

So, this is „sexual harassment“?
I thought she's in underwear (which I consider as inappropriate), that's why I asked. After I opened YT again I saw this & other insults from her “fans”
After this I saw how she talked about this situation on twitter, but portrayed herself as a victim of body shaming and harassment and what an asshole this person was....?
Sure, I wasn't nice either, but that's no excuse for harassing and bullying for weeks

Not to mention this guy condones child porn and supports Team piñata and @DissociaDID . Beware of this guy @HopelesslyMYOFB

Had that I found out?

The Alternative System @... · 15. Juli

I didn't even tag the guy and he went through the trouble of going to my YouTube channel, finding the video, finding the comment, screenshotting it, going to an app, putting the pictures together, tagging me on Twitter just to body shame me twice 😏 and it doesn't bother me soooo

I have nothing to hide y'all! I was working with an abuser that had a company called [redacted]. I was hired as a model. I was being abused, and told what to post on social media. What isn't shown here is the fight I had getting his kids taken away 🤨 hate me idc

Lies! Posts are from June 2020 see post below

This person does need help. I personally knew her as she was my best friend and roommate. We have done photoshoots together and everything was fine between her and [redacted] until I started to date [redacted]. She had an interest in [redacted] and he refused her. As soon as [redacted] and I started to date she flipped shit. She has assault charges against her and has a serious problem with impulse control...for example when she stopped paying rent when we were sharing a house together she came by the night after she was supposed to be out. Drugged up on God knows what... probably coke because she was extremely aggressive and so high she couldn't figure out how to unlock the door. (She still had the landlords keys) anyways she got in and slept in her room that she was supposed to be out of.. then the next day when our landlord came downstairs to kindly ask her to gather her belongings and leave...another roommate came downstairs and got in the middle

downstairs and got in the middle between the landlord and her and she flipped out on the roommate and threw a bong at her head nearly cutting an artery in her neck. Well...she was kept overnight at the jail and a restraining order was filed against her with the roommate and landlord. She needs serious help but it is also really not okay to accuse someone of something so serious when all [redacted] has done for her was give her a place to stay when she needed it most.

Yes

I'll give you his number

You just sent it didn't you?

Is he a safe person? How long have you know him

Yes, a very safe person. I know him very well.

This person is crazy. [redacted] is not a rapist. Her and I use to be roommates..After she got kicked out of a room she was renting in the house I was staying at she went to live with her boyfriend. But then she got all crazy on him and there was a big episode and she ended up getting arrested for harassing a bodyguard at a hospital. [redacted] bailed her out of jail and gave her a separate room downstairs.... completely on the other side of the house for her to use until she got back on her feet. All he asked of her was that she pick up after herself and clean up in exchange for free room and board. She moved out of his place after a few months and found her own space. She started to slander [redacted] when him and I started to see each other. We were actually really close and she never told me anything about him before, endorsed him as being a good person. She's the one who connected us.

Selling what?

Onsies lol

He makes and sells kink wear

Ok

That makes more sense

It's not sexual he just saw that my Daddy wasn't there (Drew)

She was warned: If she ever mentions me again, I will expose her again. She wanted this.
Everything I found is from public sources, posted by herself PUBLICLY. I censored everything, but after calling me out for "revenge porn" I cropped her completely out. No need to see her anyway

Again: I NEVER APOLOGIZED TO YOU! You harassed me for WEEKS! I started to defend myself and called you out bc you DIDN'T STOPPED! You lied about an a*use to weaponize it like you did with SH - receipts!

This person's channel did go out of their way to try and humiliate me and ended up exposing my trauma to the entire Internet. Then making me explain. All bc they thought I wasn't wearing enough clothes. they did apologize but I thought I would let everybody know.

I apologized to them per DM just in case my joke made them feel uncomfortable. & Dude, you sexualized yourself

It's OK I have a lawyer. I have been stalked before. I make about \$125,000 a year. Right now because of my mental health relapse I'm only making half that. But regardless I have a lawyer, and this google drive is revenge porn. I have screenshots and the persons legal name.
You posted them PUBLIC yourself! I censored them

I self harm because it's the only way to pull me out of a flashback or a psychotic episode. Most of the time I use steam sometimes I use hot hot hot water sometimes I use ice. This time none of that worked and I slipped too far into psychosis.
Or trying to gain sympathy bc you messed up?

This is what happens when you run a smear campaign. Not just that, but sending nudes thru a google drive. I'm posting this because it's real. It's fucked up. Those posts threw me into a two day long flashback, that I could only end by pain. 🖐

Who do you blame now? Me, Vang, Brandon, anybody?

Yesterday sometime I do not remember, I self harmed. Not only did I self harm, I posted it to twitter. In no way shape or form Did Vangina or any of the others who shared this put the knife in my hand, nor did she make me post the pictures on the Internet in a "look what you did to me" kind of way. I did that. I have a dual diagnosis of DID and BPD.

Dude, there were never nudes?

The event that pushed me over the ledge was a google drive. A google drive of my nudes. Being spread around to other YouTubers Including Vangelis Kov. Her channel having over 20k subscribers. That information that was being twisted was about a ritual abuse rape that I was dealing with **There is absolutely nothing for her to apologize for? You fucked up!**

She said "to be fair most of my twitter followers aren't on YouTube" in response to me asking her to apologize publicly 😞 She never did officially apologize publicly and admit she was wrong.

I don't blame anyone, but you did this... SMFH

So here I am, waving my arms in the air screaming "It was me, I fucked up. What can I do to make it right?!" **TAKE RESPONSIBILITY?!**

I shared those horrific photos during a time of extreme crisis, it was a cry for help. I was begging for help... people are allowed believe otherwise, they're allowed to speculate about my r*pe story. You're also allowed to hate me... I don't care. I am mentally unstable and was going through psychosis at the time. I made a huge mistake. If you can't accept that than we don't have to be friends.

Will you tell how you bullied me for weeks?

I'm going to be making a video about Cyber Bullying and the detrimental affect it can have on people. Especially children. (Elsie, 8 is the self harmer)

Only screenshots you share publicly yourself, and how you bullied other people? No slander, but FACTS
She had ZERO right to share information about me without checking her sources. All of it was slander... incorrect, damaging and re-traumatizing. Not to mention attacked to naked pictures of myself. **Censored, and public!**

You said you didn't remember subscribing her patreon??
She had NO idea the affect it would have on me, who used to be one of her biggest supporters.

ALSO people are REALLY upset by the videos I'm making about DissociaDID. The reason that you're so upset is, the more videos I make the more exposed she becomes. I hope that you realize that you sound like you're begging me to stop exposing an abuser. 😞

Gaslighting

Take a look in the mirror, and if you don't like what you see fix it. Stop yelling at me, I'm just holding it.
