THE WING FURY FILES

Honestly, I've never thought I'd come to do something like this, but I think after hearing an incident that caused Wing to get banned off a server for defending something so majorly horrific (and frankly fucking stupid), I've decided it was time to finally put this out to the public at the bare minimum, so anymore of this stuff doesn't repeat again, atleast with this guy

And that nobody, and I mean NOBODY can ever trust or even try to go towards Wing Fury

Given he has been growing an audience in the splatoon community, I should at-least inform everyone there along with the SMG4 community and my close friends.. about the types of behavior this individual has.

The reason why I've never done this until now / a few weeks ago is..frankly, I've forgotten everything he has done up to this point, mainly due to being busy but also other personal stuff, it was only until I've discovered said Incident with wing that made me remember everything

Now before we begin, just note that this profile

Is the same Wing Fury I'll be mentioning heavily in this document. Another thing I've gotta mention, is that if Wing Fury does anything towards me, just note that I was like 13 years old when I befriended wing due to the Human Desti stuff in late 2020 while he was 26/27 by then

I point this out cuz nowadays I've..gotten quite numb to some of the stuff now at this point but back then.. I had no way to say anything about the stuff that is about to be shown here and just being genuinely uncomfortable. (not to also mention I was fucking stupid as hell with alot of the choices I've made)

This man on the other hand was nearly in his 30s.. So to say I'm not less forgiving with him nowadays is an understatement.

And If you see the name John, that name is referring to John10v10, so keep these in mind.

Now, let's not delay anymore of this, and begin.

Section A (The Beginning)

In around mid 2020 (around 13 years old at this time), I've begun working on what is likely the first edition of Human Desti which I've revealed around late September/early October and since it was the first of its kind in terms of 3D Model, it naturally got a lot of attention, especially on the old SMG4 Discord (which sadly got destroyed due to a hacker raid in October of 22 so there may not be much left in terms of evidence but just know, I've posted Human Desti there and In R/SMG4's discord)

Many people wanted to try this one or help out on it..one of the users that wanted to help was, Indeed Wing Fury, and after some conversations in either discord, I've decided to directly message him when he wanted to help with refining the base design of Desti and such like the hair.

An eye Artist 10/7/2020 12:11 PM

Wing Fury 10/7/2020 12:11 PM

Can I get the other one?

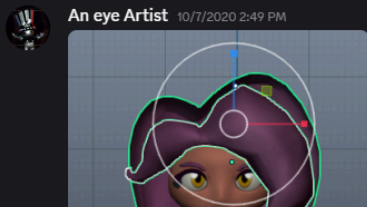

Wing Fury 10/7/2020 12:12 PM
don't worry, I could see the bright one. thanks)

An eye Artist 10/7/2020 12:12 PM
oh

An eye Artist 10/7/2020 2:47 PM
how about now?

Wing Fury 10/7/2020 2:48 PM
Much better.
You could also probably squish it horizontally a little bit more

Wing Fury 10/7/2020 2:49 PM
yeah, red one
And also the front right hair piece needs to be slightly smoother
But overall damn, she looks very nice

how about now

Wing Fury 10/7/2020 2:51 PM
Good (edited)
Sorry, my keyboard is in russian mainly

An eye Artist 10/7/2020 2:52 PM
oh

Wing Fury 10/7/2020 2:52 PM
But seriously - god's work on this model
Hmm... Well, what if we try to reduce the width even more so the right part kinda covers the eyes like on my edit, and the left little part goes just above the other eye?

Wing Fury 10/7/2020 3:10 PM

Well, how to describe it...

What about this?

An eye Artist 10/7/2020 3:14 PM

You're Viewing C

Wing Fury 10/7/2020 3:15 PM

Yeah, that's just cute as hell
(Show it to others)

Wing Fury 10/7/2020 3:27 PM

If you allow, I'll make some improved textures for her hair later)

An eye Artist 10/7/2020 3:28 PM

the uv is kinda confusing,so i dont know how you gonna improve the texture

Wing Fury 10/7/2020 3:38 PM

Don't worry, I'll think of something)

An eye Artist 10/7/2020 3:38 PM

o h

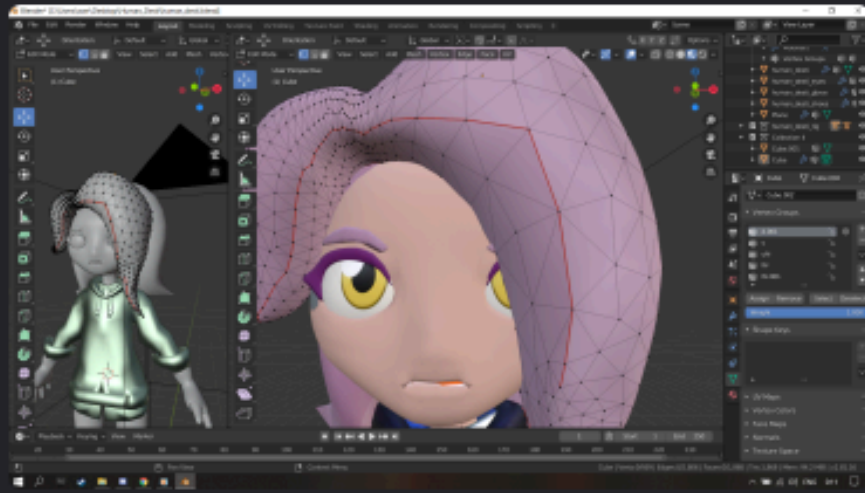

Wing Fury 10/7/2020 4:09 PM

But I'll do what I can in terms of textures. That's for sure

14 PM

btw, can I ask, what are those red edges?

I only know about cyan ones, sharp edges

An eye Artist 10/7/2020 4:15 PM

it works as that too

two

just,red

Wing Fury 10/7/2020 4:25 PM

Well, so far it's pretty damn complicated but I'll see about getting a good texture and I'll try to apply it. Tomorrow, at least

An eye Artist 10/7/2020 4:25 PM

ah

An eye Artist 10/8/2020 1:56 PM

are you working on it now?

Wing Fury 10/8/2020 1:59 PM

Well, the model is not out yet. I said that I'm gonna improve her textures once the the mechanical part is done. So I won't mess with the structure itself

An eye Artist 10/8/2020 1:59 PM

oh right

i forgot, the rigging process, or what ill probably call, r.p.2: rig process part 2

Wing Fury 10/8/2020 2:01 PM

Yeah

In the meantime I'm working on that art I promised to Ben

An eye Artist 10/8/2020 2:04 PM

ben who?

