A collaborative exposé document created by Pipster, Danny Lyons, and CatcusKawaii, with help from ComputerWizKid Enterprises.

## **BACKGROUND INFORMATION**

**Alexander Vincent Andrew Mortensen**, (real name **Zane Vincent Mortensen**) better known online as **French Fry Animations**, **Comedy Mix**, and **Mutated Snowman** (born April 25, 2002), is an American YouTube animator and Roblox gamer who created various cartoons and designs games on Roblox. He is known as the creator of his infamous web shows called *The Data Crew*, *Comix Shorts*, *Comix Minis*, and *Jack In The God Damn Box*.

Since his retirement from being a cartoonist on January 5, 2023, a lot of deplorable crap has come forward against him. The main purpose of this Google Document is to expose all of Alexander's wrongdoings over the past years or so.

Please note this document is being kept private. It won't be shared publicly until further notice.

## **TIMELINE OF HIS CONTROVERSY**

### **2020**

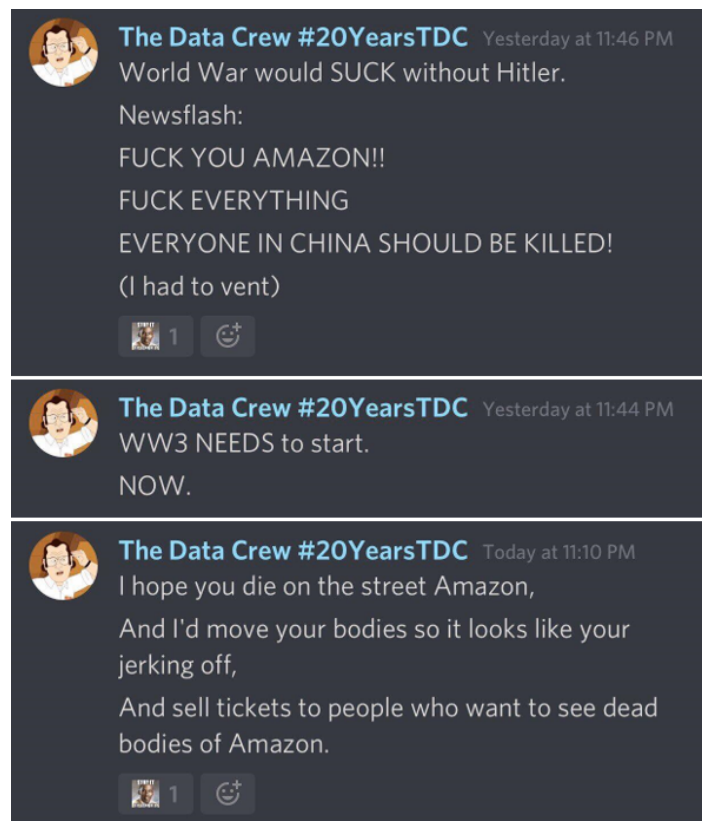

**Alexander goes insane on Discord.**

In March 2020, Alexander went completely insane on Discord over the effects of the COVID-19 pandemic, which all led to many people calling him out for his offensive remarks.

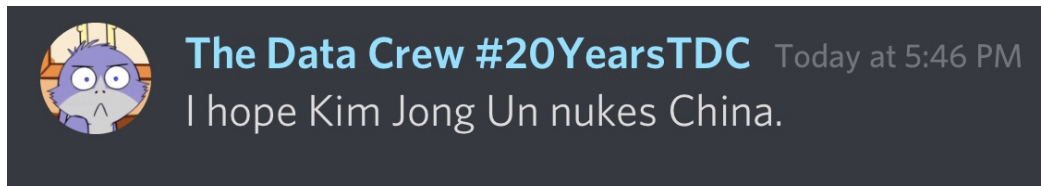

As you can see in this screenshot, Alexander pulled a suicide card if the U.S. reached a total of 100K cases of COVID-19.

