Vrc user is same as discord

Warning: Disturbing content

The first controversy:

<https://youtu.be/CPG0Wsx3TtE?si=ct9Yu9aKVojdKyJb>

This video talks about how he sends nsfw helluva boss related memes to those that are under 18 with proof.

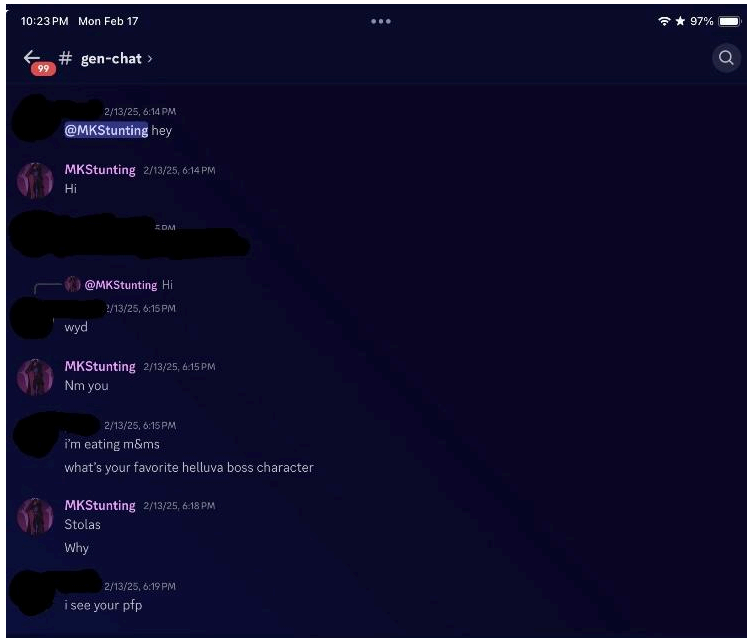

Real screenshot a dm of after the controversy and he denies all the claims.

Other than this controversy, he prays on women and girls to give into his fetish without realizing. The following victim is an adult and ages were clarified prior.

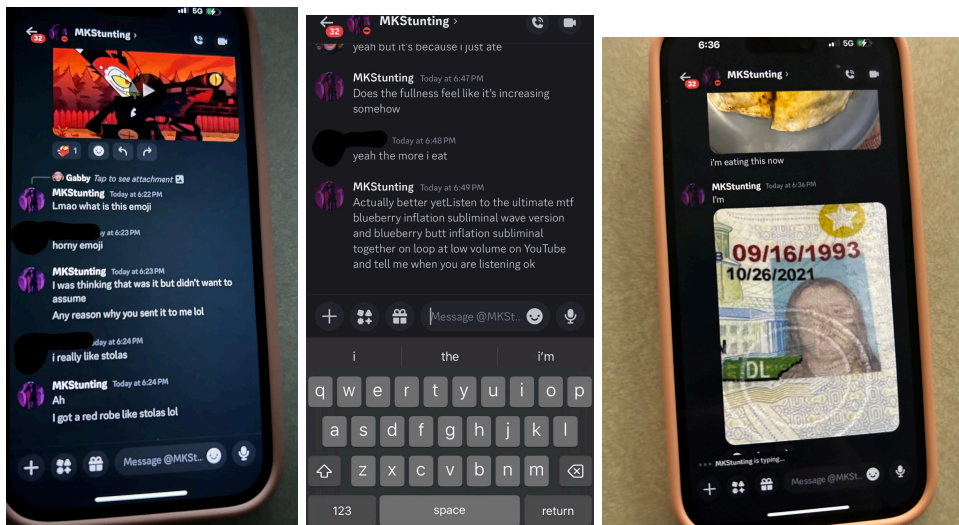

This controversy happened in January, 12-13 2025

Blueberry saga:

The conversation started out in a mutual friends personal discord server.

After this he sent the girl a request and here's are snippets of him trying to put his fetish onto her.

During the conversation he did send a zoomed in photo of his ID, you can clearly see his face, dob, and state.

