Homophobic and racial slurs, mentions of sh*t4con

I'm not even going to bother being formal, because this is the third document being put out there on this particular person. You probably don't know me. I'm not active in the Grace community. My name is reiBLOOM, and I am a long-time friend of Fynnee. My friends and I introduced her to the game in the first place.

I want to start by saying that I'm completely against the doc by the Grace Babies team. It had plenty of misinformation and the writers were extremely problematic themselves, for the most part.

I knew Fynnee back when I was 12 and she was roughly 11. At the time, while lying about her biological sex, she went by "Davey." I knew her as this for multiple years until she recently confessed that she'd been lying to all of us. She wasn't trans. She was just lying. I still can't comprehend why.

On top of that, she lied about her age, causing extreme discomfort for me due to her constant pushy advances. I thought that she was around two years older than me, and she even joked about "feeling sympathy for little boys." Take that with a grain of salt as I don't have the picture anymore. It happened in a long-deleted server.

I assisted in writing the doc exposing the lies told by Mark and their group. I still stand by a lot of that—plenty of those allegations were false, and I felt partly responsible as my emotional vent was used as "evidence," even if my name was censored. I genuinely believed in Fynnee. I wanted to think that she could change. That she would change. But recent events have proven me naive.

I will not make that same mistake again.

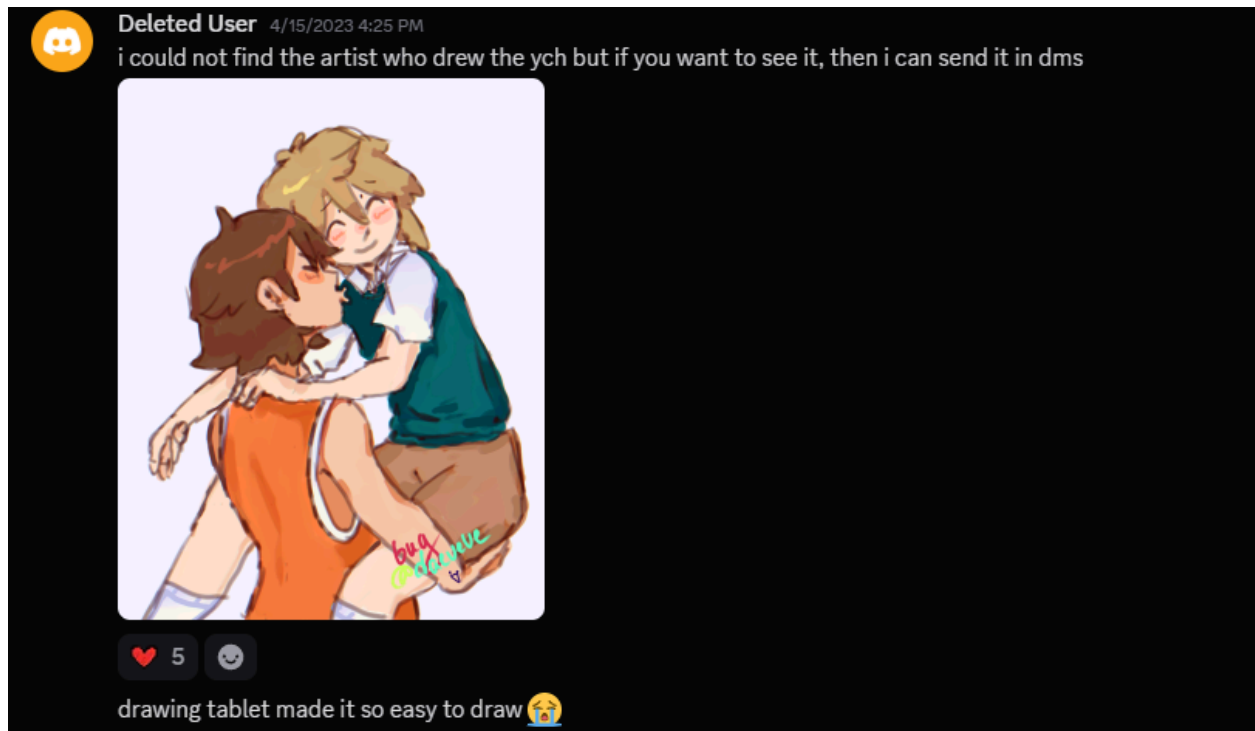

Fynnee is not a good person. She never has been. She's been through a lot of trauma, but she uses it as a scapegoat for her misdeeds. If somebody is correcting her, they're "reminding her of her trauma." Years ago when I told her that shotacon wasn't okay, she said that exact line to me and went to bed, then came back saying that I'd given her nightmares. She is very effective at guilt-tripping, so it's important to keep that in mind.

Just to clarify, she recently told me that back when she defended shotacon she was under the impression that it was an artstyle. I mentioned this in the defense doc, but with how she lied to me about her knowledge on slurs, my trust has dissipated. You decide for yourself.

Now, I'm sure you're wondering what the recent situation was. It happened mainly behind closed doors and resulted in Fynnee and I permanently severing contact.

I feel that I should put all of this out there considering how long I've known her, but there's far too much to dig through from the past. With that in mind, I'll structure this by showing you an instance of her being argumentative from the past in a public server to back up my claims, and following that, I'll show you recent evidence that she hasn't changed at all, proving one of the allegations Mark made that I didn't initially believe.

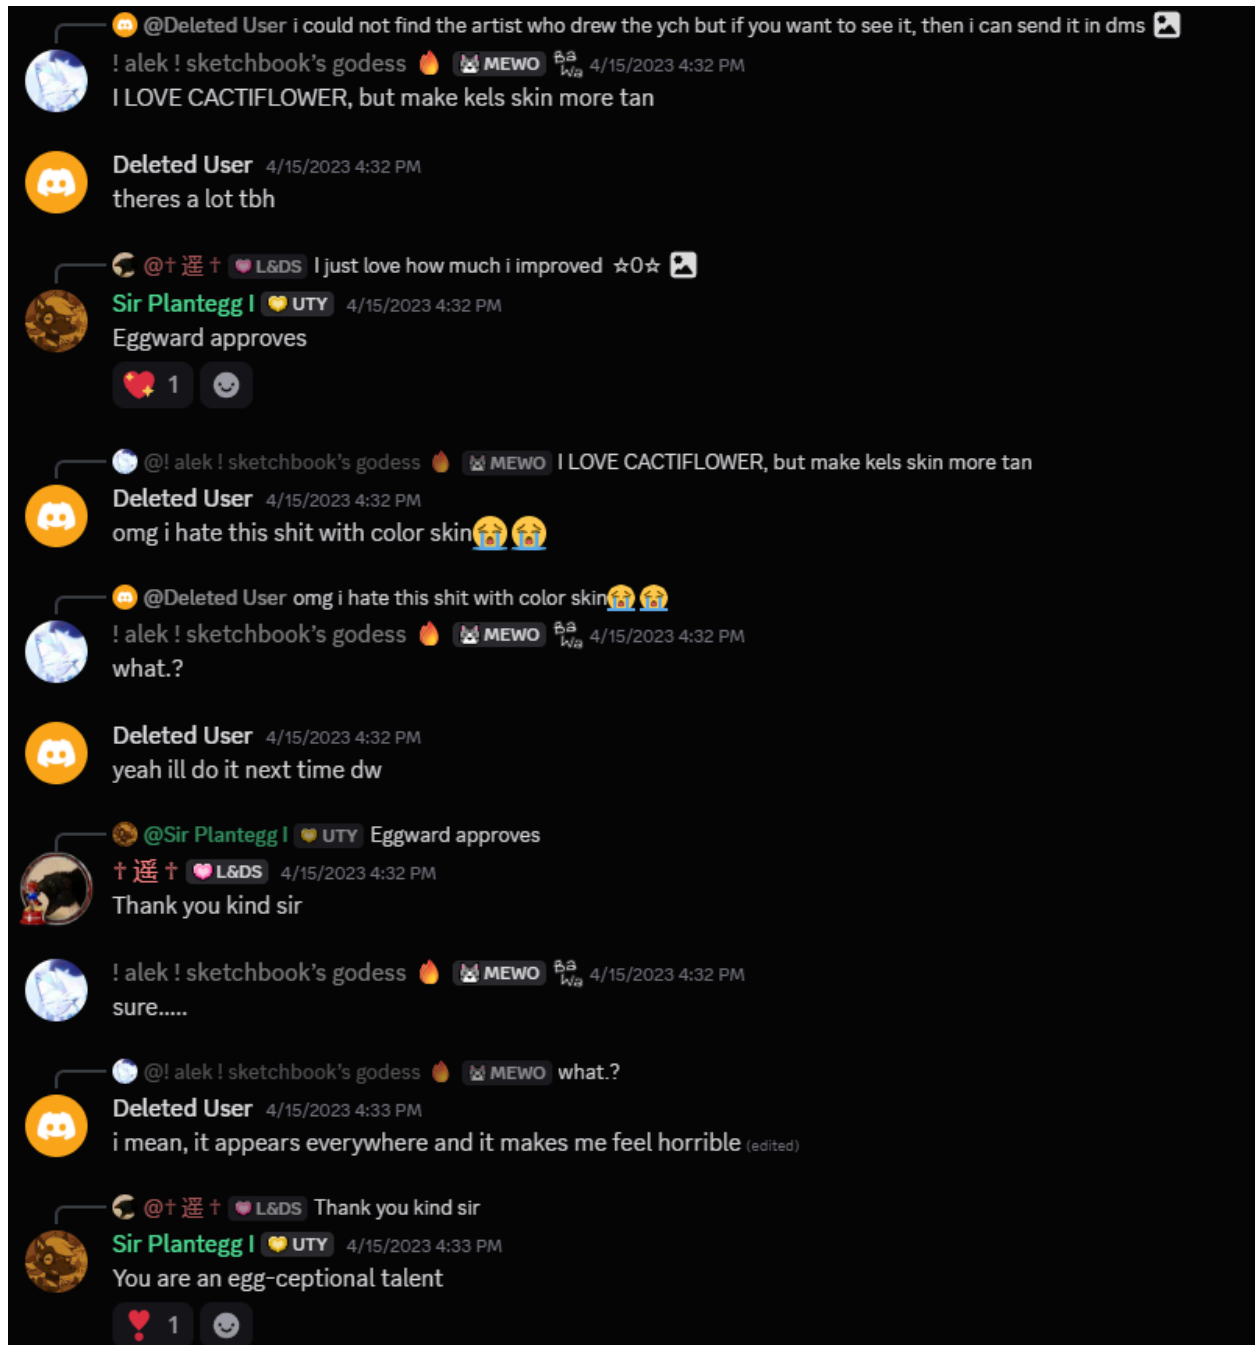

The following screenshots are from the OMORI discord server. For context, Fynnee (or Davey at the time) had drawn an image of Kel and Basil, but Kel wasn't drawn with the tan skin tone he displays in the original game. The deleted user is Fynnee's old account, and you can see somebody calling her Davey. This was back in 2023.

Transcription:

Fynnee: i could not find the artist who drew the ych but if you want to see it, then i can send it in dms

drawing tablet made it so easy to draw 😭

Alek: I LOVE CACTIFLOWER, but make kels skin more tan

Fynnee: theres a lot tbh

Sir Plantegg: Eggward approves

Fynnee: omg i hate this shit with color skin 😭😭

Alek: what.?

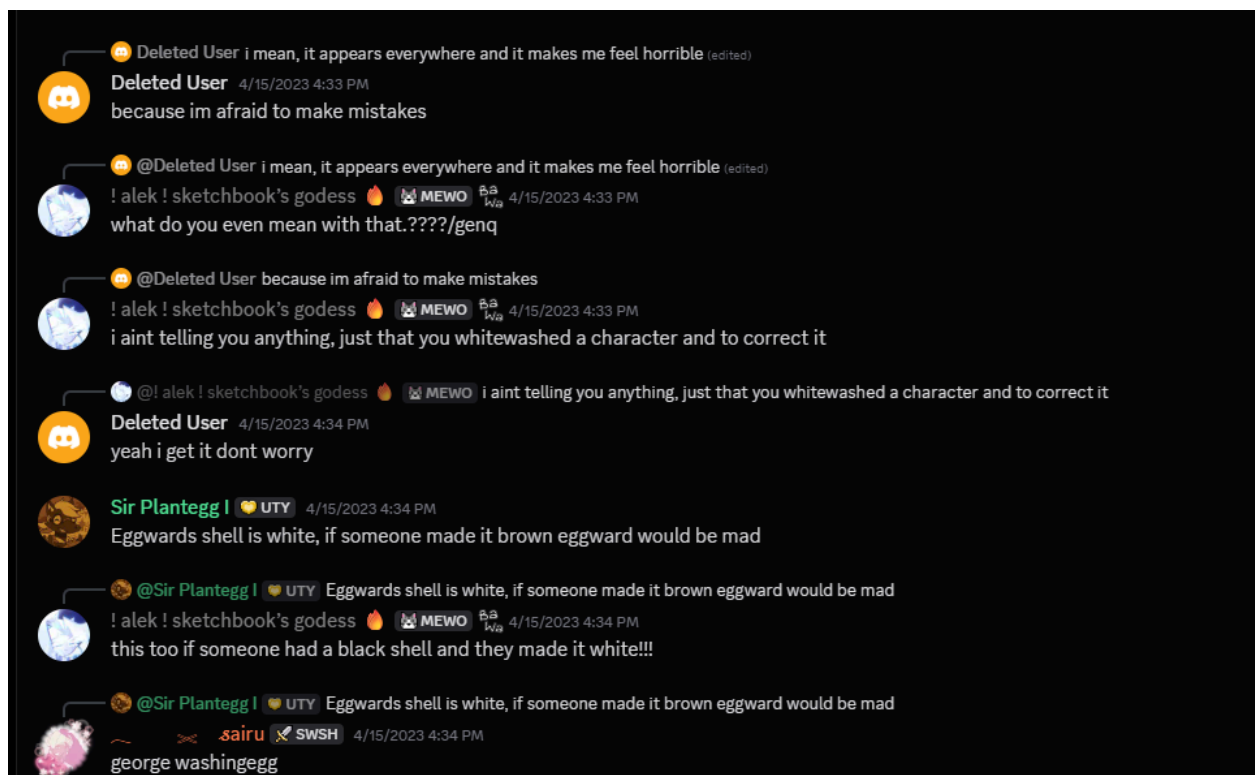

Fynnee: yeah ill do it next time dw

遥 (in response to Sir Plantegg): Thank you kind sir

Alek: sure.....