Wing Fury 10/8/2020 2:08 PM

BenJoJoGV

An eye Artist 10/8/2020 2:09 PM

ohhh ok

Wing Fury 10/8/2020 2:09 PM

aka "The Father of Melon"

I would show more but it'd take too much space, just know that from the beginning, it wasn't like this

It was just, a massive Desti fan (which fucked over his entire personality slowly) helping me with my Desti model and even getting his friend, john to help with the model.. So yeah, generally it was all mostly going well

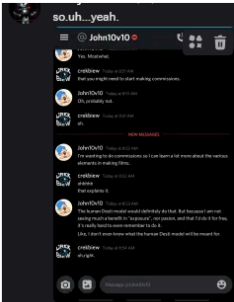

That was until after a trip to a city and after returning, a few days later.. And I got COVID.

Yeah so that didn't exactly help me mentally

Now Thankfully, I've managed to recover from it, but it did halt quite a bit of the progress so I've decided to try to talk to wing about general stuff about GLITCH and SMG4.

Though, I've noticed that when it comes to Splatoon and DESTI/ SMG4, He seemed... quite aggressive with how he acted, like genuinely, he acted like SMG4 did the equivalent of murdering a real person when it came to Desti of all characters.

I've had some raised eyebrows with some of our conversations but otherwise, it continued like normal, then around late november, I've gotten an update with john about the Desti stuff.

basically he replied to me with:

"I'm sorry, but I just want to let you know that I'm actually starting to consider helping others via paid commissions. For example, fixing a human Desti model for you would take up a bit of time and effort, knowing from previous attempts. I'm not sure if I can even remember to do it for free at this point. Like if I'm passionate to do it, 1st, you'd be lucky, 2nd, it'd be far more likely to be done for free, but otherwise, I'd forget about it easily if someone expects me to do it for free. Again, I'm just thinking through how I'm spending my next couple years."

so i asked him if its because of his project

Wing Fury 11/26/2020 8:56 AM

Well...

How much then?

An eye Artist 11/26/2020 8:56 AM

uh,he said probably not,now i think.

Wing Fury 11/26/2020 8:57 AM

Ask him, how much does he want for finishing Human Desti

Tell him that I asked, if needed.

An eye Artist 11/26/2020 9:04 AM

but at the moment,human desti is gonna take longer then i expected.

John10v10 Today at 9:01 AM

However you already started like... half of the model? So whatever the price would be, I'd give up to a 50% discount.

I've looked into pricing of artists and for college-graduating youngsters like myself, I'd likely be charging \$25 an hour. I know that sounds a lot, but in terms of effort, unfortunately, this is only reasonable.

crekbiew Today at 9:03 AM

oh,well actually,i spent almost like,what,4 months on this,like from August 23th.

oh.

welp,piss.

Wing Fury 11/26/2020 9:05 AM
"an hour"?
That doesn't explain anything
We don't even know how much it's gonna take to finish the model.
I guess I'll have to deal with this personally.

An eye Artist 11/26/2020 9:10 AM
god human desti is gonna be a problem.
If it was early this year that i started on the model
like
January
then i would be losing my mind
but still.

Wing Fury 11/26/2020 9:11 AM
I'm talking with him rn

An eye Artist 11/26/2020 9:35 AM
god im just pondering.

Wing Fury 11/26/2020 9:36 AM
We're discussing it

Wing Fury 11/26/2020 9:43 AM
Yeah, I won't say that it's a heated conversation, but it's a live one...

You're Vi

An eye Artist 11/26/2020 9:43 AM
god.
human desti is gonna fail because of all of these happening in a month.

Wing Fury 11/26/2020 9:44 AM
We're not arguing
I think if we're gonna be able to reach an agreement on the price, that's gonna be a win-win.

An eye Artist 11/26/2020 9:46 AM
how,who really gonna pay it tho.

Wing Fury 11/26/2020 9:46 AM
I will.

An eye Artist 11/26/2020 9:46 AM
oh.

Wing Fury 11/26/2020 9:47 AM
After all, I've been in this with you since the start. I believed in this model's future and I still do. And if it takes some money to finish it, I'll make that sacrifice.
After all, as long as I can afford it, I always help.
Maybe one day this world will thank me for that

An eye Artist 11/26/2020 9:48 AM
and also since i really cant make my workshop stuff public,you'll be the one to publish it,i mean,your a desti fan,so yeah.

Wing Fury 11/26/2020 9:50 AM
Well, I'll still credit you and John as the creators, as it should be. Don't worry about that)
I'll just count myself as... how is it... an assistant of some sort

An eye Artist 11/26/2020 9:52 AM
i mean,when i tried to make the remote public,it just...kinda failed on the sales since its impossible because steam is a brick.