This conversation happened on 2/13/25 at night

Photo that was attached^

Blueberry saga 2:

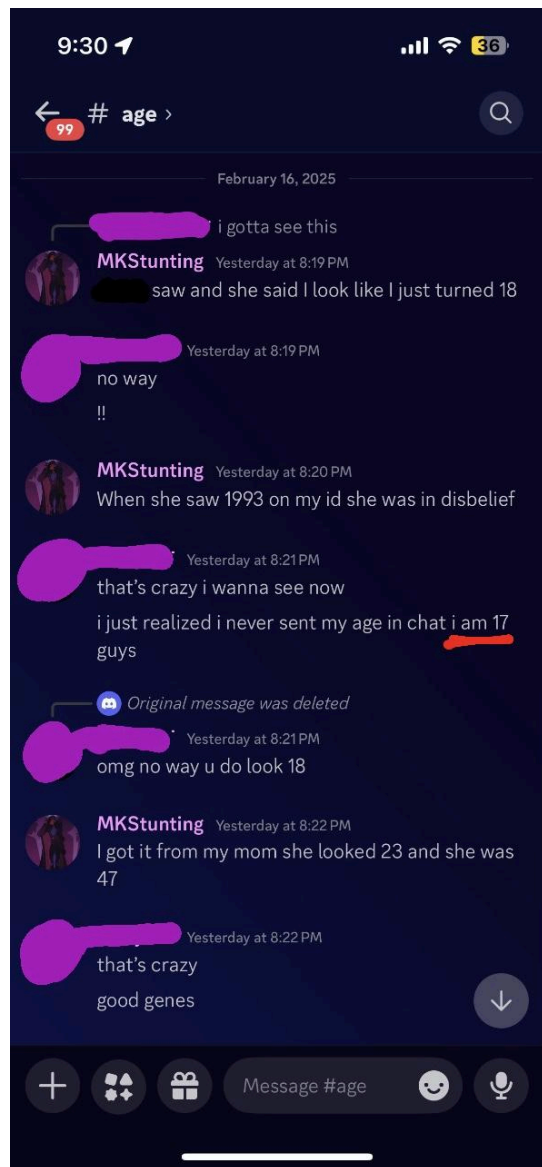

After his controversy there was another victim who was in the same mutual friends server who claimed to be 17(false claim but he did believe it)

The victim is in purple

This is how the conversation started in the same general chat

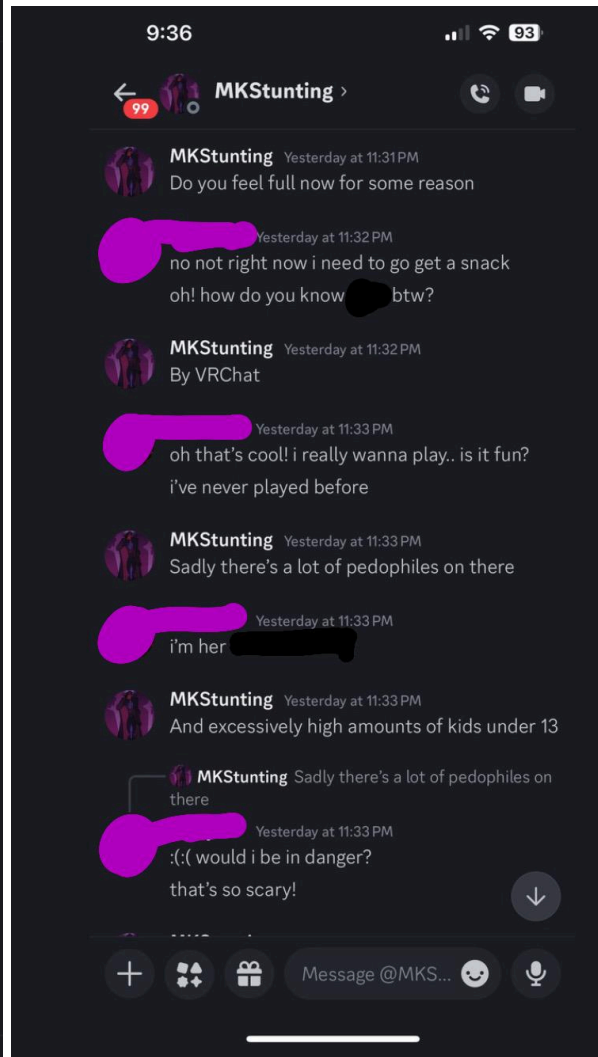

Later on during the day this was said in the chat that you're supposed to put your ages