And here's his most infamous remark yet, wishing that China was nuked.

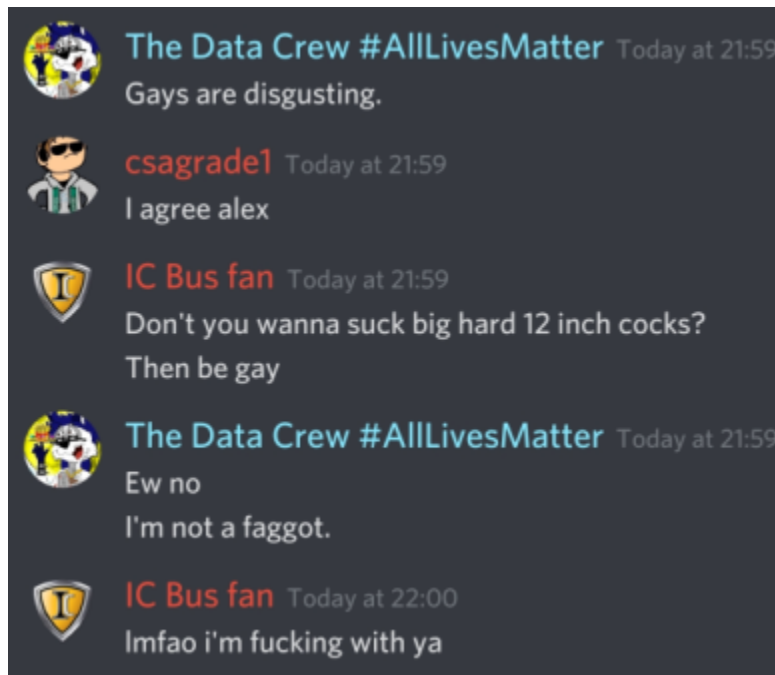

Darren has described Alexander's behavior has "abhorrent, repugnant, and inconsistent with our values"

## 2021

### Alexander's first signs of homophobia emerge.

In early 2021, during the LMNB era, Alexander began to show the first signs of being homophobic as shown in this screenshot below.

As you can see, Alexander called gay people disgusting (which offends both Tater Wolfgang and Gilleabart Robicheaux) and used the "FA" word to refer to the LGBT community. He since deleted those messages to hide from backlash and not take full responsibility, going as far to blame his autism for the posts, which is clear proof that it makes the autism spectrum look bad.

*"You cannot blame your conditions on misdeeds, that will only make things worse for you"*

~ NyxWuff

## 2022

**Alexander gets confronted by his victims.**

In early 2022, Alexander created a “celebration” server which eventually turned dramatic when LILBONKBOY (who was groomed by Alex), Clarabel\_Adoring, and ChronicZircon. As seen in a majority of these screenshots, this was where Alexander tried to change the subject, and constantly pulled the victim card and blamed Darren.

**2023**

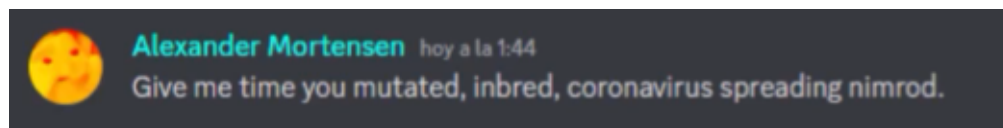

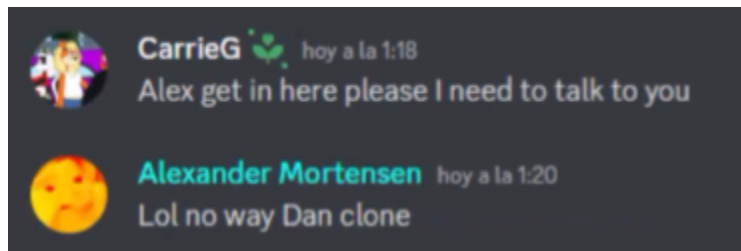

**Alexander is finally booted out.**

In late January 2023, a user came forward and declared that both Darren and Danny were innocent but Alexander was not. Afterwards, Darren soon realized the whole truth, and he and CWK made up. Darren on the other hand began calling for Alex's termination from ComputerWizKid Media Group and all of its affiliated subsidiaries and owned franchises. In

addition, he provided the evidence to most of Alex's disgusting porn art which also brought her on board with the plan.