Wing Fury 11/26/2020 9:54 AM

Well, that's Steam in a nutshell

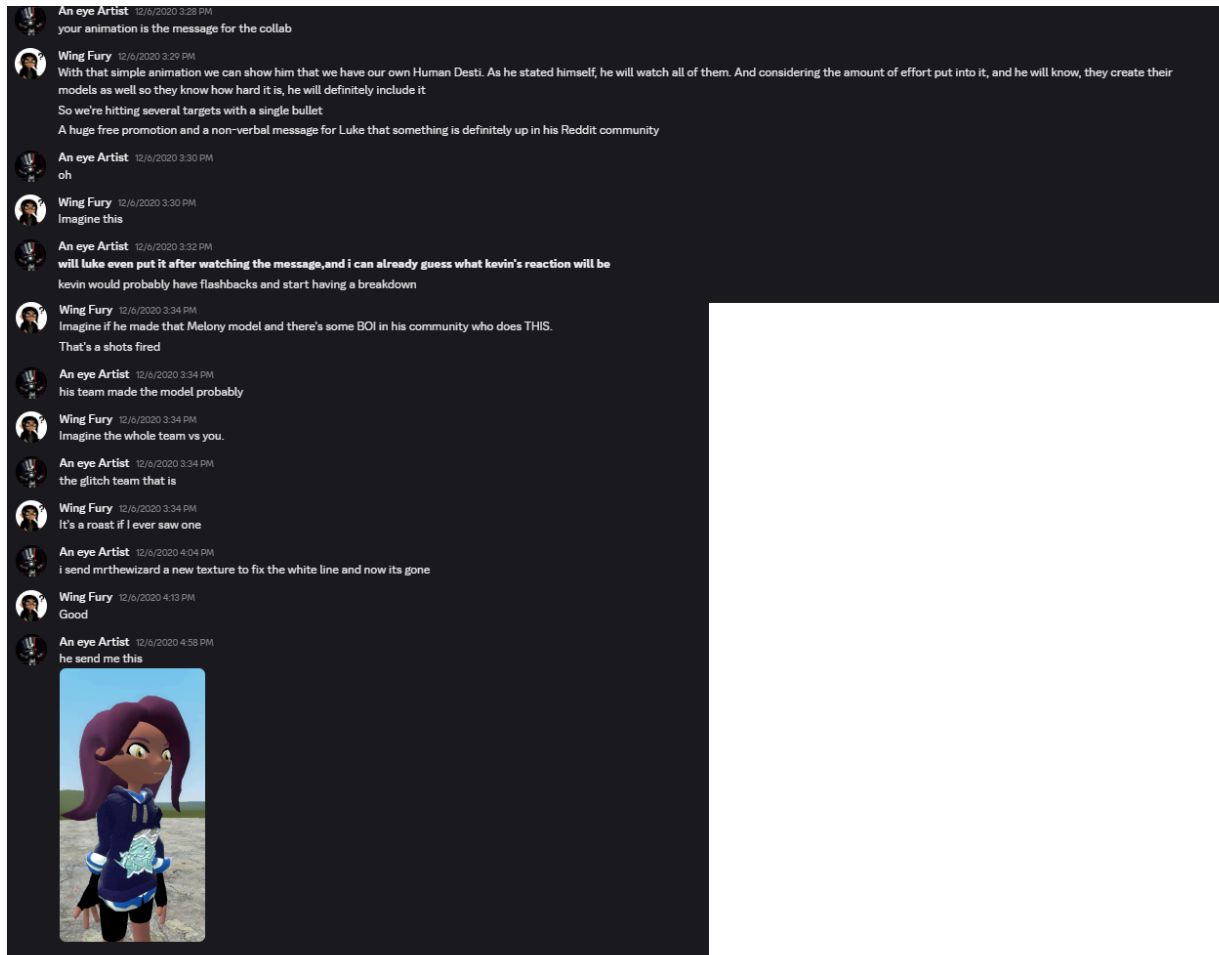

Also, John will think about the price further more. After all, as he said, he was originally planning to make this model for free and considering that it's nearly finished anyway, I think we'll have an agreement in the nearest future

It was safe to say I wasn't having high confidence with this one despite what wing was implying at the time.

Now I've not mentioned this yet but around the same time MRS2 was premiering I've discovered someone named Wizard who was working on a MR Tari model and thanks to a contact from someone who I'm friends with, I've managed to contact him and help him on his MR Tari Model

In turn though, I've also asked on if he could help with Desti stuff that I've been stuck on for comically so long and he agreed to, which I've informed Wing about

He was naturally okay with it..that being said, there was also something else happening in the meanwhile, that being the The SMG4 2020 Collab which was gonna release at around the end of December, so he decided that he'd also try submit an animation using the model as a kind of message

The rest of the last few weeks were just me and wing talking to wizard and just generally getting the model out for once
I feel like that, doesn't really need to be shared
He was also showing progress with the animation itself
Finally, December 10th/11th the model was released and the reaction was surprisingly positive then I expected given how long it took.
I was just glad this entire journey was over honestly and I can move on to other projects..

However, there was also the animation collab..which wing was working on heavily
Which was finished and submitted

It ended up not getting in
Now usually, he could have found out by himself and ranting about how it didn't get in and such
But, me being the moron I am, told him instantly about it the moment the collab went public a few minutes later and I've gotta admit I've messed up by telling him way TOO early and I've majorly messed up

That being said, I could have not predicted what would happen over time..

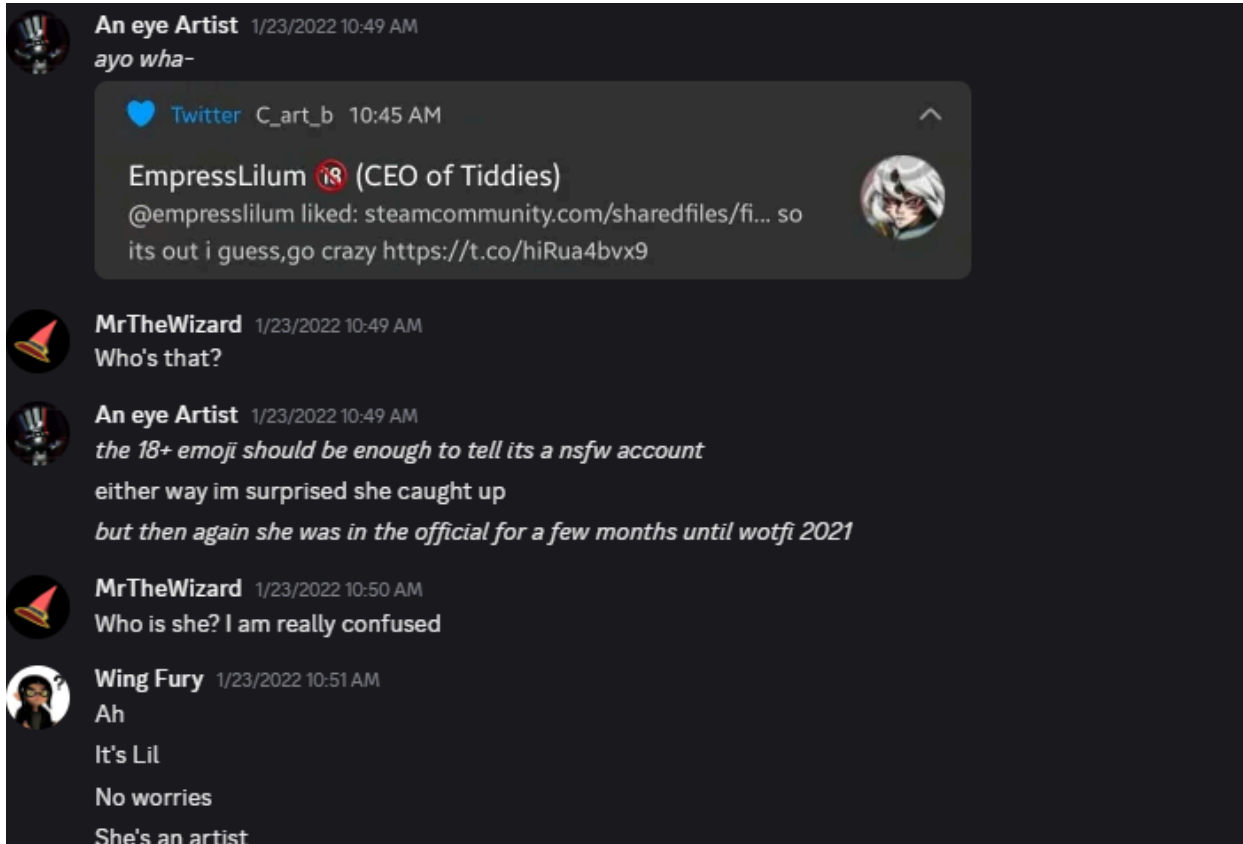

Section B (The Uncomfortable Stuff)

Around beginning of 2022, while I was working on a college outfit for Saiko and Tari designed by grand and showcased them in twitter, it got quite a bit of attention

It was noticed by an artist in particular, EmpressLillum when they liked the tweet about said designs

I've posted an image in the group-chat of said like and was like "oh god"

