**KoolKat** Today at 5:33 AM

You can't do stuff like this man you know that

**env\_wind** Today at 5:33 AM

I know but you guys doesnt supposed to see that lol

**KoolKat** Today at 5:36 AM

But we did see it which is exactly why you can't do that  
Think if you accidentally did that in a situation with someone outside of here

**Bluu** Today at 5:39 AM

it doesn't even really matter that others weren't meant to see, still the fact that you wrote it

**KoolKat** Today at 5:39 AM

Yes

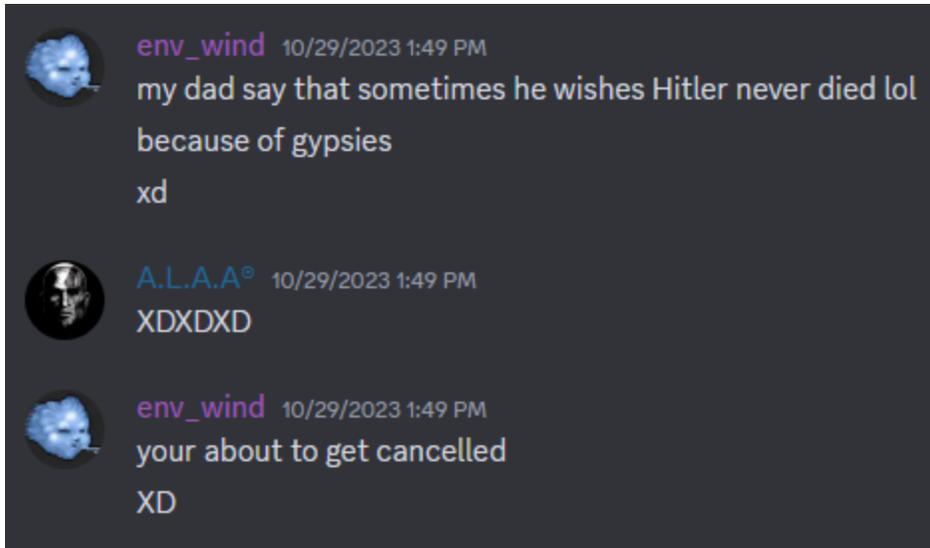

**Bluu** Today at 5:39 AM

if somebody saw this outside the if team we'd be done for 💀

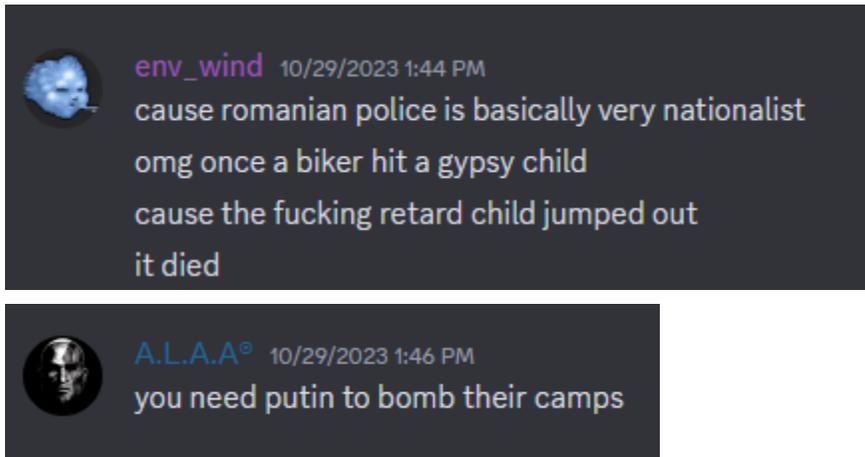

**env\_wind** Today at 5:40 AM

I dont meant it as offending, in my native language this is how we call black persons by default, but sorry then i wont use it again lol

Doesn't stop at racism, though.

Also accounts for A.L.A.A.  
In between the last 2 messages, there was a deleted message that went along the lines of agreeing.

stefanebunik 10/12/2023 5:42 AM

true  
there was a  
mod on gamebanana irc  
for half life 2  
which replaced the default intro with the SORSE

macdrown 10/12/2023 5:43 AM

Did it replace civilian lines with screaming and gman's opening speech with a bunch of racist bullshit  
If not then I'm not interested

stefanebunik 10/12/2023 5:43 AM

Sadly no

 @macdrown Did it replace civilian lines with screaming and gman's opening speech with a bunch of racist bullshit

env\_wind 05/02/2023 10:12 AM

I dont have probelema with the gay people that do it in their privacy, but i hate tge ones eho participate in parades and dress lik that