Fynnee: i mean, it appears everywhere and it makes me feel horrible

Sir Plantegg (in response to 遥): You are an egg-ceptional talent

Fynnee (in response to herself): because im afraid to make mistakes

Alek (in response to Fynnee): what do you even mean with that.????/genq

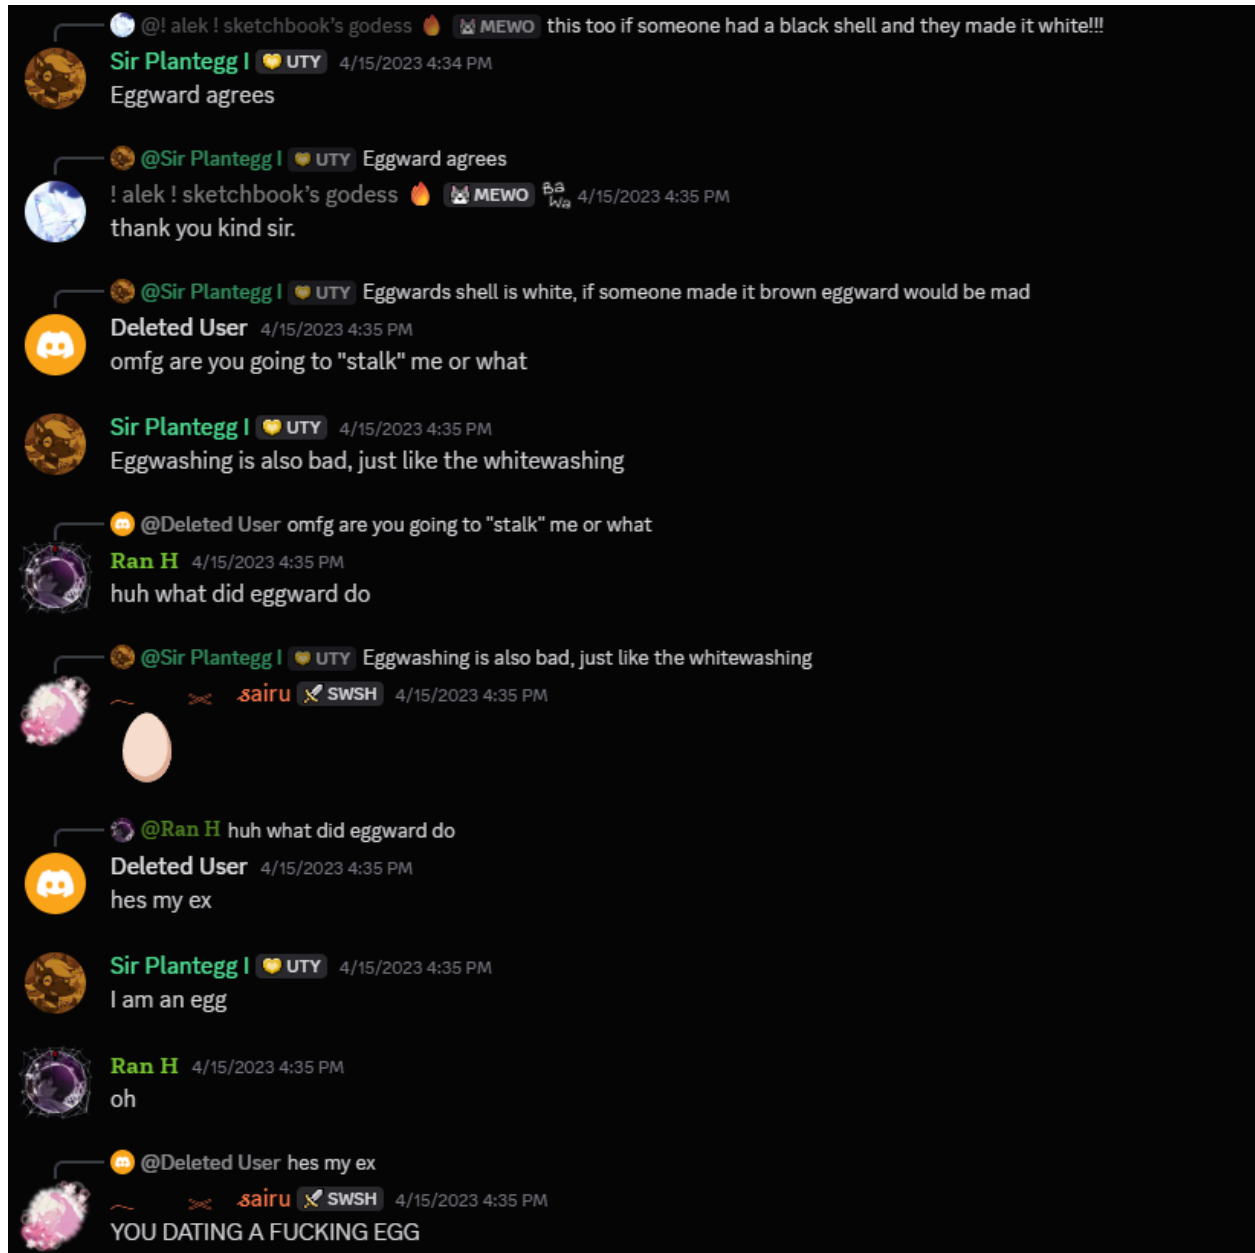

Alek (in response to Fynnee): i aint telling you anything, just that you whitewashed a character and to correct it

Fynnee (in response to Alek): yeah i get it dont worry

Sir Plantegg: Eggwards shell is white, if someone made it brown eggward would be mad

Alek (in response to Sir Plantegg): this too if someone had a black shell and they made it white!!!

Sairu (in response to Sir Plantegg): george washingegg

Sir Plantegg (in response to Alek): Eggward agrees

Alek (in response to Sir Plantegg): thank you kind sir.

Fynnee (in response to Sir Plantegg): omfg are you going to “stalk” me or what

Sir Plantegg: Eggwashing is also bad, just like the whitewashing

Ran H (in response to Fynnee): huh what did eggward do

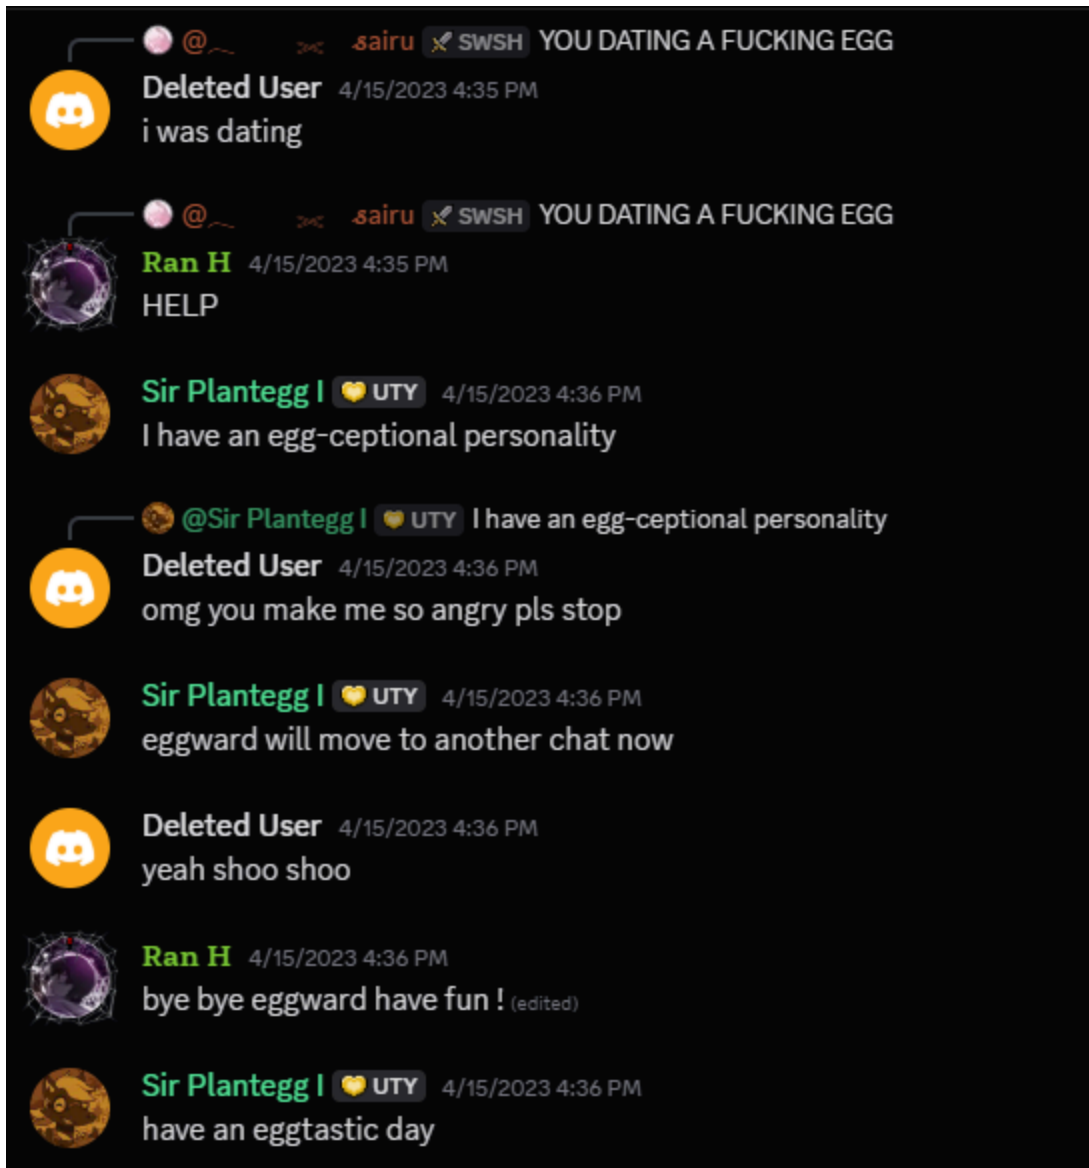

Sairu (in response to Sir Plantegg): 🥚

Fynnee (in response to Ran H): hes my ex

Sir Plantegg: I am an egg

Ran H: oh

Sairu (in response to Fynnee): YOU DATING A FUCKING EGG

Fynnee (in response to Sairu): i was dating

Ran H (in response to Sairu): HELP

Sir Plantegg: I have an egg-ceptional personality

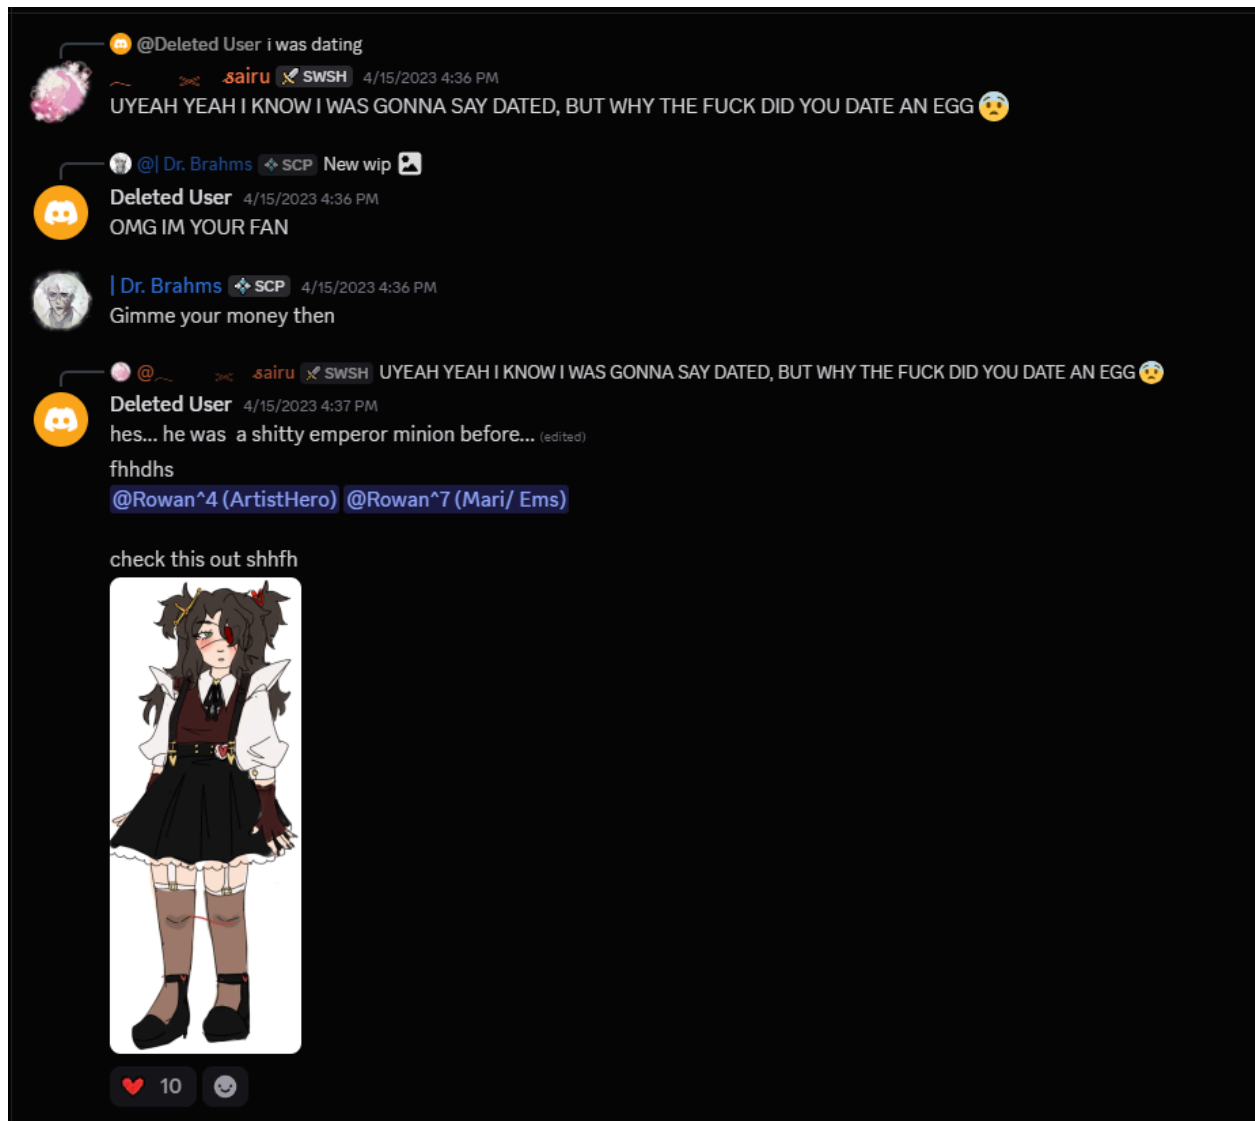

Fynnee (in response to Sir Plantegg): omg you make me so angry pls stop

Sir Plantegg: eggward will move to another chat now

Fynnee: yeah shoo shoo

Ran H: bye bye eggward have fun !

