, I am not as innocent either, because retaliation was what I resorted to all of the time when I was younger and thought it was okay. I was young and stupid, I acknowledge that and have tried to get better myself, which I will talk more about that progress later on.

We were all equally sexual as well with both sides being consensual between them and myself when we were minors, in a lot of instances of me being uncomfy. On top of the fact that the claims of it being "non-consensual" are majorly far from the truth then it really should be.

But it does not mean that my exes including Cherry/Nina are far from being guilty as just like me, they have contributed to the damage done on all parties. They had unfortunately not considered my emotions and feelings despite me trying to understand and be there for them.

I really tried my hardest to understand what I can do to be better and how I can be better but it was only giving them more leverage upon these situations. So after years of the constant bullshit, I broke completely and I had enough of it, I wanted to keep hope that things would get better but it was not of use.

Which is also good to mention that anytime, I made the littlest of mistakes - a lot of my folks noticed that I'm automatically the bad guy, proven by how I was treated by one of my more recent exes who go by FananaBanana and I will explain a bit more on that matter.

(Talks about being polyamorous and her being “friends with benefits” with someone else behind their partner’s back.)

I kind of figured 🙄
I respect what she wants though and lk we just became a sibling bonds so this is a big shift if she'd let me-
I love her sm but like lk how weird it might be I suddenly go from sibling to another companion in a relationship
Is she broken like in disbelief?

(Exchanging explicit content with me including sex toys [which I didn't know were sex toys until sent])

(Admitting and apologizing to her wrongs, then backhanding it to attempt justifying and lying about our situation.)

So... I have lied about some things because I wanted to keep myself safe and be a coward..

There had been things I've done that we're not only questionable, but also inappropriate

And I've been hating myself for that

There are screenshots of what I did, but even that is just... disgraceful...

There are roleplays, images, drawings...

And... I regret everything I did...

It's like if I didn't know better and I should've known better...

And I put most of the blame on [REDACTED]

Brushing it off and hoping it would pass

It has indeed ruined my closest friendship, and I forced myself out of [REDACTED] because I was so scared

[REDACTED] had indeed lashed out on me, and if I didn't tell you or anyone else, he and his friends would expose me

Vixie 04/10/2024 18:38

this genuinely makes me wanna kill myself but what else is there to do?

Alright, [REDACTED]. I'm sorry that I suddenly flipped and turned the tables on you. I should've explained things better with you and talk things through, but I did the complete opposite of what I was supposed to and just lashed you away just like that. Shit would have been much smoother if I were to actually speak up.

No matter that, it to me still wasn't okay for you *actually* send shit I didn't want to see at the time, sure you could've asked and again, I could've spoke up about it, but it felt very wrong to just go along with it.

Words cannot describe how I feel or what I've done, and now made things worse by the next day, which i am genuinely scared now. It makes me want to leave because of what I've done, but of course I can't do that because I considered Discord my "online home" of some sort.

I am sorry, and I was nothing but a pussy. And Scorch, if you had also found out about, I am very sorry even more. Again, I was scared and I didn't want you to lose anything or anyone, and I feared that I'd lose it all because of my actions. I never meant to lie and hide shit from you, but I guess I did and that hurt you more than it hurt me.

Once again, I'm sorry. Hell, I might just delete this account and move onto my alt permanently because this was so bad. I don't you'd care though, so it's fine. Never going to forgive myself for this.

Question 1: Why did you take part in the ERPS and why didn't you say no? There's screenshots of you doing it with her.

Answer: I thought that since [REDACTED] asked me that she wanted to do it and that I myself at the time had a much harder time saying no.

Question 2: There's screenshots of you sending "toys" to [REDACTED] Why did you send them?

Answer: Because while we were discussing explicitly in the ERP server, I brought up something that made her curious and asked me to show her what they are and I told her what they were.

Question 3: Why didn't you stick with the truth in the first place before telling the lies that made you lose everything?

Answer: If I didn't stick with the honest truth, I would've lost my online siblings then and I would've been really depressed at the time. I was already stressed to the point I'd crash out, so I had no choice.

[side note about this; even if your claims about me were true, regardless if you had a "hard time" saying no, you still as a 21 YEAR OLD adult should've still had stopped it considering not only did you lie about your age to me about being 19 but instead was 21 but still had groomed me while I was 17 manipulating me into thinking this was okay because of your "age of consent" excuse which is still very illegal and you still shouldn't have lied in the first place to save your skin and hurt others you claim to have cared about on your own behalf especially with trying to justify your actions that had BY THE LAW broke the law in your state because your age of consent is fucking 18.]

Here's the problem, Vix is over 18 now I know what your thinking "wtf? So your sister is a groomer?". The thing is she could've been taken as a groomer if they didn't cut ties after she introduced him to us and we got to know him which, I will get to that in a little bit. Mystic for some reason never really confirmed his age, frankly lying about it and so on. I'm a Junior and he is a sophomore, he never confirmed and just kept saying "I'm between 16-17" but which one? I know you don't just forget your age or birthday straight up.

[as for Fanana, you knew what Vix was doing was completely wrong but you still decided to stick by your "sister's" side all because she didn't cut ties with me after you helped me make her apologize for grooming and manipulating me into multiple illegal situations from her behalf towards me. The reason I wasn't honest about being 17 at the time was because I didn't trust anyone online given my trauma with being r@p3d and sexually assaulted in real life to trust anyone with any personal information even if it wasn't major. But I had literally hinted to you and Vix that I was still under the age of 18 and it still isn't a valid excuse for me to get groomed and abused in the aftermath knowing you both fucked up on a multitude of situations here.]

4. Manipulative breakup's

So I want this segment to explain my perspective on what happened with the breakup's since it's a lot to unravel but after everything that had happened with Nina and the other girls I dated.

I snapped out of the manipulation and had enough of the constant treatment I've been getting so I originally wanted to find a way on how to break off the relationships on peaceful terms.

But the problem was that at the time, I did not have good communication skills so I didn't say properly how I fully felt at first until I was pushed to my lowest breaking point of emotions

which is the time I went mentally berserk but I still admit that the way I handled it was a very terrible way of how I could've broken up with my exes which I still take accountability for.

However, I still feel as if my emotions in the situation were valid since my expectation was to end things peacefully and to not be backed into a corner even though I lack the proper skills to do so.

But I understand that I didn't know what to do, therefore causing issues between all parties involved without the intent to commit which I do still apologize for how I handled it.

Although, I still will not excuse Nina and the other parties involved since they equally handled it as bad as I did but with taking private matters to the public and giving me a "bad look" on purpose.

It didn't slide on their behalf since they had gotten confronted by me and a lot of my other old friends for her pulling the stunts that she did and manipulating a lot of people to go against me without real reason to.

(Cherry having a crush on a former friend and sexting him behind my back without my knowledge - getting confronted for it.)

Well not rilly forcing, more like constantly asking

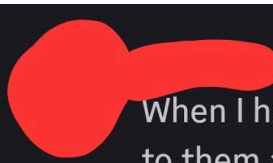

Tempest Today at 3:32 PM

Jesus fuckin christ...

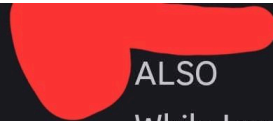

Today at 3:34 PM

I almost got forced into an E-RP before the one where I got forced into one. What happened is that Mystic was practically begging me to [redacted] her [redacted] or wtv, practically shoving the avi's [redacted] in my face, but luckily one of my friends walked in and like screamed

 Today at 3:38 PM
When I had 2 of my friends try to explain to them abt how I wanted to have no contact
They started getting aggressive
My friend quickly shut them down tho

 **Alia** Today at 3:38 PM
Wow...

 Today at 3:46 PM
ALSO
While I was not poly, mystic didnt even ask abt me being poly or anything they just
yeah
They literally did an erp with someone else while dating me
And I was not let known of this until it turned into a situation that caused 2 other other to break up

 Today at 3:47 PM
She may have disrespected my asexuality? I don't rllly remember anything with mystic that well

 **@Fawn** She may have disrespected my asexuality? I don't rllly remember anything with mystic

 Today at 3:48 PM
Kept on saying sexual stuff abt ur avatar until I had to speak up abt ur asexuality

[redacted] Today at 3:56 PM
Near the end of us blocking mystic I joined them in vrchat while i was streaming on a call with [redacted] They were talking behind [redacted] back, putting words in their mouth, misgendered them, refusing to talk to [redacted] abt the issue

[redacted] Today at 4:09 PM
OH ALSO I FORGOT 🦴 so basically she asked me for nudes once i said no asked me again i said no and i swear i KNOW if i didnt do something abt it theyd ask me again
saying no once should be enough, right?

[redacted] Today at 4:10 PM
They said something like (not exactly this, but something like this): "since i sent you something i feel as if i should get something in return"
Also sent me their fetishes/kinks for some reason..??