In eastern europe you get beaten for being gay lol, we cant respect gay people

 @LucaBuca2000 moreso you're against the widespread talking about sexuality in general (edited)

A.L.A.A.® 11/06/2023 8:22 AM

yeah  
i can understand why somebody could turn gay or whatever else there is  
but if they get support than why do straight people not get supported?  
its a personal thing  
you don't have to show it or act it infront of everyone  
Because not everybody is like you

env\_wind 11/06/2023 9:03 AM

I personally hate lgbtq but sexuality is a personal thing,

@Commando Booce We gotta make our maps the Romanian way: steal geometry from past games

Took 10 seconds to find the person in the lambda generation discord and they're either banned or left of their own volition. Funnily enough someone asked why they hated cinematic mod and their immediate response was, and this is a direct quote "FULLY MODELED"

You're right, they have in fact since been banned, I just checked. Though his ban was about a year later, seemingly for unrelated reasons. Good for them though.

(also please do not go witch hunting for this person, as I mentioned in the video, it's probably just a kid that was influenced by the community / wants to troll. Don't harass them or anyone mentioned in this video.)

I can recognize him, and I remember him being banned some time ago from another server for saying the "fa" slur

**KoolKat** 05/31/2024 12:50 PM

wind that's almost exactly what my dog looked like

**wolfy411** 05/31/2024 12:50 PM

the gypsies stole your dog

 @Nuke Chinese would eat this?

 **eyeling** 12/28/2024 3:20 PM  
It's such a nasty stereotype that Chinese people eat dogs. They prefer rocks, ya know!

 **env\_wind** 12/28/2024 3:20 PM  
they do eat dogs tho  
xd

 **eyeling** 12/28/2024 3:21 PM  
Im kidding

 **wolfy411** 12/28/2024 3:21 PM  
gypsies would probably also eat that

 **eyeling** 12/28/2024 3:21 PM  
They eat rocks too

 **env\_wind** 12/28/2024 3:21 PM  
gypsies eat eachother (edited)

 **wolfy411** 12/28/2024 3:21 PM  
and bicycles

 @wolfy411 gypsies would probably also eat that

 **eyeling** 12/28/2024 3:21 PM  
And native Americans I do believe

 **nonamebadass** 12/7/2023 10:09 AM  
Anyways, the Nazis were the only ones in history to be more successful in the war after losing it  
Yes they had more successes made after they lost  
Hence rommels uberaryan reputation  
I see him as a user of human waves

 **env\_wind** 12/7/2023 10:10 AM  
Rommel was overrated  
Guderian was the real goat of the german army

 **nonamebadass** 12/7/2023 10:11 AM  
And manstein  
He's the reason Germany took France quickly and bailed out bad situations  
Rommels reputation was created after the war where he was made a Uber Aryan genius who won every battle (edited)

nonamebadass 5/12/2024 5:13 PM

Why does everyone talk about nazi uniforms but they never talk about allied uniforms like American or British

@Chocofrolik nazis were warmongers but also cared abt fashion

KoolKat 5/12/2024 5:14 PM

So then I think the Combine would care abt matching the environments they're in

nonamebadass 5/12/2024 5:14 PM

Probably because they weren't designed by Aryans

wolfy411 3/8/2025 12:57 AM

not the same in terms of beliefs or how they spread information

but the words libtard and nazi are thrown around quiet often

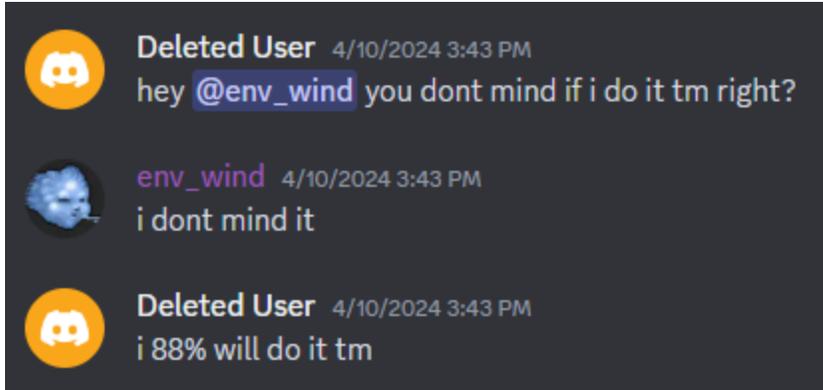

it has gotten to the point where if I am in a group of people that don't know me personally, I would probably be called a nazi and assaulted 👍