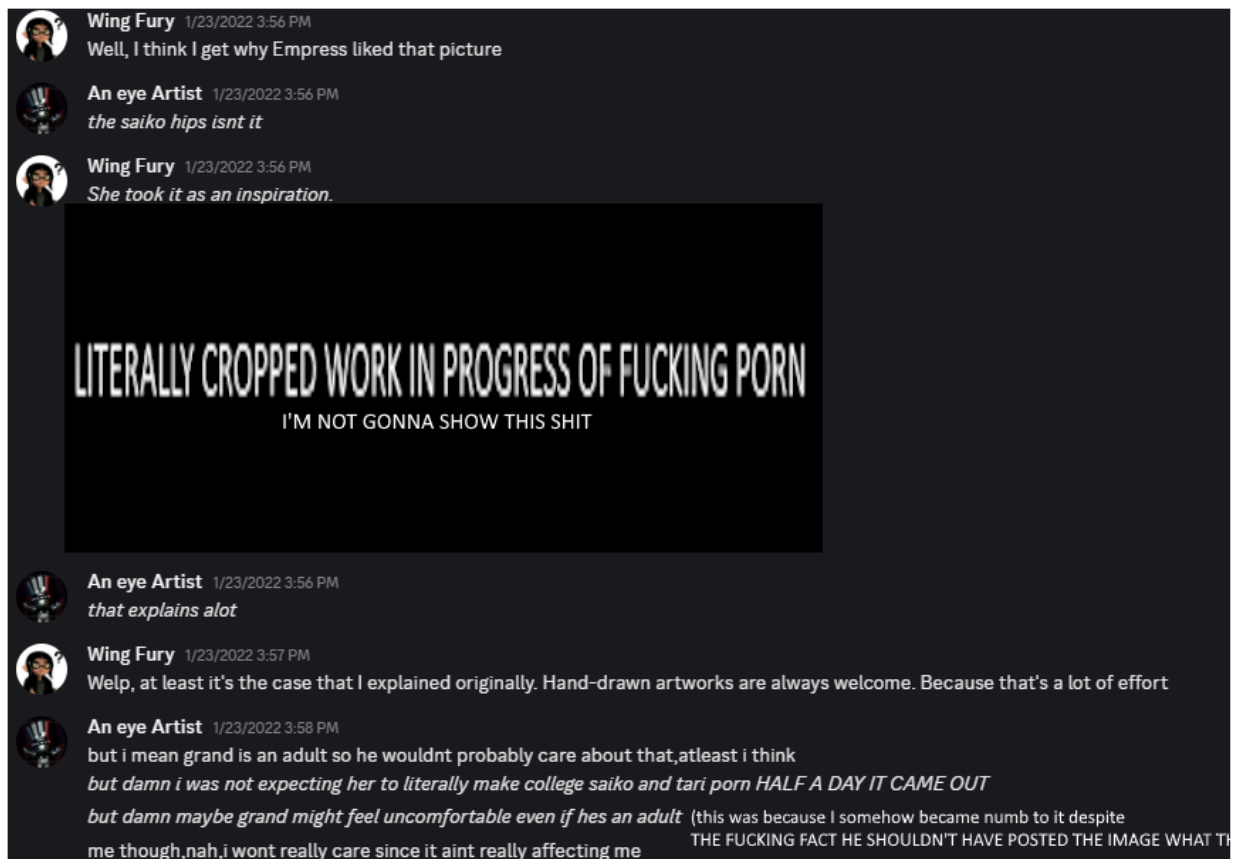

(though the way I've acted was, to put it frankly, pretty stupid)

A few hours later as Wizard was working on the college Outfits secretly and helping me with tari and saiko's outfits, wing out of nowhere mentioned why Empress liked the tweet and was..using it for inspiration

The next message, I kid you not

IS A WORK IN PROGRESS IMAGE OF PORN BETWEEN THE FUCKING TWO DESIGNS
BUT SPOILED AND CROPPED (which still doesn't really make it
acceptable tbh LMO)

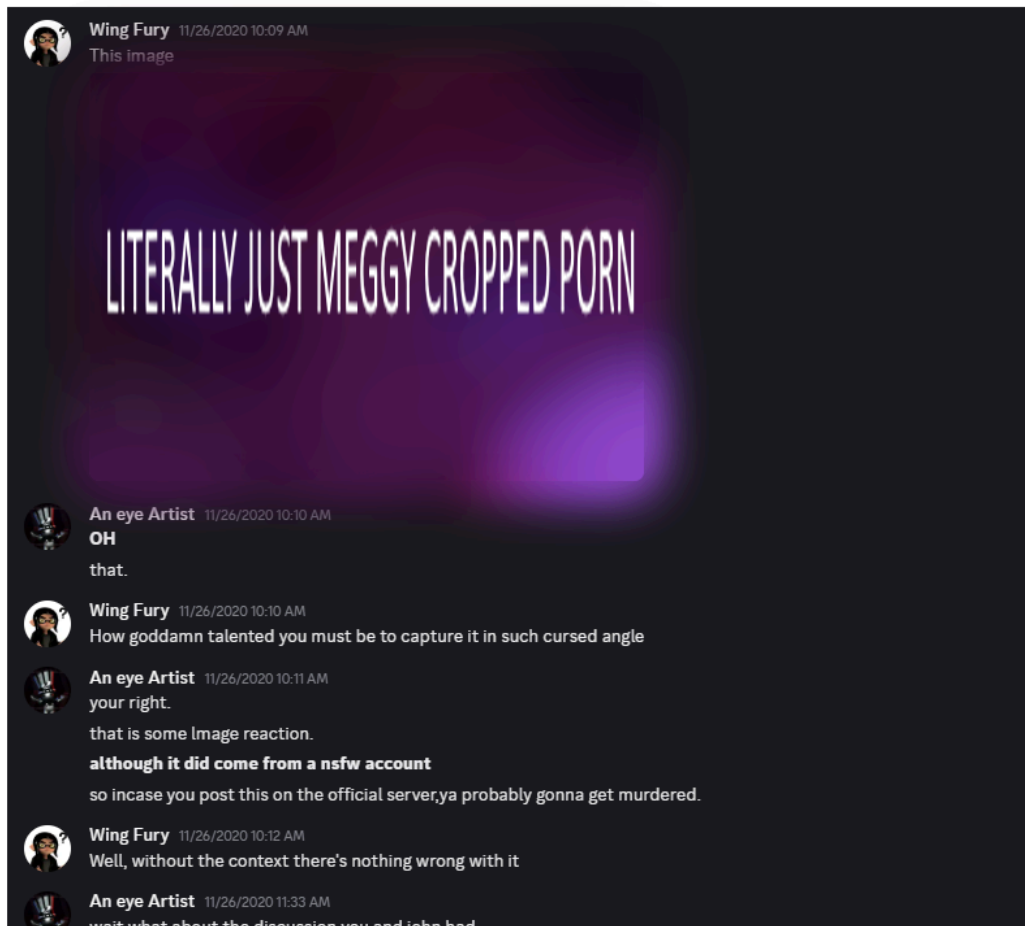

Nowadays I'm likely far more numb than I realistically should..But
back then in my mind I was shocked that wing would, straight up just
post this..Did..Did he even ask Empress to post this?? I was fucking
shocked to all hell this even happened (I suppose me being numbed
out was the results of being groomed months in another discord before
I left in july and gotten fully into the SMG4 community around the
end of 2020 july)

It fully didn't hit me until now there were smaller instances of this
happening before 22

Not sure how many but, there was some

Now I don't recall the context for this one in particular but pretty
sure it was wing discussing something about an image and how well it
captured such a cursed angle, forgotten if he meant NSFW artist or
not but either way I was naturally curious what he meant so I asked
what he meant

Yeah turns out he meant a fucking NSFW animation (I've managed to instantly figure it out just by the vibes of the fucking image) Maybe I'm the gross one but given what I've mentioned I'm not even sure anymore

Hell maybe my mind was still so consumed by everything back then that I ended up having a more deranged behavior than usual and it took so long for me to slowly get out of that mindset, especially with therapy after summer began in late May 2023.