Sir Plantegg: have an egtastic day

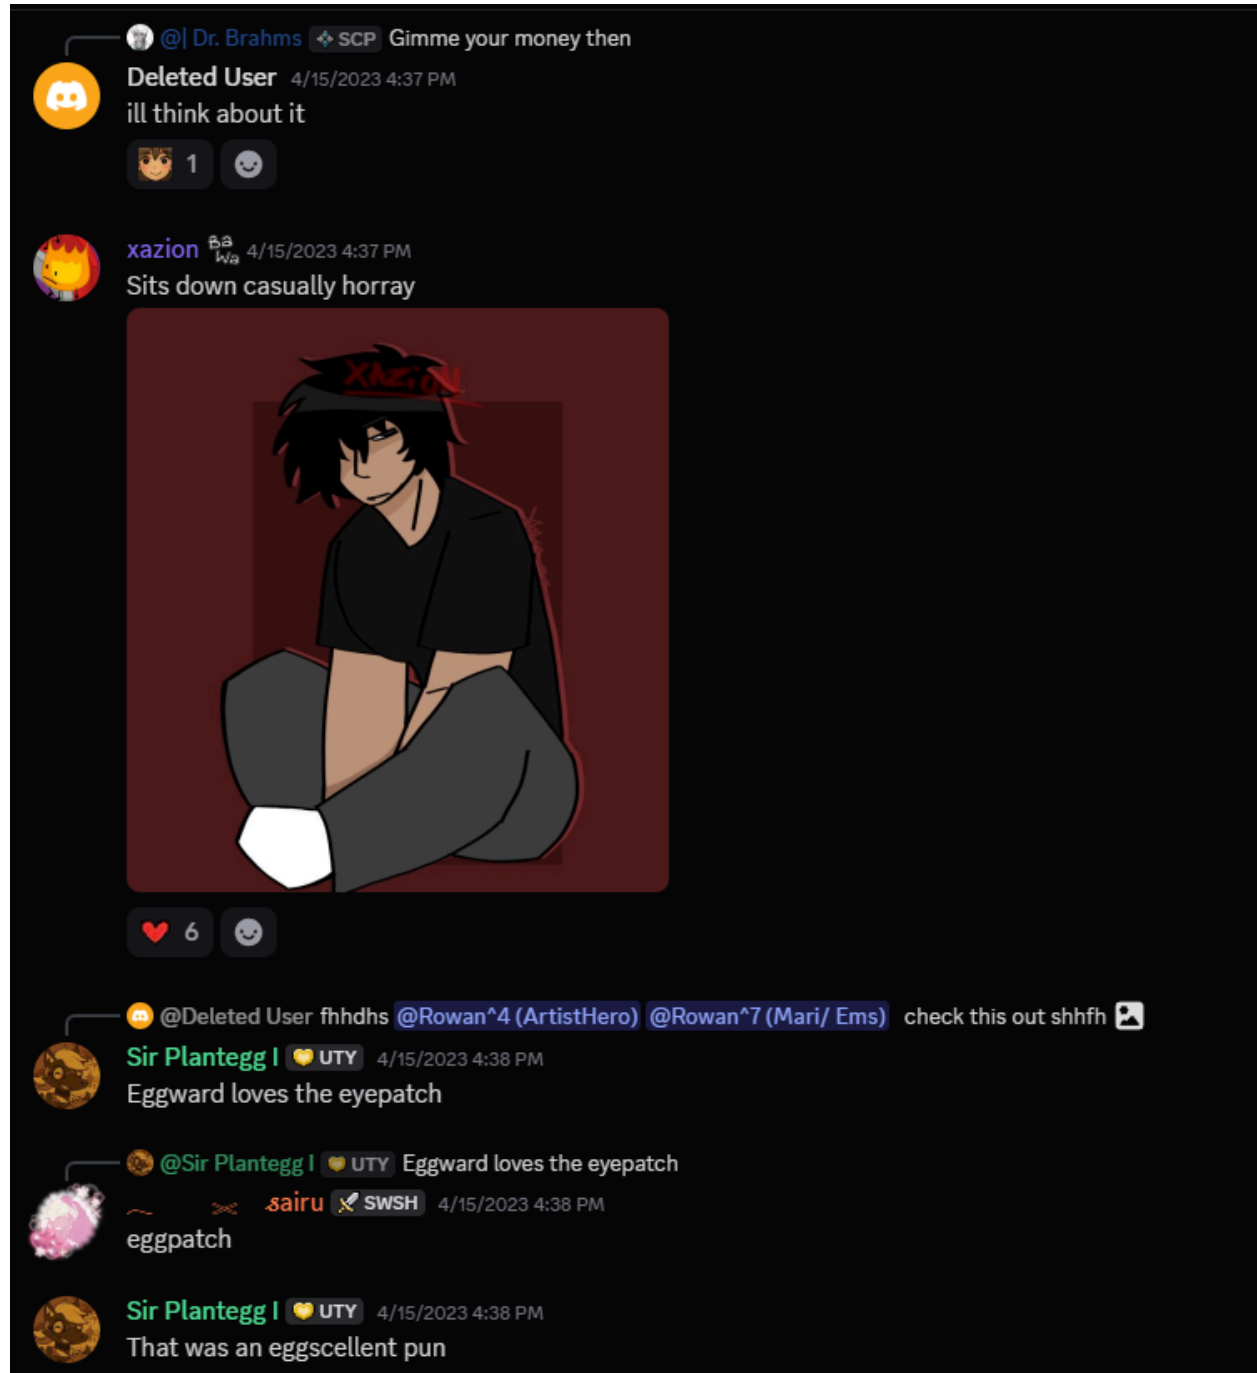

Sairu (in response to Fynnee): UYEAH YEAH I KNOW I WAS GONNA SAY DATED, BUT WHY THE FUCK DID YOU DATE AN EGG 🤔

Fynnee (in response to Dr. Brahms): OMG IM YOUR FAN

Dr. Brahms: Gimme your money then

Fynnee (in response to Sairu): hes... he was a shitty emperor minion before...

Fhdhs

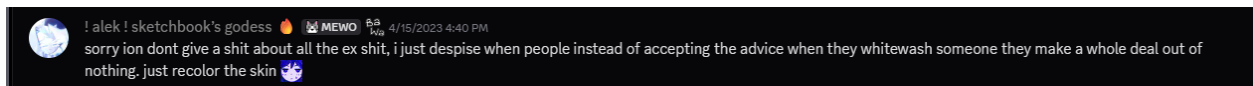

Fynnee (in response to Dr. Brahms): ill think about it

Xazion: Sits down casually hooray

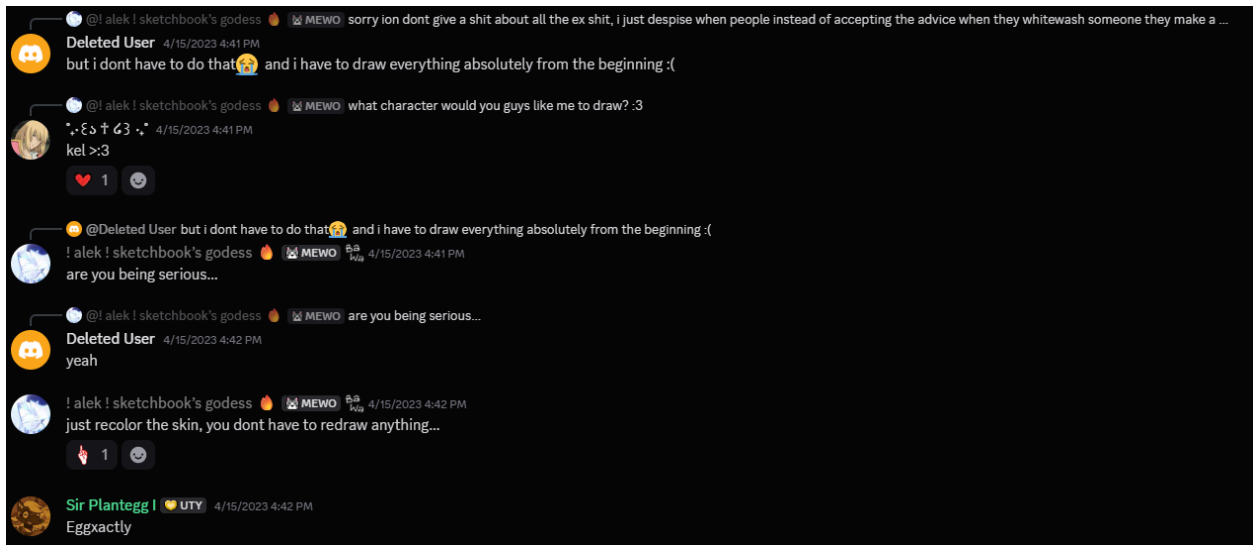

Sir Plantegg (in response to Fynnee): Eggward loves the eyepatch

Sairu (in response to Sir Plantegg): eggpatch

Sir Plantegg: That was an eggcellent pun

Alek: sorry ion dont give a shit about all the ex shit, i just despise when people instead of accepting the advice when they whitewash someone they make a whole deal out of noting. Just recolor the skin (emoji of Aubrey from OMORI with an expression similar to 😐)

Fynnee (in response to Alek): but i dont have to do that 😐 and i have to draw everything absolutely from the beginning :(

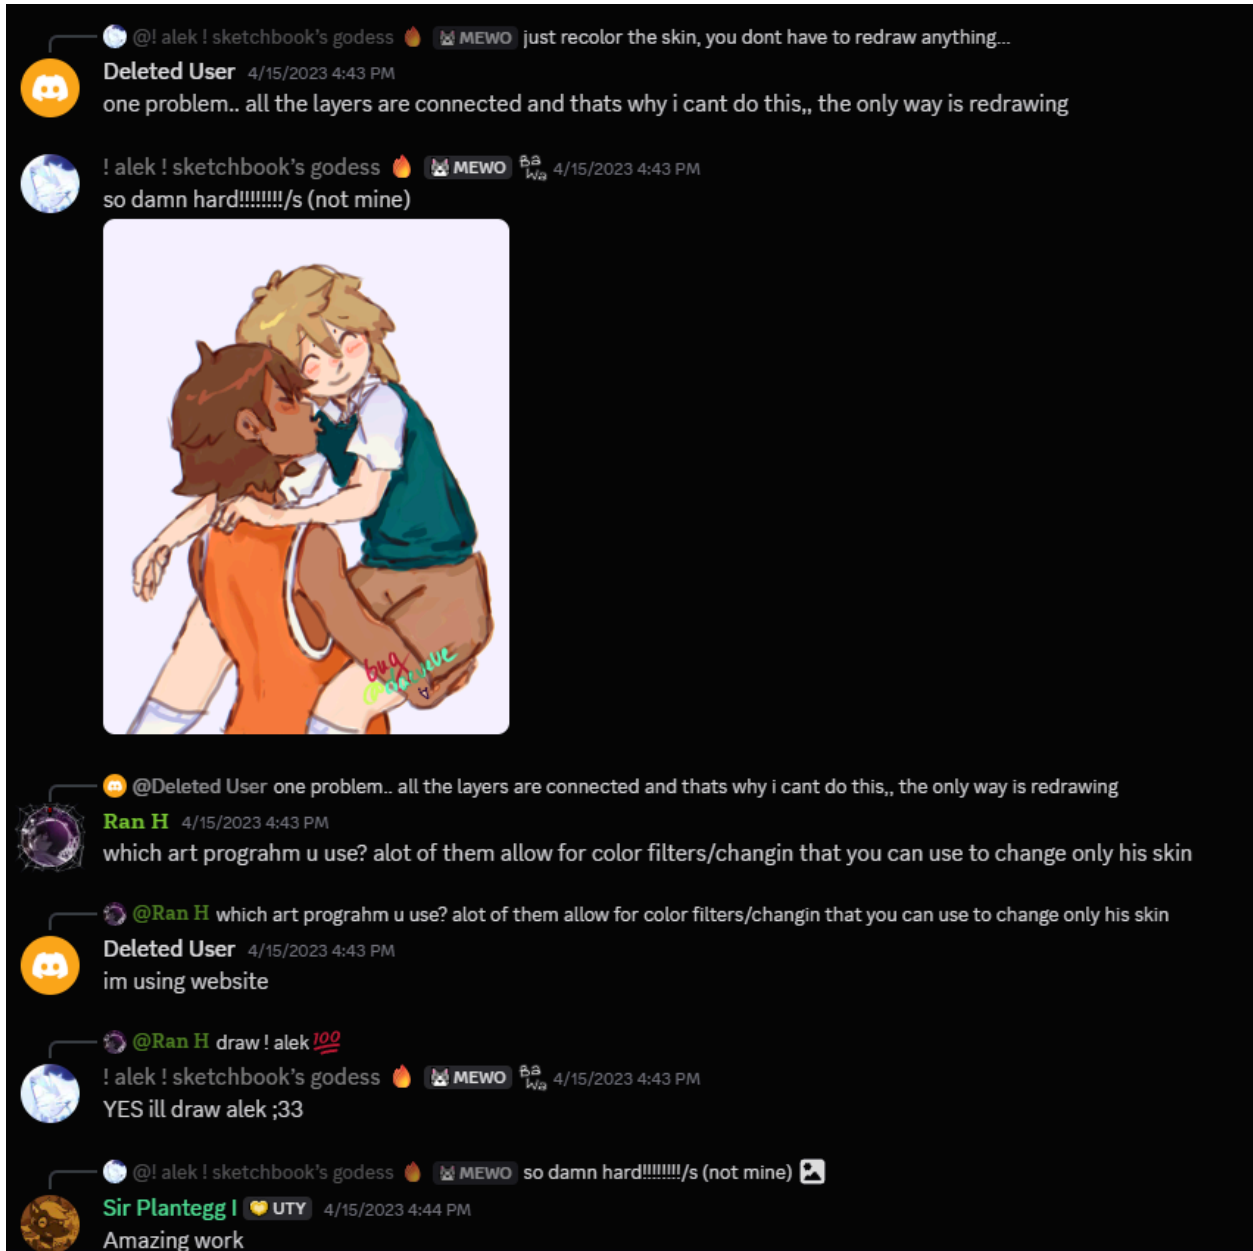

† (in response to Alek): kel >:3

Alek (in response to Fynnee): are you being serious...

Fynnee (in response to Alek): yeah

Alek (in response to Fynnee): just recolor the skin, you dont have to redraw anything...

Sir Plantegg: Eggxactly

Fynnee (in response to Alek): one problem.. All the layers are connected and thats why i cant do this,, the only way is redrawing

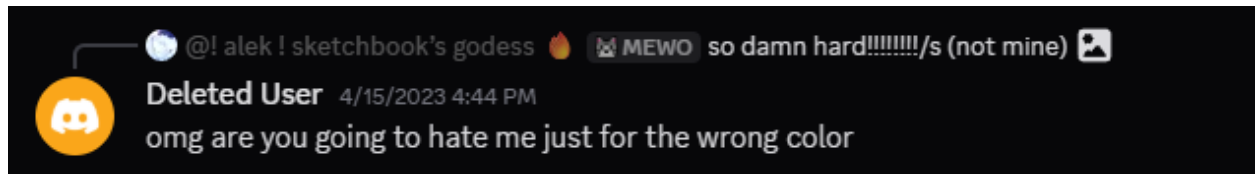

Alek (in response to Fynnee): so damn hard!!!!!!!/s (not mine) *(Attached image of Fynnee's drawing with corrected colours)*

Ran H (in response to Fynnee): which art program u use? Alot of them allow for color filters/changing that you can use to change only his skin

