

Here is what I could find out and archive about "Sephius Rivendare AT"

as his username suggests, it seems that he comes from Austria.

I found an Guestbook entry he made on 26.07.2017 which seems to further localize him to "Wörgl"
<http://www.kitzbow.com/gaestebuch/>
<https://archive.fo/7EZbd>

Sephius Rivendare

bad-dragon.pauger@hotmail.com

"hotmoal" most surely is a typo and should mean hotmail.
Anyway I could not find further more with this email (tried both, typo and correct version)

There is another detail to it ".pauger"
which seems to be his last name, because the google search for "Sephius Rivendare" also brought up a facebook page <https://www.facebook.com/sephius.rivendare> which was already deleted... but thanks to google cache I could see that the Facebook profile was named "Patrick Pauger (Sephius Rivendare)".

Also thanks to another anon his facebook page was archived before he hid/deleted it

Interesting things I found there, he seems to already receives death threats:

I couldn't find anything that ties the two brothers closely together beside their family relation. It seems that he isn't even on one of the pictures from his furaffinity gallery.

That can't be said about his sister:

Many thanks to Manuela P. my sister and  **Keltus** for the nice day in Rattenberg.

Aslo to Kathrin T. for the nice photo of Inuky and me.

So her name is Manuela P. After a little research it turns out the P. doesn't stand for Pauger, at least not any more.

On the frinds list of Daniel Pauger (brother) I found:

Well there we have it! Her name is now Posch and was formerly Pauger, her Facebook url also reveals that. We also can see that she is also into bow hunting like her brother.

So with all the coincidences and shared interests I just have to wonder if his sister could be the „Cindrella“ from the crushing videos (photo_6.jpg from the chatexport log)?

Last but not least let's take a look at his boyfriend: Keltus