Here's another..honestly weird empress incident that I'm baffled he went through with and is dumbest fucking one as I cannot ignore the fact that he did this and almost caused issues

While randomly in the midnight of October 20th, Wing after out of nowhere posted two images after a message about how he got caught up to a conversation and how he simply said SMG4 was done for Out of the blue, and posting it in mid-night (as it was very late but only noticed due to pretty awful sleep schedule)

Wing Fury 10/20/2022 4:37 AM

So I've caught a conversation piece

Discussions of internal glitch issues
in the company being screenshotted
as it's continuing
(I still will never get the point of this)

Gentlemen, I think SMG4 can be considered officially dead

An eye Artist 10/20/2022 4:38 AM

ah yes, I definitely would trust something like this immediately

Wing Fury 10/20/2022 4:38 AM

Just don't tell anyone that you've seen it from empress

An eye Artist 10/20/2022 4:39 AM

where she heard these sources from anyways

feels like a *my source is I made it the fuck up* moment (edited)

yeah no I can't immediately believe this

Obviously I was suspicious of it because besides the fact it was out of the blue, I just had a more naive viewpoint and didn't realize it was indeed correct (also I was like..15 at the time)

But I was still suspicious about why wing screenshotted it and mostly had a debate with him about this

we did drop the discussions eventually and I did end up finding out much earlier a month later that a lot of Wing's receipts were indeed not wrong

Since 2022 wasn't..a genuinely good year for me I was just coping about this due to how genuinely awful it got

And the images in question almost got out to the public before I've reacted in a way that while stopped it made me regret it with how I've approached it

I've just..been so confused on why wing would try spreading pictures of Internal Glitch stuff publicly (I've only censored it for obvious reasons) given that the EX-employees likely weren't comfortable having stuff like this out to the public completely..

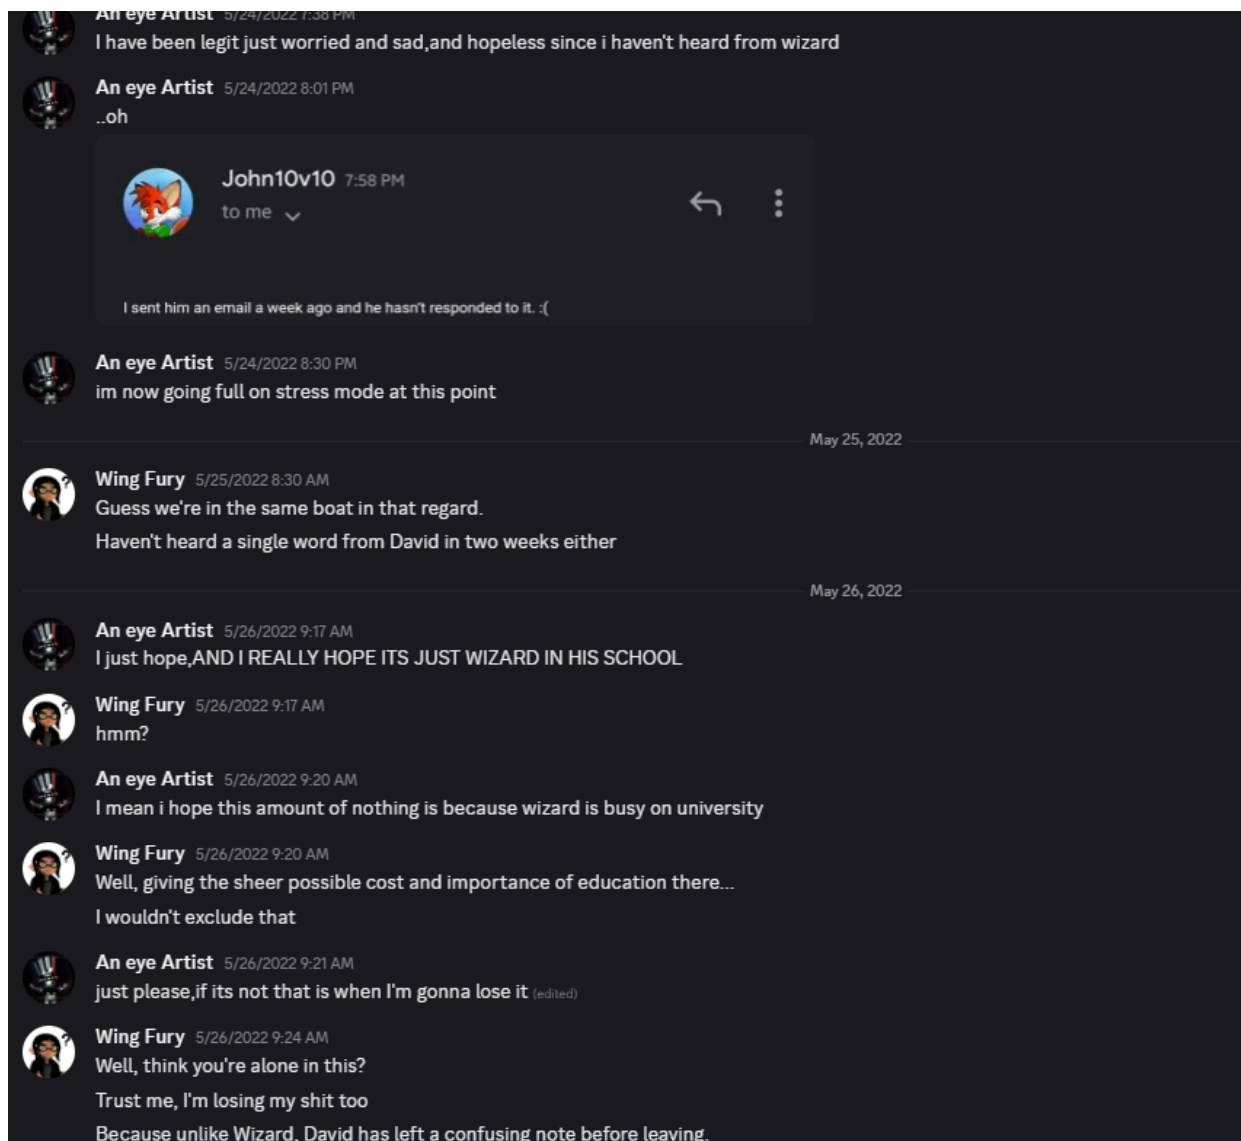

Maybe I'm looking deep into it too much but it baffles me given the only reason he has such a deep hatred for the Brothers is because OF
DESTI'S DEATH- LIKE ARE YOU FUCKING SERIOUS?

