Hello Cyan Kid, if you are wondering who I am, I am Multiverse AU/ Austin's Manager and I have a lot of things that have been going on behind the scenes with him.

I first met Multiverse AU in January 2024, He first contacted me since i was a friend of one of his close friends (because he had heard that I'm a very loyal and chill person), So we have been working together for nearly a year but since a couple months ago he's been acting very hostile towards me and his friends, he agreed to start paying me a week after he got monetised (he never did), I would always ask him "Yo Austin when do u think you can pay me" he would usually respond with "I don't have the money right now, ill pay you next week" (he never did), I've also been informed from some of my friends that Austin has been saying really bad things about me to his friends to separate me from them.

Austin had asked me if it was the right thing to do to copyright strike you and your friends, I said "NO" and he responded with "I don't care".

Hi cyan kid nice to meet youuuu. My name is Audrey and i'm 16 years old as of right now, and i've seen a bunch of videos online about austin and his activities so I thought of contacting you since you are most likely to respond to this i think. I am Austins girlfriend (his 5th, because every other girl he's been with found out about his channel and they left him). but yeah I am 16 as i said earlier and Austin is 21 so yeah, is this healthy for a relationship? because i think there might be an issue with it. I don't really know so yeah, when you can please get back to me ok 🙏

Hey what's up?

i haven't dealt with strikes myself from other creators (only community guidelines) so i'm not too sure on what to do exactly, but what i'd say is literally just dispute the copyright strike for now as if it is a fair use video the strike will most likely be removed, also my dms aren't open for personal reasons

 **MOOTH** Today at 10:32 PM
damn well he's just striking others for vaild stuff and worse HE'S GETTING AWAY WITH IT
tvkyo pls we need to make noise and bring this to light i don't want to see this guy get away with this he's the guy that makes sus content and it's so frustrating so pls help