[redacted] Today at 4:11 PM
She got 2 [redacted] pics-

sovereign Today at 4:11 PM
yeah

[redacted] Today at 3:36 PM
She always interrupts 😊👍

[redacted] Today at 3:36 PM
Yeah tbh thats another thing
Ill try and talk abt something serious just to get talked over

(Breaking up with Cherry due to issues over the years - mentally had a bad time properly communicating due to high emotions)

Mystic (Semi-Break) 04/19/2024 1:16 PM

Hey Cherry, could we talk for a moment?

Your not in trouble but I feel like I wanna get it off my chest.

As I believe it'll benefit you mentally.

FlutterCherryNM (Coming Soon) 04/19/2024 1:17 PM

ok?

what is it?

Mystic (Semi-Break) 04/19/2024 1:18 PM

I think it'd be best for us to remind as friends for now because I know you haven't been doing mentally well for a bit and I'd rather you take care of your health first, I really like you but I consider your well being much more.

I don't mind friends with benefits but I'd rather we remain as friends since I really want you to make your health a main priority because I want you to be happy by the end of the day.

I hope you understand and take what I said into consideration so you can get better mentally.

FlutterCherryNM (Coming Soon) 04/19/2024 1:20 PM

but im doing ok tho 😞

Mystic (Semi-Break) 04/19/2024 1:21 PM

I still think it's best for now.

We can talk about it in the future, alright?

I just want you to be okay.

Plus I need a break myself since I haven't been doing the best myself.

FlutterCherryNM (Coming Soon) 04/19/2024 1:21 PM

well how long do we have to stay as friends? 😞

Mystic (Semi-Break) 04/19/2024 1:22 PM

It'll depend but I hope you'll be much better, alright? :3

FlutterCherryNM (Coming Soon) 04/22/2024 6:48 PM

i know you said we would date again once the break is over, but after some thinking I think its best if we dont date again. i just feel like i can find someone better and considering what has been happening these past 4 months, i really think i should only focus on myself

Mystic (Semi-Break) 04/22/2024 6:48 PM

That's what I keep saying.

FlutterCherryNM (Coming Soon) 04/22/2024 6:49 PM

huh

Mystic (Semi-Break) 04/22/2024 6:49 PM

You asked me multiple if we could date in the future and I said maybe bruh'

FlutterCherryNM (Coming Soon) 04/22/2024 6:50 PM

bruh?

did you not read the message?

Mystic (Semi-Break) 04/22/2024 6:51 PM

"You said we would date after break's done."

I didn't say that

I said

Maybe

FlutterCherryNM (Coming Soon) 04/22/2024 6:52 PM

so you did broke up with me but put it lightly

Mystic (Semi-Break) 04/22/2024 6:53 PM

I said a break was needed for our own sakes but with a possible break up.

FlutterCherryNM (Coming Soon) 04/22/2024 6:52 PM

so you did broke up with me but put it lightly

Mystic (Semi-Break) 04/22/2024 6:53 PM

I thought that was clear

FlutterCherryNM (Coming Soon) 04/22/2024 6:53 PM

no you werent

Mystic (Semi-Break) 04/22/2024 6:53 PM

Why do you think I wanted to remain friends **for now**?

FlutterCherryNM (Coming Soon) 04/22/2024 6:53 PM

you never said anything about breaking up

what the fuck ash

Mystic (Semi-Break) 04/22/2024 6:54 PM

I made it clear with how I was explaining things.

FlutterCherryNM (Coming Soon) 04/22/2024 6:54 PM

thats fucking cap

Mystic (Semi-Break) 04/22/2024 6:55 PM

Well, idk what to tell you. I needed to step away from the RS for possibly some time and think about if I wanted to go back to it because you know that things irl have been tolling on me.

That's not my fault that I've been in irl situations that just takes a toll on me.

Plus it's not just about me

I wanted to give you space to focus on yourself.

Because I really feel that's needed.

FlutterCherryNM (Coming Soon) 04/22/2024 6:56 PM

youre confusing me ash

Mystic (Semi-Break) 04/22/2024 6:56 PM

Especially since you've been going through shit.

So that's why I wanted to let you for now and think about things.

[@FlutterCherryNM \(Coming Soon\)](#) youre confusing me ash

Mystic (Semi-Break) 04/22/2024 6:57 PM

It shouldn't be confusing, it's as easy to understand like how it's easy to pick apples from trees.

Idk how it's confusing.

FlutterCherryNM (Coming Soon) 04/22/2024 6:57 PM

you sound like fernando

Mystic (Semi-Break) 04/22/2024 6:58 PM

...Don't ever compare me to him.

I'm just trying to have a civil convo about this.

And explain why.

FlutterCherryNM (Coming Soon) 04/22/2024 6:59 PM

you know why

Mystic (Semi-Break) 04/22/2024 6:59 PM

I didn't wanna let you go cuz I hated you, I wanted to let you go because I care for you.

Why are you comparing me to someone who abused you when I'm not like thaT?

That really hurt, Nina.

Like that's genuinely really fucked.

[Mystic \(Semi-Break\)](#) I didn't wanna let you go cuz I hated you, I wanted to let you go because I care for you.

FlutterCherryNM (Coming Soon) 04/22/2024 7:00 PM

it hurt even more when you told me to take off "taken" from my bio when i never asked

Mystic (Semi-Break) 04/22/2024 7:01 PM

I asked for that because that was part of the situation of wanting to step away from the RS and think about this and your well being.

I asked for that because that was part of the situation of wanting to step away from the RS and think about this and your well being.

 FlutterCherryNM (Coming Soon) 04/22/2024 7:01 PM
but i wanted to keep the "taken"
like we couldve still kept the "taken" in our bios

 Mystic (Semi-Break) 04/22/2024 7:02 PM
Well, I didn't wanna keep it considering the situation of stepping away and confusing people about us dating when we are stepping away.
I don't want that when we are dealing with stepping away.

 FlutterCherryNM (Coming Soon) 04/22/2024 7:03 PM
galaxy and inky went on break but they never took "taken" off their bio

 Mystic (Semi-Break) 04/22/2024 7:04 PM
They were doing a RS break but I wanted OUR break to be different.
And as I said, think about the RS since again I wanted to step away.
If I simply request for something that shouldn't be a huge deal especially with what I was trying to do then the best you can do is respect the wishes.
That's literally all I asked.

 Mystic (Semi-Break) If I simply request for something that shouldn't be a huge deal especially with what I was trying to do then the best you can do is respect the wish...

 FlutterCherryNM (Coming Soon) 04/22/2024 7:05 PM
it is a huge deal

 FlutterCherryNM (Coming Soon) 04/22/2024 7:05 PM
it is a huge deal

 Mystic (Semi-Break) 04/22/2024 7:05 PM
Because I needed space dealing with irl situations and think about continuing the RS or not.

 FlutterCherryNM (Coming Soon) 04/22/2024 7:06 PM
you dont think im dealing with irl situations as well? i got problems too but i still think about us

 Mystic (Semi-Break) 04/22/2024 7:06 PM
Is it so bad that I just wanted to have space and think about things and make my decisions that I believe would work best for us?
I just wanted to care for you and I'm being yelled at for trying to at least care, that really hurts because I'm genuinely TRYING.
I'm trying to look after you.
But sometimes I need time to myself as well.
I'm only one person.

 Mystic (Semi-Break) I'm trying to look after you.

 FlutterCherryNM (Coming Soon) 04/22/2024 7:08 PM
it doesnt feel like you are
you barely talk to me in dms
rarely called me

Mystic (Semi-Break) 04/22/2024 7:12 PM

[REDACTED], I'm only being real.

Your just fuckin mad because I needed space.

FlutterCherryNM (Coming Soon) 04/22/2024 7:12 PM

THATS NOT THE POINT

Mystic (Semi-Break) 04/22/2024 7:12 PM

BECAUSE I DO NOT SEE A PROBLEM WITH NEEDING SPACE

FlutterCherryNM (Coming Soon) 04/22/2024 7:13 PM

(A friend of mine advocating for me on the relationship issues.)

(Fanana backing me into a corner and triggering my trauma, I didn't communicate properly that I wanted to break up and stay as friends, at the time starting a new relationship that helped me through my rough times.)

 **MysticDreams [足留町]** 02/12/2024 11:08
Hey Fanana, do you mind if we could remain as friends for now? The stress has been getting to me lately and with how my isolation has been, I don't wanna put that stress onto you. I hope you understand...
I don't mind still doing the things we normally do like doing calls, name calling and being lewd and shit.

 **Fanana** 02/12/2024 11:19
I-
Babe idc about that- be isolated all you want but what my status says has nothing to do with you. I mean that for someone else and just others
If that's what you worry about but overall I'm not stressed out by anything that you've been feeling lately and I mean it
But if you really want to then ig, but I understand.

 **MysticDreams [足留町]** 02/12/2024 11:21
No I just...need space for now and get myself together before I consider putting myself back into a relationship.
I'm sorry..
I hope you aren't mad at me..