Now in case anyone wonders, these employees are thankfully doing well nowadays at the very least, so in case you've got any concerns, don't worry.

his third and last one and the only major one as far as I'm aware, is the
Most..concerning signs of his Behavior, and with Receipts I've gotten from Empress as I've contacted them..

Around a few months later and after Wizard took a break, I was concerned for Wizard's wellbeing and John informed me how he hadn't responded to his email, which, as you can tell, started to stress me out heavily.

However Wing also mentioned how he's concerned for David as he hadn't said a single word in a few weeks

As I've noticed these messages, I was beginning to wonder why Wing was getting far more concerned than usual..

Until May 30th when..

Well, I'll just post this image and let it explain itself.

Wing Fury 5/30/2022 6:25 PM
whenever the door rotates, so do they
we'll see what we can do after I finish the exterior and all the interior details. It'll take a fuck-ton of time but I'm more motivated than Vergil
Also, there's at least ONE positive news

 (David II x)
Source Filmmaker

An eye Artist 5/30/2022 6:28 PM
about david?

Wing Fury 5/30/2022 6:28 PM
David has appeared online

An eye Artist 5/30/2022 6:28 PM
oh
Knew ir
it*

Wing Fury 5/30/2022 6:28 PM
Doesn't respond yet tho...
Maybe tries to keep it to his words. A full break from everyone.
But hell, that's a huge relief
Maybe when he would finally answer, I can get his opinion on this whole mess that Empresslilum has started

Wing Fury 5/30/2022 6:29 PM
Are you sure you want it?

An eye Artist 5/30/2022 6:30 PM
oh right, it's probably too much for my brain is it.

Wing Fury 5/30/2022 6:30 PM
Because that's the reason I'm invisible for 2 days straight
So I wouldn't get constantly harassed.
I'll put it in short just for easy understanding
So you're aware about my affiliation towards David, right?
That we're basically like brothers and I take care about his well-being

An eye Artist 5/30/2022 6:32 PM
that
doesn't sound good from that sentence

Wing Fury 5/30/2022 6:32 PM
You know what i mean
I was pulling him back from depression after his last attempted suicide
That's just the example

An eye Artist 5/30/2022 6:33 PM
oh
no
this isn't gonna end well

Wing Fury 5/30/2022 6:34 PM
Well believe it or not, I'm doing my best to keep him sane. As much as I can do being on another side of this damn planet
Even when he was sinking in his NSFW shenanigans I was pulling him back to what was really important - his story arcs.
But well, that aside
2 days ago Empresslilum and her cheerleader squad of four came out with a huge announcement/expose, claiming that I'm the man who's harassing minors, manipulating his friends for his own goals and ultimately grooming kids and retweeting their NSFW content, ultimately encouraging such behavior.
Mind that it happened a couple weeks after her last tantrum in our mod team in SMG434 server, after which she ragequitted from the server
Guess someone has decided to come back with a bang...

An eye Artist 5/30/2022 6:37 PM
..oh

Wing Fury 5/30/2022 6:38 PM
Except more half of her so-called evidence is utter bullshit torn out of context, and backed up by constant onslaught from her cheerleader squad, overall creating a peer pressure situation.
Not a very professional approach, if you ask me

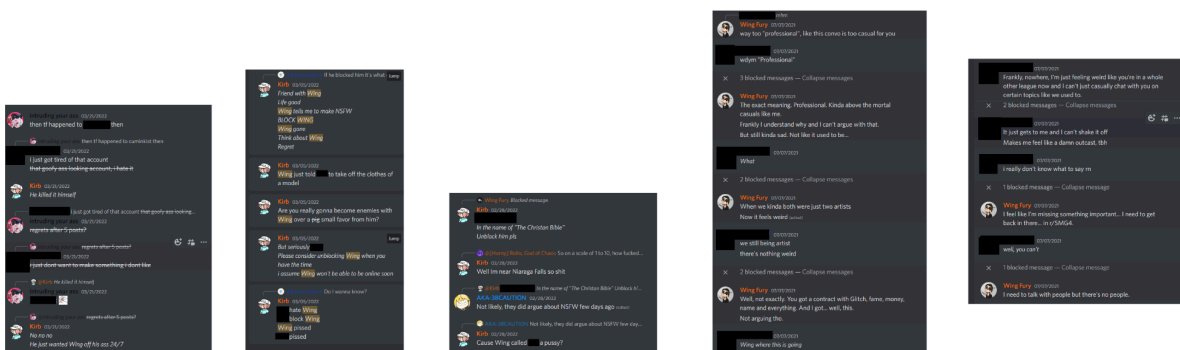

An eye Artist 5/30/2022 6:39 PM
what in the fuck

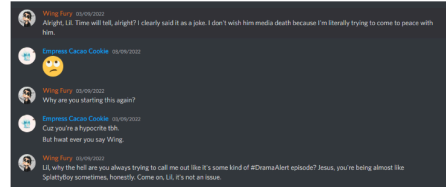

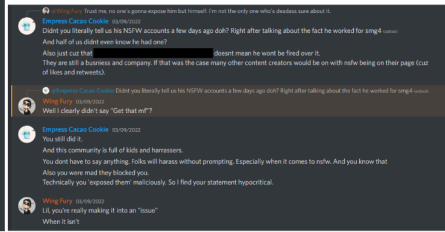

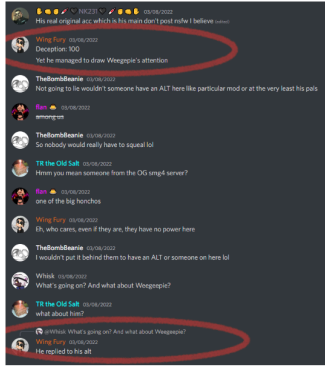

Yeah so..turns out he was being accused of being a manipulator And a groomer..yeah that was a interesting message to read that day
Though the conversation did shift topics quickly due to me talking about SMG4 Kaizo stuff, this is why he was concerned about David, due to the stuff Empress and their friends accused him with.
It was very concerning to see this message given David's behavior he showcased in a server I was in at the time, Not sure if Wing managed to stop him from doing such behaviors but seeing this now..Yeah I'm very uncomfortable with how things turned out

That being said, there are Receipts that I've been given from empress after interacting with them, and it did show a particular side of him, one that caused him to permanently be banned off SMG4 Servers (mainly the official and reddit one)

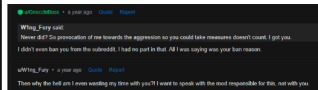

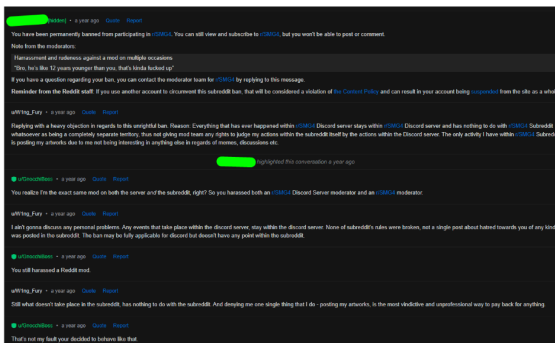

And it is related to the message wing sent here..
About how he did harass people..mainly, an anonymous artist from GLITCH/SMG4 and Gnocchi.

