

# Episode 15 - WILD

*Act 1: Frank comes to the foreground, announcing himself as Wild Randy and turning the heat up on Alex. Frank flirts with Burt who is in love instantly, and becomes unhelpful to his allies even though Alex is struggling. Connor makes a pass at Mizzy and is rejected, but throws himself violently to her defense against Frank. When Alex gets a breather he confesses his attraction to Binx, who also rejects him.*

*Act 2: Connor tries and fails to keep the house together until the pressure becomes too much. Production gives him a purse to gather gay porn in and everyone bothers him about it until he **abruptly decides to leave, taking Alex with him**. Burt discovers a note leading him towards a greater mystery.*

## Act 1

Frank talks to Alex about how hard today was. Frank admits he is a fan of the show and watched a lot of Alex.<sup>7558</sup>

*Confessional: Frank encourages Alex and says he's one of Alex's top fans. He claims he's watched Alex obsessively and Alex asks what his name is then. Frank pressures him to guess and Alex says, Wild Randy? They start fighting in the confessional, and Frank blocks the door.*<sup>7565</sup>

Connor and Alex gang up on Frank, while Jeff tries to diffuse them.<sup>7570, 7571</sup> They fight at the front door because Alex wants to leave again. Burt sides with Frank and Connor questions why Burt is prioritizing his attraction to Wild Randy. Burt reminds Alex that Alex warned him not to let the TTS get to him but now Alex is crashing out from the TTS too.<sup>7573</sup>

In the kitchen, Burt begs Frank to not hurt Alex and Frank shouts "I love you, Burt!"<sup>7621</sup> Burt suddenly breaks from the group to masturbate in the penthouse while moaning "Oh, Frank!"

They manage to cool off in bedroom 3, where Frank says he was just making one long insensitive joke.<sup>7577</sup> Alex says production is always messing with him like when Goldstriker told him about the amulet. Goldstriker says the amulet is real and Alex whimpers that that experience "instilled a sense of pride" in him and then calls Goldstriker "a fucking mystery man fuck, you fucking giant." Sam rushes out of the room to go laugh in the kitchen.

Frank sits with Binx, who tells Frank that she always knew she would be friends with Alex as soon as they met.

Connor flirts with Mizzy using the Bloodgames swords<sup>7595</sup>, boots Jobe across Bedroom 3<sup>7605</sup>, and wrestles him to the floor in the kitchen<sup>7630</sup>, scaring production until they realize Connor is

just doing fake wrestling moves on him. While production begins to bring him screenshots of gay porn,<sup>7639</sup> he comes to Mizzy's defense against Frank,<sup>7646</sup> and declares he is her body guard and offers to show them "Alex crazy with 300% more muscle." Ending the scene, Alex can be seen coaxing Binx out of Bedroom 3 into the hallway.

*Confessional: Binx says he doesn't have to worry about apologizing all the time because nobody thinks the domestic violence is his fault.*<sup>7666</sup>

Frank leaves the conflict in bedroom 3 with Burt, and they shake on an alliance together.<sup>7716</sup> Frank goes to bed, and Burt stalks Frank's sleeping area and licks his shoes.<sup>7730</sup>

## Act 2

Ben tasks Connor with gathering the gay porn that's all around the house and putting it in a man purse.

*Confessional: Jet tells Frank that they are trying to make Connor leave by bothering him with gay shit. Frank says he thought Connor was gay.*

Frank and Mizzy try to take the purse from Connor. They wrestle into the confessional, and Alex gets in Frank's face. Both Connor and Alex agree to leave the show. Goldstriker tells Alex that this show is the biggest thing he will ever be a part of before they run out the door.

*I assume, good Fx3 of the two of them outside.*

Frank stands with Burt and says that it's okay that Alex left, and declares their alliance: "Furt!"

Payton says that now they have been left alone in the house with a "Bum." Payton complains that every freeloader that comes in the house is a racist. In bed, Binx reflects that Alex leaving hurts because he was her "nerd bro," and that even though things got weird, that didn't change how she felt about him.

Flashback:

In bedroom 1, Alex apologizes, and says "You know what's fucked up? I think I caught feelings for you."<sup>7651</sup> He says he thinks she knew that and was pretending not to, and she calls it an "external conversation" and doesn't want to respond to him on camera. She tells him that he can't let women hit him, and as his "friend," it was fucked up to see. Ben throws the door open and cusses them out for whispering.

Vance leaves a pillow under Burt's pillow. Burt discovers it.