 **Fanana** 02/12/2024 11:22
Guess that's the best for both of us tbh.
But I'm not mad...
Just scared of everything else-

 **MysticDreams [足留町]** 02/12/2024 11:22
I'm sorry, Skyla. 🙊

 **Fanana** 02/12/2024 11:22
Mystic it's fine
But I'm not giving up on you if you changed your mind
Or even do just in general

 **MysticDreams [足留町]** 02/12/2024 11:23
I'm fine with being besties 😊
Because I still care about you.

Remember that everything is gonna be alright no matter what happens and I still hope to get us into a good college eventually.
I wish nothing but the best for you and if you still need to let out your emotions and vent overall, feel free to hit me up. <3

 **Fanana** 02/12/2024 11:44
Thank you.
Back at you tho and please take your time but I still love you just the same either way ❤️

 **MysticDreams [足留町]** 02/12/2024 11:45
Same. <3
Also the reason I've been massively isolated.
It has to do with my school.

 **Fanana** 02/12/2024 11:46
That's fine, I get it. Even if it's just a break. But what's going on?

 **MysticDreams [足留町]** 02/12/2024 11:46
Because my stupid ass sped teacher is threatening to beck-a-bill and sue my entire family all because I took a Thanksgiving break.
So my life is at stake right now and I'm scared of losing everything.
I'm scared of that school now, especially that fucking teacher.
Because now she's trying to get me to lose everything I have.

 **Fanana** 02/12/2024 11:50
What the actual fuck

 **MysticDreams [足留町]** 02/12/2024 11:51

Fanana 02/12/2024 11:52
To raise money?

MysticDreams [足留町] 02/12/2024 11:52
Idk what my mom's doing but she made it clear that she's trying her best to make sure we don't get beck-a-billed.
Meaning that now I gotta be even more active in school without worrying about social media shit.
I know that seems selfish but it's my only way to keep everything I have and so I can still have you guys...

Fanana 02/12/2024 12:01
Babe this shit is mad serious
You aren't gonna stress me out, but what will is that you trying to keep the support away

MysticDreams [足留町] 02/12/2024 12:02

MysticDreams [足留町] 02/12/2024 12:30

I still don't mind the name calling.

Fanana 02/12/2024 12:30

MysticDreams [足留町] 02/12/2024 12:30

Fanana 02/12/2024 12:31

MysticDreams [足留町] 02/12/2024 12:31

I appreciate it.. ;-;

Fanana 02/12/2024 12:58

I want nothing but the best for you <3

Fanana 02/12/2024 12:59

Kinda just lost the closure

But as I for you I'm still willing to work up and save for the college we both wanna go to. I might hold off from it tho for a bit and then built up character in order to do it
Also work

MysticDreams [足留町] 02/12/2024 13:00

Yeah

I wanna take time as well

Fanana 02/12/2024 13:02

Also depending on where you even lived at in DC versus where I might be

I would've at least killed time to just say hi and dip whilst I was there but anything can happen so let me not count

MysticDreams [足留町] 02/12/2024 13:02

Well, I wanna get out of the US and go to Canada once I have enough money.
Because we aren't safe here.

Fanana 02/12/2024 13:03

But mmm...

MysticDreams [足留町] 05/12/2024 21:03

What's up?

Fanana 05/12/2024 21:03

You don't need to help me with anything in further time like college
Rather have that kept for yourself

MysticDreams [足留町] 05/12/2024 21:03

You sure?

I know both of us are friends right now but I still wanna help you succeed.

Fanana 05/12/2024 21:04

Just now that we are just separate

I rather not let you waste anything for me bc I don't want it to be for nothing even if it's not

MysticDreams [足留町] 05/12/2024 21:05

I understand.

Fanana 05/12/2024 21:06

I don't wanna think about you rn for what you wanted

So I'm just staying back no matter how hard it actually hurts for once

MysticDreams [足留町] 05/12/2024 21:06

...I'm sorry.

I hope I didn't break your heart.

I never meant to..

MysticDreams [足留町] 05/12/2024 21:07

Fanana 05/12/2024 21:08

I'm sick of it

MysticDreams [足留町] 05/12/2024 21:08

I just...want to remain as siblings because I care about your safety and I want you to be happy.

Fanana 05/12/2024 21:08

What?

Siblings?

MysticDreams [足留町] 05/12/2024 21:09

Im done getting hurt by ppl
But fine

 **MysticDreams [足留町]** 05/12/2024 21:18
I didn't mean to hurt you..

5. Harassment I received

I will keep this one short because it already explains itself a lot, after I had gotten “called out” for the twisted truth, I had messaged Nina threatening her out of pure hurt and anger (inexcusable btw) which I am still ashamed of.

Then it shot me back in the foot when I got threats on my phone number too, which as wrong as they are, it was still not okay for me to do especially if I’m hurting a lot and had a hard time coping with it.

However, just because I made the mistake, does not mean they had any right to give me threats in return as two wrongs do not make a right - there are no excuses for it on all sides regardless.

On top of the fact that the fire got fueled, which resulted in someone leaking my email and phone number, which they had completely started using to make baseless accounts multiple times.

Getting threat texts and phone calls over and over for that whole day until I had to change my phone number to protect myself from this as it was getting out of control which was a long process but for my own safety.

On top of that, they had also gotten my phone number spammed with mass verification codes from multiple different platforms including “tender” just to troll and harass me in which they had admitted to (from what I’ve heard.)

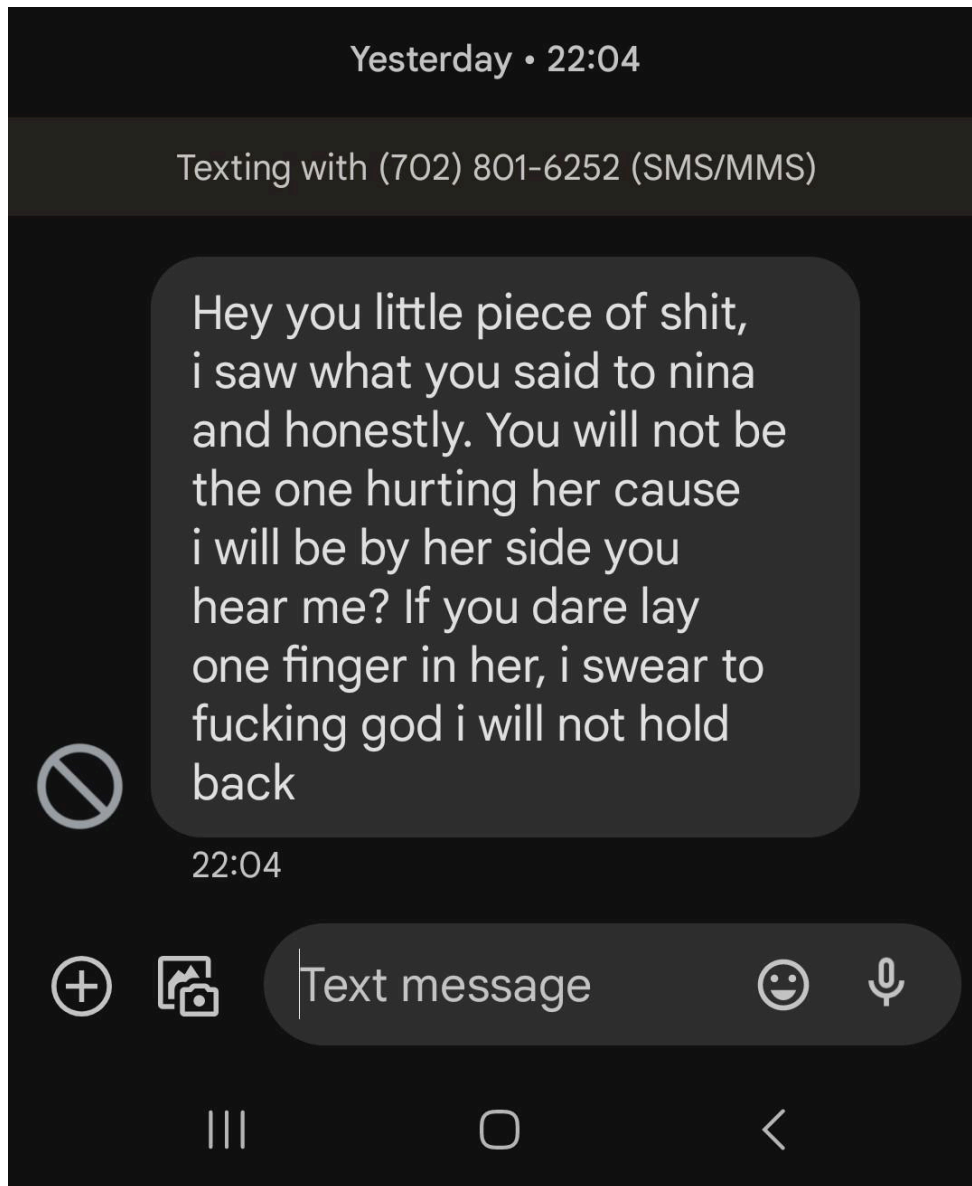

Then my family got targeted over this as my mother got spammed with phone calls which pushed us into getting law enforcement involved for our own protection to ensure that non of these events ever happened again.

