

All I have done was completely disgusting and inhumane. It's all because of my selfish strong desires that I just went too far, even though I really knew it was wrong, but I still took the risk, and I've seen the consequence of it. It's my responsibility that I've caused a lot of mental stress and trauma for the victim and I'm very very sorry.

1) What it all started,

It all started from a discord server of mine called "Twin-Drill Revolution", and found the person that I victimized is an artist, and she sometimes posts ecchi art at the art channel, and I pretended that it was forbidden by the rules, but in reality, I liked it. So, I took advantage of DM-ing her to make R18 fanarts for me privately, until I fed up with my desires. I've been craving a lot to ask to do more, until we've decided to have our own private discord server---just me and her. It's all just explicit fanarts, until I eventually targeted the artist themselves---and did something really extremely wrong. We've been together for almost 3 years in a private, controversial relationship, until in July 2023, she wanna to break up with me. At first, I thought it was a healthy breakup, because we exchanged on good terms right after we deleted our private server. But it showed to me after one year in 2024, I realized she's been completely traumatized because of the things from what I have done. And, what's even more wrong is that we're in a 7-year age gap. I will NOT be forgiven from this awful disgusting act, and saying sorry was not enough.. but I'm still really really really sorry.

2) Related to this,

Accusations such as referencing a UST from a cover song called "FIRST" that lead into stealing way back in 2019, and a friend of mine also in 2019, I verbally abused and blamed them that they're the ones who betrayed me and ended our friendship in an awful way. It was completely just all of my actions.

For years, I've been in denial thinking that there's something really wrong with me. I refused to think that I have mental illness or anything like that because I felt like having them shows that you are weak and wanted to be a normal sane person. But because of that, I'll have to fall to become an awful person. That's the major flaw that I really need to be examined, so I really have to go under therapy.

3) For my friends, fans, collaborators, Twin-Drill Revolution/Teto Justice community,

I apologize for showing a very bad example. I have betrayed you all. For 8 years, for keeping touch with me, I've become a major jerk and I treated you all this way.

I reached out to sooo many people, and made passionate covers and I got DMs from a lot of people saying their lives have changed because of Kasane Teto. However, even if the covers were good, it doesn't mean it was made by a good person. I'm very very sorry for my selfishness and for my pride. You won't also forgive me for what I've done.

4) My amends,

Because of this, I'll be taking down my Patreon page permanently and demonetizing my Youtube channel.

I'll be releasing all of my exclusive USTs (and can be found at my Twitter description) and put ALL of my social media platforms on a hiatus.

5) In the future,

From now on, I will start to become a better human being and reflect everything from what I have. I promise that I will never interact with minors and do anything explicit anymore and will stay offline. Because of my disgusting attitude, I don't think I would be coming back from making music. Pretty sure even Kasane Teto won't let me sing songs for me anymore.

Again, I'm very very sorry for the victim for causing the mental trauma.

I won't be forgiven and saying sorry is not enough, but I'm still.. terribly terribly sorry.