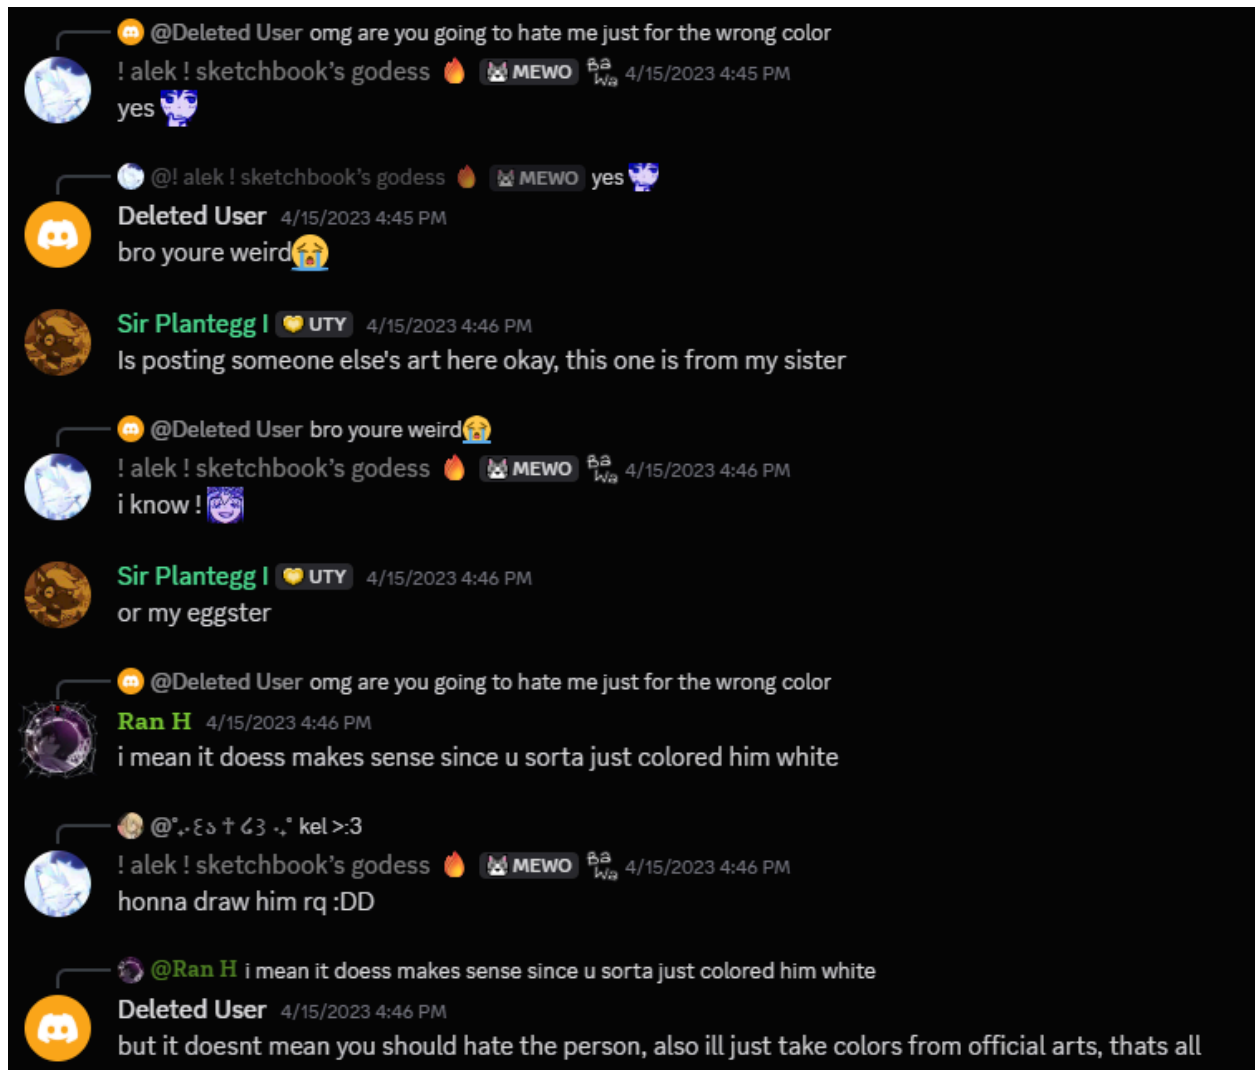

Fynnee (in response to Ran H): im using website

Alek (in response to Ran H): YES ill draw alek ;33

Sir Plantegg (in response to Alek): Amazing work

Fynnee (in response to Alek): omg are you going to hate me just for the wrong color

Alek (in response to Fynnee): yes (emoji of Hero from OMORI with an expression similar to 😏)

Fynnee (in response to Alek): bro youre weird 🤪

Sir Plantegg: Is posting someone else's art here okay, this one is from my sister

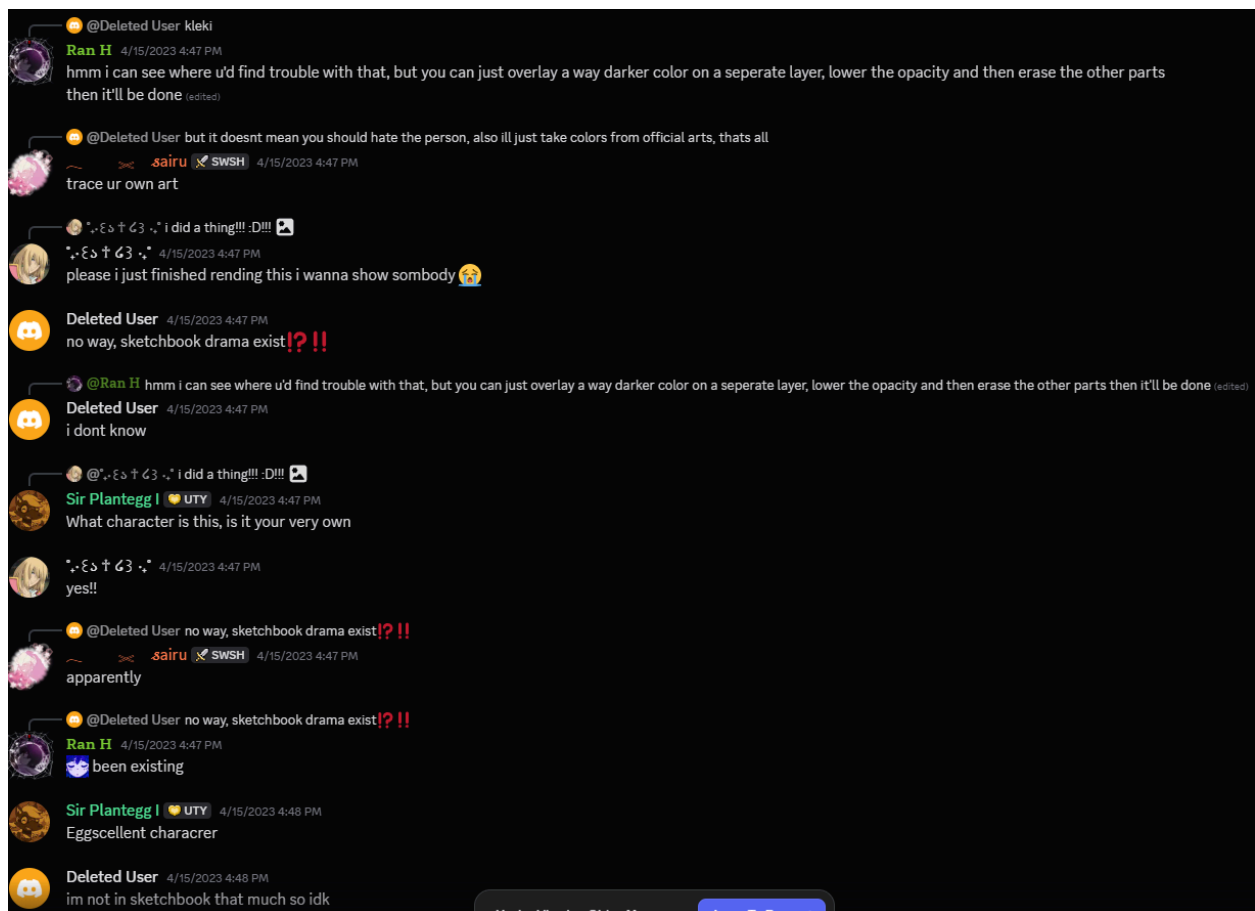

Alek (in response to Fynnee): i know ! (emoji of Basil from OMORI with an expression similar to 🐱)

Sir Plantegg: or my eggster

Ran H (in response to Fynnee): i mean it does makes sense since u sorta just colored him white

Alek (in response to 📌): honna draw him rq :DD

Fynnee (in response to Ran H): but it doesnt mean you should hate the person, also ill just take colors from official arts, thats all

Ran H (in response to Fynnee): hmm i can see where u'd find trouble with that, but you can just overlay a way darker color on a separate layer, lower the opacity and then erase the other parts then it'll be done

Sairu (in response to Fynnee): trace ur own art

+ (in response to themselves): please i just finished rending this i wanna show somebody 😭

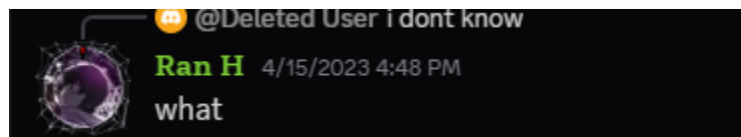

Fynnee: no way, sketchbook drama exist!?!

Sairu (in response to Fynnee): apparently

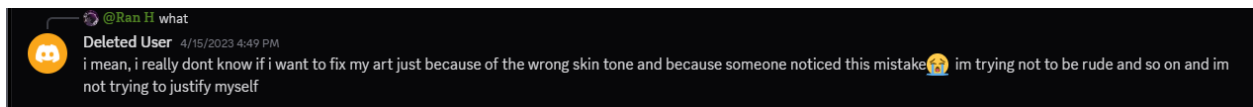

Ran H (in response to Fynnee): (emoji of Aubrey from OMORI with an expression similar to 😏) been existing

Sir Plantegg: Eggscellent character

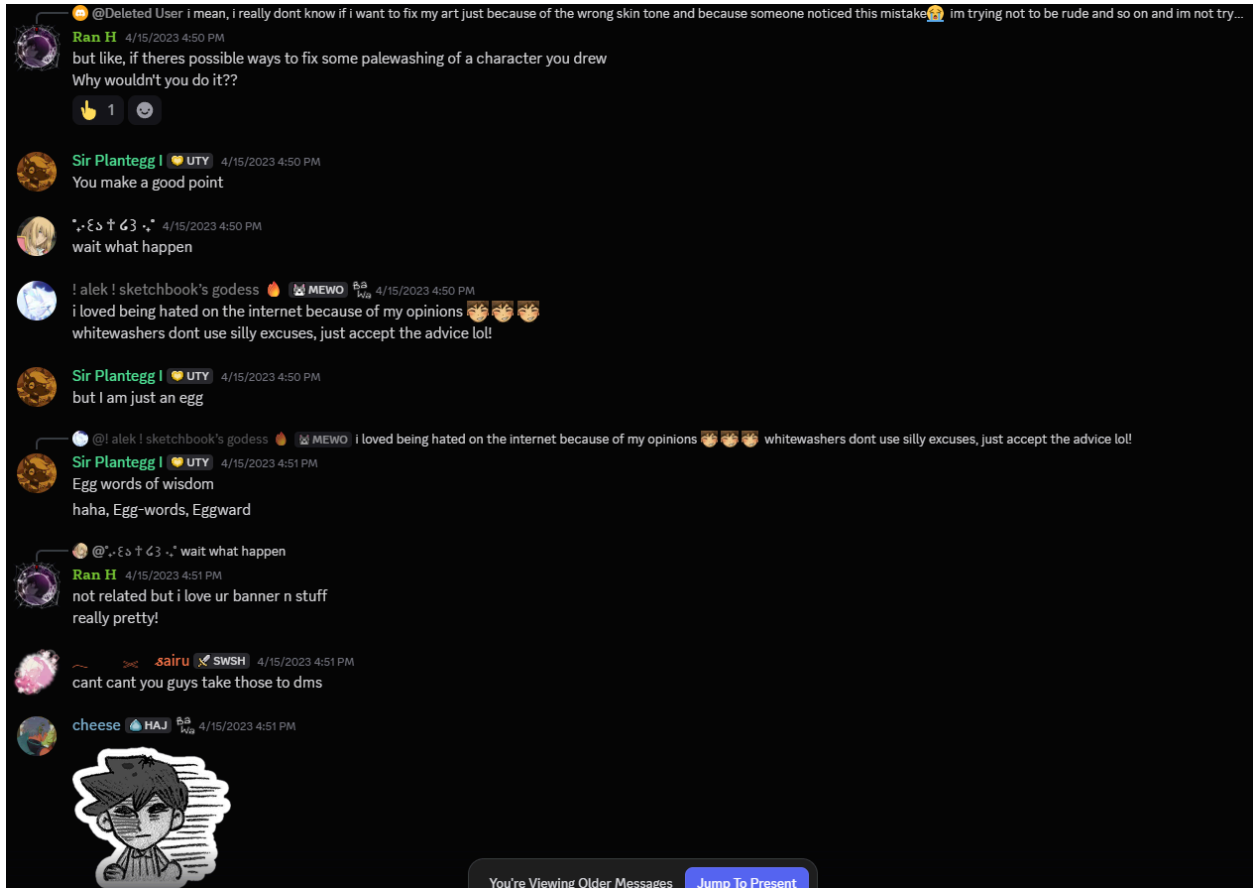

Fynnee: im not in sketchbook that much so idk

Ran H (in response to Fynnee): what

Fynnee (in response to Ran H): i mean, i really dont know if i want to fix my art just because of the wrong skin tone and because someone noticed this mistake 😭 im trying not to be rude and so on and im not trying to justify myself

Ran H (in response to Fynnee): but like, if theres possible ways to fix some palewashing of a character you drew

Why wouldn't you do it??

Sir Plantegg: You make a good point

†: wait what happen

Alek: i loved being hated on the internet because of my opinions (*three emojis of Hero from OMORI with an expression similar to 😊*)

whitewashers dont use silly excuses, just accept the advice lol!

Sir Plantegg: but I am just an egg

Sir Plantegg (in response to Alek): Egg words of wisdom

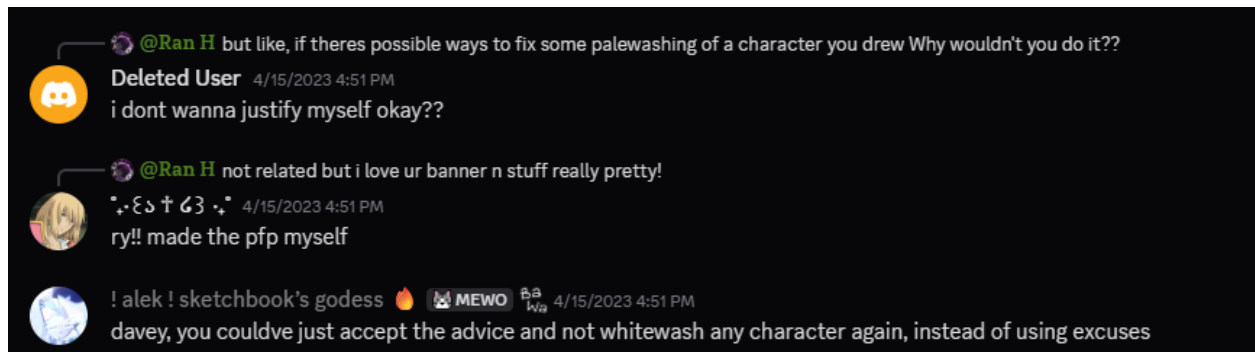

Haha, Egg words, Eggward

Ran H (in response to †): not related but i love ur banner and stuff

really pretty!

Sairu: cant cant you guys take those to dms

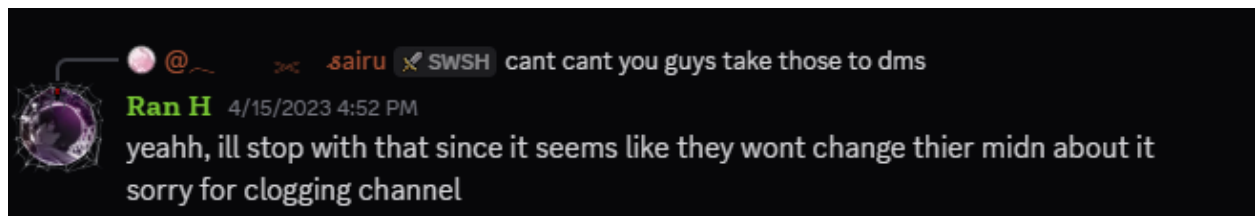

Cheese: (sticker of Hero from OMORI with a similar expression to 🤔)

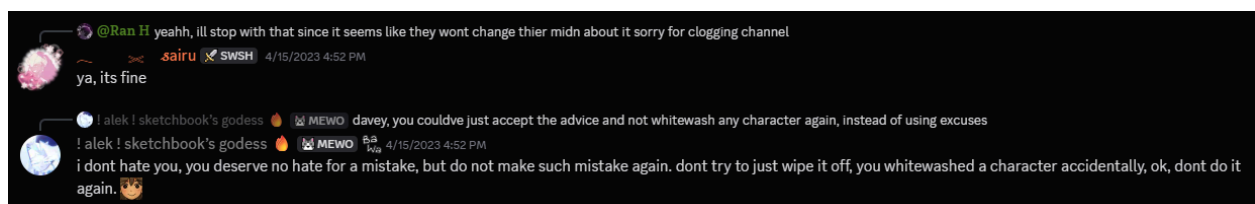

Fynnee (in response to Ran H): i dont wanna justify myself okay??