Prior to this, Alexander announced his retirement from creating cartoons on January 5, 2023, and disbanded the Data Crew. This also meant he scrapped the last two episodes of the twelfth and final season of Comix Minis, as well as canceling Jack in the God Damn Box. At this time, DouCarlton and some of the victims are currently grabbing Alex's assets including his copies of the JFG assets, the Comix Minis Season 11 assets, and loads more.

Both Danny Lyons and his love interest, Carrie Gonzalez, weighed up the evidence and realized that Darren and Mirabel were both telling the truth. Soon, Danny revealed that he could not put up with Alexander's constant fits and attempts to limit Danny's creative liberty, so he blocked him everywhere else and joined in the advocacy for Alexander's deplatforming. More people jumped in and they too eventually realized Darren wasn't so full of shit after all. Carrie on the other hand confronted Alexander in the inactive Comix Minis Discord server which also got dramatic with Alexander once again denying everything and pulling the victim card, even going as far as to call Carrie a "Dan clone" and a "mutated, inbred, COVID-19 spreading nimrod" as seen in these two screenshots below:

Not too long after Alexander got exposed and outed, Darren would eventually establish peace with some of his old friends and would finally rebuild his friendship with Danny after being separated for a total of 14 months, as well as being hired as an employee at ComputerWizKid Media Group, and the relaunch of LMNB as **LWNB**, after already establishing peace with Mirabel, her girlfriend Lilly Malfoy, and their friend group. He also sent eTV Network a friend request on Discord to inform him to terminate Alexander's employment with both e Interactive and eeVee Television.

DouCarlton on the other hand created an Icedrive showing loads of evidence of Alexander's fucked up acts and the disgusting NSFW art he created. A majority of the art Alexander created were mostly from his Inkbunny account. Soon the staff began to arrange plans to bring justice

once and for all and to bring Alexander down. As of now, Darren is in the process of digging up personal data on Alexander and it will help to get his ass thrown in jail hopefully.

The Jungle Forest Gang will also be revived under the new name **SDH Triplicity** and Mirabel's new group, the **Universal Artists**, will replace Alexander's infamous Data Crew group. Carrie also came with the idea of claiming Alex's OCs as well. In result, several former Data Crew members including Paul Jordan Peterson, Quincie Landgrabb, Phillop M.T. Parker IV, Naomi Ellie Perkins, Talya Carpenter, and Georgina Kane would be joining the UVA, while Diedre would be a full-time supporting member of SDH in order for her to be with her brother Maksim. The character of Alexander Mortensen will likely be killed off or written out completely as well as Grayson McCormikk due to his offensive remarks towards transgenders. This also resulted in Edgar Baumgartner being the new leader of the Stir Fried Maggots. Grayson's spot will be taken over by new member Ryan Fenriz.

And now, here are a few stories shared in by a few members of SDH Triplicity:

**HB the cook** BOT 02/06/2023 9:29 PM  
Hooh my god, alright, starting off with me I guess.

Before I get into detail about this incident between the most of us and Alex, me, Alice, Claire and Riccardo were actually in a centipede, and the worst thing on my behalf is that **I almost fucking died from the shit flooded in my mouth ass after ass.** I'm probably still gonna feel nausea now that it's following me everywhere I go. Anyways, onto this topic... I was extremely infuriated about how 2020 was, along with everybody else - yet when I was unleashing an anger fury, Alex slapped me in the face and apparently I quote-unquote made his daughter Ruby cry. He treated me like shit when I was telling Ruby further details on how to deal with a trauma-inducing circumstance. All Alex basically did was mistreat me when I was trying to let my anger out. The other incident that overstepped the boundaries was when I was encouraging Alex to improve his art style, he thought it was a good idea to lash out at me like that... and I had to vent..... I don't know if you even want to be remotely reminded of it, but I know for sure that you guys remember it in a crystal clear way.