(I'll be referring to this person as "B1" for this bit)
"B1" had a secret account that eventually got removed for obvious reasons, however even before that, "B1" was being pressured by wing to make Desti X Meggy Porn according to empress, which disgusted them out (and I mean if you were being pressured to making porn regardless of what type of artist you are you'd be stressed and angry as well) and seemly had some people pressuring them to unblock Wing and even attempted to blackmail them and expose them to Glitch
(I can confirm these likely are real in one of the screenshots I've witnessed it in real time, which is the Fifth one on the first screenshot)

As for the Gnocchi Sections, here are some conversations I've been sent (Which is from Reddit) between Wing and Gnocchi at the very least and a message from Cube.
(I can confirm he did often harass gnocchi a lot of times)

wing got banned from the Reddit & Reddit server because he harassed Gnocchi who was 15 at the time, and then handled his ban pretty poorly and started going after the mods yeah.

I gotta find the bigger explanation but

wing was banned in the community because of immaturity issues and harassment. Wing who is 2 years older than me lirc (27? 28?) always had a constant issue with Gnocchi, who was 15 at the time. I know Gnocchi enough to know that whatever he actually did never warranted what Wing would do.

I'll gladly show you the dozens of examples of what I mean between them, but basically Wing was just really rude and verbally abusive to Gnocchi. It's one thing if it's like two teenagers arguing or getting into it, but this was literally a grown man picking on a teenager. Gnocchi could just be in chat and Wing would be like "ugh don't ruin the moment Gnocchi" and it wasn't a joke or anything like that, he was dead serious. I called Wing out on his behavior against Gnocchi before and he got into it with me as well at one point, which I was not fond of either.

I can go back and find more specific examples but the one I can pull out of my memory vividly is when I removed some of the roles in the reddit server for redundancy and then implemented a "react for role color" role so people could get back any role colors they missed. Wing immediately got on and started targeting Gnocchi for taking away his role and getting nasty with him.

When Wing was unintentionally unbanned, he never even gave a true apology or showed any remorse toward Gnocchi at all. He didn't even acknowledge that in his "appeal" he just said that he wouldn't give us trouble anymore something something change of heart. Even when he was back he never said anything towards Gnocchi or anything. It felt very ingenuine and once the due process was made the majority of moderators voted to reinstate the ban. I'm not some "iron wall" keeping him banned it was a vote effort that got discussed.

Overall, Wing was banned because he was essentially harassing and verbally abusing Gnocchi. After his ban he began blowing up the Reddit ModMail with some very provoking and hostile tones and messages about his ban, and making demands rather than trying to resolve things. Even after he was unintentionally unbanned, Wing did not display remorse at all for what he did. That's why we have opted to keep him banned, because in all honesty it's not okay that someone as old as wing was being as hostile to someone as young as Gnocchi. It's immature and uncalled for and there has to be a consequence for that

Now, normally, I would have ended this section..but then, I was also informed about something Wing Fury did from someone else that wasn't
empress relating to a situation earlier this year.

Now this one..

This one Pisses me off the most in particular once I've been Informed
about it, so let's just not sugarcoat it (Jesus christ-

I've been shown evidence of Wing Fury,..Belittling the ShiningLot1
situation, a SMG4 Fan Artist who was outed as a pedophile earlier
this year around march of 2025, before she got banned from a GLITCH
server anyone can join (if you're an adult) and seemly was trying to
calm her down, despite her disgusting and ILLEGAL ACTIONS, while
everyone else, naturally was shocked about what wing was trying to do
despite the fact she literally groomed a teenager.

Wing Fury 3/13/2025 8:50 PM

Well to that I can only say this. If you can't control your emotions, use an intermediary to speak for you. Veemon helped me tremendously in my case and you definitely remember that.

ShiningLotl 3/13/2025 8:51 PM

What does intermediary mean?
Can u explain please?

Wing Fury 3/13/2025 8:52 PM

A middleman, a sort of an attorney to talk to in private and keep everything in practical language before you go out here and speak up.

ShiningLotl 3/13/2025 8:51 PM

I'm done for?

Wing Fury 3/13/2025 9:02 PM

If you remember, Lil tried to do the same with me and David. But the thing is, even though David was underage, I never indulged in any horny stuff with him, never condoned what he did and definitely did not send him the damn nudes. The only thing that kept me was because he was genuinely dying, as you might have known. So I wasn't playing his dad on this and just let him enjoy his things on his own while he can. In your case that's definitely not a thing. The guy is simply a mentally ill piece of shit that you felt sorry for despite him treating you like garbage.

veemon657 3/13/2025 9:02 PM

i didn't know about the nudes thing

Shaymix the Masa Fanatic 🗨️ **NEWB** 3/13/2025 9:03 PM

Dude, it was literally stated on the post.

Wing Fury 3/13/2025 9:03 PM

So yeah, I believe that's a wrap

Everything could've been fine if you were to just block him right at the first signs of his degeneracy and forget about it. Instead you stood by and let your emotions get the best of

He's also friends with someone who's not only close to Shining but has also attempted to defend her multiple times from her being outed as a pedophile despite multiple evidence and statements disproving otherwise.

veemon657 3/13/25, 5:17 PM

Not saying it does

Just saying when you have autism what's easy for one person can be extremely difficult for another, and when you're in an abusive relationship you're more easily controlled
Though She should have tried to find someone to help her get away from him

Shaymix the Masa Fanatic 3/13/25, 5:21 PM

Then she still should've blocked him or rejected him

Again, I get that she has autism but it doesn't excuse it

MEE6  3/13/25, 5:23 PM

GG [@SlyguyOmega](#), you just advanced to level 4!

veemon657 3/13/25, 5:24 PM

I do not know I posted the evidence showing he was abusive and manipulated her into staying with him despite her trying to leave multiple times
nex was a manipulating asshole
and as you'll see in one screenshot not afraid to drop the N word
i know about abusive relationships she tried to leave multiple times and each time he pulled something to keep her around

Shaymix the Masa Fanatic 3/13/25, 4:46 PM

Again, that doesn't really change the fact that Shining dated them despite being a unwell minor.

veemon657 3/13/25, 4:46 PM

He's the one that went to her not her going to him

Shaymix the Masa Fanatic 3/13/25, 8:30 PM

But in all seriousness though, fuck you for using autism as excuse and for having connections to a pedo.

