# PEDOPHILE SCUM

3:08 PM

♥ Rule 1, Toxicity is strictly forbidden, keep arguments to dms please, lets try keep it a comfortable place for new members to talk and enjoy

♥ Rule 2, Advertising anything is also strictly forbidden, this applies to dm advertising too

♥ Rule 3, Follow tos, things like slurs are banned (duh)

♥ Rule 4, no fake tickets, #♥·tickets is for purchasing my services, donating, or trying to contact me (use common sense)

♥ Rule 5, no porn in general please! i understand this is a porn server but this is simply for safety measures!

♥ Rule 6, dont send nudes in porn channel, this is simply to make moderation easier

♥ Rule 7, dont ask for the game our videos are recorded in, if you want something similar please visit either #♥·condos or #partner-servers

♥ Rule 8, Dont reference nor start drama no matter who it is about or where it is from Ranoyacord is not a bastion for drama and it is no longer accepted here for the comfort of members

♥ Rule 9, Do not be trans/homophobic  
This is an inclusive server, if you have trouble being around queer people, go elsewhere.

♥ Rule 10, Extreme fetishes that promote hate or anything else bad are not permitted, Examples are QoS/Raceplay & AgePlay

Social credit (levels) will grant you more leniance, but repetitive rule breaking will result in you losing social credit (xp/levels)

**And to all new members i hope you enjoy your stay <3**

**to gain access simply react to fembys message above this**

me personally

when i saw dnb, i never really saw much of a difference with dnb and regular gore  
or any other gore for that matter

i had a little bit of a hard time with cat gore cus i own cats but besides that i saw it all the same (edited)

08/20/2024 10:12 PM

i get the point you are making, but can we please just move on from this and focus?

**Rivernook** 08/20/2024 10:14 PM

yes

im sorry

**Rivernöök** 08/11/2024 7:15 PM

ive been a big roblox porn fanatic since i was like 12 or so so ill likely be very biased but, seeing people care so much over minors in condos, and age gaps in condos

ive honestly never cared

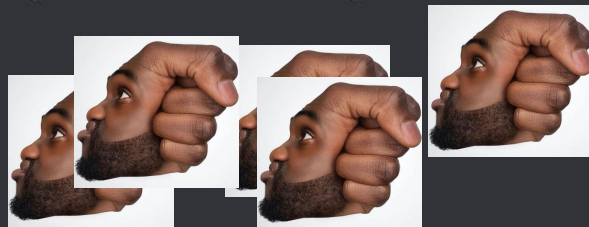

like not at all, idk if im a bad person or anything for this

i just dont get it

im just scared a little cus i dont wanna sound like a pedo or some horrible person like bu5t for example

08/11/2024 7:16 PM

yeah no it's all good, i understand what u mean

**Rivernöök** 08/11/2024 7:17 PM

but having minors or whatever in condos, isnt a big deal to me and im tired of seeing people paint it as a huge deal, like theyll find porn any other way anyway, why ridicule them for what u urself are doing

How does it feel to get exposed **ranoya**, you got exposed by some random dude who was aware of your videos. Or should your name be kolic after you gender trapped people and age trapped.

okay so more specifically i was brainstorming some ideas on how to make DGL and Ranoyacord more independant from my maintenance since theres literally no other creators or hosters, and finding people to do those is rly hard

one idea i came across is a public fan type server like the telegram archive where we can invite ppl from there we like to be legionaries, and the hopes is they might be hosters so the legion isnt dead without me constantly feeding it

also another idea i had is to shill said server in bradies wrld

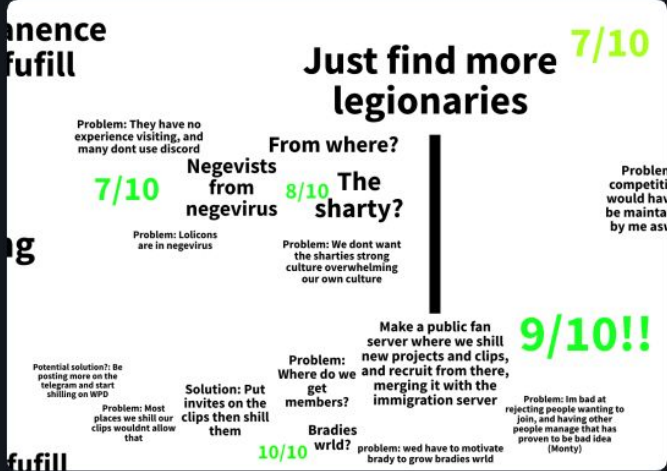

i was doing a thingy where i wrote down some ideas and rated them and criticised them till i found some decent ideas