Yea, a variety of parts in 2020 actually haunt me.

**Kody the chill fox** BOT 02/06/2023 9:41 PM  
Oh, and I don't think you've heard of this, but Alex tried to get me to resign from SDH (Rodfellows at the time) back in December 2019.

**Finniethe Christianity rabbit** BOT 02/06/2023 9:45 PM  
And at one point, I was trying to play with Kody in a cute manner, but Grayson popped in and said "Get away from him!" He accused me of cheating on "precious" Alex when I wasn't even his wife.

This was back when the discussion tabs on YouTube were around.

...yeah, to be fair, 4G1G was a polygamist group to me.

**Finto the chill rabbit** BOT 02/07/2023 9:39 AM  
Okay, I'm not sure where to begin with this, but I'm just going to mention a few notable things regarding my experience with the said TDC members. When I first met the three, I thought they were chill guys to a great extent. Me and Paul would usually be referred to as buddies. I don't exactly remember if it's true or not, but Quin thought that I would have a relationship with her as we both share the same color palette, even though she already has Paul as her husband. Alongside that, the fact that me and Quin would be couples just gives off an example that I'd be cheating on my wife which is Finnette. Alright, I gotta stop wasting my time talking about the two - I have to mention a very particular subject here. Alexander Mortensen... that boy ain't right. I may not have had conversations with him much, but according to a vast array of photographic and videographic evidence that I've seen against him, he obviously has said several homophobic, racist, sexist, ableist, and derogatory slurs and remarks that thoroughly offend people in several races, sex, disability, and proportion. And I was not really pleased by his adherence to pull these actions off. I am especially not pleased by the fact that he groomed a minor who was 13 at the time by sending inappropriate pictures to him in a private DM. This was the final provocation - Dan and Darren's innocence has been completely uncovered, and Alexander's guilt has been uncovered. He is manipulative, he is egotistical, and his only way to get "bitches" is by dating Samantha, which is full-on unpardonable. I rest my case.

## **FINAL WORDS**

### **Darren A. Nichols (creator of the document):**

*This is going to be my final response to you for good Alexander since I've lost all my respect to you. I am doing this since me and several others of my friends have discovered the truth of who you really are.*

*Alex, despite the fact that I don't trust you anymore (I despise you with a burning passion), nor do I think you should be on the internet, I do understand you have Asperger's and I respect that, but it still does not excuse your toxic behavior and what you've done to the JFG's reputation, my reputation, and Danny's reputation. You have nobody else to blame but yourself. One day, I hope you wake up, take a good look at yourself in the mirror, and see what kind of person you truly are. You need to face the music. You're slowly losing almost all the respect and support you've once had in this community.*

*If this behavior of yours continues, the amount of support you'd lose will gradually increase as time goes on and the only people you would have left would likely be Katie the Coolio 2003, Psyche Gamerz, Angry Potato Productions, and Billy the Red Knight Gamer.*

*Your relationship with Samantha Hayla (I get it she's fictional so don't judge me) has probably even been deteriorating over time, and it's making me question how long it will take until the eventual divorce.*

*Trust me, I know Samantha has complained about your behavior back in 2020, but let's get to the elephant in the room. Alex, you basically RUINED YOUR OWN LIFE OVER CONSTRUCTIVE CRITICISM ON THE INTERNET! Not to mention you falsely blamed me and Danny for creating your infamous 4G1G group when really it was YOUR idea in the first place. Let's not forget you also groomed a 17-year-old named LILBONKBOY as well as Green Tails 2035 who was also 17 in which you showed him your Comix Rewind episodes containing sex scenes. Don't forget you also sent NSFW art of the JFG to several minors, including Ize, Jimmy Esposito, and even DouCarlton, the latter of which has screenshots and evidence to prove it. Oh yeah, and Jason also told me that you were involved in Duke Lawler related activities. No wonder why Marshall Bourne hates you with such a burning passion!*

