

Note: she actually deleted the threat doc right before we found out.

Keep this in mind this includes school shooting threats, read at your own risk.

**Jakie's threat doc:**↓

I fucking hate everyone so much, those fucking cunts don't deserve any remorse from me. All of them made my life a huge misery and it's the reason I was prevented from being able to change and they took everything I loved anyway from me and stripped me of my friends but what was their goal? What was their achievement? All of this isn't gonna help me change or improve for better, it's just gonna make me mentally and psychically worse. And I can see that I'm getting worse to the point where I wanna kill people, mainly pointing at my school where there's certain dickheads I hate as well and didn't make anything happening better. I just wanna kill everyone hurting and bringing me pain so bad...I wanna kill Inkto, TCS, Cherry, Galaxy and Coco and so many others but first, I'm gonna start with my school where I need to get rid of the dick heads who has bullied me for a very long time before everything happened. People wanted me to change so fine, I'll change...but not for the good, not for the better, not for anyone and not even for myself. I'll take the fuckers out with me like they are flies feasting on dead deers, I'm gonna kill people and kill myself. I give no fucks about anyone anymore because otherwise, I would feel very remorseful for taking these dogs out with me. Though, what would my step-parents think? I don't know but I don't care enough to know, I'll know when I'm dead and I'm known on the news. Everyone will finally see me as a nobody trying to be a somebody. No one gave fucks about me so I can't give fucks about anyone now because why should I try if all I'll ever be brought is pain? I don't care about how anyone feels or thinks, all I'm ever known as is a monster so you wanna think of me as a monster then fucking fine. I'll show you a damn monster, I'll show you what the fuck I'm capable of doing, I'll show you how much pain and damage you've brought onto me. You fucking pathetic little cunt losers. I hate every single one of you and I hope all of you burn in hell with me, you fuckers deserve to feel the fucking pain I've fucking felt for the past 3 fucking years. You all will see what you wanted me to change into and you all will see what you cunts created then I'm gonna fucking kill myself once I'm done giving my pain back to you fuckers. You guys had a goal to ruin my life so I now have a huge goal of destroying everything I get in my fucking sight. I'm gonna force myself to not be fucking sidetracked by my sympathy, empathy, mercy or any of that nonsense, we all live in such a filthy

fucking place called earth and I hope that it will be eventually ceased of everyone. I wish that if people had the chance to, they would actually properly try to continue helping me and help me learn to change for the better but it's too fucking late. You fucking cunts had your chance but you all fucking blew it and soon...you all will remember me of how much of a monster I have been made into being, you will remember me as a suicidal killer, you will remember me as someone who you all fucked up and destroyed and you will remember what you little shits have created. You finally unleashed the monster inside me and that's what you wanted, right? Don't even bother trying to contact me and acting like you cunts care for me so much when you never gave cocks fuck about how I feel, what I deal with and the hell you've put me through. You never cared about me so why should you try to give a fuck? Go ahead and call me a monster and a psycho all you want but don't forget of what you did to me and what you fucks willingly created. I can't even fucking bother give a massive fuck, I'm forever a nobody so I minus will take the fuckers I hate out with me. All of you deserve to feel pain and I will gladly take the fuckers out with me. I have my shit ready and I learned how to make homemade bombs, I can't wait until I'm ready to end my life in the most awesome but brutal way possible. It's gonna be so fuckin rad when the people who had hurt me are deader then 9/11. It's gonna be fucking worth it. My final words. Fuck you Inkto, fuck you TCS, fuck you BMan, fuck you Plormby, fuck you Inku, fuck you Cala, fuck you GG, fuck you Tempest and FUCK EVERYONE WHO RUINED MY LIFE. I FUCKING HATE ALL OF YOU SO MUCH, YOU CUNTS DESTROYED WHAT I HAD LEFT OF MY LIFE AND YOU WASTED MOMENTS I COULDVE SPENT WITH FAMILY BEFORE MOST OF THEM PASSED AWAY AND I WILL NEVER FUCKING FORGIVE ANY OF YOU FUCKING CUNTS. YOU GUYS ARE THE WORSE AND I HOPE TO SEE YOU IN HELL SOON CUNTS. Goodbye and don't bother contacting me because I might instantly block you, fuck off and suck your mama's cock.

"You guys will all die, and it will be fucking soon! I hope you get an idea of what we're implying here. You all need to die! Even us. We need to die, too! Of course, we'll fucking die killing you fucking shitheads. We need to fucking kick-start the revolution here!"

"We're hoping. We're hoping. I hope we kill 250 of you. It will be the most nerve-racking 15 minutes of my life, after the bombs are set and we're waiting to charge through the school. Seconds will be like hours. I can't wait. I'll be shaking like a leaf."

~Dylan Klebold & Eric Harris.