† (in response to Ran H): ry!! made the pfp myself

Alek: davey, you couldve just accept the advice and not whitewash any character again, instead of using excuses

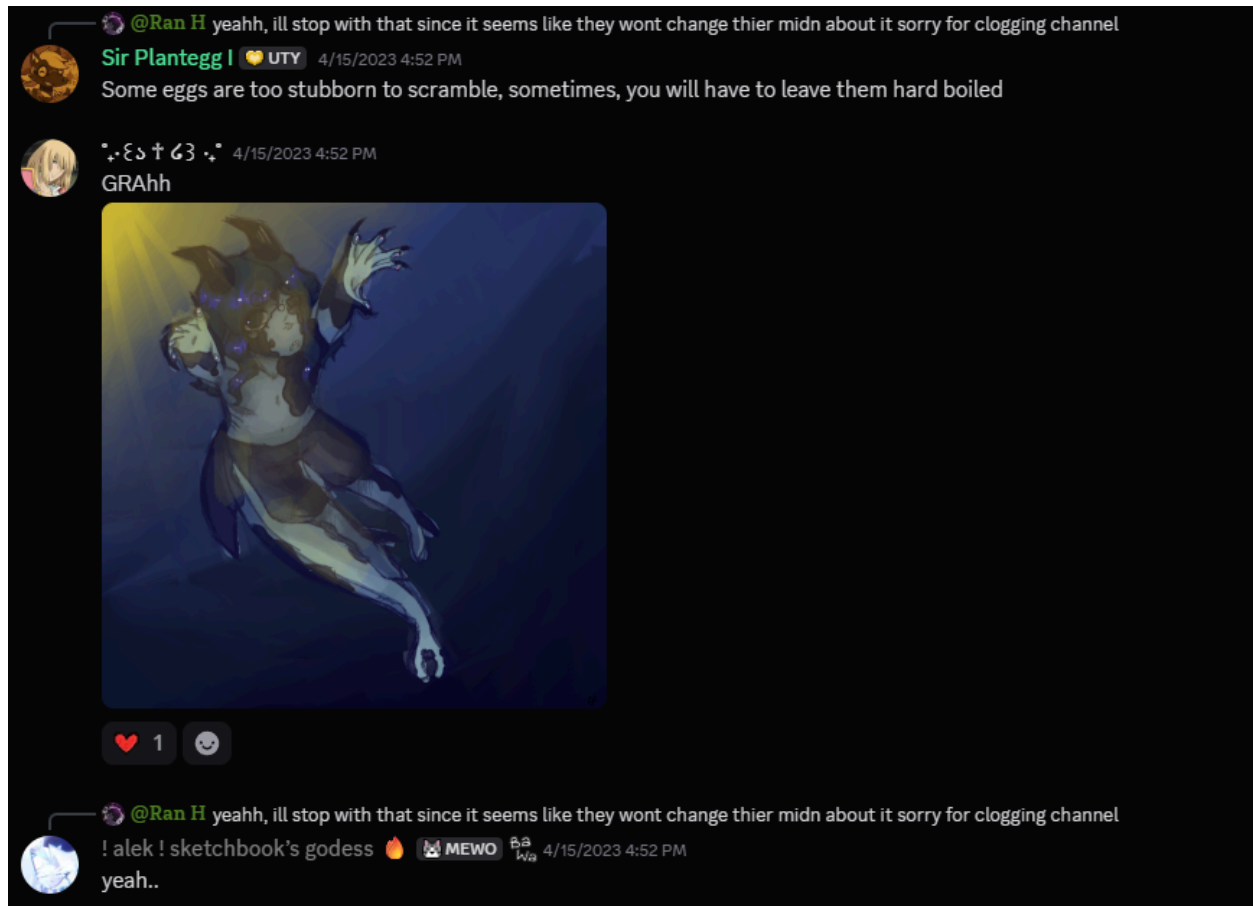

Ran H (in response to Sairu): yeahh, ill stop with that since it seems like they wont chage thier midn about it sorry for clogging channel

Sairu (in response to Ran H): ya, its fine

Alek (in response to themselves): i dont hate you, you deserve no hate for a mistake, but do not make such mistake again. dont try to wipe it off, you whitewashed a character accidentally, ok, dont do it again. (emoji of Kel from OMORI with an expression similar to 😊)

Sir Plantegg (in response to Ran H): Some eggs are too stubborn to scramble, sometimes, you will have to leave them hard boiled

†: GRAhh

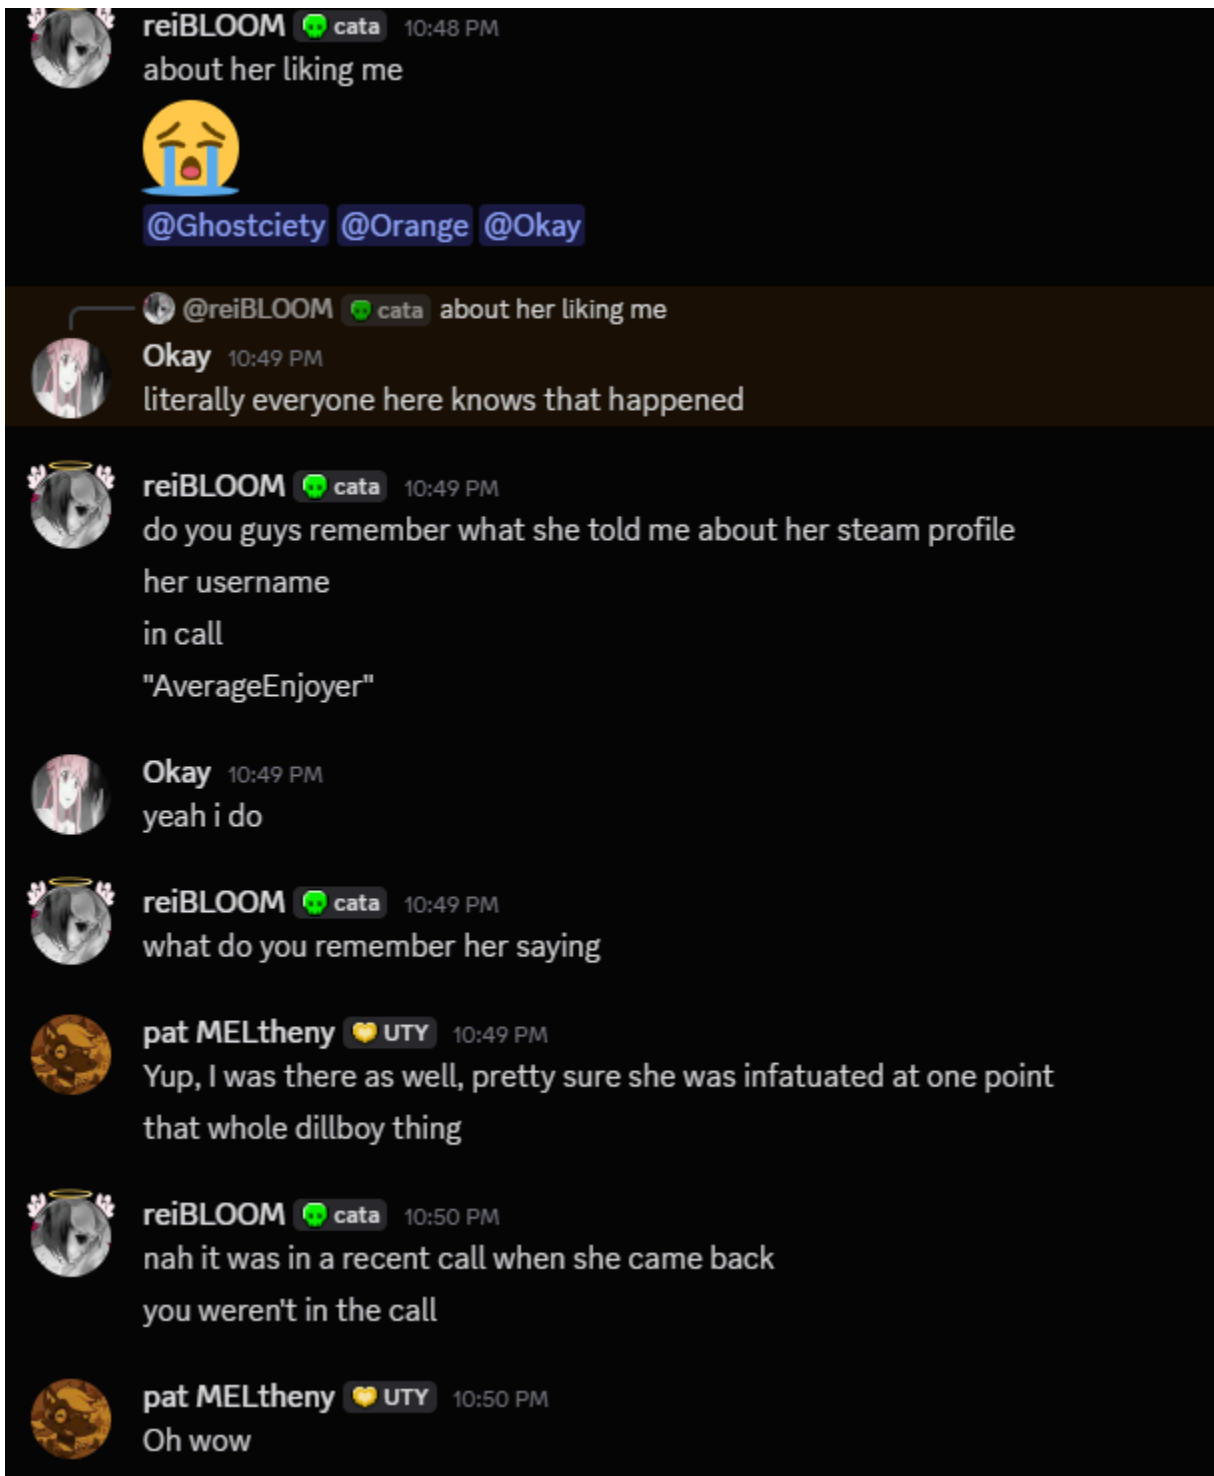

Alek (in response to Ran H): yeah..

Now we can get to what I really wanted to talk about.

My friend group had a group chat with Fynnee. The same friend group from way back when we first met. There is a member of the group that didn't know Fynnee back then as he only joined within recent years. He was the one that brought her back and created a bridge for us to talk again, resulting in us initially making amends before Fynnee realised that she still had feelings

for me, going as far as to base her Steam username on an old alias that I'd used. This was on call so I can't show picture evidence, but I asked my friend without context if she remembered the same thing. I didn't tell her what it was, instead asking her what she remembers being said.

Transcription:

reiBLOOM: about her liking me

(I then pinged Ghostciety, Orange, and Okay)

Okay (in response to reiBLOOM): literally everyone here knows that happened

reiBLOOM: do you guys remember what she told me about her steam profile

her username

in call

“AverageEnjoyer”

Okay: yeah i do

reiBLOOM: what do you remember her saying

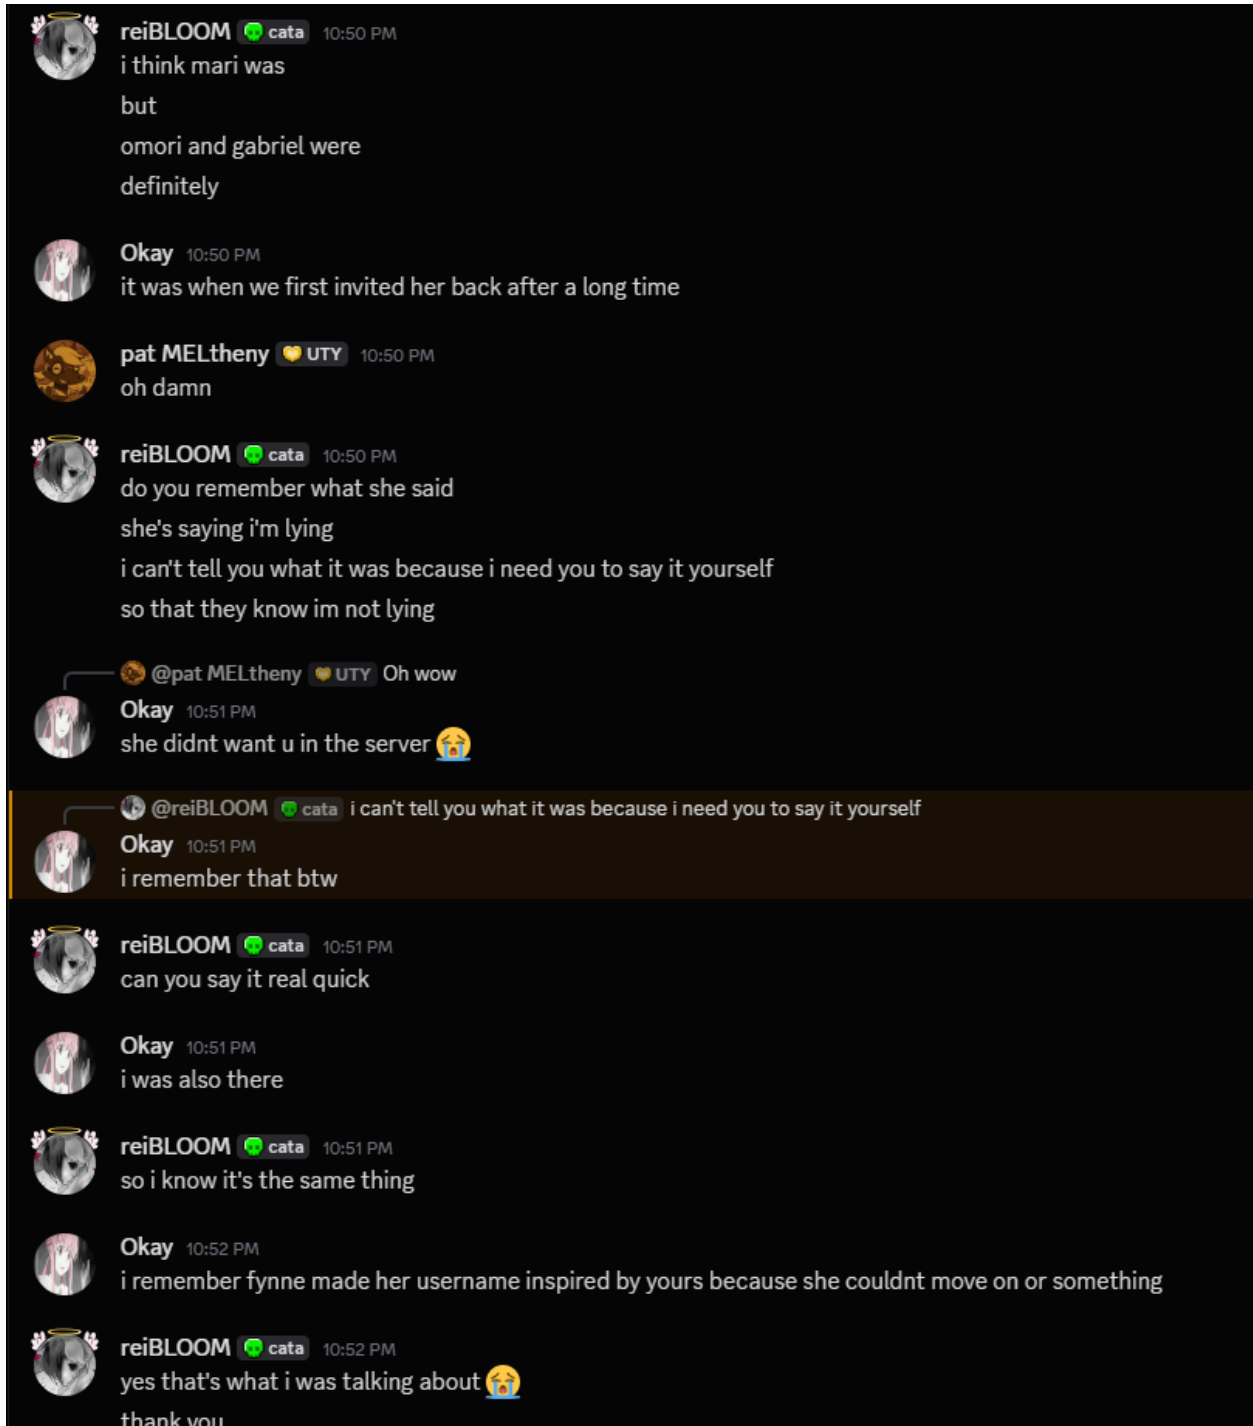

Sir Plantegg: Yup, I was there as well, pretty sure she was infatuated at one point

that whole dillboy thing

reiBLOOM: nah it was in a recent call when she came back

you weren't in the call

Sir Plantegg: Oh wow

reiBLOOM: i think mari was

but

omori and gabriel were

definitely

Okay: it was when we first invited her back after a long time

Sir Plantegg: oh damn

reiBLOOM: do you remember what she said

she says i'm lying

i can't tell you what it was because i need you to say it yourself

so that they know i'm not lying

Okay (in response to Sir Plantegg): she didnt want u in the server 😭

Okay (in response to reiBLOOM): i remember that btw

reiBLOOM: can you say it real quick

Okay: i was also there

reiBLOOM: so i know it's the same thing

Okay: i remember fynne made her username inspired by yours because she couldnt move on or something

reiBLOOM: yes that's what i was talking about 😭

thank you

End transcription.

