

Hello there everyone

The drive about ItzMystic known as DemonJakie, MysticDreamsVA and Ashlynn has been updated due to more things we found that weren't shown here.

But for those who don't know, here is what she did in the following..

- Lied about kidney failure
- Racist (Saying the N word including lying about her race multiple times, yes she is white).
- Using people's cards that she shouldn't be using, even goes as to ask for them/begging for money.
- Cheated on her partners multiple times, claiming she was "poly" as an excuse for her cheating.
- Flirted with adults and minors behind her ex (Cherry) back (she even flirted with pedos as well). Even flirted with the ones who are taken/single
- Invited 2 pedophiles back after they got exposed and even tried to crawl back towards them when they got exposed AGAIN.
- Sending Nsfw/Nudes to those who are taken/single unwanted and even goes to ask for them.
- Groomed an 11-12 year old into being in a relationship with her.
- Talking shit behind people's backs.
- Sexually Harassing people including multiple pedophiles.

[Note: This drive will be updated if new things came]

But before you guys look at the new things here, I want to say please do not go and witch hunt anyone in the screenshots including Jakie herself please.

⚠ The screenshots includes Nsfw and other horrible stuff which includes threats of doxing and school shootings ⚠

Thanks for reading.

Note on TCS and Inkto: This drive is not an attempt to excuse/defend their actions. There still both guilty for what they did, regardless of what Jakie did they still should have kept it in their pants.
