- I have been talking with some and I need to keep speaking. PLEASE do not drag children into zoo spaces! Let them discover this all themselves. I know it may be harsh but let them get a taste of reality, only then can they decide on thier own. #zoopride #zoofur #zoo2021 Dec 09, 2021

- that is still you. I right now see so many zoos who confuse eachother and spread misinfomation. Stick to the original meaning of zoophilia and if you do not like it, you are not a zoophile. Maybe a zoo ally but not a zoophile. Dec 09, 2021

- @forcefemmeobard @KodaacTheLion Zoosadists are not zoophiles as the definition is completly diffrent. Zoo phile translates to animal lover. Zoo sadist translates to animal harm enjoyer. Dec 08, 2021

- @denjifan_ @Babystoner17 And you are an enabalist. Zoos love thier dogs more then anything. It shows in the video too. Dec 03, 2021 🗨️
- @MeganNahanee @Babystoner17 They dont look mistreated at all, infact they seem very happy as one of yhe dogs are following the other human in the video, a sign of respect and trust. Dec 03, 2021 🗨️
- @GoldfishThird @MavrickZoo Because they are possibly attracted to dogs? I know I was when I was younger and I still am attracted today when I am adult. Hell I knew from early stages I was more attracted to animals then humans as I was always pulled to them (intresst wise) instead of humans. Dec 03, 2021 🗨️
- So I have come to a conclusion. Antis are beond fucked up, they wish death upon others and find joy from when it happens. If you think that death is a solution to something, get yourself mentally evaluated for the safety of yourself and others, seriously. Not joking. #zoopride Dec 03, 2021 🗨️
- @DCMakinArt @Gumdrop83969237 Or maybe you guys are the onces who tell people how disgusting it is to anpoint where YOU make people suffer, not us. Learn to accept your guys mistakes, like damn. Dec 03, 2021 🗨️

- @WhatamI78509996 It is a good thing they are not humans then because diffrent species have diffrent mental evaluations, and thier IQ is measured differently to our own. - @Bluenajarala @Zeta_Kalb @LFlehen The reason it is illegal is because some people didnt like it and made it illegal basically. Oct 07, 2021 
- @Zeta_Kalb @Bluenajarala @LFlehen Legality is subjective due to the location you live. Oct 07, 2021 
- @Bluenajarala @Zeta_Kalb @LFlehen Laws reflect nothing but a rule set. And said rule set is diffrent around the world because people are diffrent and want diffrent stuff 'illegal'. Basically a world wide law set is next to impossible this way. Oct 07, 2021 
- @Bluenajarala @Zeta_Kalb @LFlehen How things are decided of what is and is not acceptable is basicqilly people higher up then you who shows thier own hate for a thibg with others then band up abd makes that thing 'illegal' if they come to power. Also known as Political Voting. Oct 06, 2021

- I could not feel anything, no emotions, no feelings. No taste, no smell, no senses but for my limited hearing... All alone to see 'my' body in the hospital bed... I then woke up... I cant help but feel 'hollow' after the dream... Aug 25, 2021 
- The guy I was in the dream was being pulled into the hospital as I seemed ro have been a ghost watching from above. I get pulled into the room as I am next to 'my' body, which is in a coma. All I can hear is noices but no voices at all... Aug 25, 2021 
- So I think I just astral projected to someone in the world in my sleep... I was in a dream as I was someone else and just walking but noone seemed to pay any attention to me. I keep walking and soon end up at a hospital when I see an ambulace pull up. Aug 25, 2021

- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwJantumKitty Yes as zooprude is not bestiality, zooprude was made for zooprude month, which is next month. It was originally made to show that being a zoo is nothing to be ashamed of, non sexually or sexually. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwJantumKitty In the legal stand point they are both 'legal' just with your state/counties laws changing what they believe to be right. May 09, 2021 📧

- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwJantumKitty Zooprude is not bestiality. Yes there may be a connection between zoosexuality and bestiality, but it is not guaranteed to be one either. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwJantumKitty It maybe is illegal where you live, but it is not illegal everywhere. Would you consider cannabis to be illegal too? And it already has had a place in the world and still does, we are still here arent we ? May 09, 2021 📧

- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwJantumKitty Zoosexuality was mostly made for zoos to have a bit more towards LGBTQ+ in the first place (which is disagree to). Well there is no reason for us to choose same genders as a sexual partner but we do. Intentions again, being broken. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwJantumKitty Zooprude is not bestiality as it is a tag for zoophiles to show they have a community most of the time (antis like that tag alot as prove by the original post and you being here) May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwJantumKitty Spelling stuff out will not change the point I have proven before. Misinterpreted as it can be, you should always be sure when you get into intimacy, make sure both does want it. And still I have proven more than times they can but you deny it :P May 09, 2021 📧

- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Playing by nature's fallacy. They are not made to be pet either but still here we are, they were bred to be 'human accepting'. Which in itself means they 'aren't made for humans' either as pets. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Most of the time it is, you bring up the change for a misunderstanding, well that's when you do check their body language when you are intimate to make sure they are comfortable, reserved or open. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty To tell them that they do not know what is going on, and yes indeed I will bring it out. They did come up with (oh here comes your favorite word) intent to be intimate. They by that logic do fully well know what's happening if the human accepts. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty You are hard stuck on thinking with intentions, intentions are not set in stone. It can be subjected to change. 'Dog being pets are not an intention, they are pets'. It depends, you can get a dog for something completely different too. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Good light or bad light, you see it as a bad light, I see it as a good light, subjective once more. As for 10 times out of 10 they don't know what's going on, you are really underestimating animals if you think that, take a look at animals coming to humans for help as an example. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty A 'normal, mentally stable person' is subjective. As for the cactus, that is their problem and is unrelated to this. You can intend for them to be pet but end up being something more, intentions are not set in stone. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty So you are mentioning that non-verbal consent is not 'intended towards humans'. Well intended does not mean must as I mentioned before. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty How come it is rape if both parties are consenting? The dog did consent with flagging, the human accepts, consent and understanding formed. Still even if it is 'a dog' they do have feelings too like us, they have a broad understanding about them. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty As for intentions, we have made many things intended for something and it's used for something completely different, intentions does not mean must. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty There are many reasons why a dog can flag to a human. Often times then not the dog does see the human as a possible partner. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty And you are asking so many questions I can answer with my understanding, to hopefully widen your view and understanding. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty A sign of consent does not need to be verbal, a prime example. You can see on someone you have intercourse with if they like it or not, as the body language shows clearly if they are reserved or open, same goes with before and after intercourse. May 09, 2021 📧

- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Yet there is those who flag to humans too as there can be a deeper understanding then you think, ad I have went over before, dogs are able to question thier own excidtnce. Which is afew steps above consent. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty As I did say before, there are many factors that goes into it, sex isnt a yes or no type of thing only, there is way more to it then that. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Morality is diffrent from each being so to use morality in an argument invalidates it directly. And yes it is directly consenting if it is flaging to them. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Can be, there is many factors that goes into if a dog humps or not. One can be it is heat season, another can be it feels good, or thrid which is more unlikely a medical thing. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Isnt that obvious if they hump me? Then its only uo to me to either deny or accept. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Walking over isnt what implies intimacy, your own logic falacies are showing. But I will push on through. Maybe if the dog did walk up and flags to the human, it would be diffrent. May 09, 2021 📧
- @wcsfyb @ImMaiko_ @Schaeferdackel @kuiper_04 @QUwUantumKitty Through bodylanguage and flagging. May 09, 2021 📧

- @KittyOfQuantum So artis are slowly realising that they CAN feel pleasure without it 'always being rape' just because a big figure anti did this. Herd mentality much. Jan 25, 2021 

- @GamerAce3 Getting told by old and new people alike doesnt really mean a thing. Example: You have a christian child and a christian elder. Does it mean the adult must be christian? No. Jan 25, 2021 📄
- @ZetaHowl Thats not the point I am trying to get forward. I am trying to show them how furies originated from zoos which they claim to 'hate' so much. Jan 25, 2021 📄
- @OneBigGrumpyRat @ZooPropaganda So he is a closet zoo who cant accept himself, because what I can see, noone told him to do this. I think in all honesty if he gets this emotional about it that he should get help, as it is one of the few cases when seeking help would work, I am looking at you artis. Jan 25, 2021 📄

- @KoonZooPup I can say that maws are a thing of intresst. And even if it is non-sexual I can say the thing I am most attracted to non-humans is the fur, I could lay and feel it for hours~ Jan 25, 2021 📄
- I will finish with a poll which is up for everyone to answer. Do you think that zoos and furies are still not connected? If no then comment why. (Read this thread to understand the question.) #zooprude #zoosexuality #zoos2021 #zoophile #zoofur Jan 25, 2021 📄
- If furies have been 'independant' and are not 'like zoos'. How would you explain the furry fandom was born? As it roots are from zoo interactions even way before furies even were a thing. In your own denial you deny the fact that zoos and furies are more alike then you think. Jan 25, 2021 📄
- Now to say that was the only time would be to lie. Anthro did not originate at that time but there have been sightings of a sculpture from about 35000 years ago which featured a zoomorph, which is an animal like anthro. Jan 25, 2021 📄
- Right so I have seen many artis deny that zoos and furies are simular... You do know that furies did get insperation from zoos way back in the 1970's where there was artists drawing very animal like anthro comics. This was called the 'underground comix movement'. Jan 25, 2021 📄
- @camarocougar @LWentti @FurryHelpers Yeah no... I can say this so you maybe get an understanding of how things work. Furies are into anthro animals, where do you think the attraction of this did originally come from? That is right, as hard as it sound, furies are a by-product of zoos. Jan 25, 2021 📄