At the time I was in a relationship which has now ended (though I'm in a new one now, I love my girlfriend ^_^). Understandably I felt uncomfortable, but I didn't blame her and decided to talk to her on call about how her advances were making me feel. Everything was fine from there, mostly. Fynnee, at this point, was going by "Fletcher."

I introduced Fynnee to some more friends and following that things began to go downhill. Many things happened, and one of my friends was not innocent, constantly arguing with Fynnee on and off. I tried to diffuse it as much as I could, acting as a middleman. But on the side Fynnee was having other problems that she refused to listen to me about, such as her feelings for Digital. Everything was getting too much for me and I decided to cut her off with a lengthy message explaining why. I can't find this anymore as I believe the account has been deleted,

but I mentioned how she'd constantly make it a problem and her refusal to listen to advice was beginning to affect me, especially staying up late talking to her about issues she refused to fix.

After Fynnee contacted my friend Mikey and asked to regain contact with me, I gave her another chance. As it stands now, that was the last chance she'll get from me. I never want to hear from her again following the release of this doc.

Everything was going well. She now went by Fynnee. She was experiencing intense stress following the release of the Grace Babies team's doc, so I felt obligated to help. I did most of the writing and planning which you will never hear me credited for. I didn't want credit—in fact I wanted to stay anonymous! But it hurts to have it thrown back in my face like this.

Following the release of our response doc, Fynnee was saying homophobic slurs in our personal group chat despite her really wanting everybody to know that she is not gay in any way, shape, or form. She mentioned being scared of gay people a lot due to the harassment she received after the doc.

Ghostciety: Actually holy shit

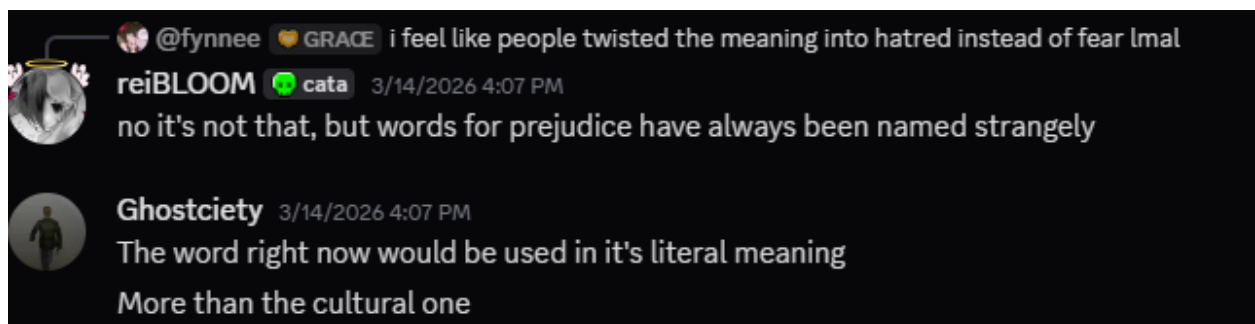

That's so true

reiBLOOM: just make sure not to generalise or say anything like this

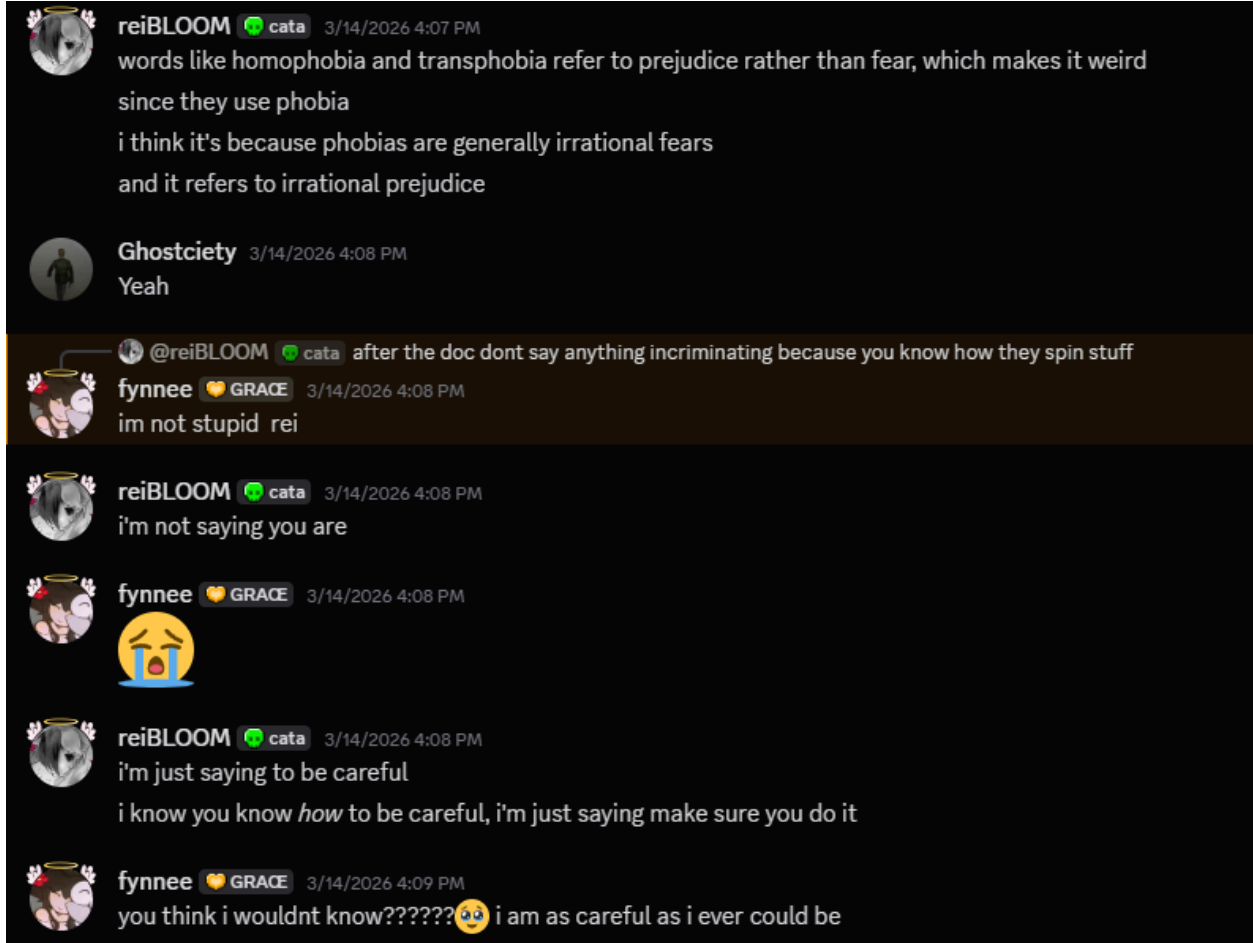

Fynnee (in response to Orange): i feel like people twisted the meaning into hatred instead of fear lmao

reiBLOOM (in response to Fynnee): no it's not that, but words for prejudice have always been named strangely

Ghostciety: The word right now would be used in it's literal meaning

More than the cultural one

reiBLOOM: words like homophobia and transphobia refer to prejudice rather than fear, which makes it weird

since they use phobia

i think it's because phobias are generally irrational fears

and it refers to irrational prejudice

Ghostciety: Yeah

Fynnee: and i am avoiding public spaces now too

Orange: sorry if this is mean to post right now

i just wanted to post a joke

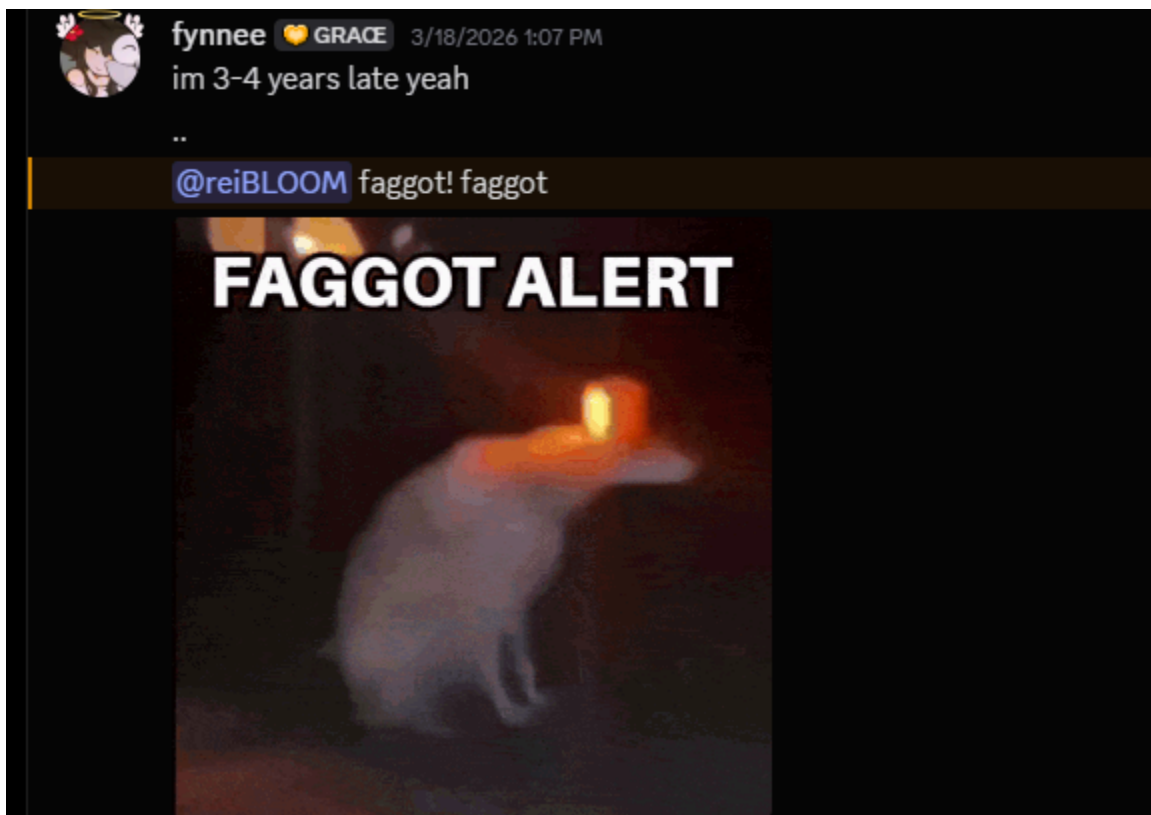

(Orange then sent an edited image where Fynnee called herself a baja blast golem)

End transcription.

Here you can see her beginning to crack. She gets slightly aggressive towards me the moment I correct her or try to explain something. She doesn't like being "lectured" as she calls it, and I used to think that was because she was afraid of confrontation, but now I believe she just doesn't want to learn. She prefers to stay in her safe little bubble of hatred, prejudice, and ignorance. I'm genuinely sick of watching it, and I give up on trying with her.

Anyway, let's get to the climax. Some of this is going to sound weird but bear with me. The exposure is somewhat necessary for context:

My girlfriend was at my house and mentioned my waist being narrow, and at first I didn't believe her until I looked in the mirror. I talked about it in the group chat because she said I should try her clothes on, and I found this revelation funny so I decided to share it. Following this, Fynnee playfully called me a homophobic slur. Personally it doesn't bother me when I know it's not coming from a place of hate, but the usage of the word itself is the problem.

Transcription:

Fynnee: im 3-4 years late yeah

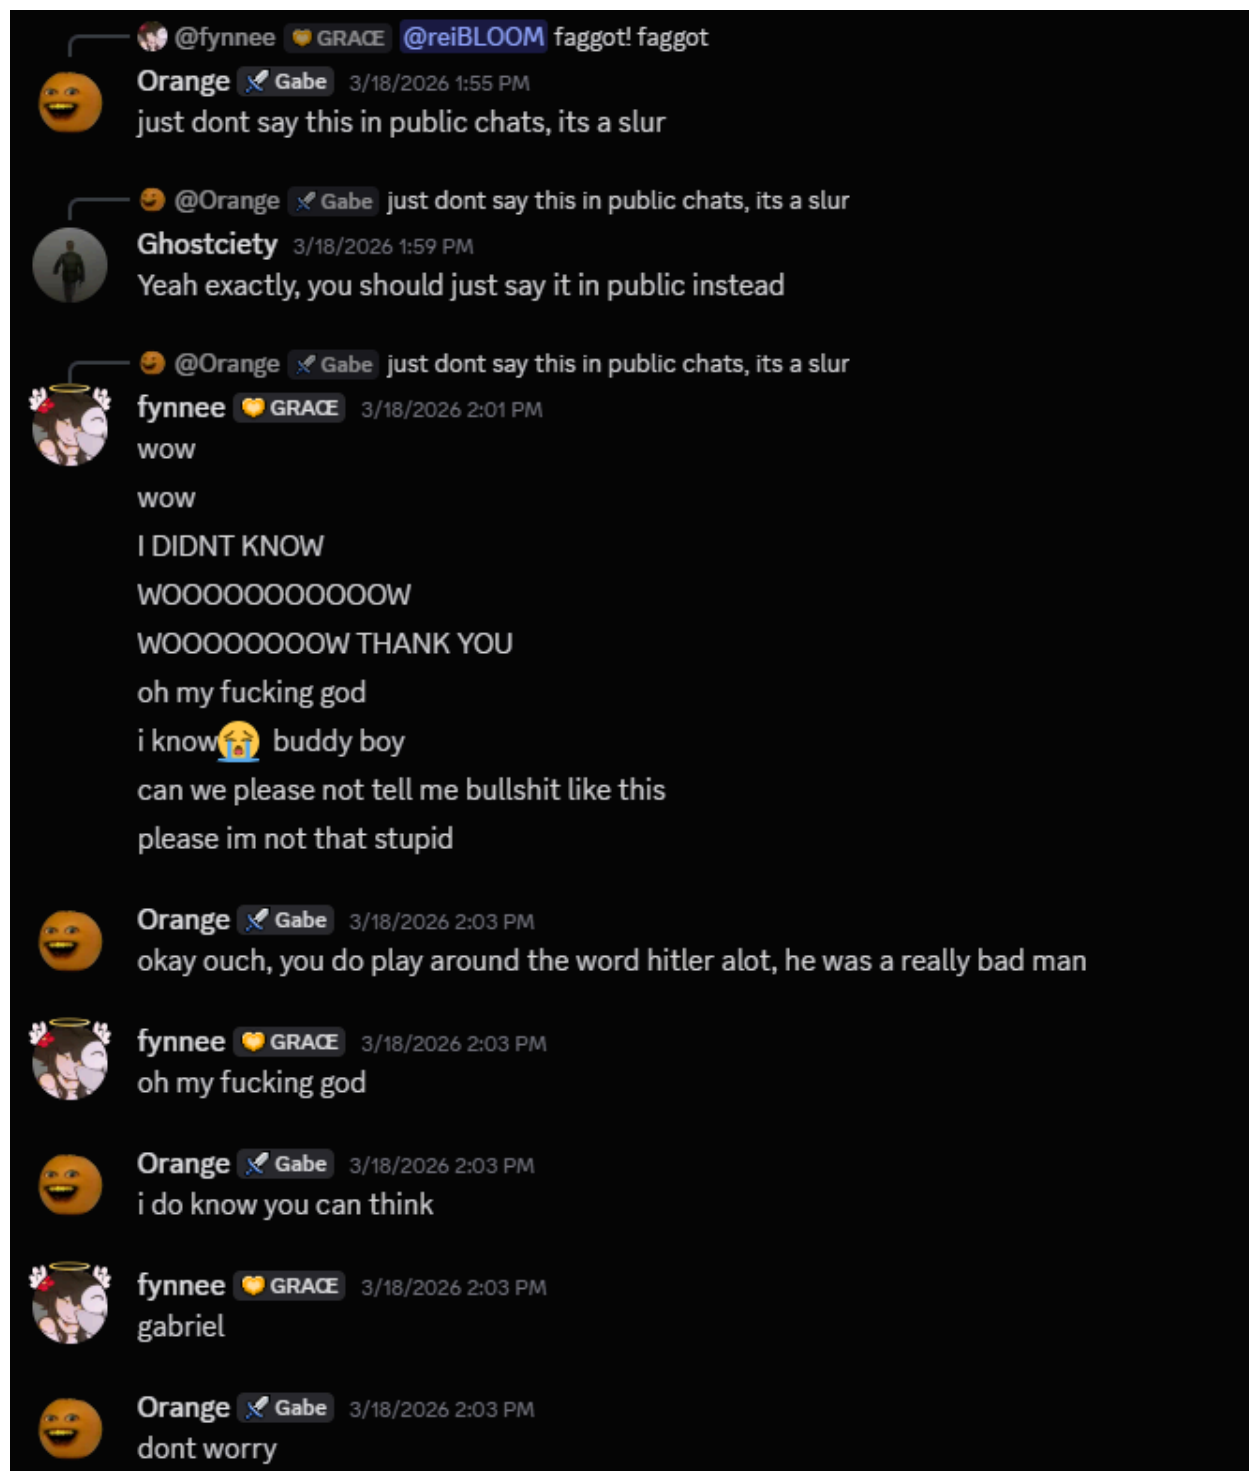

..

(She then pinged me) f-slur! f*-slur*

(She then sent a gif saying F-SLUR ALERT)*

End transcription.

Now after this it really began to hit the fan. Gabriel tried to correct her...

- I didn't fall asleep, Mari. I was just typing a very important message. -

reiBLOOM (in response to Fynnee): edgy humour is fine but you have to use it in a humorous manner. using slurs that you can't reclaim is wildly different than a structured dark joke.

i know you understand this, but you need to remember that this is what led to the creation of the ffd in the first place—taking pieces of context and forming a case against you. i get that you're upset but you're being a bit too defensive when gabriel only wants to help. he knows that it's happened before, so he's worried it could happen again if you aren't careful.

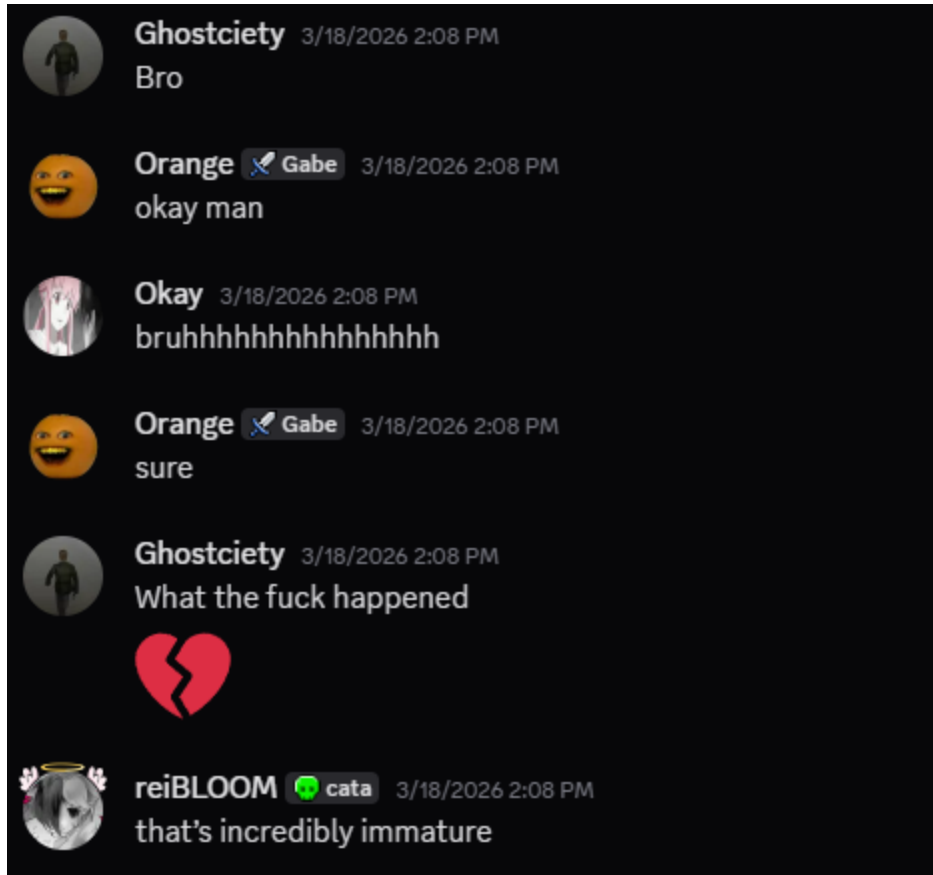

just be mindful. nobody is attacking you

reiBLOOM (in response to Fynnee): this isn't a lecture

it's a piece of advice

(Fynnee then left the group.)

reiBLOOM: okay then

Ghostciety: Bro

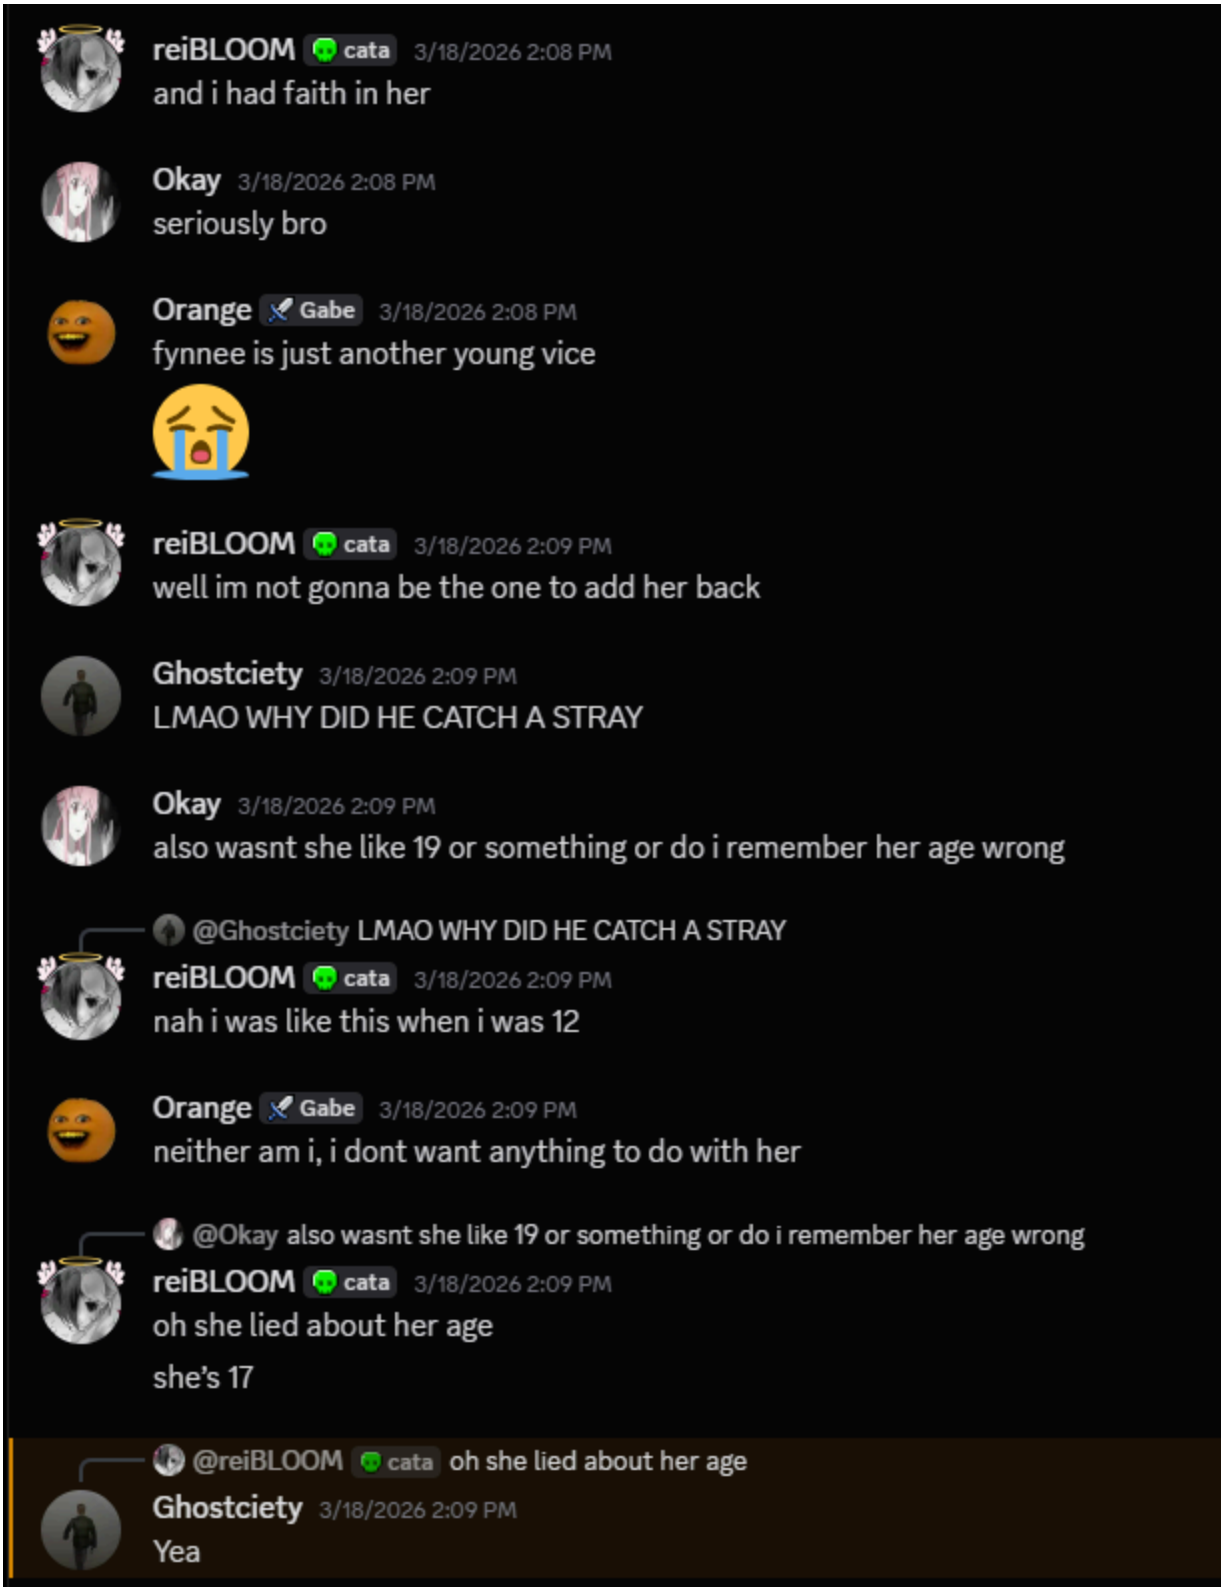

Orange: okay man

Okay: bruhhhhhhhhhhhhhhhhh

Orange: sure

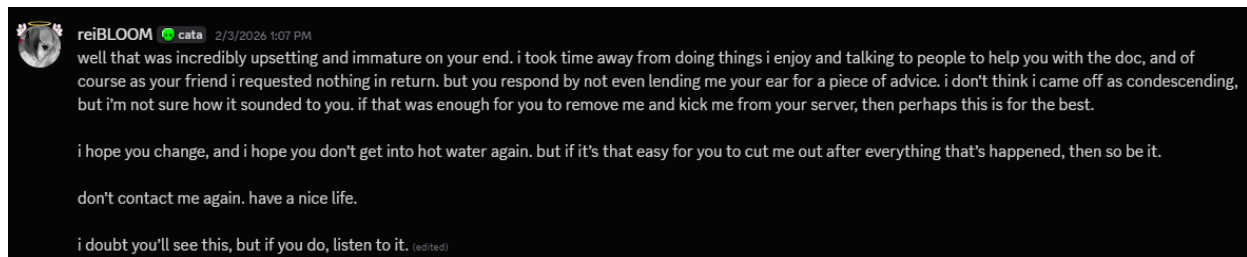

Ghostciety: What the fuck happened

reiBLOOM: that's incredibly immature

Following this she left every server and group chat with me in it and banned me from her commissions server. I tried to send her a final message while I was frustrated, but she'd

unadded me. I instead edited an older message in case she ever returns to my DM, hoping that it drives her away from contacting me ever again.

You may think that after what she said, she wouldn't say slurs in public anymore. But you'd be wrong. Today my close friend Lain texted into a server he shared with her again, and he saw some atrocious things being said. This time she can't use any excuses. In the screenshots I'm about to share, she admits that she's "paranoid," only says slurs because they "sound funny," and shows extreme immaturity.

This is the last thing I'm going to share, because I honestly don't think any more needs to be said.

Yeah. I'm just going to end it there. There is so much more I could show, but I think it would get redundant after the eighth set of screenshots. I don't think you need much more to understand what kind of person Fynnee is.

The purpose of this doc is to put the proof out there, not to influence you. Make up your own mind. I don't care about the Grace community. I just care about everybody knowing the truth about Fynnee as an old friend.

I apologise for some screenshots being difficult to read. I really just don't want to focus on this anymore. What's important is there.

Later.

You probably won't see me here again.