Like I have emphasized many times, I WAS YOUNG - I did not know any better, I did not have any good/healthy coping methods at all as I was growing up in horrible environments upon irl situations relying on the internet for comfort.

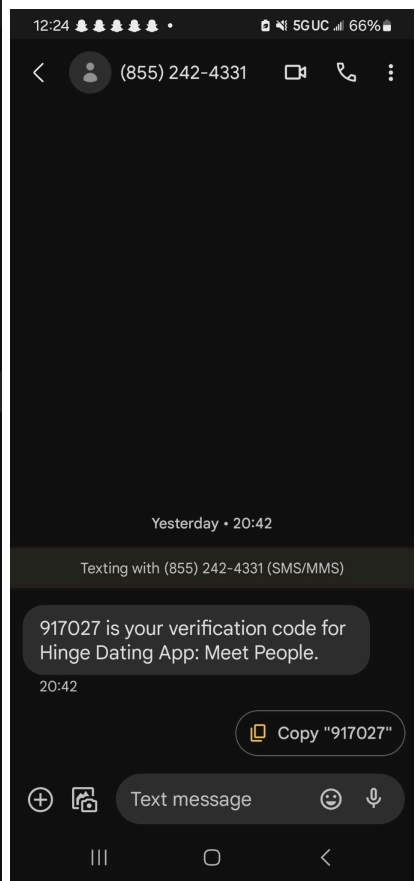

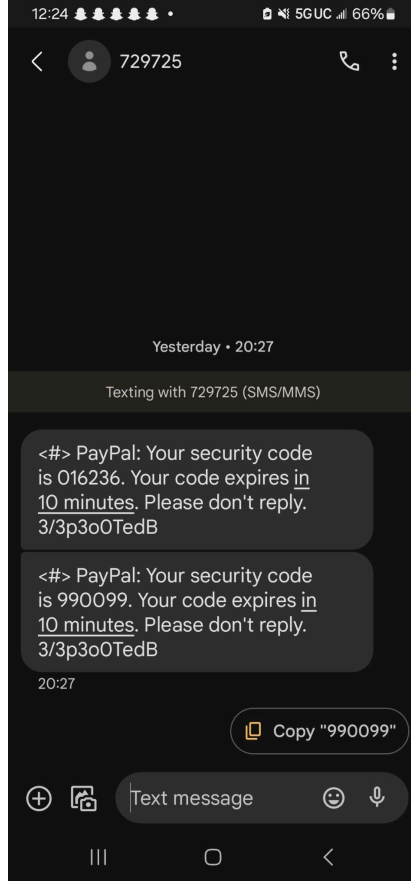

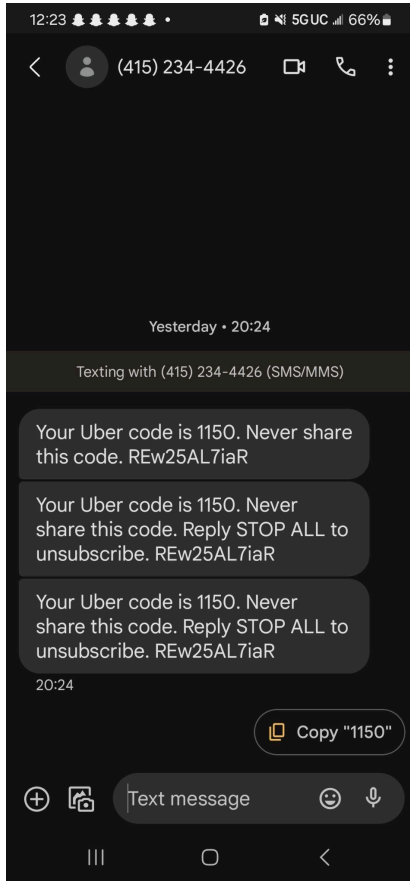

(My threat message to Nina [STILL INEXCUSABLE].)

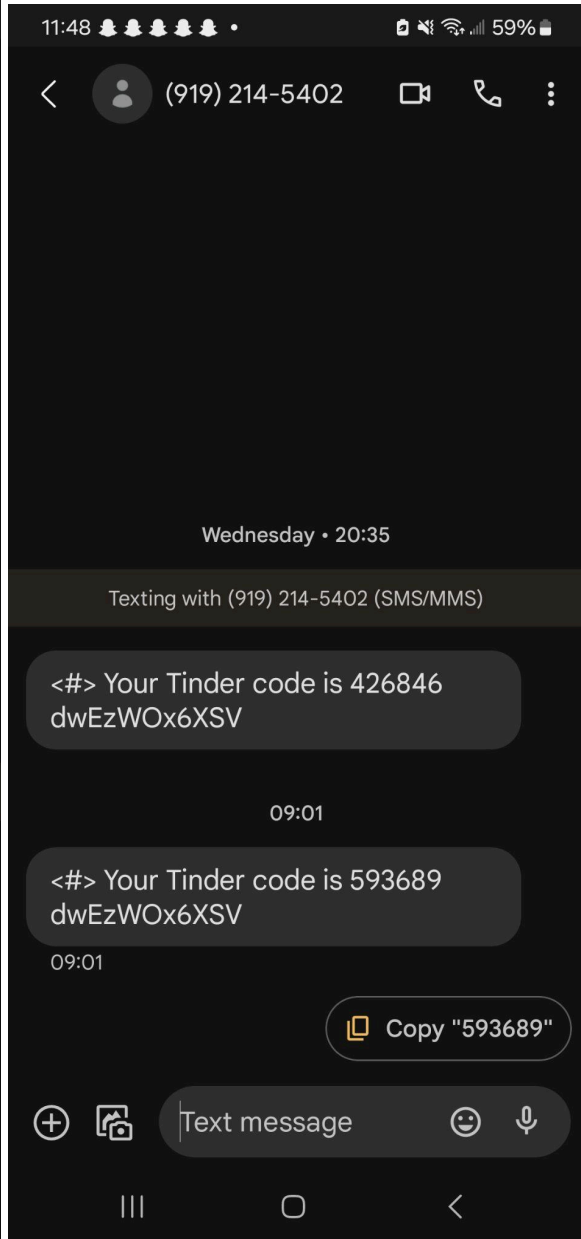

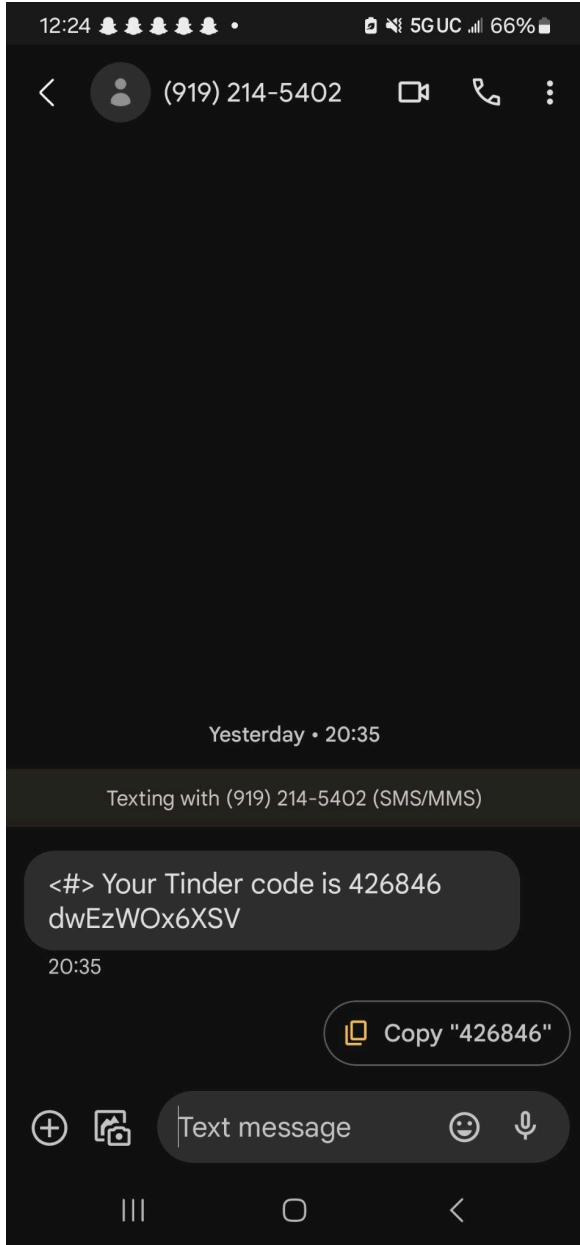

(Threats I've received [exemplified cuz loss of screenshots].)