Fucking disgusting.

veemon657 3/13/25, 8:30 PM

I stayed out of things because it wasn't my fight and my lack of knowledge of the matter is from my point of view being used as evidence against me instead of the benefit of the doubt

I had evidence of nex being abusive which I sent

Shaymix the Masa Fanatic 3/13/25, 8:31 PM

That still doesn't fucking matter.

That is all the major Receipts I've been given about Wing Fury from Empress and they show a side of Wing that, basically confirms in some way that they were right about accusing Wing about As I can confirm

he was gross with people in general

I could go on, I could GO on longer and search deep into this..but

At this point, I feel like I've made it clear and obvious about Wing's Behavior behind the scenes (and also because I'm very, very, exhausted) especially as I've asked empress about the first two and if he asked them about sharing anything they post and they said no

So that's another bullshit He pulled off and almost risked a possible disaster..

Fucking, Unbelievable Behavior..

CONCLUSION

Now in regards to The Thing that caused me to make this entire document in the first place, which was what Wing Fury was defending, now..you may ask, what was he defending?..

Well, Wing Fury posted a ship artwork (that he DID NOT MAKE) in a server he was in that before said incident had a lot of people being annoyed with his vibe and behavior..

However..you're not gonna believe this, the artwork in question ..was

CALLIEXMARIE PORN

Obviously, everyone was disgusted and immediately he got backlash, which led to the message being deleted

Now that being said, Wing was Upset at this and began talking with the server Owner, and after a few message the server owner decided that enough was enough and he got banned off the server

I've gotten receipts of said DM from a place, so here's the conversation that took place of his banning
(I've censored the server owner for privacy sake)

So I'm gonna keep it here to not repeat the same shit over and over again.
So that was that artwork, you gonna listen how exactly do I differentiate one from another? Or you're gonna keep this no context bs?

Wing Fury Today at 10:27 AM
Aight, first of all - no, I do not condone incest as a thing. It's obviously not a healthy practice. But you and I look at it differently, with a different mentality. I don't simply lump every Callie and Marie artwork I come across in one "incest" bin. First of all, because I tend to differentiate FxF type from FxM brother/sister type, which brings that damn taboo aspect of incest that makes it disgusting. I do not condone lesbian incest, but at the same time I at the very least do not throw it into the same bin because ultimately it's nearly as harmful as brother spooning his sister. There's no negative consequences aspect involved, not much of a taboo thing of it. I see it as something near regular lesbo shenanigans, nothing less, nothing more. People been rolling with that for almost 10 damn years and yet we're screwfacing it now for some reason.

For me it's just stupid to lump everything under one term. For you it's all the same.

Today at 10:28 AM
Do you even know what the definition of incest is 🤔

Wing Fury Today at 10:28 AM
I fuckin know it, dammit

Today at 10:28 AM
It doesn't always involve brother and sister

wing fury Today at 10:29 AM
Know it as much as you do yet you seem to be stuck on the same damn record
If you have problems with it - fine, whatever. I've already deleted that pic, as I said, stop stirring drama about it and move on.

Today at 10:29 AM
Also what you view is ultimately irrelevant because if it's objectively depicting incest then yes it's incest
You still defend it so no

Wing Fury Today at 10:30 AM
Well there's your fuckin difference. I treat each artwork subjectively. You treat them by its objective definition.

Today at 10:30 AM
So by your logic what bombbeanie reposts or drawing isn't borderline child porn?

Wing Fury Today at 10:30 AM
We all know what Beanie did.
So don't mention him here again.
I'm already sick and tired of hearing about him from LiLi (edited)

Today at 10:31 AM
But you still defend what you did with the mindset of posting incest as being subjective

Wing Fury Today at 10:31 AM
Don't need you too in here
What, do I have to literally say "It's not that deep" for you people to get the idea?

Today at 10:32 AM
Do I literally have to say if it's depicting something bad then it's something bad to you?

Wing Fury Today at 10:33 AM
Again, since when we gave a shit about Callie and Marie? If it was an issue, it would've been an issue along all those years

Today at 10:33 AM
Why should that matter if it's a problem it's a problem what argument is that?

Wing Fury Today at 10:33 AM
No one seem to give a damn about it except select few

Today at 10:33 AM
Ok? Why does that matter?
Slavery used to be fine back in the day and now it's frowned upon
Does that make it ok

Blocked message

Wing Fury Today at 10:37 AM
Because he's an insufferable pedantic asshole that preaches morality lessons to other people

Blocked message

Wing Fury Today at 10:38 AM
But that's already a tangent. This ends right there.

Today at 10:40 AM
Right, anyways have fun being banned off my server 🙌

It sounded so fundamentally unbelievable and SUCH A SMOOTH-BRAIN ATTITUDE but, he did get banned off the server, he wasn't there anymore.. To say it was such a betrayal and an insanely stupid act of move would be putting it lightly.

The fact that a 12 year old could have a better chance of KNOWING THE MOST CRUCIAL AND MOST SIMPLEST THING OF SPLATOON which, I remind you, was treated like a dress-up game of gacha-life to 90% GMOD/SFM community then THIS MANCHILD FUCK WHO COULDN'T EVEN BOTHER TO RESEARCH ONE SINGLE THING ABOUT THESE TWO, THE SAME MOTHERFUCKER THAT THROWS A MASSIVE TANTRUM ABOUT THE TINIST DESTI DEAD JOKES, THE SAME GUY WHO GETS MAD OVER THE DUMBEST REASONS, THE SAME GUY WHO CANNOT

PROPERLY RESPOND TO ACUSATIONS BUT HAS ALL THE TIME TO MAKE DESTI X
MEGGY PORN is insane.

It pissed me off enough that I've decided to work on this as soon as
I wrapped up work on something, and I don't think I need to explain
why

Overall, Wing Fury is someone that I don't think should really, or
even be attempted to be trusted ever, he has gone off the rails
harder than I've thought, and not only that, a fucking FREAK and this
is not only a callout, but a warning, to anyone who attempts to get
close to him, trust me.

And Wing..I'm gonna be honest here
Even if I've never acted like the best before, even if I had such
insane comments before, even if I've messed up far too often

It's really hard for me to see you in a good light, especially now,
I've..felt far too uncomfortable after putting all of this together..
But I believe it's important, because people like you are the reason
why teenagers get mentally affected by adults in the worse way
possible

Why many, many people dislike the splatoon source community
Why, your action have affected far too much people then you realize

And why..you're likely the example advertisers use to promote condoms
to couples.

Rot in hell.