*How can you get away with making all this shit when there's LITERALLY CHILDREN WATCHING?!? Honestly, the Data Crew, Comix Shorts, Comix Minis should be killed at this point. What you have done at this point is very unforgivable. Your stupid TDC group is probably the reason Danny and I and the JFG has a bad reputation, maybe even why the original movie*

*bombed so badly! I now deeply regret ever being part of your Comix Minis cartoon, in fact, I also deeply regret being a voice actor, animator, and co-runner as well.*

*If you want my advice on what to do now that everything is slowly coming to light about your true colors, I highly recommend taking a break from the internet. Not for days, not for weeks, MONTHS. During those, I'd strongly advise you to speak with your family about everything you've been doing along with ANY therapist that you're talking to. Then after you start taking therapy sessions, I would like for you to NEVER come back to the internet again and to NEVER bother with anyone who used to be your friend again since we no longer want anything to do with you. I don't even give a fuck if this affects your reputation, Alexander.*

*YOU ARE ALMOST 21 YEARS OLD. I'm literally two years older than you, and at least I stopped acting like this. Danny and I have fully redeemed ourselves and are working together to rebuild the friendship we had when it all began back in August 2019. Now before you start going all crazy and pointing any fingers at me and saying shit like "YOU RUINED MY FAME!", how about you take a good long look at those screenshots and know that you've brought this upon yourself. Don't you dare go attacking Jason since he's telling the truth about your deplorable actions.*

*Just wait what will happen to you eventually. Karma will bite you in the ass. Be prepared when the Holocord starts a war with you, because I will be showing all the evidence to the Holocord's leader, Liam / OMC, and you will lose instantly. And since you recently got a real job, wonder what will happen when your boss finds out about the evidence of your online activity. If he finds out, you'll likely get PERMABANNED.*

*So in conclusion, JUST FUCK OFF, ALEX. I am not going to say this numerous times, and I am definitely not afraid to reveal all of this shit to more and more people. I am officially done with you Alex, and me, Danny, and the rest of my friends and supporters don't ever want to be associated with you ever again.*

*So, in the words of King Harkinian in one of iteachvader's videos,  
SCRUB THE FLOORS IN HELL YOU MONSTER.*

*Get fucked, Alexander, you always-angry coward. Goodbye.*

### **Danny Lyons:**

*To be frank about Alexander... after noticing that he was responsible for this damage between my friendship with Darren - by that questionable website he ran, I suddenly began to realize that he is a person with an incomprehensible mindset. I first befriended him in June 2018 as a*

*certified associate of his, we would be tag teaming on certain things together, such as media relating to a now-disbanded group by the name of "The Data Crew". What appalled me from Alex was that he used the "FA" word to refer to the LGBT community, he used several sexist, racist and homophobic remarks towards people with according orientations, he once wanted The Data Crew to outnumber The Jungle Forest Gang when it was The Rodfellows at the time because apparently they were "upstaging" them, and further down, he kept dragging me into his personal thing that gave me procrastination problems - keeping me from staying focused on my projects. The most shocking and manipulative thing is that he used my OC "Samantha Hayla" as his wife - when really they weren't not even related to each other in the first place. He did the same with my OC "H.B. Wolfgang" to be the wife of Phillop Max Tobey Parker IV, among other things he did with my OCs that left an unsolicited imprint. Even worse, **he fucking used my recent OCs in a centipede RP which fucking disgusted the everliving fuck out of me.** That actually was the secondary cause of the dissolvment of The Jungle Forest Gang. Then after Mirabel and I broke ties with Alex completely, he accused me of blowing chances, past dwelling, lacking gratefulness. He pinned the blame on me by putting on his Discord status: "Dan will regret this", when really, it has come to light that he put a very distasteful name on the JFG. Alex, if, by any chance, you are reading this, do not try to apprehend me when I'm telling you this, but you, sir, honestly disappoint me to an extreme level. You should be ashamed, dude, with the way you handled situations, even if they cause great harm in general. You left us with no choice but to cut any and all contact with you due to your actions that come off to be a disgrace to all of humanity. I'm sorry, Alexander, but friendships don't last forever. Your marriage with a fictional character, like Samantha, is completely shortsighted. It's not my fault, it's not Darren's fault, it's not Mirabel's fault, it's not Carrie's fault, it's not Ben's fault, no one. It's your fault and your only fault for the shit you've done. For shame, Alex. For shame. Now passing it over to the next person...*