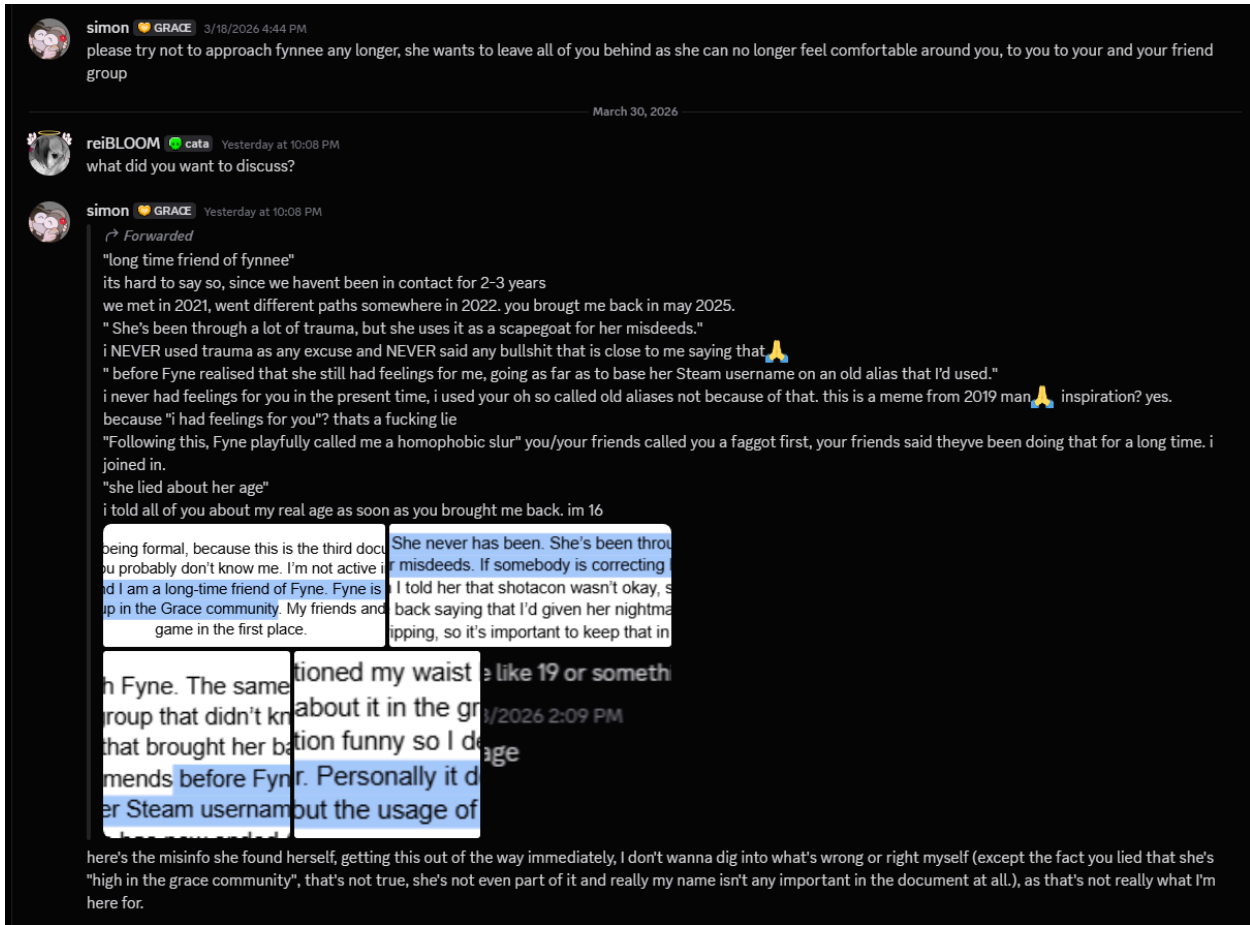

If it wasn't obvious, don't harass Fynnee, and especially don't harass Simon. I don't blame him for her actions because I believe she was intentionally keeping information from him. That's just a theory though.

Simon

Simon added me. Here's the conversation.

(Transcriptions WIP)

Transcription:

March 30th, 2026

Rei: what did you want to discuss?

Simon (forwarded message from Fynnee): "long time friend of fynnee"

its hard to say so, since we havent been in contact for 2-3 years
we met in 2021, went different paths somewhere in 2022. you brought me back in may 2025.
" She's been through a lot of trauma, but she uses it as a scapegoat for her misdeeds."
i NEVER used trauma as any excuse and NEVER said any bullshit that is close to me saying that 🙏
" before Fynnee realised that she still had feelings for me, going as far as to base her Steam username on an old alias that I'd used."

i never had feelings for you in the present time, i used your oh so called old aliases not because of that. this is a meme from 2019 🙏 inspiration? yes. because "i had feelings for you"? that's a fucking lie

"Following this, Fynnee playfully called me a homophobic slur" you/your friends called you a faggot first, your friends said theyve been doing that for a long time. i joined in.

"she lied about her age"

i told all of you about my real age as soon as you brought me back. im 16

-- forwarded message end

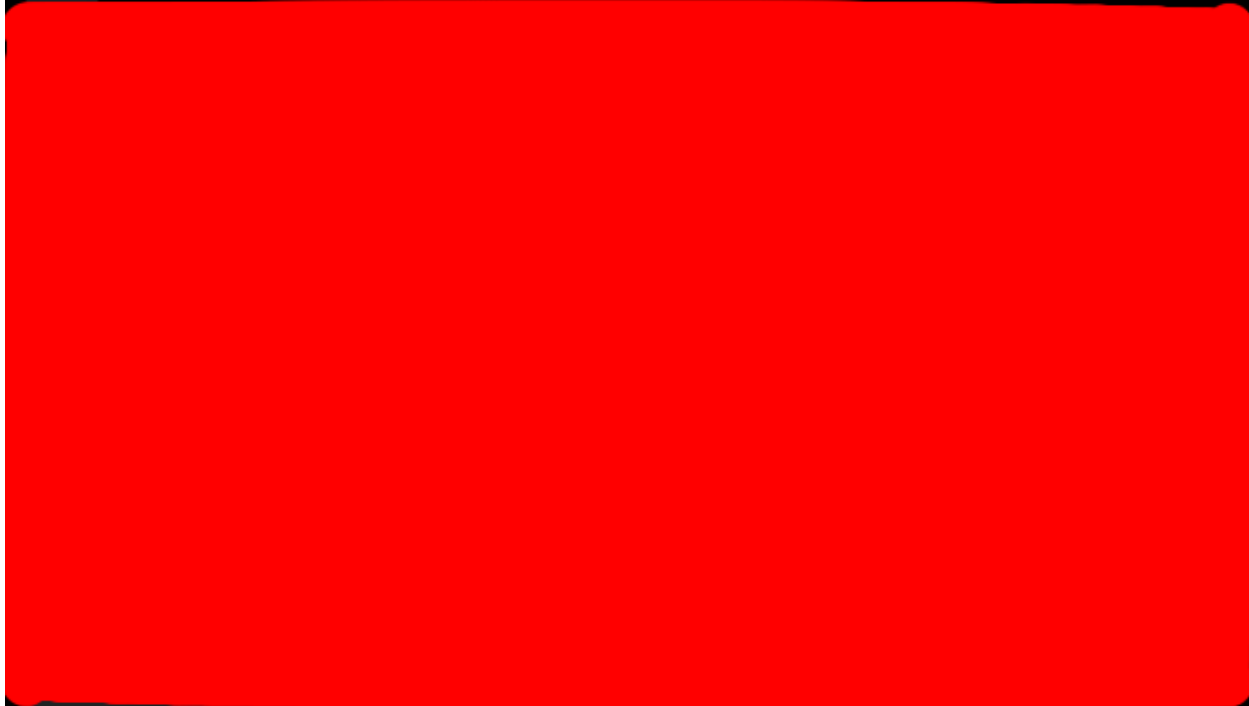

here's the misinfo she found herself, getting this out of the way immediately, I don't wanna dig into what's wrong or right myself (except the fact you lied that she's "high in the grace community", that's not true, she's not even part of it and really my name isn't any important in the document at all.), as that's not what I'm really here for.

End transcription.

Simon claims that Fynnee isn't high up, but I received evidence that she "gets more leaks than the devs themselves."

fynneee

btw i get more leaks than even devs themselves do (simon said it himself)

and well i kinda help simon with art stuff ig it just depends

that's rly cool

Rei, in reply to the forwarded message: let me read this

1. The amount of time that we've been out of contact is irrelevant. My point there was that she still acts the same way that she did when she was 11 years old.
2. She has, in fact, used trauma as an excuse. There have been *many* cases of this, but the most memorable one was the shotacon argument. I told her that it was illegal and her response was "you're reminding me of my trauma." She proceeded to go to bed before waking up claiming that I gave her nightmares, painting me in a villainous light.
3. Fynnee told me *directly* after regaining contact that her Steam username was based on me. My old alias was AverageOmoriEnjoyer. She literally said to me on call that she got it from there. This is hearsay from both of us, but I know that I'm telling the truth. You can choose what to believe. She said that she hadn't gotten over me.
4. Some of them did say that and I didn't find it hilarious. But it didn't offend me personally. The reason for making this doc wasn't because you called me a slur. In fact I was ready to let it die after editing the message in her DMs for her to read. The only reason I brought this up again was because of what Lain saw going on in the other server. I felt betrayed and lied to, because she told me that she didn't intentionally say slurs and had no idea what a lot of them meant. I thought she'd changed, but disappointingly, she had not.
5. That's irrelevant. She lied regardless. It was shocking to hear after all this time, and she only confessed to it *very* recently. But that wasn't a huge point anyway.

Rei, in reply to Simon's message: That's my bad, I assumed as the owner's girlfriend that she was. I'm not part of this community so I'll correct that part.

Rei, in reply to his own message: For point number 5, Mari simply forgot. She didn't forget that she lied, but she forgot what age she actually was.

Simon: as for your response to me,
I don't see how this isn't pettiness? she doesn't know how she hurt you, she didn't reject advice, infact she used it, she made edgy jokes in a private invite only server that YOU sent a person into to take screenshots of, as for the whole "hiding information theory", she wasn't, I was fully aware, and I didn't care because she wasn't hurting anybody, I was just happy that she was happy without getting in anybody's way, I don't know how she was in your way so much that you decided to take it out this way.
also she never blocked you, I blocked you because I wasn't willing to hear your shit, hope you understand.
you didn't write most of the document, yours is like <10% of it, there had to be cut alot.
she didn't lie to you while you were defending her at all, and if she did I would like you to show me.
she has 0 idea what "deep personal conflicts" you mean

Simon, in reply to Rei: 3. she's saying you're lying here, she's saying it was never even brought up

The screenshot made them look connected.

@simon GRACE as for your response to me, I don't see how this isn't pettiness? she doesn't know how she hurt you, she didn't reject advice, infact she used it, she made edgy jokes ...
reiBLOOM cata 10:28 PM
Fynnee does in fact know she hurt me because she's done the same thing before. When I cut her off recently I literally sent her paragraphs of reasons.

Doing things in private doesn't make it any better. Did you read the screenshots at the end?

I put a lot of effort into the document and Fynnee appreciated it before she cut me off. Now I'm not involved at all, I guess.

She lied about not intentionally using slurs that were offensive. As seen in the screenshots at the bottom, after learning of their weight, she continues to use them.

She did block me, or at the very least unadded me and had her DMs disabled. It didn't let me send her the final message, so I edited one instead.

If she has 0 idea what I mean, then she clearly hasn't changed an inch. If you claim that she hasn't withheld any information from you and you continue to agree with what she's doing, then that's deeply concerning.

I'm not telling you to leave your girlfriend. I'm telling you to ask her to become a better person. But you just want to let her stay in the state that she's in, and I don't understand how you can see that as anything other than a problem.

@simon GRACE she's saying you're lying here, she's saying it was never even brought up

simon GRACE Yesterday at 11:50 PM
(read it all at once then respond)

1. she has no idea how she hurt you, all she recalls is refusing your help one time.
she never seen any paragraphs of reasons, and if you mean the message you edited, she didn't know about it + it doesn't provide any reasons to do any of this outside of overescalated grudge?
2. she wasn't hurting anyone in that private space, she just wanted to have friends of this humour because she wanted to have actual friends for once (*with the mindset that these kinds of humoured people are more trustworthy to her as the people that harassed her were the opposite*), and used said humour (*which she also found funny herself, God forbid a teenager has edgy humour*) to fit in, after she disconnected herself from actually public online spaces, and yes I did read the screenshots
3. because she just couldn't find peace with being in the friend group, plain and simple, she appreciated the document, you yourself said you wanted nothing in return, but one day degradingly lecturing her made her finally realise she didn't like being around any of you people at all and had overall totally regretted returning to the friend group, so she left and disconnected everyone.
4. she didn't block you, she didn't see the edited message, you could've messaged her on telegram too if you really really tried to get to her

5 (but also some of 2). still don't know what "deep personal conflicts" you mean
she wasn't using the slurs for their purpose, she was joking about them in a place she knew the people would understand she wasn't using it to be offensive, none of them gave a shit.
she was making jokes she still found funny to her around people she trusted, in her little commission community: she makes none of the sort, and in twinkcord: she made jokes around people she trusted with said jokes like friends, I literally don't see anything wrong with that and I've heard you've done the same in group chats, fyi: won't do anything with this information, I've got better things to do.

also you didn't censor any of her usernames.
all you've done is made her feel even less secure, impressive considering her state honestly, she saw something like this coming from you because she knows you like to snap like this, so she felt very uncomfortable after she had disconnected as this wasn't the first case of your friend group being after her, she's tired of all of you so stay in your lane for once.

this document isn't gonna make her change, in fact it's giving her more reasons to do the opposite, and I can't even blame her anymore, if people that genuinely want her to "change" act like this to her, she literally won't in fear of becoming just like the people.

and if that's not the goal then what is it? "put the proof out there" just sounds like the same shit the grace babies people were doing, I'm genuinely so confused, it just seems to me like a to-blank-wall rant you're sharing around in public. if you really want her to have a nice life why the fuck are you so attached knowing full damn well you yourself make her uncomfortable, let alone shit like this?

@simon GRACE (read it all at once then respond) - she has no idea how she hurt you, all she recalls is refusing your help one time. she never seen any paragraphs of reasons, and ...
reiBLOOM cata 12:02 AM

1. she refused my help multiple times, and that's a huge reason i cut her off. she was pushing herself deeper and constantly complaining about it, yet refused every solution. if she didn't delete the account i would've showed you the message. she doesn't realise how much she hurt me because she doesn't give a shit about me and can't wrap her head around the feelings of others.
2. that doesn't matter. it actually frustrates me deeply how you find it so difficult to wrap your head around this. you're so blinded by your love for her that you actually won't let her improve. she's done it in public before. what makes you think she won't do it again? i was like that when i was 12-13. we both were. but one of us grew up.
3. if she didn't want to come back, she should have stayed away from me after i cut her off rather than coming back through one of my friends. also, degradingly lectured her? i'll attach the "lecture" you're talking about. if this is degrading to either of you, then you need to work on that. i was as soft as i could possibly be. if i didn't care about her this wouldn't have hurt me how it did.
4. i don't even use telegram anymore, i forgot i had it until you mentioned it to me just now 🙄
5. it's stuff from years ago. some were petty, some were major. it was friend group drama. things like bullying people but getting upset when the same energy was returned, both sides ironically. refusing to hear us out on anything and constantly avoiding conversations and using her trauma as an excuse.

edgy humour needs humour. slurs aren't funny.

i've tried to encourage her a lot. i've known her longer than you, so while she's explained things to you, remember that i saw a lot of this in real time. i'm not invalidating anything that she's said to you about her experiences because she's gone through some TERRIBLE things, but rather than growing from it, she wallows in it and uses it as an excuse. a scapegoat.