tuation and being productive by brainstorming ideas ^^

The problem: Constant maintenance  
im not always motivated to fulfill

Solution: Self maintaining  
system or something

The problem: Finding anyone to fulfill  
this is very difficult, and working in  
hopes to this goal is unreliable

9/10  
Visit condo servers  
and try to recruit  
sluts from over there  
idk/10

Have someone manage a  
male casual rosex  
xvideos account, horny  
females will DM them  
wanting to be in videos,  
and we could find  
potential roprostutites

problem: if its not  
done by me the  
person managing it  
will most likely do a  
poor job or get lazy

3/10

Semi-Solution,  
start making  
casual futa  
content

Problem, extra  
management on  
my end im not  
motivated for

problem: Finding  
condo servers that  
are active  
nowadays is hard

Problem: while male  
creators typically are more  
motivated, females who  
dm random creators are  
typically lazy and may not  
bring results

Make a big plethora of  
videos, and slowly  
release them over time,  
requiring very little  
maintenance after doing  
so on my end

3/10

Rushing alot of videos  
would diminish video  
quality

Advertise the creator  
program at the end of  
new videos

10/10

problem: The videos  
are mostly aimed  
towards males

Problem: This  
doesnt exactly  
make the server  
self reliant

Problem: it would  
require alot of work  
for me to make alot of  
videos

Solutions??

Negevists  
from  
negevirus

7/10

Problem: Lolicons  
are in negevirus

From where?  
The  
sharty?

8/10

Problem: We dont want  
the sharties strong  
culture overwhelming  
our own culture

Problem:  
Where do we  
get  
members?

Solution: Put  
invites on the  
clips then shill  
them

Problem: Most  
places we shill our  
clips wouldnt allow  
that

10/10

Bradies  
wrlrd?

problem: wed have to motivate  
brady to grow bradies wrlrd

9/10!!

Make a public fan  
server where we shill  
new projects and clips,  
and recruit from there,  
merging it with the  
immigration server

Problem: Im bad at  
rejecting people wanting to  
join, and having other  
people manage that has  
proven to be bad idea  
(Money)

Just find more  
legionaries

7/10

Problem:  
competitions  
would have to  
be maintained  
by me aswell

Competition idea?

4/10

Problem: turning  
visiting into a job  
instead of a fun  
thing demotivates  
people  
permanently

Problem, we barely  
have any legionaries  
to do a competition  
with

5/10

More negevist  
propaganda?

Problem: even it  
works it still  
requires my  
input, and alot of  
it

Ideas for  
DGL

Ideas for  
ranoyacord

Find creators already  
on xvideos and make  
them work for us

8.5/10

Problem: Finding active  
people who check their  
dms or comments is  
difficult, most accounts  
we come across are  
abandoned

Solution: get staff  
to do find ppl for us

??/10

Problem: we have no staff  
and finding anyone to do  
anything is a pain in my ass

Expand ranoyanet

Problem: Finding  
places to  
advertise is hard

one of my motivations behind roprostutes is like

a huuuge prostitute kink, like i love feeling like i have to pay for sex its a bit degrading in a hot way

**Rivernook** 🌐 08/11/2024 6:58 PM

one weird kink ive had for a while ive always struggled to explain is like having someone whos never done rosex or anything before and then getting them all into it and everything but its really hard since most women u meet are sorta tech illiterate and cant understand studio

**Rivernook** 10/19/2024 9:47 PM  
i posted gay porn i posted gore then dnb  
and she kept ignoring it all as i scaled it upwards  
until one thing ticked her off which was the cat gore cus apparently she had a cat which died in a similar way a long time ago