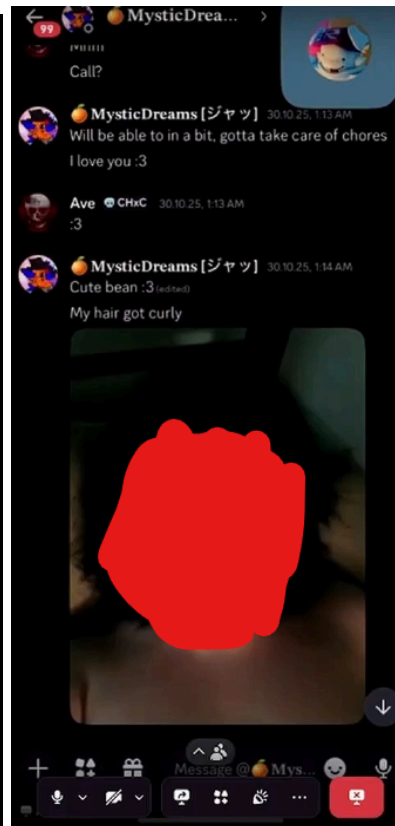

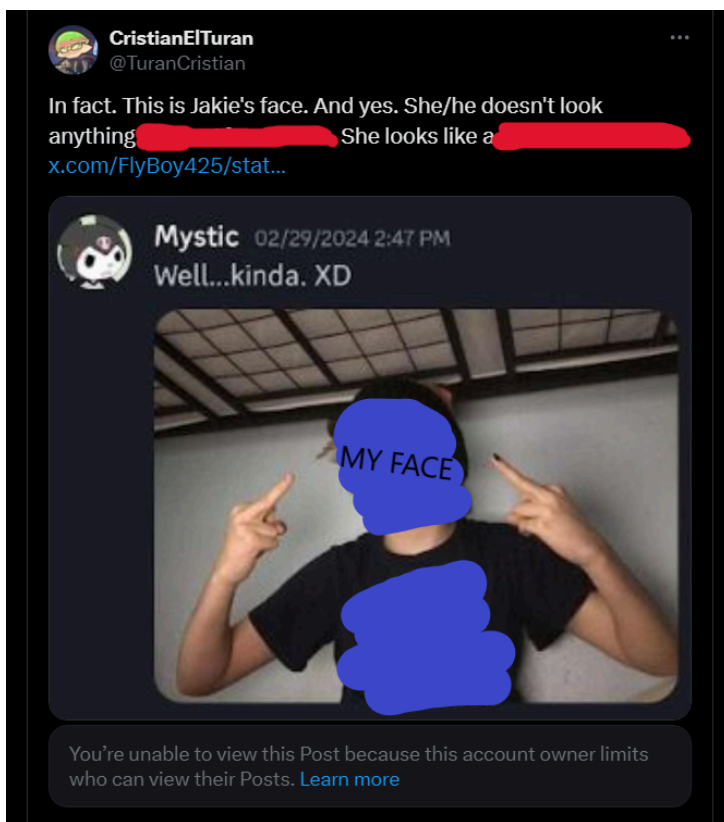

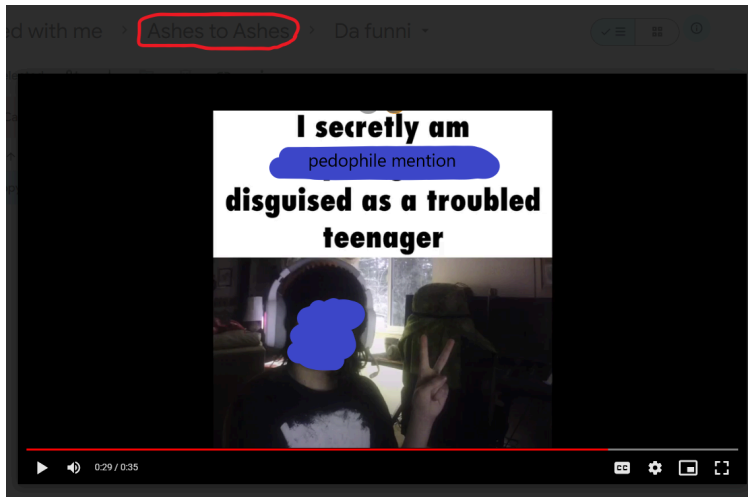

(Spammed verification codes being received during the harassment.)

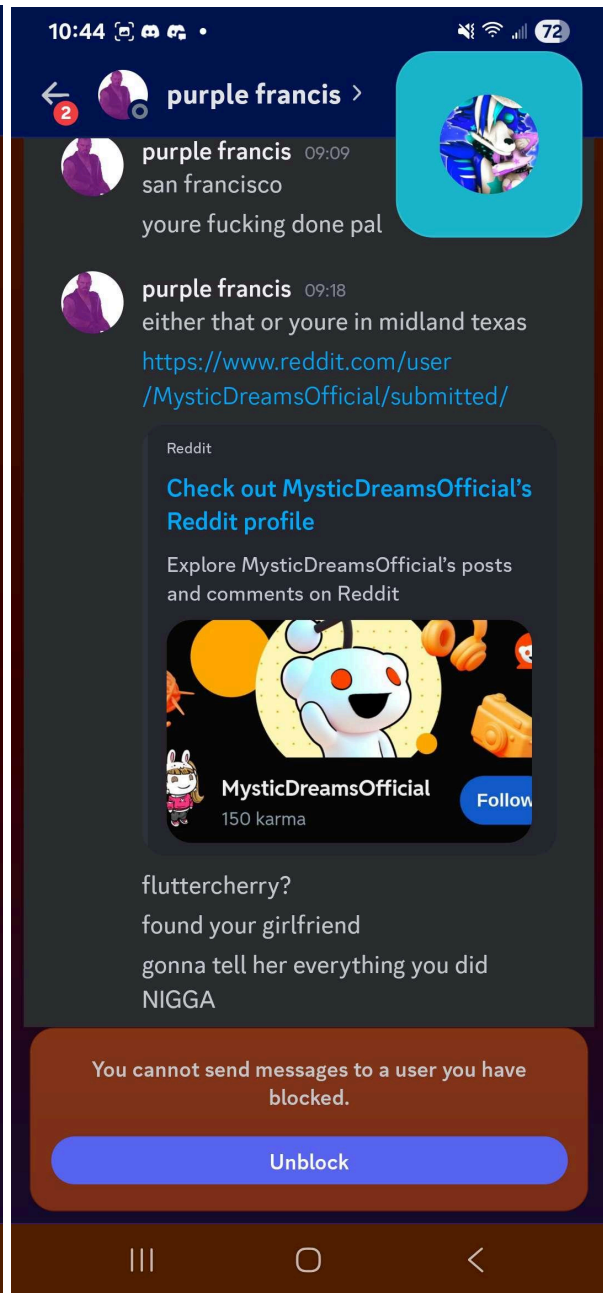

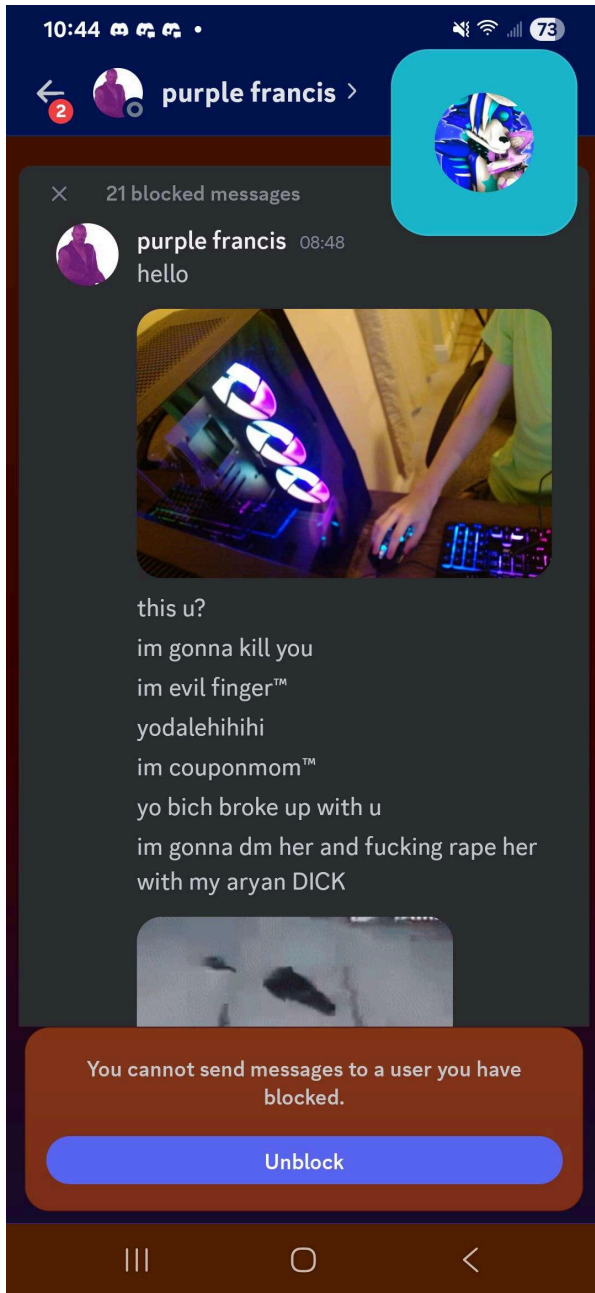

(Pictures of my face being leaked without my consent [doxing btw].)