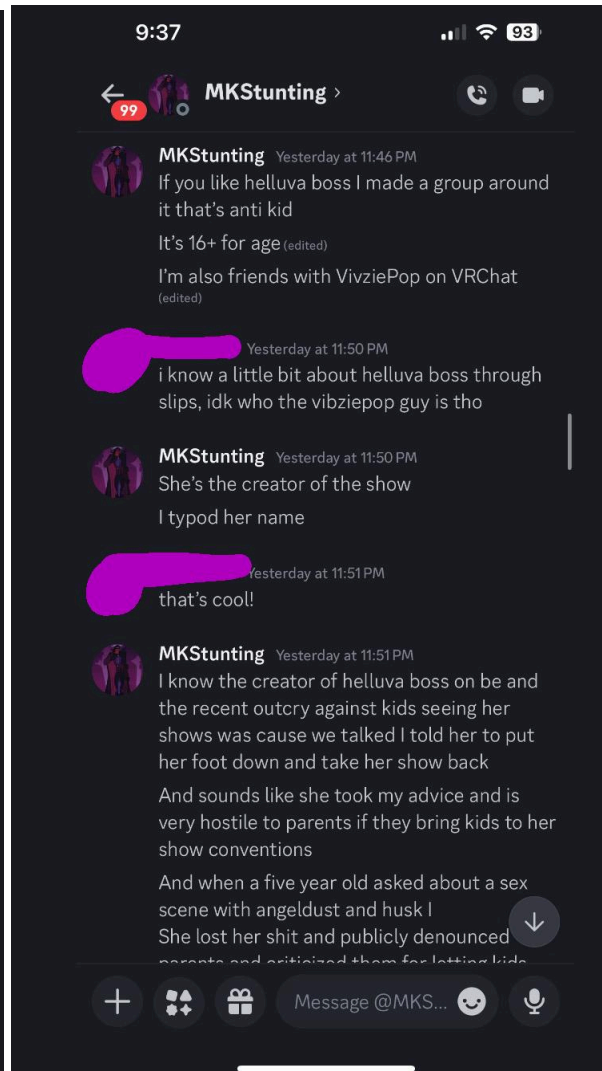

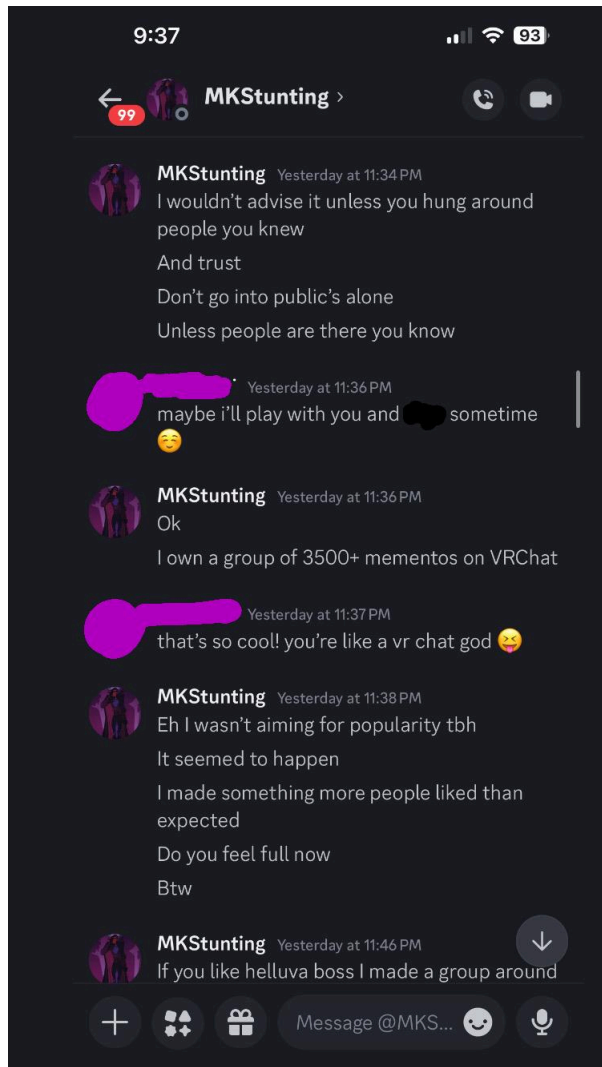

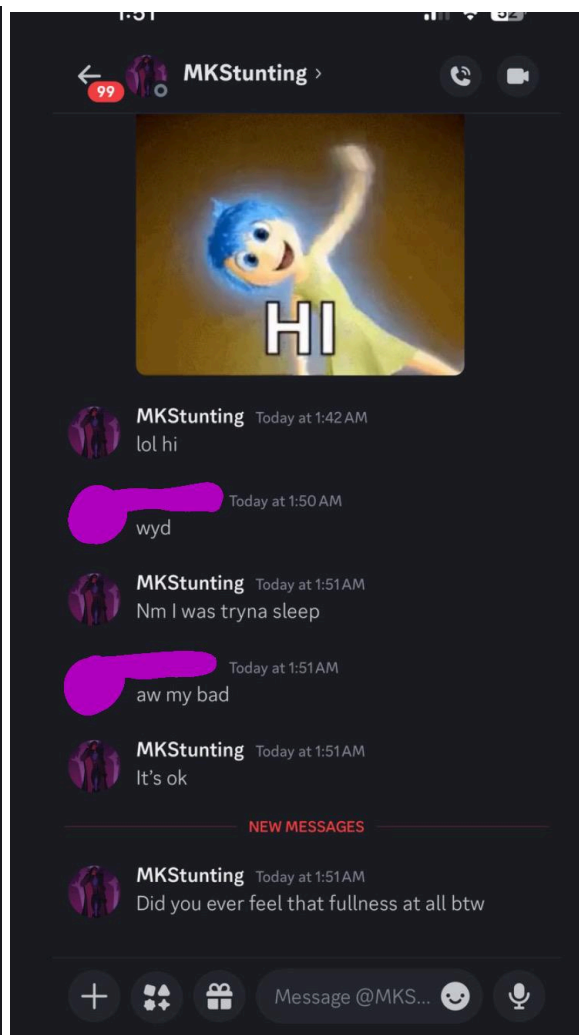

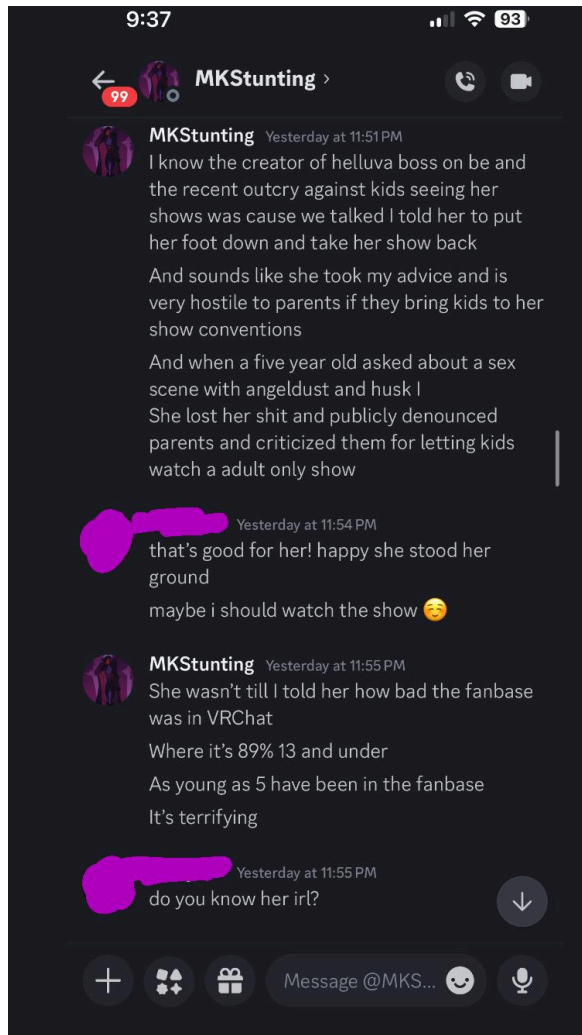

After **knowing her age**, he then decided to slide into her dms. The "original message deleted" was the same id photo that is attached above.

