**OfficerID: stierney, Narrative**

On 06/24/15 at approximately 14:28 hours Valley Communications Center received a 911 generated call from a "Black-screen" in which the caller, whom did not identify himself, stated that he had just shot and killed his father and mother. He further claimed he had his sister tied up and held captive in a closet. Renton Police were dispatched to the location, 17505 110<sup>th</sup> LN SE within the city of Renton, County of King.

Due to the black-screen, which was suspect, consideration was administered that this could be a "Swatting" call. Further investigation revealed the resident had previously reported to Renton Police that he had received information from other gamers online that a swatting was being planned against him. This information was also discovered by Valley Communications.

Contact was made with the residence via a patrol car PA-speaker, and the resident, Phil Burnell and his girlfriend "Leanna Hangen" exited the residence. Phil claimed that this was a swatting and that he had previously called to warn police that it may occur.

Phil's residence was cleared to assure there were no victims inside the residence and to confirm the call was indeed a swatting.

Phil and Leanna were not detained and stood outside as police cleared their residence.

Phil has no idea who is behind the call. Phil conducts business on YouTube and believes the suspect is someone that watches his show.