(Context for third image; it was taken from a video and I wanted to show a picture of my hair when I got out of the shower which was obviously supposed to be private but got leaked without my consent. More about it talked in [Segment #7].)

(Another attempt on doxxing me.)

(Attempts to take down a recording of them screaming at me for hours.)

ItzMystic

ItzMystic The fact that people behind making this recording without my consent also posted it to the public without my consent as well. I will report this and get this taken down as this is a privacy invasion!

ItzMystic

ItzMystic You guys didn't even have consent to record me, especially without me knowing!

ItzMystic

ItzMystic take it up with YouTube

Hm..

FlutterCherryNM Today at 5:50 PM

well

to answer your question, there were times when i did feel like ash was too difficult in certain situations where i sometimes get involved in. I did get very uncomfortable with the sex jokes she made about others where it got to the point where i had told her to cool down with the sex jokes only for her to do it again a week later

[Redacted] Today at 5:54 PM

I recall that out of the blue, she told me that you were wayyyyy hornier on your period, cherry

mind you, i never asked, nor needed the information

FlutterCherryNM Today at 5:55 PM

why in the hell would she tell an adult that?

[Redacted] Today at 5:55 PM

idfk

FlutterCherryNM Today at 6:14 PM

and not to mention but there was another time in a different vc, where again i was in, when we talked about [REDACTED] and for no reason, she started to say how [REDACTED]'s ass was fat or something

[REDACTED] Today at 6:14 PM

WHAT

FlutterCherryNM Today at 6:15 PM

like i didnt need to know any of that ._.

FlutterCherryNM Today at 6:21 PM

and the worst part: this was around the time that me and my ex had to go on a relationship break (edited)

so i was feeling vulnerable at the time

FlutterCherryNM Today at 6:52 AM

i wont deny that i did cheat in the past but i only did that TO ESCAPE MY ABUSIVE EX-BOYFRIENDS that again SHE KNEW and YET IT DIDNT STOP HER TO USE THAT AGAINST ME (edited)

and also said that i was still attacking people and causing them to have meltdowns WHICH WASNT TRUE AT ALL. I was just trying to mind my own business after the whole breakup until I realized that one of my trusted friends cut contact with me (edited)

 FlutterCherryNM Today at 6:48 AM

no wonder why she made that announcement about me and made people cut contact with me...

granted i said things to her that were wrong on my end when we argued (edited)

but most of the things she said in the announcement were not even true

saying how I baited someone into doing pedophilic behavior when she KNEW that i was the victim

6. Recent Situations

This segment is gonna revolve upon two topics about situations needing to be addressed so it will be listed here as Part 1 - 3 so bare with me

Part 1/3: “The R@p3 and CP Situation”

This is gonna be a short discussion to ensure due to the fact that there isn't much other than simple pettiness unresolved from the other party that obviously has yet to ensure private closure but that's besides the point. I wanna give my side of the case on this matter considering that she weaponized her friends in order to silence me so her actions can be swept under the rug without consequences - however we all know how this works, you can never hide your actions (like I've already explained before). Sleepy is obviously a user that does Five Nights at Freddy's related activities, more specifically on platforms such as VRChat and Discord - I've associated with this person for a short amount of time through a few friends of mine (whose remains anonymous here) and I genuinely thought that everything was fine as little as I've realized as of writing this that I comprehended. Especially with just randomly changing her statements after settling one thing after another which doesn't make sense on mental and psychological standards by neutral consensual terms. On top of your little boyfriend Gearz.365 who also helped on spreading the misinformation including the false rape claims that YOU had started and I hate that you've felt like it was justified to do such knowing the legal liability upon these type of situations as that's how it has worked and always will work in court in the eyes of the law. Including when you and Gears also helped ZeroMortalKuwata on spreading false CP claims knowing it was utter-bullshite and it is still your fault.

(Me explaining the full context here.)

MysticDreams (ツヾヾ) @mth 10/11/2025 15:29

To understand more of my perspective -

With everyone that I know of, I always tend to set and understand boundaries of anything, especially within sfw and nsfw topics regardless of what it is even if it's jokes.

That was the case of Sleepy, I knew she was taken and I had zero desires for her considering I just met her, I was asking her about what is her boundaries with stuff upon sfw and nsfw topics, humor and overall behavior, as I know not everyone is like a few of my friends with open/poly relationships that are fine with this stuff.

Sleepy at first tells me that it's all okay and that "she doesn't have boundaries" which I got suspicious of, so I continued to push questions and emphasising "are you really sure?" and "are you really okay with this?" when the topic of kinks came in which is important to note here.

She said something as a short summary that she doesn't kink and nsfw stuff in general at first and I asked "what stuff are you okay with and are you okay with talking about this at all?" as I was trying to understand her boundaries as a whole so I know what not to do and what lines to not cross.

Then she clarified saying that "okay now I don't feel comfortable with this" and I respected that and told her that this should be one of the boundaries set for herself and her relationship, so then we get on VRChat and I asked more about the boundaries including with just simple platonic affection.

I asked her what are her boundaries with the affection stuff and she said "hugs and cuddles are fine, but don't be weird including with kissing" and I understood that wholeheartedly and wanted to make sure both of us were on the same page with the boundaries and she sounded fine and all.

I even told her to communicate with me 1 on 1 or in important group chats, in case she had any problems with me because unfortunately due to my autism - I do not understand hints, flags, body language etc. I need direct communication so I know what happened or what was done.

However, that's when things started going very downhill overnight, SG came to me saying that I made her uncomfortable which, I didn't take lightly at all because I considered that as it being done behind my back without my knowledge, so I confronted her on my own accord to understand why she didn't communicate to me.

She said that "she was gonna tell me" and "she just forgot her own boundaries" which really threw me off including even other friends I talked to about this, they think that not only was it a terrible excuse to hurt someone but also really childish to not communicate something genuinely important for people to know.

On top of the fact that it made zero sense about forgetting boundaries due to the fact it links to unforgettable pain you don't just let go of in a instant, so I set Sleepy straight and she apologized but I however offered to sort more of it out on VRC 1 on 1 then she blocks me.

That's when slowly one by one, everyone in the server including Kaino start removing/blocking me out of nowhere and I get kicked out, then I completely broke down out of confusion and trauma just not understanding what I did wrong, generally just due to the fact that I wanted to understand and have boundaries set.

So now, I no longer am in contact with everyone in that server, and I've been growing emotionally numb whilst almost all of my friends from a couple of groups I'm in are pissed off on my behalf, even a lot of them wanting to go after Sleepy and some others for what happened.

(Ensuring boundaries being set between both parties.)

SleepyDemonKitty 01:30
Hey mystic

MysticDreams (ジャツ) 01:31
Why didn't you tell me you were uncomfortable?
I genuinely would've understood.
And I thought we had a understanding regarding it (edited)
I really don't understand.

SleepyDemonKitty 01:33
I was gonna tell you that i started to get uncomfortable with what you asked me about kinks and the kisses I'm sorry

MysticDreams (ジャツ) 01:33
You told me you were uncomfortable with the kinks topic and I dropped it along side asking for boundaries.
And when I asked about the kisses, it wasn't me asking if I was allowed to, I was asking how you feel about it because I know other people do it including even some friends.

SleepyDemonKitty 01:34

Ohhh i got confused

MysticDreams (ジャツ) 01:35
This is why I ask for boundaries and I genuinely thought you were okay once we were final on stuff like hugs and cuddles being fine.

SleepyDemonKitty 01:35
I couldn't remember most of the boundaries i have, i have a lot on my mind

MysticDreams (ジャツ) 01:35
That's another reason why I push questions.
Because I really do need to understand.
I never intended on harming you at all
I'm not even mad but I feel like a piece of shit.

SleepyDemonKitty 01:36
Sorry mystic

MysticDreams (ジャツ) 01:36
It was very unintentional.
do you want me to stop the hugs and cuddles?
We don't need to be affectionate.
I'm sorry.
But I assure you that I have no romantic intentions
I promise you.