## **Marshall Bourne (Comictoan):**

*Few words to describe his traits*

*1: Hypocritical*

*2: Offensive*

### **Dipsy Zuraidi / DouCarlton:**

*With you making those cartoons to be aroused, I don't even know what to say about you. After Jason declared that Dan and Darren were innocent, and you were declared guilty, your cartoons are now infamous as described: BAD, TERRIBLE, SLOPPY, AND POOR ANIMATION. WHY THE FUCK WOULD YOU GROOM ME BACK IN 2021?! I SWEAR TO GOD I WILL FIND A WAY TO REPORT YOU IF IT DOESN'T STOP!! I hope Dan realizes the damn truth about you. Fuck you, Katie, and ALL of your defenders.*

### **Mirabel Lynn Wieland (CWK):**

When I first met Alex, he seemed chill. But looking back now he was not. He was the reason that LMNB severed ties with SnouterCWK after less than a month of ownership. I wish I never trusted you. When I first heard you say the n word on stream for the first time, a bad feeling came over me. I don't know why the fuck I ignored it as if it was nothing. I was an idiot for trusting you. Also don't think you own your shows just because you stopped making it; I own all of your past shows and will never allow you to own them again. I just got two last words for you:

**FUCK YOU!**

### **Rebel Shadow:**

*To be added....*

### **Max Goof:**

*Alexander Mortensen... What In The Wonderful World Of Disney were you thinking?! Just why?! I trusted you! You even made me a mod! And you remove me as mod, and do all of this to me!?! WHY?! Alex! You are almost 21 Years OLD!!! And I agree with EVERY! SINGLE! WORD Darren said. And Darren and Dan are innocent. The only person guilty is YOU, AND YOU ONLY! I Swear. Walt Disney would be spinning in his grave right now if he found out about what you did. I hope you burn in Hell, Alexander. You No Good Fucking PIECE OF SHIT! Everyone deserves to LOATHE YOU! Me, Darren, Dan, Dipsy, CWK, And Marshall! What the FUCK, Alex?! I also blocked you on Roblox. So Help Me God, I hope you go to Therapy, and take a LONG HIATUS from the Internet. Not For Days! Not For Weeks! MONTHS!!!! I'm Fucking Done with you, Alex.*

*Sincerely, Max Goof.*

**Nakiebra “Keebie” Palmer (Awsworthy)**

*Although I don't condone any of the actions Darren and Dan have done, Alex is no better.  
Enough is enough for me.*

*—Kenzie Backlin*

*Former VA of comix minis aka slave central*

*p.s.: have fun working on ur own u twat*

**Elchana Narayana**

*Alex, you little shit. I used to be friends with you and I can accept the fact that you're actually autistic but you (almost) ruined my mental health and you even went on to say the F-slur, the N-slur, the R-slur, and you even said that China is responsible for COVID-19. Dude, it's the people from there who did it, not the whole country! And you said that you'd rather live in the "Democratic" People's Republic of Korea (should have called NK "Joseon"). Seriously? You're being a hypocrite. Also, you said that World War 3 must start? Brother... You also pulled a suicide card. AND THAT'S UNCALLED FOR! Homophobia? Oh my god! Don't get me started on you not caring about LGBT (USA allows LGBT)! Also, you said that Dan, Darren, Colton, and Packer have ebola. REALLY? An ebola joke? This is the most offensive thing I have ever heard of. You deserve to get a lot of hate. Also, I would like to talk about anything you put on your BTS pics. REMOVE XXX REFERENCES IN THE PICS FROM PREMISES! THERE ARE LOTS OF CHILDREN THAT MAY GET OFFENDED THROUGH THEM! You also want Kim*

