

Episode 14 - MONSTER

*Act 1: During **Date Your Fans**, Goldstriker begins to tease to Alex that his relationship with his wife may have been jeopardized by coming on the show. He corners Alex for a straight answer about his relationship with his wife, and Alex insists there is nothing between himself and Binx, although he cannot help but flirt with her.*

*Act 2: Alex and Binx are put in a room to demonstrate they are not a couple only for **Jaqueline to arrive and violently throw herself at Alex and Binx**. Jacqueline abuses Alex through a variety of situations, while Frank makes a comically subtle entrance in the background. Binx is temporarily eliminated to convince Jaqueline to leave. When she is gone, Goldstriker tells Alex his wife is a monster, but Alex shuts him out.*

Act 1

During “date your fans,” Payton rejects Goldstriker’s attempts to antagonize her about being a lesbian. Burt says a bunch of depraved things and Goldstriker pushes him to address the family he broke up when he made a man turn gay and leave them. Goldstriker asks Alex to claim he would leave his wife to win 50k.^{7265, 7273}

*Confessional (Day 21): Alex says he is on the edge of leaving because Goldstriker made him talk about divorcing his wife.*⁷²⁸⁷

Alex is in a crabby mood about anything and everything the next morning⁷⁴³⁹. Binx tells Alex he’s focusing on the wrong things at the bar and warns him that something else could be happening.^{7451-ish} TTS warns her that “war is coming” and she rushes away. She is intercepted by Burt and made to sit through an introduction to Burt’s “burting off shield.”⁷⁴⁵³

Without Binx, Jobe and Alex cool down at the bar.^{7467 (bar)} Jobe pulls Alex into a conversation about schizo things like Hyperboria and the Mud Flood, showing a calm contrast in comparison to how annoying Alex has been through the episode so far.

Goldstriker takes Alex aside and asks him to clarify that he’s not here to hook up with anyone. Goldstriker asks if he hooked up with Binx already and he says no. Goldstriker presses him about his marriage and Alex goes on a tangent about his addiction to heroin. Binx is also pressed in a separate room. When they come together in bedroom 3, she teases him about his attraction to latinas.⁷⁴⁶⁰

Act 2

Goldstriker invites Binx and Alex into the penthouse to shoot a scene that will diffuse this rumor that they are a couple. Alex describes it as a “sistership kinship” and Binx says they are “like gamers.”⁷⁴⁶⁶

While the two are distracted, Jackie, Alex’s wife, is brought into the house and introduced to his housemates in Bedroom 3. Jobe asks, “are you Alex’s husband?”^{bedroom 3 7467}

Jaqueline enters the penthouse and grabs Binx by the hair immediately.⁷⁴⁶⁸ She begins to slap Alex brutally while accusing Binx of stealing her man. TTS tells Burt that Alex is in trouble, so Burt runs in with a sword and shield to “defend” Alex but is pushed out of the room. Jackie forces Alex to put his head in her butt, and begins dry-humping Alex on the bed while Burt is made to watch. Jackie tries to mog Goldstriker with her tits and he makes cartoon hunga-bunga noises.

Alex’s step-daughter arrives and tells Alex he needs to leave because he’s been referring to her as his “step-daughter.”⁷⁴⁷⁰ When production leaves the room for a moment, Jackie begins to slap Alex repeatedly, forcing him into a corner.⁷⁴⁷¹

Frank Hassle enters casually, more or less how Jeff did.⁷⁴⁸⁰ He is brought into the penthouse to introduce himself to Alex, who chases him out for complimenting his wife,⁷⁴⁸¹ before they begin dry-fucking on the couch.

As dinner begins, Frank tells Burt he is bisexual, and Burt is flustered to discover “another queer male on the show!”⁷⁴⁸¹ Binx arrives wearing an orange wig and a Jabba the Hutt t-shirt.⁷⁴⁸⁶ Connor tries to press Frank but fails, and Mizzy makes fun of him. Alex tells everyone his stepdaughter Lauren is gay and Payton makes eyes at her. Lauren and Jacqueline tell the fish that they may not be paid out for the grand prize, and that the audience is publishing AI images of the men kissing each other.

Confessional: Simbal confronts Goldstriker that there are “ai images of me kissing men.” “That’s what people do with AI, Simbal.” “I am 100% certain I have not seen images of you kissing men.” “You’ve seen videos.” “I... haha”

A fishtoy is purchased to lock Alex to Binx and he refuses it.⁷⁴⁸⁸

Goldstriker asks for Burt’s advice but Burt get sidetracked asking why Goldstriker says the n-word. (“because I like it.”)⁷⁴⁹⁵

Jet and Ben try to get Alex to buy the house and he accuses Goldstriker of making up the Peru story and the protege stuff. (“What are you tawking about?!”)⁷⁵⁰⁰ Alex tries to leave urgently and Goldstriker accuses him of losing the amulet. They try to make a deal to keep Alex on the show and Jackie demands that Binx is kicked. They agree to kick Binx off the show abruptly, and Alex watches her leave in shock. (“What just happened?” “You are the show!” “You just got Binx kicked for no reason!”)⁷⁵⁰⁵

Jackie has Alex on the couch in the living room, while the boys stand with Frank at the island. Jet runs past and the boys stop him to ask for supplies and Jet stops and warns them for being too comfortable with production because “most of the terrible shit that happens, it’s because I

came up with it.”⁷⁵²⁰ Jet takes Alex into bedroom 3 and tells him that Binx is really gone. TTS grills Alex for what he did, and Binx posts videos to IG saying they are no longer friends.⁷⁵²³ Jackie and Lauren leave, warning Alex that he needs to leave the show or he will be divorced.⁷⁵²⁵

Goldstriker sits with Alex in bedroom 2 and they talk about the financial position that his wife has put him in.⁷⁵³⁶

Binx is snuck in while Alex is sequestered, and when he is allowed to go to the bar they have a showdown where Binx says she feels betrayed by him.^{7537, 7539} Goldstriker levels with Alex that it seems like his relationship with his wife is abusive, and he runs away upstairs to the kitchen. Vance asks Alex if he’s afraid of his wife and he says, “what husband isn’t afraid of his wife?”⁷⁵⁴⁴ Alex brags that Jackie is good at “controlling” him and Vance asks “why do you need controlling?” Goldstriker sits with Alex and says that men are responsible for everything they can control around them, and that he and Alex are both responsible for the scalp injury that Jackie inflicted on Binx today.⁷⁵⁴⁶ Goldstriker warns him that his wife and stepdaughter are just waiting around to see if he receives his inheritance. He tells Alex that he’s impressed that Alex overcame his addiction to opiates but the experience has left him overly chatty and detached from reality, and everyone except Alex can tell his wife is a monster. Alex freezes for a long time unable to think of anything to say. Goldstriker tells him that his protege isn’t going to be someone who huffs BBW latina farts and Alex retorts “she doesn’t fart.”