SleepyDemonKitty 01:38
Okie and we don't have to stop the hugs and cuddles

MysticDreams (ジャツ) 01:38
Are you really REALLY sure?
I already asked about the nsfw and kiss stuff
You made it clear about no
I respect that
And I have zero desire doing that to you

MysticDreams (ジャツ) 01:47
Are you still awake?
Do you need me to join you on VRC?
We can talk more about it

I'll open VR on PC

(Her boyfriend apologizing for lying and spreading misinformation which he later backhanded on against said apology.)

 Gearz 365 22:30
Maybe I misinterpreted it for this situation, due to how long ago it was. I am sorry, I probably just didn't remember it correctly. I am sorry, I didn't mean for it to happen. I was just protective and misinterpreted it. So I am sorry, I don't want to get further involvement and want to admit I made a mistake in this regard

 MysticDreams [ジャツ] RLMC 22:31
You shouldn't have instantly resorted to blocking me out of defending myself as it only displayed one sided decisions and failing to hold Sleepy accountable for the lies she made going as far as RAPE claims.

 Gearz 365 22:31
I acted on impulse and I am willing to admit is that it's wrong

 MysticDreams [ジャツ] RLMC 22:32
You already blocked me because of ShadowBunny's bullshit and not standing your ground
Then took this whole thing to a step further.
Imagine if I falsely claimed you as being a rapist, you'd be just as pissed as I feel, would you? (edited)

 Gearz 365 22:33
I would
I didn't think I said it like that because I never directly said rape, but I realize now
I am sorry

 MysticDreams [ジャツ] RLMC 22:35
I accept your apology but please for the love of god, stop blocking me because of what other people say without questioning me.
Thus includes you letting people decide your direct contact with me because it respectfully isn't their choice as you are a responsible adult.
how much more can I ask before I mentally break to the overwhelming pressure of utter shite?

 Gearz 365 22:37
I understand
But that was all I wanted to say for now
Thank you for accepting my apology, have a good day or night

(ZeroMortalKuwata/BiohazardNero lying about my situation and harassing others associated with me which had led up to Gearz getting confronted by me and me getting defended which will be explained with underlined side notes by the collections of screenshots.)

[side note #1; She was falsely claiming I was making CP of Circus Baby when that was never the case, the real context is that me and another user who goes by QuincyTheDemon had did a nsfw art trade (I am 18 years old, he is 20 years old) and the nsfw art trade was of our OCs with a character called Circus Mommy who canonically is in her 40s, on top of CP by law being considered as porn of real life children including Lolicon and Shotacon which is not what we did considering the situation and circumstances that's been proven upon the start of this situation.]

Ah son of a bitch the server it was in got deleted (edited)

But BASICALLY

I found the post like a month after it was posted and Mystic was following the acc

You don't sit on it for a month if you didn't want it made

I was the one who informed his ex about it

Red's Vixen Pup~ Yesterday at 2:03 PM

at the same time you could be looking into it to much-i understand about the eyes lore (after you explained it the first time to me) but not everyone considers that stuff- yes a lot of FNAF fans know but not everyone does- isn't there even a consideration they didn't know? if they actively knew it was a child attached then yes shame on them both i can agree but theres always a chance they just wanted to use a sexy circus baby model (in this case canonically "circus mommy" and 1 didn't think about it or 2 flat wasn't aware of that lore- it's just eyes not everyone is gonna look into that-

V's Personal Glaze Dump Yesterday at 2:04 PM

Red's Vixen Pup~ theres no real proof he commissioned that art work tho-

V's Personal Glaze Dump Yesterday at 1:52 PM
No he followed the artist who made it
So he knew
Also if he wasn't okay with it, why would he only wait until he was called out to purge the entire acc? If it were a separate person, it would not be so fast or the post itself would be the only thing gone
Just sayin

Red's Vixen Pup~ Yesterday at 1:54 PM
Mystic and Cooper are close friends- it could've been something Cooper did that Mystic wasn't aware of but got involved in- theres always possibilities to look at before jumping the gun of everyone involved- shame on Cooper for using that version yes but unless we know 100% Mystic **asked for it** then he shouldn't be held under the accusations- i've witnessed so many be falsely accused thats why i look for specific proof before acting on anything

V's Personal Glaze Dump Yesterday at 1:55 PM

i didn't want to ban him and no one was supposed to be able to- somehow my dumbass didn't go through the permissions thoroughly back then setting them up ig-

V's Personal Glaze Dump Yesterday at 1:51 PM
Yeah I noticed a while back
Didn't go on a banning rampage bc not my server

Red's Vixen Pup~ Yesterday at 1:52 PM
theres no real proof he commissioned that art work tho-

Red's Vixen Pup~ Yesterday at 1:48 PM

...Huh.

I stand corrected on that one

But either way doesn't excuse the rest

Not trying to start a scene btw!! Just spreading awareness

[side note #2; The other evidence presented by Kuwata was petty situations she and I had with controversial artists that have already been called out themselves. With that said, it was not only unnecessary but extremely unreliable as those situations aren't cases of anything illegal being done by me and others. This being on the table now, I was also rightfully defended by the owner of the server (whom is also a controversial figure and I do not support her actions) and she agreed that the situation done by Kuwata was not only fucked up but filled to the brim with overaggrated claims and borderline lies of making CP as well as adding to Gearz' lies about me flirting with Sleepy.]

NERO 04/11/2025, 16:23

I still dont trust Logan because he is respectfully still a piece of shit for the shit he does to almost everyone I know as well as still lying about this and that to gain everyones trust and side so he can "win" in any situation when he knows hes fucking done

NERO 04/11/2025, 16:12

Well as far as I know Logan has been doing anything he can to make himself "innocent" to a situation he got into with a modeler who attempted to blacklist him for his behavior which is genuinely pathetic

NERO 04/11/2025, 16:15

genuinely he's just disrespectful as fuck to anyone and I still haven't forgotten the fact that he dated a minor WAY younger then him mind you

[side note #3; These are screenshots of Kuwata not only talking shit about a user who goes by Logan's Studios of Entertainment but also making up false pedophile claims about]

Part 2/3: The “AveSFM Impersonation” Situation

This situation was the most ridiculous that I didn't think I'd have to address but here we are, for those that have no idea - there was a VRChat-ish content creator that had impersonated a former creator for Source Filmmaker who used to go by the name of AveSFM but currently going by DevAtelier as of writing this down. DiamondVR aka Fate or Mayhem was presumingly a VRChat creator that made videos, seems fine in itself right? As it seems, Fate is very much guilty in “herself” as in the beginning, Fate added me. Whose was sent by another controversial figure by the name of Bennie Bunfox, for months, I have been emotionally manipulated into empathizing for him whilst manipulated into believing he was DevAtelier, along with the fact that his behavior towards me on top of convincing me that I should've left my previous girlfriend to fall for him and date him when he knew what he was doing was completely wrong. On top of claiming he was a “private investigator” which is legally unreliable for his case as by law is considered stalking and harassment since he isn't a licensed investigator nor does he at all work for law enforcement, let alone having experiences for important jobs like that. The fact that this incel lied and manipulated our situation into making me seem like a groomer when he knows that was never the case as during when catfishing me and falsifying consensual situations with affection, he was being all affectionate and then I've later came to find out that he lied about being 18 (never knew he was a minor) and his overall identity which of course like anyone would was disgusted by it and rightfully cut him off for it.

(Him claiming to be a “private investigator” under Ave/Dev’s name and constantly harassing people with this excuse on YouTube and manipulating me to be his shield during the drama.)

A licensed private investigator (PI) is generally not considered to be stalking when acting within the scope of their legal authority, as they are professionals hired for surveillance. However, if a PI or civilian acts with intent to frighten, intimidate, or harass, it can cross legal lines into stalking or harassment. 

-DIAMOND-  CHxC 12.10.25, 9:37 PM
Well since you can't comply, then Ave has no choice now but to put an FBI agent on EJ, since he threatened her, since you refuse to say sorry, you've now declared that you still take EJ's side, (which could reflect on your record)
You could even say sorry over something this pitiful. You disgust me...

....

...you very well know what you did.... (edited)

MystyDreams [ジヤツ] 16/10/2025 18:58

Express that, what has he done to make you feel what you are thinking?

Aaron CORY 16/10/2025 18:59

I got this one

I traumatized her a lot with my anger and how I reacted to situations made things worse.

I learned from my mistakes and I also know that holding grudges solves nothing

Other people in her friend group were also hurt by my actions. It took me 2 1/2 years to fully work on myself

I did end our partnership we had due to a lack of communication

MystyDreams [ジヤツ] 16/10/2025 19:02

She had mentioned that the sex joke stuff in older Dilly Discord makes her uncomfortable looking back.

I hope that makes sense

Aaron CORY 16/10/2025 19:03

Ugh...I hate those old moments

Another regret from the older seasons

MystyDreams [ジヤツ] 16/10/2025 19:04

I think that's really important like with my situations, there's a mountain of self-awareness and a instant take to action of making things right.