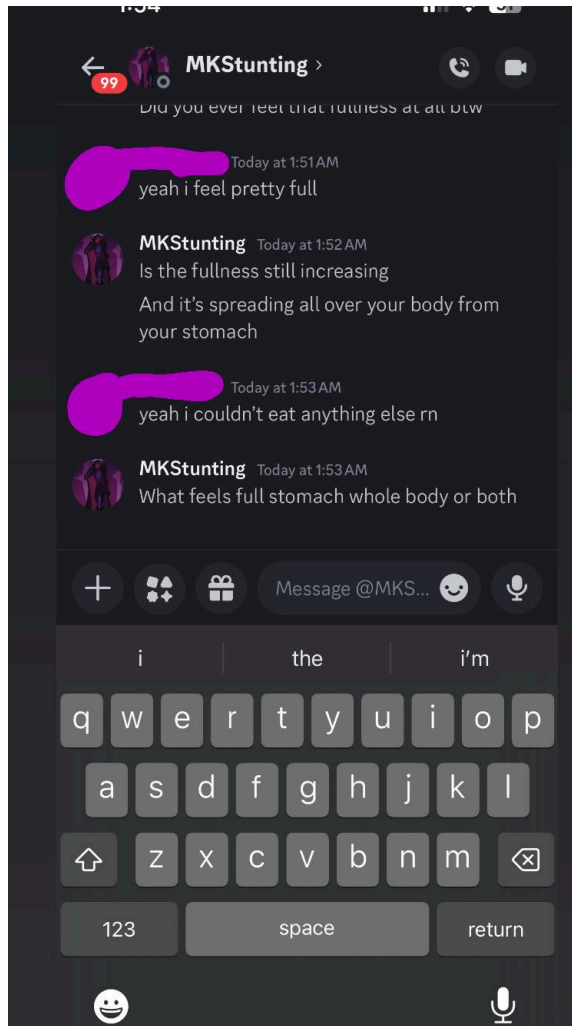

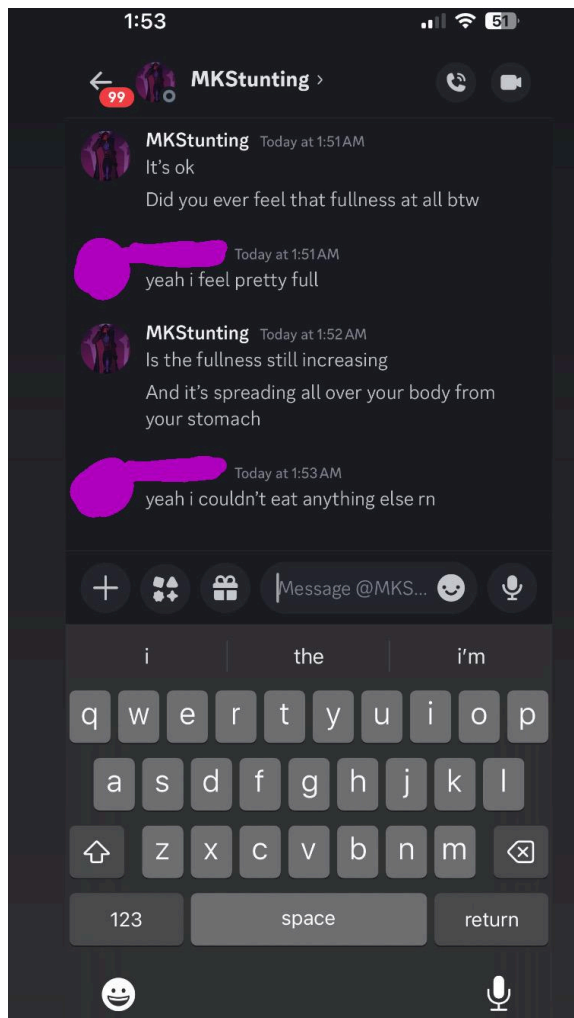

He is going to do the same thing and push his fetish onto a 17 year old girl.