*Jong-un (President/Dictator of Joseon) to nuke China. BRUH! Both China and Joseon are dictatorships! They can't fight with each other! Also, NSFW pics. Don't get me STARTED on those pics uncensored. You also make videos in your 18+ channel, BUT CHILDREN CAN STILL ACCESS IT! THEY'RE GONNA GET TRAUMATIZED!*

*Conclusion: Please get out of my mind and stop being an idiot about being a cartoonist. And all you are is some racist, homophobic, and unfriendly person who does nothing but get away from the things you are actually infamous for. You're a freak, liar, racist person, and homophobe at the same time, Alex. Fuck you.*

*This is Elchana, signing off.*

*PS: I am going to dedicate "Death On Two Legs" to you. Yes, YOU!*

### **Kamran “Kboy23” Baxter**

*You are the most deplorable person I've ever had the notion of knowing, hope you rot in hell, you racist homophobic monster.*

*P.S. Stealing from “1000 Ways to Die” doesn't equal a video*

### **TL;DR:**

Alexander Vincent Andrew Mortensen is a sick, twisted, manipulative, deplorable, and perverted pedophile, a severe criminal, and a somebody who should not be trusted. AT ALL.

### **DISHONORABLE MENTIONS:**

This next section mentions some users who have done similar fucked up shit as Alexander.

#### **HeyItsBowman / John Aguilar**

A former trusted associate of Alexander who used to do reaction videos to certain episodes of *Comix Minis*. He got exposed and outed in October 2022 for grooming a user named Daknophobia who was 15 back in 2018, as well as sending intimidating threats to Keegan Salisbury who was also a minor at the time.

#### **DCNFY / Mr. B Fan / Davi Cirne**

*To be added...*

**Mark Patrick Romo / TRONMarko / marky.**

A well-known former trusted associate of Alexander, as well as Dan and Darren. He was also a fan of Felix the Cat, the creator of the Russian foxsky character **Marko McCloud** and was also the former voice of Gideon and Kody in SDH media. He also idolized Danny a lot and claimed him as his “big bro”. He was eventually exposed and outed in June 2022 for sexually harassing NekoEmily who was 16 while Marky was 18. This is a big no-no because Marky lives in Texas and the state’s age of consent is **17**. Other atrocities he committed included saying the N word in Greenstar Emily’s Discord server and slandering autistic people. Despite Marky deleting all his accounts after all this came forward, his Marko McCloud, XBOX MARKO, Romo Direct, and 20th Century Rox accounts are still up, but left completely abandoned.

**Any questions regarding this document?**

If you have any more info regarding Alexander Mortensen, you can send them my way through email or through Discord. Anything that is deemed useful enough will be added into this article (likely on DouCarlton’s Icedrive link above so that way anyone who is reading this can get updated on it).

By the way, **MS. WENDI HASKELL MORTENSEN**, I know exactly what you're gonna try to do and it's not gonna work. Your attempts at getting Alexander's other vigilantes taken down failed, and they **NEVER** will.

So don't even bother trying to contact me or my parents about this and attempt to put the blame on me or **ANY** of the people involved in the creation of this very document, **your son literally brought this shit onto himself.**

**You need to get him some serious help.**

**Side note:** if anyone else on this document wishes for their identity to be kept concealed, let me know and I'll anonymize the screenshots in question and retract any or all mentions of the name(s) in question.