@Aaron CORY Ugh...I hate those old moments

MystyDreams [ジヤツ] 16/10/2025 19:04

Ave asked this - "Did you ever ask for my age?"

Aaron CORY 16/10/2025 19:05

Uhh...I don't recall bit again those were years ago. A lot has changed since then

MystyDreams [ジヤツ] 16/10/2025 19:05

And that's okay

Things do change.

Aaron CORY 16/10/2025 19:06

Currently my series is for 18 and up only...it'll be 21 and up if people don't get their act right

MystyDreams [ジヤツ] 16/10/2025 19:06

That's a good condition for Dilly Discord.

@MystyDreams [ジャツ] That's a good condition for Dilly Discord.

千汎トモ 16/10/2025 19:07
...but it was never like that back then too...

Aaron CORY 16/10/2025 19:07
I wish it was

@千汎トモ ...but it was never like that back then too...

MystyDreams [ジャツ] 16/10/2025 19:07
Like acknowledged, things do change.
And things can always change for the better.

Aaron CORY 16/10/2025 19:08
Those old memories are now reminder of what not to do again...I even censor a lot more

MystyDreams [ジャツ] 16/10/2025 19:08
Which is good, it's the same with me, regarding even mistakes I made myself.
It's always good to have a self-awareness of how to improve and what to not do again.

Aaron CORY 16/10/2025 19:09
Over half of those people aren't even in it anymore

MystyDreams [ジャツ] 16/10/2025 19:09
Including *you know who*.

Aaron CORY 16/10/2025 19:09
She know about *him*

I'm glad I have his OC now
But that aside though

MystyDreams [ジャツ] 16/10/2025 19:11

I'll let Ave speak now though (edited)

Aaron CORY 16/10/2025 19:11
Moved on mainly.
And ok

MystyDreams [ジャツ] 16/10/2025 19:11
Go ahead, Ave

千汎トモ 16/10/2025 19:11

千丸丁毛 16/10/2025 19:14

...

MystyDreams [ジヤツ] 🍊❤️👤🔊 16/10/2025 19:14

That's what she told me and she thought you were fine with it

Might've been a huge misunderstanding by your reaction.

Aaron CORY 🗨️🔊 16/10/2025 19:15

I never said it was fine

Sending wee wee photos is disgusting

I don't even recall that situation

MystyDreams [ジャツ] 🍊 🇯🇵 🗣️ 16/10/2025 19:16
Then it's definitely a misunderstanding.

Aaron ✂️ **CORY** 16/10/2025 19:16

MystyDreams [ジャツ] 🍊 🇯🇵 🗣️ 16/10/2025 19:20
However, it doesn't mean that things can't be made right.
It can always be better emotionally.

Aaron ✂️ **CORY** 16/10/2025 19:22
Ave I know I've hurt you a lot but I have one question, what's the point of holding the past over someone who's owned up?

MystyDreams [ジャツ] 🍊 🇯🇵 🗣️ 16/10/2025 19:22
As ive said, it will always be better

Aaron ✂️ **CORY** 16/10/2025 19:23
Holding the past over someone only brings more grief and stress. I learned that the hard way

MystyDreams [ジャツ] 🍊 🇯🇵 🗣️ 16/10/2025 19:24
I do agree with that point considering ive been through it myself

Aaron ✂️ **CORY** 16/10/2025 19:25
Anyway I hope you Ave can forgive me...and just let go of the past. There's no point of holding on
I get trauma is hard to move on...but if you hold the past over someone...how do you grow and move on?

千汎トモ 16/10/2025 19:28

Part 3/3: Regarding Dr. Kiito

 [Second Copy of The Truth about Dr. Kiito/Demon_pirmp.](#) **Read this.**

I do not have much to say on this other than to analyze the document to get the glimpse of what has went down but this is to put this situation into proper context with my own set of evidence to showcase how people can easily lie on the internet about anyone and get away with it to ensure no accountability being taken on their side of deserved consequences.

I hope these documents explains well on how bad this was for me and everyone else involved in the situation on this day of when it happened as many lies were spread around like wildfire without any proper context being given in which people have not understood until me and others had to step in and take action before it got even worse.

I do not have much to say about these two other than I hope they come to understand their mistakes, I've made my own mistakes but unfortunately they are guilty of the same things. In a lot of cases worse than the other parties involved in these situations regardless of the "this or that" scenarios - no one can help them, they can only help themselves.

But that concludes everything here, off onto Conclusions now.

CONCLUSIONS

Conclusions from friends.

If you want my opinion. I honestly believe that drama is just dumb because the docs your ex's made about you all had fabricated evidence, things were cropped out, a lot of details were just left out. And pretty much, your ex's having documents on you is basically breaking your state's two party consent law. Which is EXTREMELY fucked up.

And what do I think about you as a person? Honestly, You're a good kid with a good heart. There are a few things you can work on that are obviously easy but takes time for many reasons I don't really need to name since you have things you do have to deal with and it can be hard to really manage yourself. *Trust me, Change is something even I struggle with too, especially with trying to change for the better whenever other drama situations tends to get in the way and it feels like the progress is shattered.* Sometimes, You gotta learn that life isn't always perfect and fair and you just gotta make the most of it. Once you do that. Then you'll be able to really focus on becoming a better person, since I do know that a lot of the past shit that's happened to you that has been horrible for you, You just wish you can move on from it. I can tell from how you speak and act.

13:50

MysticDreams is a person who can be the most amazing friend to you. He has a few flaws, like being a little lacking in confidence, but... he's still a great human being who has so much potential for kindness and compassion.

All I will say is... ***give him a chance.*** Even if he *does* screw up, try to cut him at least a *little* slack - no one's perfect, after all, and he shouldn't be villainized for making mistakes that pretty much everyone can make.

11:15

Aaaanywhooo...

The drama could've easily been resolved if both sides were actually civilized to listen to each other about their sides of this whole bullshit.

Mystic (while an absolute dingus) is still very endearing to be around even after all he's been through, and I just wish people actually bothered to listen to him more in this whole damn thing.

14:08

Well, me personally I think like you've made mistakes, but I don't think they're cancel worth, especially considering you were under the age of 18 at the time

14:14

well..alrighty if you want honest i got you.

"what i feel about you is..your not a bad bad person, like never. you are my brother that i consider..sure we had arguments sure we had some bit of like..moments where we said some bunch of shit that we did NOT Tend to mean and did NOT Tend to do..but as soon as we like..talked things out. you are very chill more often and such. but i do believe the communication is the most things that needs to be like..worked on and such. and y'know thats my honest about you bub. but hey i ain't mad or none, we all had moments and it happens. just as long as you can get through, as i can get through. its really all it matters :)"

01:52

Well.

I think that despite the mistakes you've made, you are atoning and trying to do better. you are a kind and wonderful person and the drama you've been through is bullshit and people need to leave you alone

01:57

honestly i know you had your own fair share of mistakes but it doesnt make you any less of a human being as everyone you have around you knows who you truly are as a person so dont give up on yourself and continue working on yourself thats all we ask as your friends

16/10/2025 21:13

awww qwq

we are happy to help especially because we have SEEN the improvement and growth even with each conflict we might have had, you always DID genuinely try to improve after them and that is admirable

13:23

Pfft.. Yet again,I said this before.. idfc if people still kept holding that bullshit and still see you as a bad person in their eyes.. For me, you are still a good person and still walking on the path of Change to become a better person than those idiots. If they're still stuck in their prison, their problems, not yours nor all of us

15:33

look we all fucked up (edited)

there will be times you will fuck up

and that's what makes us, us

but atleast you didn't do too far like PDF files

14:25

i get that, a friend of mine, was in the same situation. he changed and ik people can change and i watched you change yk? ik you made fuck ups, but you're bettering yourself yk?

don't let these people get you down, cuz they don't deserve the headspace

Yesterday at 18:11

As I'll say this

I find this shit is ridiculous

They're using your past against you and so on

This is wild for me to investigating

My own conclusion.

I was very young and impressionable which led me into dangerous situations due to illogical mindsets and shitty decisions overall. But this means the absolute same for the other parties that have also made bad decisions upon these situations themselves.

I and others believe that all parties are wrong and have indeed messed up in these situations but still deserving the right to redemption. I have also taken therapy regarding everything to ensure improvement, growth and maturity so my past actions never repeat

But otherwise, I appreciate you reading and listening to my side of the story on everything, I hope to continue my passion on content creation and other talents. Thus including good friends and overall hope for my and others' future ahead of me, I know I can get through it if I keep trying.

To my friends and family; I deeply value the support that I've received for years as I've continued growing up, thank you for everything. I cannot thank you enough for how much I've been able to stay strong despite my hardships in life with more to come upon my arriving future as I grow up more.

Otherwise, this is Jaksyn aka MysticDreamsVA, ending this with a good note - Goodbye and have a wonderful day.
