Its a good thing you aren't at all fanny flustered about that ED article.

Doesn't it bother you that you are giving your visitors the wrong facts, thus basically lying to them about who I am?

You've literally failed for 4 years at fucking with Avery Chicoine. You are so pathetic you make a pedo look better in comparison. This website has absolutely nothing to fear from you.

Glad you responded @Null, I can see where you get that inspiration from about the pedo chan. As I mentioned earlier its the old "NO U"-defense you are trying to sport....

....Since you ran 16chan, a pedophile board.

Proof you say? Why certainly, it was even linked here on KF:

► **The Wonders of Peru** Big J 2016-Jun-18 18:52:59 No. 15

Since we are not allowed pictures I wrote a story:::

Big J grinned at the wailing toddler strapped to the table. Billy, he was called, fresh out of the nursery; a name that Big J had overheard the parents speaking.

Billy was mostly white, with reddish colored hair on the top and Big J had abducted his victim easily when the parentss were distracted. He had realized how easy it would be after keeping the kindergarten under surveillance for weeks but even so he was flushed with his success in getting clean away.

Big J grunted as his pants tented. The cellar was bare but for a single electric bulb and he realised he had no need for them. He allowed his jeans to drop and his 'nightstick' to spring free. Drops of precum moistened the tip as he got out his knives.

The toddler screamed and thrashed in terror but could barely move thanks to the straps. Big J held him still and sliced down from just below the neck, opening the abdomen all the way down. Big J got out two metal retainer clips and pried open the slit, revealing the inner organs of the screaming and still living toddler.

Peru is such a great country, mused Big J. Sunny, welcoming, with lax law and cheap rental of isolated lots. The cops were just not set up to deal with people like him.

It was an awkward fit, but Big J was able to position himself to thrust into the viscera of the toddler. It was soon over for both of them. After a minute or so of hard thrusting into the warm, slick organs Big J spent himself in long bursts.

Billy perished soon after, his tiny body now nothing more than waste to be carefully disposed of. Big J was getting to like Peru.

About Us

Founded as the CWCKi Forums, and originally dedicated to Christian Weston Chandler, the Kiwi Farms is about eccentrics on the Internet. These people are commonly referred to as Lolcows and are fascinating for reasons distinct to each spectator. We document the phenomenon, with every member bringing different perspectives and opinions to discussion. It is this diversity which has caused our peculiar community to thrive.

Joshua Moon however admits he used to watch paedophilic cartoon porn when he was 18.

That's not actually what I said. I said that *post* was made when I was 18, but the things she quotes are from when I was 13 or 14. I watched hentai of people my age when I was 14, fucking sue me.

But you know what's really sad? The paragraph above the one I've quoted is actually pretty reasonable. I probably would have just deleted your article or parts of it if you had sent me what you just said here as an email, rather than join up with domestic terrorist Samuel Collingwood Smith and call me a pedophile a thousand times like a child throwing a tantrum. You didn't even *try* the easy way first, you went straight for the hard way. I will not be held responsible for anything I said, but I will be held responsible for anything I do.

the path that makes sure I will print out your lolcow wiki article and submit it to the library of congress.

Will there be anything else today? Or is that it?

Let's see here. nol literally stole \$12k from a cripple while you can't even manage to get a pedophile's pedo image board shut down. I gotta be honest with you, not all that impressed with what you have to offer here