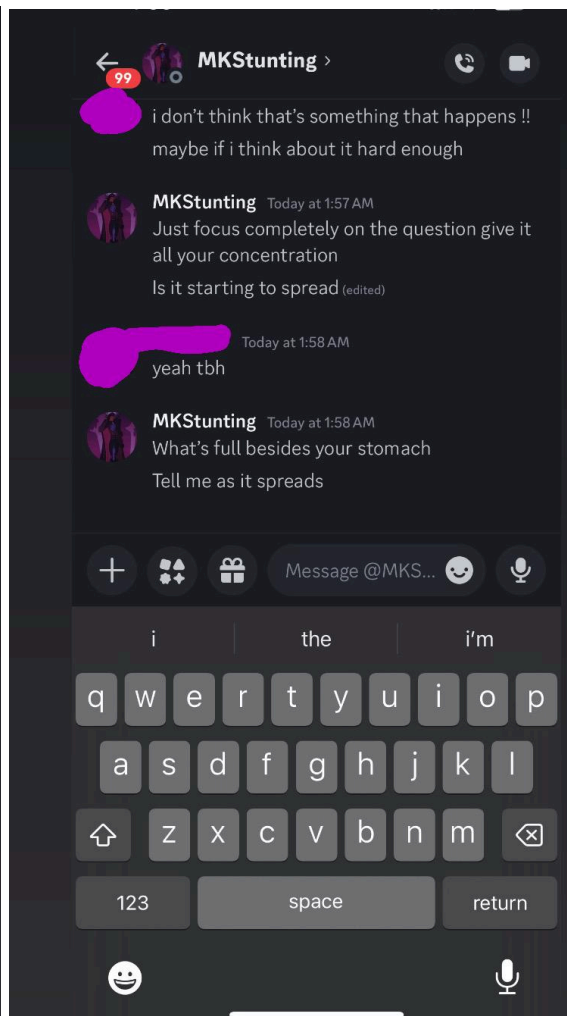

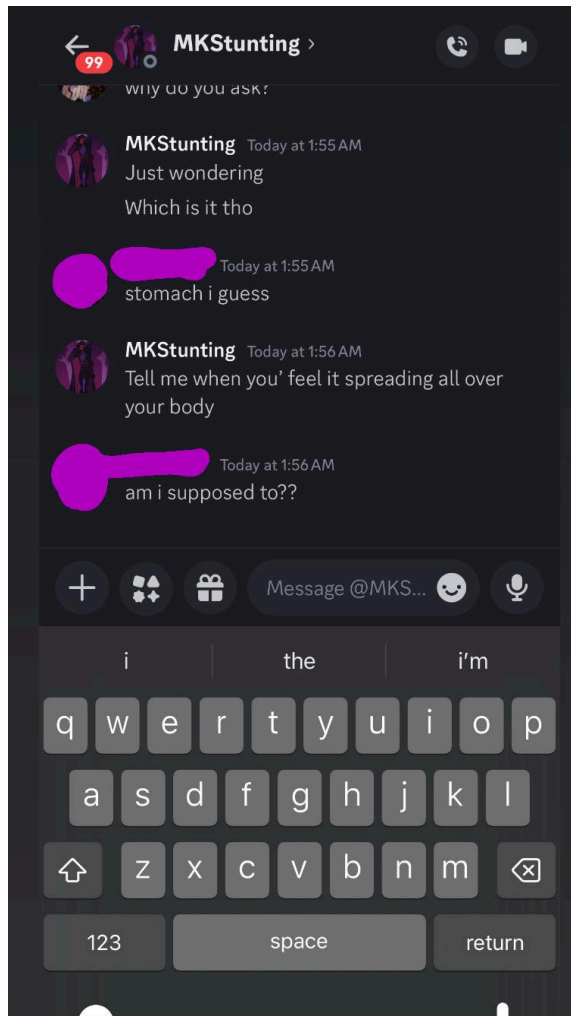

This interaction took place on 2/16/2025-2/17/2025

Matthew's past real life friend:

!AGAIN DO NOT INTERACT IF UNDER 18!

After his controversy he went out of his way to contact a minor and try to manipulate them to give into his fetish/kink. This man is a sick individual.

If you or anyone you know has any more information please reach out.

Please be careful and I wouldn't advise anyone to interact with this individual, especially if you're under 18. He's very active on vrc in the Helluva Boss/Hazbin Hotel community. If you have any background from these communities you most likely have interacted with him. He holds power in those communities unfortunately, but his current actions can not be swept under a rug. He's going to keep pushing boundaries but needs to be stopped and exposed.
